

**Demolition Owner's Representative Consultant (DORC) services on the Gordie Howe
International Bridge (GHIB) QA2
REQ 2010
9/1/2016**

Q: One question I thought was asked during the pre-bid meeting but possibly not, with regard to question 5, do you have a site plan (or summary table of addresses) which outlines the approximate area of the 300 parcels which are in need of demolition. Could you share that with the participants of the 8/23/2016 pre-bid meeting?

A: The general area of the project is shown in several of the reports at www.partnershipborderstudy.com including figure 1.1-1 at http://partnershipborderstudy.com/pdf/Engineering-Report-081124/DRIC%20ER%20Volume%201_Main%20Report.pdf.
