

**Full Construction Engineering Services to perform HMA cold milling and resurfacing,
joint repairs, concrete restoration, drainage cleaning in Wayne Co**

QA1

3/16/2016

REQ #1968

Question 1: Are there any design documents that can be reviewed while preparing the Proposal?

Answer 1: There is a 3-ring binder of preliminary design documents located at the front desk of the Taylor TSC for those that wish to come by the TSC; please make an appointment first by contacting Sean Kerley via email “kerleys@michigan.gov”. The same preliminary design document has been posted on the MDOT “ftp” website under the following folder...”127507 I-94 CPM”; at the following link...

<ftp://ftpmidot.state.mi.us/127507%20I-94%20CPM/>
