State of the State

- Governor Snyder proposed \$1.2 billion more a year for transportation
 - Shift from gas tax to tax at wholesale level
 - Increase in vehicle registration fees for light cars and for trucks
 - Optional local or regional vehicle registration fee
- Called for change in road funding distribution formula, but didn't go into detail
- Stated that “Investing in roads now rather than later would save billions of dollars, create more than 12,000 jobs and save lives.”

Questions?

“Providing the highest quality integrated transportation services for economic benefit and improved quality of life.”
