

Development of 3D and 4D Bridge Models and Plans

OR15-191

Requisition #1848

October 27, 2015

Q: Does this particular topic require to be researched in affiliation with a university?

A: An eligible vendor for this requisition does not need to be a Michigan university. This requisition requests proposals from universities and consultants nationwide.

Q: If the proposal is funded, who would have control over the fund, the PI of the proposal or the firm that submits the proposal?

A: MDOT maintains control of the funding through the contract requirements. The contracted vendor submits invoices. MDOT reimburses the contractor vendor for the eligible costs not to exceed the authorized amount.
