

**Noise Assessment/Abatement Analysis – US23**  
**Requisition #1478**  
**QA #2**  
**4/23/14**

**Q1.** What is the award date for this RFP?

**A1.** We are anticipating the contract award date will be approximately late June or early July,

**Q2.** We are currently in the process of being pre-qualified by the State of Michigan. Do we need to be pre-qualified to respond to the RFP and submit a proposal?

**A2.** MDOT's Selection Guidelines for Service Contracts, Section 1.10, Prequalification, states: "Interested submitters must have approval or provisional status in applicable prequalification classifications listed in the RFP at the time the proposals are due".

**Q3.** Our firm is based out of Canada. Will we be allowed to respond to the RFP, or does a submitting firm have to be from the United States?

**A3.** Canadian firms can respond to RFP's, as long as all prequalification requirements have been met.
