

Development of 3D and 4D Bridge Models and Plans

OR15-191

Requisition #1848

November 19, 2015

Q: Can a university from outside of Michigan qualify for this proposal?

A: Per page 1 of the posted RFP on our website, this proposal is open to all consultants and universities in the United States.

Q: Is MDOT interested in expanding the scope of this project from creating 3D models for design drawings to developing 3D models from laser scans?

A: At this time, MDOT is not interested in expanding the scope of this project from what it currently states in the RFP.
