

Design Services for plan preparation and specifications to construct a roundabout in the city of  
Walker  
REQ1165  
QA1  
3/18/13

(Q) Is there a proposed geometric scheme for the roundabout?

(A) **Please see the attached *\*DRAFT\** scheme.**

(Q) What will be expected from the Consultant in regards to public involvement and stakeholder engagement?

(A) **The Consultant will be expected to attend public meetings. I would expect this would entail a minimum of 3 meetings for public engagement and 1 meeting with affected stakeholders to convey project impacts. Presentation materials will be needed for these meetings (display boards, preliminary plans, etc).**
