We think you’re going to have a great time, whether this is your first Archaeology Day or you come every year. Archaeologists who work in Michigan are stationed throughout the first and second floors of the museum where they will tell you about their research, show you some of the artifacts they have found and answer your questions. We have hands-on activities for kids, you can watch a flintknapper make stone tools and everyone can try throwing a spear using an atlatl. Feeling adventurous? Join a scavenger hunt to win prizes or break into history solving digital puzzles. Did you bring an artifact from home to learn more about? Show it to our Archaeology Roadshow experts! With so many activities to choose from, you may need to take a break. Join photojournalist Chris Winters in the Forum auditorium for a visually stunning presentation on the wreck of the Edmund Fitzgerald. Tour the galleries, make a clay pinch pot, have a seat in the auditorium, ask lots of questions and...

HAVE FUN!

INTRODUCTION BY

DR. DEAN ANDERSON, STATE ARCHAEOLOGIST OF MICHIGAN

THE LEGEND LIVES ON:
THE STORY OF THE EDMUND FITZGERALD IN PICTURES

PRESENTER: CHRIS WINTERS,
GREAT LAKES SHIPWRECK HISTORICAL SOCIETY

Chris Winters is a Milwaukee-based photojournalist specializing in Great Lakes maritime subjects. Chris is currently the staff photographer at Discovery World museum. For more than twenty years he has been the official unofficial photographer of Wisconsin’s flagship, the S/V Denis Sullivan. Smitten at a young age with the lore of lake boats and the mythology surrounding the wreck of the Edmund Fitzgerald, Chris is a veteran shipwreck diver, three-term board member of the Great Lakes Shipwreck Historical Society (GLSHS) and an associate member of the International Shipmaster’s Association. His book, **Centennial: Steaming through the Century** was awarded the Steamship Historical Society of America’s C. Bradford Mitchell Award in 2010, and the Detroit Marine Historical Society named Chris Great Lakes Historian of the Year in 2017. His documentary work has been exhibited in museums and galleries throughout the region.

Join Chris as he pulls back the curtain on the creation of GLSHS’s retrospective **The Legend Lives On**, a richly illustrated meditation on the short life and violent death of the Edmund Fitzgerald, the largest ship ever lost on the Great Lakes.
