

Asset Management of Retaining Walls

OR15-114

QA2

Requisition #1959

March 16, 2016

Q) What is the total number of the retaining wall structures along MDOT owned routes for all regions?

A) MDOT does not have record of the exact number of retaining walls. The number of retaining walls and locations will be provided before October 2016, when the research project is scheduled to start, but not before the request for proposal period ends.

Q) Per Item No. 7 under Research Objectives section of the RFP, please confirm that field verification of the retaining wall condition is required for all of the retaining wall structures located in MDOT Metro Region. If so, what is the total number of retaining wall structures in MDOT Metro Region?

A) Item number 7 under the Research Objectives section of the RFP should not imply that all the walls in the Metro Region will be field verified.
