Subject: FY 2012-2014 Small Urban Program Project Selection

The Michigan Department of Transportation (MDOT) is pleased to announce the FY 2012-2014 Small Urban Program.

Enclosed is a list of projects to be funded for FY 2012-2014. If your area was awarded project funding, be sure the project information is listed correctly. For additional information, you may access the Small Urban Program website at www.michigan.gov/mdotsmallurban.

If your project is located within a Metropolitan Planning Boundary, you must contact your Metropolitan Planning Organization (MPO) to make sure the project is included in the MPOs Transportation Improvement Program (TIP). Projects located outside the MPO boundaries will be included in the State TIP. If you have a project in the announced program that has received other funding, please notify MDOT so the federal funds can be reprogrammed to other project needs.

MDOT reminds local agencies that the Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users expired September 30, 2009. We are currently operating under an extension until December 31, 2010. Although federal funding is currently coming to states incrementally, MDOT is confident that federal-aid will continue to be available to states with new legislation, but there is no guarantee.

If you have any questions, please contact Brandon Wilcox, Transportation Planner, Statewide Planning Section, at 517-335-2948 or wilcoxbl@michigan.gov.

Sincerely,

Denise B. Jackson, Administrator
Statewide Transportation Planning Division
