

November 13, 2017

To: Southeastern Michigan Construction Firms and Stakeholders:

The Michigan Department of Transportation (MDOT), Goldman Sachs 10,000 Small Business Program and Southwest Detroit Business Association are partnering together to host the "Metro Region Meeting and Networking Session", a program designed to share information about upcoming procurement opportunities within the Metropolitan Detroit area.

Attendees will hear about upcoming construction industry contracting opportunities within metro Detroit and the surrounding counties for FY 2018 from MDOT. Also invited are local and municipal government agencies and other construction projects planned for 2018.

Who should attend? Construction, electrical, engineering, suppliers, and trucking firms would benefit from attendance. There will also be an opportunity to meet directly with surety, bonding and money lenders to speak to companies who plan to bid on opportunities shared at this event.

You will also hear success stories from the Goldman Sachs 10,000 Small Business Program, Bonding and Education Program, Disadvantaged Business Enterprise Program and MDOT's Small Business Program. **Save the Date and register to attend.**

MDOT-Detroit Operations and Service Center (DOSC)
Wednesday, December 6, 2017
