Requisition 1928 QA1

1/19/2016

Q: We have reviewed the information on the FTP site relative to MOT and were wondering if additional files could be posted. Some CAD files that were referenced in the MTSTAGE sheets were missing rendering the files incomplete. Instead of posting the missing CAD files, could a PDF file of all of the MOT related sheets including plans, typical cross sections, and crossovers be posted? Also, could the TMP be posted?

A: **The TMP and PDF file of the preliminary staging sheets have been added to the ftp site at:**
