

An Evaluation of Michigan's Continuous Count Station (CCS) Distribution

OR15-187

Requisition #1852

November 23, 2015

Q: Should we ignore the form on the last 3 pages of the RFP? Should we complete the "Priced Proposal Template", or are there other "Budget Exhibits required in Priced Proposal Guidelines", since there does not appear to be a link on that page, or anything within the template called "Budget Exhibits"; do you actually mean "Priced Proposal Template"?

A: Consultants should use the priced proposal template spreadsheet. Universities should only use the last 3 pages of the RFP. The priced proposal template spreadsheet is located at this link:
