

M-50/US-127 BR (West Avenue) Reconstruction

City of Jackson

April – September 2016

What Is Being Done?

In 2016, M-50/US-127 Business Route (West Avenue) will be reconstructed from Michigan Avenue to Wildwood Avenue, and from Ganson Street to North Street. Work along both sections will include storm sewer upgrades, water main replacement/upgrades, sanitary sewer improvements, and sidewalk replacement.

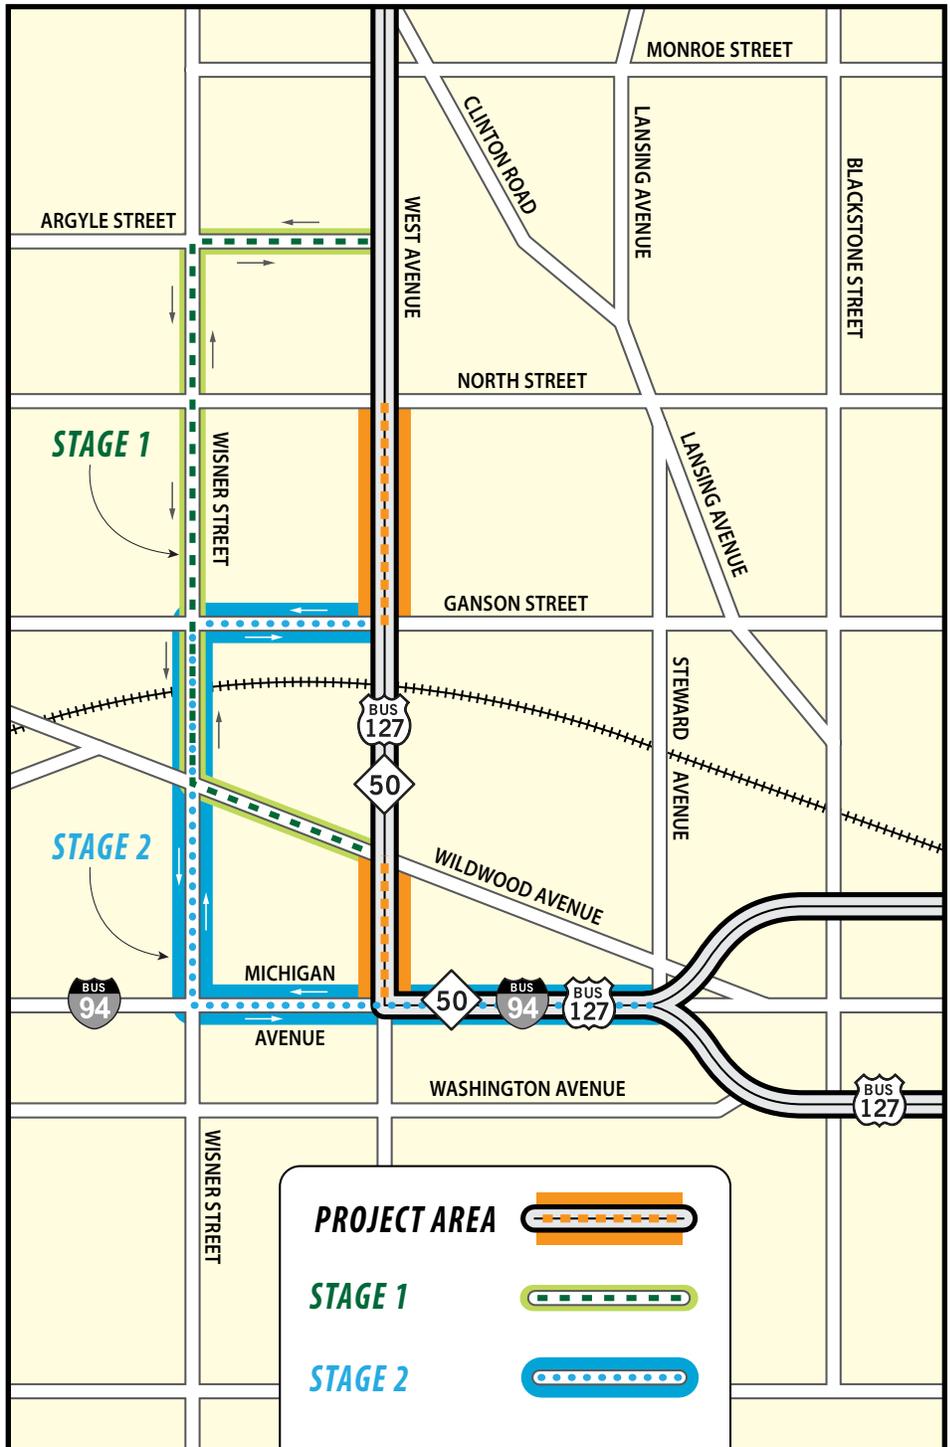

How Will Traffic Be Affected?

West Avenue will be constructed in stages to minimize the disruption to motorists and residents.

Starting in April, Stage 1 begins, which includes West Avenue closed in both directions between Ganson Street and North Street. Traffic will be detoured using Argyle Street, Wisner Street, Ganson Street, and Wildwood Avenue.

After Stage 1 is complete and open to traffic, Stage 2 will begin, which includes closing West Avenue from Michigan Avenue to Wildwood Avenue. Traffic will be detoured using Argyle Street, Wisner Street, Ganson Street, Wildwood Avenue, and Michigan Avenue.

In addition, the West Avenue/Wildwood Avenue intersection will be closed for a period of approximately seven days toward the end of the project. When the intersection is closed, traffic will use Michigan Avenue.
