2014 Update

# OBD 2014 Update

- DBE Data Collection at Time of Bid – Lisa Thompson
- Commercially Useful Function (CUF) Monitoring – Frank Adams
- Small Business Program (SBP) – Lisa Thompson
- NAICS Codes – Frank Adams
- Annual Affidavit New Requirements – Tonya Doyle
- Contractor Mistakes – Cedric Dargin
- Bridging The Digital Divide – Mike Self

# Contractor Data Collection at Time of Bid

- All projects with DBE goals of 6% or more
- Three lowest “as submitted bidders” submit DBE information by 2pm on the letting date. Form 5111
- DBE’s must submit form 5110 and a copy of their quotes by 2pm.
- Lowest bidder then submit blue sheet in 3 days. Failure to submit DBE information results in rejected bid
- Modifications or waiver requests submitted to GFE review committee within 3 days of the letting

# Commercially Useful Function

DBE companies are required to perform a CUF.

- Manage
- Supervise
- Perform
- Receive Payment
- MDOT has developed a form # 4109 to record DBE activity

Performance of a CUF review is required on each DBE subcontractor on a Michigan Department of Transportation let federally-assisted construction project. The review should be conducted when the DBE first begins work. Monitoring is to be done through the course of the project. Federal regulation 49 CFR 26.55 states: "A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved... A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation..." This form is for the purposes of reviewing DBEs for compliance with the CUF requirements for obtaining DBE credit on this project.

REVIEWER'S NAME (Print clearly)	REVIEWER'S AGENCY	REVIEWER'S PHONE NUMBER ( )
PROJECT NUMBER (ID)	CONTRACTOR THAT THE DBE SUBCONTRACTS TO OR WORKS FOR	
DBE FIRM BEING REVIEWED	FIELD INSPECTION DATE	

DESCRIBE DBE'S SCOPE OF WORK. (Review DBE Commitment form 0178 (blue sheet), subcontract, trucking worksheet (Form 4101) and/or purchase order(s), truck ticket(s), etc., to assist in determination of CUF compliance.

<u>SUBCONTRACTS AND PURCHASE ORDERS</u>	YES	NO	N/A
Are purchase orders, subcontracts and/or trucking tickets, bills of lading, etc., filed in the project office? If no, explain below:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>EMPLOYEES</b>			
Does the DBE have employees on the job?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Do they appear on the DBE firm's payroll? If no, explain below:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Do they appear on the prime contractor's payroll?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Does the DBE assign work to them?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>PERFORMANCE</b>			
Has any other contractor performed any of the DBE's work? If yes, explain below	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>TRUCKERS</b> Please note the trucks seen on site in Field Manager for the date of review (e.g., 3 trucks labeled XYZ Company, 2 from ABC Company)			
Does a review of the load tickets indicate that hauling is being done by the DBE? If no, explain below	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If leased, does the driver have the lease agreement (MPSG Form P-341-T) in their truck and does it identify the DBE?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>EQUIPMENT</b>			
Whose name appears on equipment used by the DBE firm? _____			
<b>CUF</b>			
Does it appear the DBE is performing a CUF (See CUF explanation card)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
COMMENTS/EXPLANATIONS:			

The signature below is verification that the reviewer observed the DBE performing its commercially useful function. Any CUF problems were documented (form 4109, IDR, report, etc.), addressed, and reported to the Office of Business Development (OBD).

REVIEWER'S SIGNATURE	DATE
----------------------	------

Within 10 days of signature, a copy of this completed form is to be faxed to (313) 965-2383

or emailed to: [mdot-dbe@michigan.gov](mailto:mdot-dbe@michigan.gov).

Call the OBD CUF Specialist at (313) 965-5557 for questions/concerns, etc.

Place original in the project file.

## CUF Certification on MDOT Final Estimate Submittal Form 1105

- I. I certify that to the best of my knowledge the contracting records have been reviewed and;
- II. The Disadvantaged Business Enterprise (DBE) companies have been monitored on the project site and;
- III. Work committed to DBE companies has been performed by the respective companies with the exception of the following companies listed below which have been forwarded to the Office of Business Development (OBD) for further investigation.

# Small Business Program

- MDOT's Small Business Program (SBP) is a race and gender neutral program designed to provide contracting opportunities for small businesses on FAA, FHWA and FTA.

# Small Business Program

- Businesses considered small by SBA and Disadvantaged Business Enterprise (DBE) standards
- Owned by individuals who meet criteria for economic disadvantage under the DBE program

# Small Business Program

- All DBE's meet the small business and economic disadvantage standards
- Meet all standards and requirements that other companies must meet (prequalification, etc.)
- DBE firms must be equal opportunity employers and are subject to all EO contractual obligations.

# Small Business Program

- Eleven SBP projects awarded between March 1 and September 1 , 2013 (\$2.7 million)
- Ten projects awarded so far in FY 2014 (\$2.3 million)
- Nine projects awarded to DBE's since March 2013

# NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS)

- The USDOT has emphasized that all certifying agencies give specific NAICS codes to all DBE's in their respective directories
- The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy

# NAICS CODES

- The DBE applicant firm must state the line of work it performs
- Certifying agencies apply the most appropriate NAICS classification codes which are recognized by all certifying agencies
- Each NAICS classification code has a corresponding size standard designation from the Small Business Administration (SBA)

# NAICS CODES SIZE STANDARDS

- Examples

- 237310 Highway, Street, and Bridge Construction \$33.5 million
- 237990 Other Heavy and Civil Engineering Construction \$33.5 million
- 238140 Masonry Contractors \$14.0 million
- 484220 Specialized Freight (except Used Goods) Trucking \$25.5 million

# DBE SIZE STANDARDS

- Size standard derived by averaging three years gross receipts
- The current DBE program maximum is \$22.41 million

# MDOT Work Classifications

- MDOT assigns NAICS codes to DBE's, applying appropriate size standard
- The DBE must also be assigned MDOT work classifications (including prequalification) before they work on MDOT projects
- The DBE owner must be able to control the firm in each work classification

# Annual DBE Renewal Affidavit Requirements

- Must provide most recent SIGNED personal and business tax statements
- Must provide SIGNED copies of business tax statements for all affiliate companies
  - MDOT will ask for all schedules for all forms as needed.
- Must include on PNW form value of ALL properties owned along with the percentage owned by the disadvantaged individual.
- Assets in foreign bank holdings must be submitted as part of the PNW.

# Annual DBE Renewal Affidavit Requirements

- Once your renewal is processed you will receive a card in the mail.
- Letters are only sent to firms who are being removed as DBE's.
- Contractors requesting proof of certification should use the MUCP website.

[www.michigan.gov/mucp](http://www.michigan.gov/mucp)

# EEO Networking Solutions

Bridging the Digital Divide

Michael Self  
Contractor Communications Network

# A little Back Ground

- 10 Years representing AASHTO
  - Key Roles
    - Electronic Bidding – Agency and Prime
    - DBE Compliance
    - AASHTOWare Trns\*Port (currently known as Project)
  
- 15 Years Civil Rights
- Member Transportation Research Board DBE Committee
- Transportation Research Board of the National Academies - DBE Small Business Program Panel member

# A little History

10 Years ago

- Prior to a Letting where did Small and Disadvantaged Businesses Network with Primes to find opportunities for work?

## Hotel – aka War Rooms

- Small and Disadvantaged Businesses networked with Primes and 2<sup>nd</sup> tier subs
- Prime Estimators on-site
- DBE's were told what sub quotes were needed
- Newly Certified DBE's attended
- This was the one place to Network and bid on Jobs

# What Major Change Forced War Rooms into Extinction?

# Electronic Bidding

- Efficient
- Saves money
- No more throwing out a low bid over discrepancies
- More competitive bids
- Stream lines the bidding process

**BUT..... It had other impacts**

### Company Description

Brasfield & Gorrie is a full-service general contracting, construction management, and design/build service provider. Our experience is diverse—healthcare, government industrial, office, institutional, retail, education, and water treatment facilities. Our legacy is long—we are proud to have served the southeast for more than 40 years. But most importantly, our focus is on the human element that makes us who we are.
