

Evaluating the Use of Tow Plows in Michigan QA1
Requisition 1040
10/26/2012

Q. Under item 2 of Consultant Responsibilities, the RFP states, the consultant "compare the effectiveness of a Tow Plow to a traditional truck/wing plow setup during several winter months". Is MDOT planning on purchasing a Tow Plow and make it available to the consultant to perform this comparison?

A: MDOT is in the process of purchasing a Tow Plow. It will likely be put in service in January of 2013 and will be at one of the University Region garages.
