

The future of Michigan depends on the success of our state's youth, yet thousands of our young people lack a caring adult in their life to help guide and assist them to a successful future. They need, and deserve, someone who will listen to them, provide advice and just be a friend. A mentor can be that person – you could be that person!

Youth in your community are looking for mentors. What does it take to make a difference in their life? As little as one hour a week. In fact, someone you know thinks you'd make a perfect mentor – that's why you're receiving this card!

Ready to get involved? Search the directory of mentoring programs at www.mentormichigan.org to get started with a program near you.
