

OFFICE MEMORANDUM

DATE: April 1, 2014

TO: Jerry Jung, Chairman
State Transportation Commission

FROM: Kirk T. Steudle
Director

SUBJECT: Request for Waiver of Commission Approval of Contract

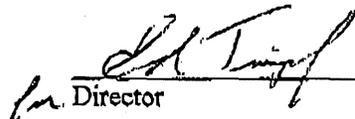

The projects and descriptions documented in Exhibit A-1, attached, are scheduled to be let by the Michigan Department of Transportation on April 4 and April 18, 2014. These projects require pre-approval as the engineers' estimates are over \$500,000. The approximate four week delay resulting if Commission approval were deferred to the May 22, 2014 (for the April 4th bid letting), Commission meeting would delay the transmittal of the contract documents to the low bidders, and could jeopardize the construction schedules for these projects.

The projects and descriptions documented in Exhibit A-2, attached, were let by the Michigan Department of Transportation on March 14, 2014. These projects required pre-approval as the engineer's estimate was over \$500,000, however the low bids received were more than 10% over the engineer's estimate and therefore require approval by the State Transportation Commission. The approximate four week delay resulting if Commission approval were deferred to the May 22, 2014, Commission meeting would delay the transmittal of the contract documents to the low bidders, and could jeopardize the construction schedules for these projects.

Commission Resolution 79-3, as amended, provides in footnote F:

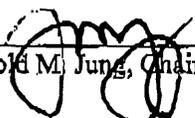

"If, in the opinion of the Director, the public interest requires that a certain contract be awarded or an agreement be executed prior to approval by the Commission, hereunder, the Director shall seek a waiver of the required approval from the Chairman of the Transportation Commission. If the request of the approval is verbal, the waiver shall be confirmed, in writing, within fourteen (14) days."

If the waiver is granted, the Department will proceed to execute the contract.

for Director

The request for waiver of Commission approval of the above mentioned contract is approved.
