### GENERAL INFORMATION

Any questions relative to the scope of services must be submitted by e-mail to the MDOT Project Manager. Questions must be received by the Project Manager at least five (5) working days prior to the due date and time specified above. All questions and answers will be placed on the MDOT website as soon as possible after receipt of the questions, and at least three (3) days prior to the RFP due date deadline. The names of vendors submitting questions will not be disclosed.

MDOT is an equal opportunity employer and MDOT DBE firms are encouraged to apply. The participating DBE firm, as currently certified by MDOT's Office of Equal Opportunity, shall be listed in the Proposal.

### MDOT FORMS REQUIRED AS PART OF PROPOSAL SUBMISSION

**5100D** – Request for Proposal Cover Sheet

**5100J** – Consultant Data and Signature Sheet (Required for all firms performing non-prequalified services on this project.)

**(These forms are not included in the proposal maximum page count.)**

The Michigan Department of Transportation (MDOT) is seeking professional services for the project contained in the attached scope of services.

If your firm is interested in providing services, please indicate your interest by submitting a Proposal, Proposal/Bid Sheet or Bid Sheet as indicated below. The documents must be submitted in accordance with the latest (Consultant/Vendor Selection Guidelines for Services Contracts.”

### RFP SPECIFIC INFORMATION

ENGINEERING SERVICES                       BUREAU OF TRANSPORTATION PLANNING                       OTHER

THE SERVICE WAS POSTED ON THE ANTICIPATED QUARTERLY REQUESTS FOR PROPOSALS

NO                       YES                      DATED \_\_\_\_\_ THROUGH \_\_\_\_\_

**Prequalified Services** – See the attached Scope of Services for required Prequalification Classifications.

**Non-Prequalified Services** – If selected, the vendor must make sure that current financial information, including labor rates, overhead computations, and financial statements, is on file with MDOT’s Office of Commission Audits. This information must be on file for the prime vendor and all sub vendors so that the contract will not be delayed. **Form 5100J is required with proposal for all firms performing non-prequalified services on this project.**

**Qualification Based Selection** - Use Consultant/Vendor Selection Guidelines.

**For all Qualifications Based Selections**, the selection team will review the information submitted and will select the firm considered most qualified to perform the services based on the proposals. The selected firm will be asked to prepare a priced proposal. Negotiations will be conducted with the firm selected.

**For a cost plus fixed fee contract**, the selected vendor must have a cost accounting system to support a cost plus fixed fee contract. This type of system has a job-order cost accounting system for the recording and accumulation of costs incurred under its contracts. Each project is assigned a job number so that costs may be segregated and accumulated in the vendor’s job-order accounting system.

**Qualification Based Selection / Low Bid** – Use Consultant/Vendor Selection Guidelines. See Bid Sheet instructions for additional information.

For Qualification Review/Low Bid selections, the selection team will review the proposals submitted. The vendor that has met established qualification threshold and with the lowest bid will be selected.

**Best Value** – Use Consultant/Vendor Selection Guidelines, See Bid Sheet Instructions below for additional information. The bid amount is a component of the total proposal score, not the determining factor of the selection.

**Low Bid** (no qualifications review required – no proposal required.)

---

### BID SHEET INSTRUCTIONS

Bid Sheet(s) are located at the end of the Scope of Services. Submit bid sheet(s) with the proposal, to the email address: [mdot-rfp-response@michigan.gov](mailto:mdot-rfp-response@michigan.gov). Failure to comply with this procedure may result in your bid being rejected from consideration.

---

### PARTNERSHIP CHARTER AGREEMENT

MDOT and ACEC created a Partnership Charter Agreement which establishes guidelines to assist MDOT and Consultants in successful partnering. Both the Consultant and MDOT Project Manager are reminded to review the [ACEC-MDOT Partnership Charter Agreement](#) and are asked to follow all communications, issues resolution and other procedures and guidance’s contained therein.

**NOTIFICATION  
E-VERIFY REQUIREMENTS**

E-Verify is an Internet based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of that employee to work in the United States. There is no charge to employers to use E-Verify. The E-Verify system is operated by the Department of Homeland Security (DHS) in partnership with the Social Security Administration. E-Verify is available in Spanish.

The State of Michigan is requiring, under Public Act 200 of 2012, Section 381, that as a condition of each contract or subcontract for construction, maintenance, or engineering services that the pre-qualified contractor or subcontractor agree to use the E-Verify system to verify that all persons hired during the contract term by the contractor or subcontractor are legally present and authorized to work in the United States.

Information on registration for and use of the E-Verify program can be obtained via the Internet at the DHS Web site: <http://www.dhs.gov/E-Verify>.

The documentation supporting the usage of the E-Verify system must be maintained by each consultant and be made available to MDOT upon request.

It is the responsibility of the prime consultant to include the E-Verify requirement documented in this NOTIFICATION in all tiers of subcontracts.

**MDOT PROJECT MANAGER:**

Dean E. Roggenbuck, P.E.  
5859 Sherman Road  
Saginaw, MI 48604  
(989) 239-2632  
E-mail [roggenbuckd@michigan.gov](mailto:roggenbuckd@michigan.gov)

**GENERAL INFORMATION:**

The Consultant shall furnish all services and labor necessary to conduct and complete the Construction Engineering Services described herein. The Consultant shall also furnish all materials, equipment, supplies, and incidentals necessary to perform the Services (other than those designated in writing to be furnished by the Department), and check and/or test the materials, equipment, supplies, and incidentals as necessary in carrying out this work. The Services shall be performed to the satisfaction of the Department consistent with applicable professional standards.

The Consultant's principal contact with the Department shall be through the designated Project Manager (PM) or designee.

The Services described herein are financed with public funds. The Consultant shall comply with all applicable Federal and State laws, rules, and regulations.

The Consultant agrees to demonstrate knowledge of, and performance in compliance with, the standard construction practices of the Department; the Project-specific construction contracts, proposals, and plans; the Standard Specifications for Construction and all applicable publications referenced within; the MDOT Construction Manual; the Materials Source Guide; the Materials Quality Assurance Procedures Manual; the Density Control Handbook; the FieldManager and FieldBook software programs, Bureau of Highways Instructional Memorandums, Construction Advisories and any and all other references, guidelines, and procedures manuals needed to carry out the work described herein in an appropriate manner.

**CONSULTANT RESPONSIBILITIES:**

Provide an experienced employee who is familiar with the Michigan Department of Transportation procedures for project review, and can demonstrate an ability to conduct both interim file and final estimate reviews on Federal and/or State funded projects. The Consultant shall provide written notification to the Project Manager indicating who will be conducting the reviews. If the Consultant requests to change the personnel from the initial notification, this request must be made in writing to the Project Manager for his/her approval 2 weeks prior to the new personnel conducting the interim file or final estimate reviews.

Conduct project final estimate reviews and prepare all required documentation necessary to complete the project review process for MDOT consultant oversight projects and local government projects in the Bay Region. The materials review will also be completed as part of this contract. The Consultant will be required to adjust their schedule as dates fluctuate with no additional compensation. The final estimate review includes a follow up review of any projects which are found not to be in compliance as stated above.

The Consultant shall not review any project which the Consultant has performed previous work on during scoping, design or construction. If the Consultant is requested to review a project where a conflict of interest could exist due to previous Consultant involvement with the project, the Consultant shall immediately notify the Project Manager. If the Consultant is found to be reviewing any project which the Consultant has performed previous work on or for which a conflict of interest could exist, the Consultant will be immediately released from the Contract and no compensation will be given for review work on that project or for any additional claims due to being released from the contract.

Conduct all reviews at the office the project was administered from or an alternate location approved by the Project Manager.

The Consultant shall have and maintain the ability to review project records stored electronically in the Department's Construction Document Management System (ProjectWise). Review documents shall be prepared and submitted in an electronic format unless otherwise approved by the Project Manager. Where signatures are required, documents must be signed using digitally encrypted electronic signatures, unless otherwise approved by the Project Manager.

Upon receipt of a notification from the Project Engineer requesting a review, the Consultant shall call the Project Engineer within 5 calendar days of receipt of their request and schedule a date and a time for the review. Confirmation of the date and time scheduled shall be done in writing, within 5 calendar days from the date it was scheduled, to the Project Engineer with a copy to the Project Manager. The initial reviews shall be completed within 3 weeks of the Project Engineer's initial request. If discrepancies are found, a follow-up review is necessary and the Consultant shall notify the Project Engineer in writing with a copy to the Project Manager. The Consultant shall complete the follow-up review within 3 weeks of notification that the discrepancies have been remedied. Confirmation, for the follow-up review, of the date and time scheduled shall be done in writing, within 5 calendar days from the date it was scheduled, to the Project Engineer with a copy to the Project Manager.

Notify the Project Engineer and the Project Manager in writing when the project final estimate review is complete. Attach to the review a log with the dates and hours spent on the review of the project.

Provide prevailing wage assistance to local governmental units and/or MDOT on an as-needed basis.

Perform other engineering related functions as required by the Bay Region.

Provide the Project Manager with a monthly update on the review of all Local Government projects to include the date, hours worked, and date review was completed.

The Consultant shall perform field operations in accordance with the Department's Personal Protective Equipment (PPE) Policy as stated in the MDOT Guidance Document #10118. A current copy of MDOT's PPE Policy is available on the Bulletin Board System. The Consultant shall perform field operations in accordance with MIOSHA regulations and accepted safety practices.

The Consultant will notify the MDOT Project Manager (PM) or designee, in writing, prior to any personnel changes from those specified in the Consultant's original approved proposal. Any personnel substitutions are subject to the review and approval of the MDOT Project Manager.

The Consultant shall contact the PM prior to beginning any work on this Project.

Withdraw any personnel or halt any services no longer required, at the request of the Department, or within a reasonable time after the lack of need becomes apparent to the Consultant or the PM or designee. The consultant will not be reimbursed for the cost of personnel charged to a project that the PM or designee has determined was unnecessary.

### **MDOT RESPONSIBILITIES:**

The PM or designee shall furnish to the Consultant all Project-specific construction contracts, proposals, plans, plan revisions, written instructions, and other information and/or data as deemed necessary by the PM or designee for the Services required herein. Unless such information is available to be downloaded on the MDOT web site.

### **CONSULTANT PAYMENT – Actual Cost Plus Fixed Fee: As-Needed**

Compensation for this project shall be on an **actual cost plus fixed fee** basis. This basis of payment typically includes an estimate of labor hours by classification or employee, hourly labor rates, applied overhead, other direct costs, subconsultant costs, and applied fixed fee. The fixed fee for profit allowed for this project is 11.0% of the cost of direct labor and overhead.

This scope is for "as needed" services. As such, the hours provided are only an estimate. The Consultant will be reimbursed a proportionate share of the fixed fee based on the portion of

the authorized total hours in which services have been provided to the Department. Fixed fee on “as needed” projects is computed by taking the percent of actual labor hours invoiced to labor hours authorized, then applying that percentage to the total fixed fee authorized.

All billings for services must be directed to the Department and follow the current guidelines. Payment may be delayed or decreased if the instructions are not followed.

Payment to the Consultant for services rendered shall not exceed the maximum amount unless an increase is approved in accordance with the contract with the Consultant. Typically, billings must be submitted within 60 days after the completion of services for the current billing. The final billing must be received within 60 days of the completion of services. Refer to your contract for your specific contract terms.

Direct expenses, if applicable, will not be paid in excess of that allowed by the Department for its own employees in accordance with the State of Michigan’s Standardized Travel Regulations. Supporting documentation must be submitted with the billing for all eligible expenses on the project in accordance with the Reimbursement Guidelines. The only hours that will be considered allowable charges for this contract are those that are directly attributable to the activities of this project.

The hours provided are only an estimate. The Consultant will be reimbursed a proportionate share of the fixed fee based on the portion of the authorized total hours in which services have been provided to the Department. Fixed fee on “as needed” projects is computed by taking the percent of actual labor hours billed to labor hours authorized, then applying that percentage to the total fixed fee authorized.

MDOT reserves the right to request services on other projects located in the Region area that are not listed above, under the conditions of this “as needed” scope of services.

**Full time services may not be required on all projects at all times. This scope is for “as needed” services, based on the intermittent needs of MDOT. It must be noted that this is not a guarantee that MDOT will use the Consultant’s services.**

MDOT will reimburse the consultant for vehicle expenses and the costs of travel to and from project sites in accordance with MDOT’s Travel and Vehicle Expense Reimbursement Guidelines, dated May 1, 2013. The guidelines can be found at [http://www.michigan.gov/documents/mdot/Final\\_Travel\\_Guidelines\\_05-01-13\\_420289\\_7.pdf?20130509082418](http://www.michigan.gov/documents/mdot/Final_Travel_Guidelines_05-01-13_420289_7.pdf?20130509082418). MDOT’s travel and vehicle expense reimbursement policies are intended primarily for construction engineering work. Reimbursement for travel to and from project sites and for vehicle expenses for all other types of work will be approved on a case by case basis.

MDOT will pay overtime in accordance with MDOT’s Overtime Reimbursement Guidelines, dated May 1, 2013. The guidelines can be found at [http://www.michigan.gov/documents/mdot/Final\\_Overtime\\_Guidelines\\_05-01-13\\_420286\\_7.pdf?20130509081848](http://www.michigan.gov/documents/mdot/Final_Overtime_Guidelines_05-01-13_420286_7.pdf?20130509081848). MDOT’s overtime reimbursement policies are intended primarily for construction engineering work. Overtime reimbursement for all other types of work will be approved on a case by case basis.
