Maternal Infant Health Program Overview

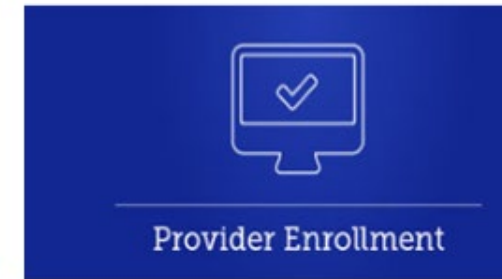

Michigan's largest evidence-based home visiting program serving Medicaid-eligible pregnant women and Medicaid eligible infants using evidence-based interventions

MIHP FUNDING

MIHP Funding Source: Michigan Medicaid

- Michigan State Plan Authority
 - Extended Services to Pregnant Women
 - Early and Periodic Screening, Diagnostic and Treatment Services (EPSDT)

Maternal Infant Health Program

Administered by Michigan
Department of Health and Human
Services

- Medical Services
Administration
- Public Health Administration

Organizational Overview

Michigan Department of Health and Human Services (MDHHS)

Public Health Administration

Bureau of Health and Wellness

Division of Maternal and Infant Health

Perinatal and Infant Health Section

Maternal and Infant Health Unit

Maternal Infant Health Program

MIHP Goals

8

Maternal Infant Health Program Goals

Support Medicaid beneficiaries to promote:

- Healthy pregnancies
- Positive birth outcomes
- Infant health and development

Long-term goal to reduce maternal and infant mortality and morbidity

Program Services

10

MIHP agencies provide a team of:

- Nurses
- Social workers
- Registered Dietitians
- Lactation consultants
- Infant mental health specialists

The team works with the beneficiary, their doctor, their health plan, and other providers in the community to make sure the family is receiving services to keep the family healthy.

The MIHP professional:

- Identifies and addresses the impact of the social determinants of health
- Promotes health equity
- Provides case management and health education intervention services
- Develops individual care plans for pregnant women and infants enrolled in MIHP

13

Services Provided

- Case Management delivered by Registered Nurses (RN) and Licensed Social Workers (LSW)
- Professional Visits delivered by RNs, LSWs, Registered Dietitians (RD) and Infant Mental Health Specialists (IMHS)
- Lactation Support and Counseling Services billed separately delivered by International Board-Certified Lactation Consultant[®] (IBCLC[®]) certified RNs and LSWs
- Coordination with medical care providers and Medicaid health plans
- Validated Maternal or Infant Risk Identifier (RI) for each beneficiary
- Plan of care interventions based on identified risks

Types of MIHP Agencies

Maternal Infant Health Program (MIHP) services delivered by statewide network of certified providers.

- Federally Qualified Health Centers
- Hospital based clinics
- Native American tribes
- Private providers
- Local and regional public health departments

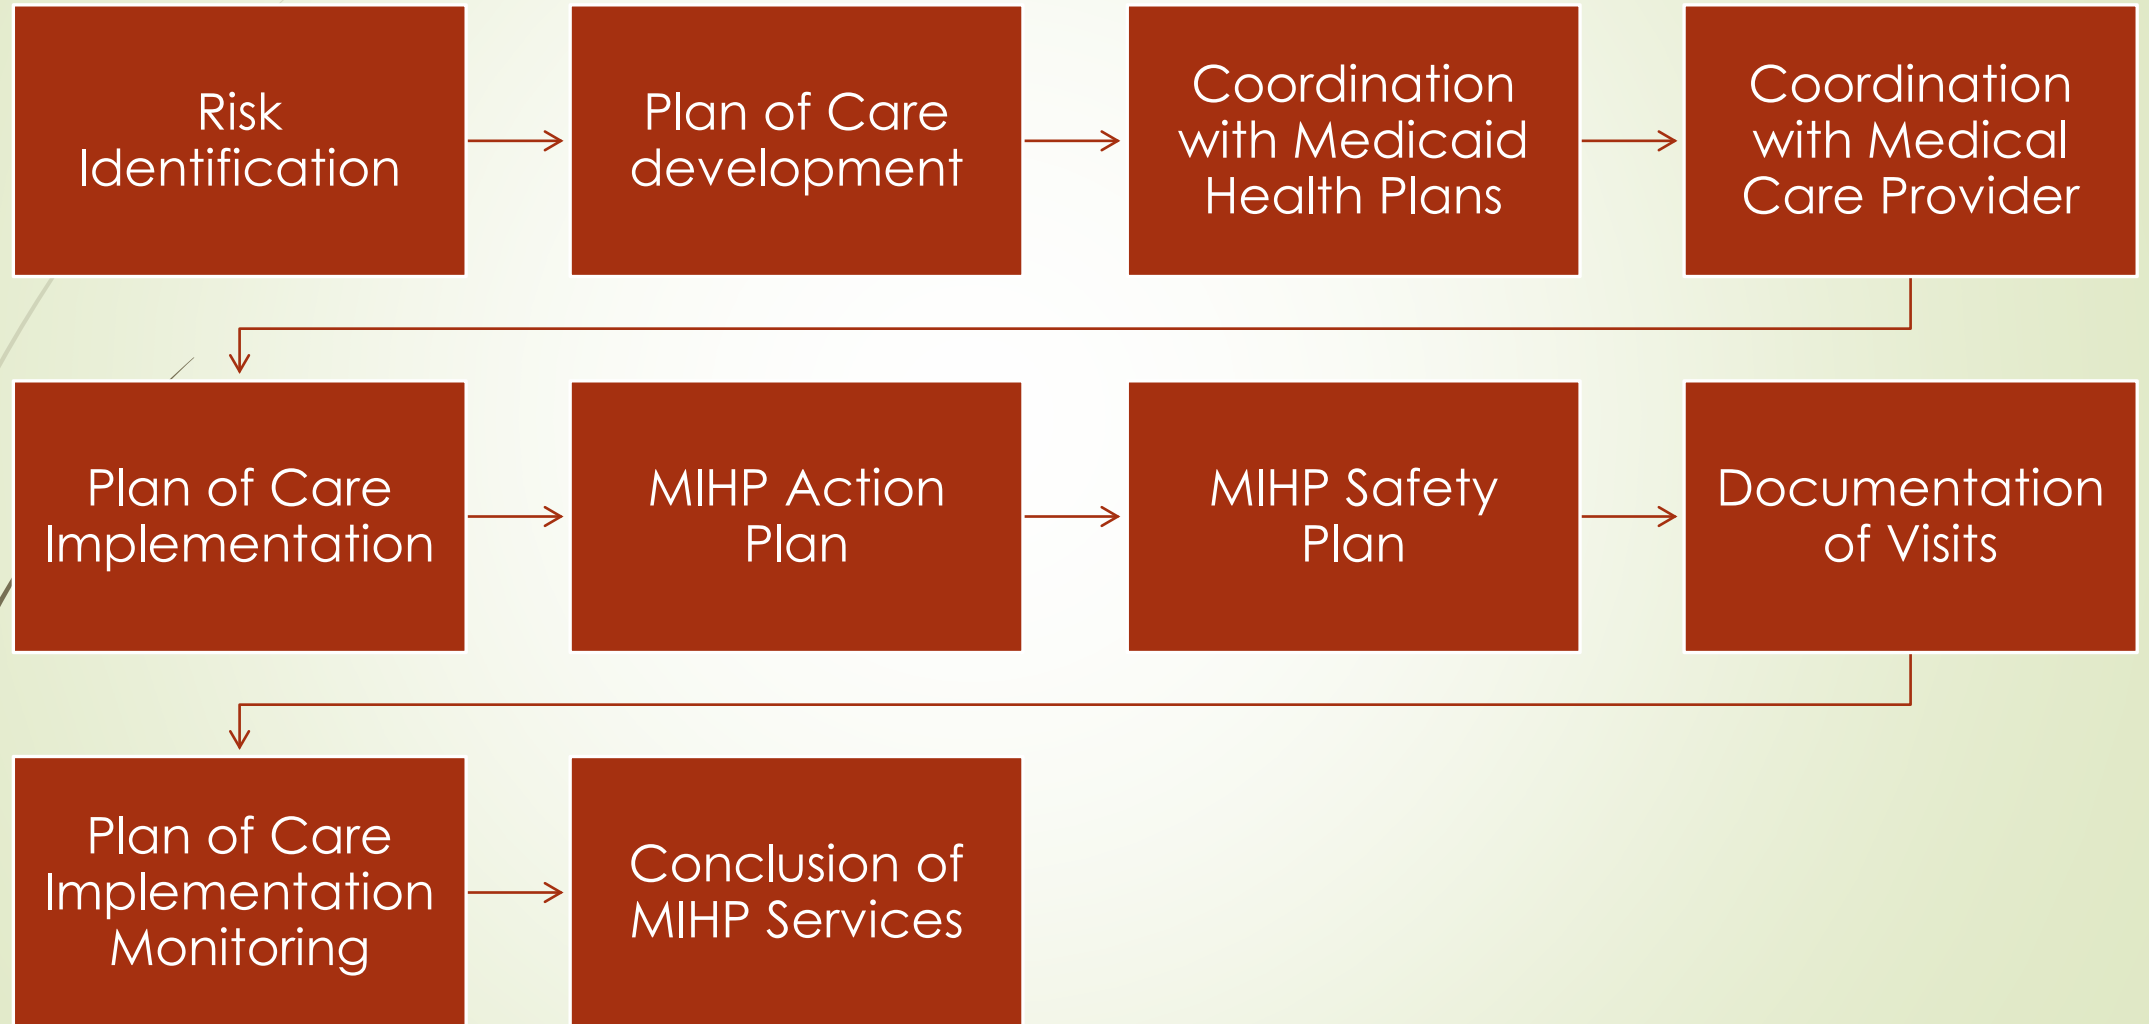

Population Based Case Management

15

Ten Components of Service Delivery

MIHP Case Management Services

Assist beneficiary with problematic situations and needs, as they arise

Motivational interviewing (MI) and coaching of the beneficiary toward self-empowerment and self-management

Continuous communication with the beneficiary/caregiver to evaluate Plan of Care effectiveness in meeting the beneficiary's goals

Collaboration with beneficiary medical care provider and Medicaid health plan

Maternal Infant Health Program (MIHP) Coordination and Collaboration

Community Partners

Women, Infants and Children (WIC)

Community Mental Health (CMH)

Great Start

Food Pantries

Churches

Shelters

Child Protective Services (CPS)

Michigan Department of Health and Human Services (MDHHS)

Local Health Department (LHD)

AND MANY MORE

MIHEIP

2020-2023 Mother Infant Health & Equity Improvement Plan (MIHEIP)

The MDHHS plan to reduce maternal and infant mortality and improve health outcomes.

Through evidence-based interventions that address the underlying causes of maternal and infant mortality and acknowledge the underlying drivers of inequity, including poverty, racism, and discrimination.

Zero Preventable Deaths

Zero Health Disparities

21

Take Away Points

- Michigan's largest evidence-based home visiting program
- Supplements medical care for Medicaid infants and pregnant women
- An evidence-based case management and health education program for the family
- Promotes positive birth outcomes, healthy pregnancy and healthy infants, as well as reduced infant mortality and morbidity

Becoming a MIHP Provider

Medicaid Requirements for all Medicaid Providers

➤ Medicaid Provider Manual – General Information for Provider

- Comply with all licensing laws and regulations applicable to the provider's practice or business in Michigan,
- Must not be currently excluded from participating in Medicaid by state or federal sanction or exclusion
- Must be a valid provider type in CHAMPS
- Must provide services that are directly reimbursable per MDHHS policy

Note: Medicaid Health Plans(MHP) administer the MIHP billing for the majority of the MIHP population. A contract with the MHP is required in most circumstances and may be a lengthy process to obtain or not obtain at this time.

To become an MIHP provider, agencies must:

- Meet all Medicaid provider requirements
- Be eligible to apply to become an MIHP provider
- Carefully follow the application process
- Be approved by MIHP application committee
- Submit all required documents
- Meet all MIHP orientation requirements
- Receive a provisional certification

Application Process

25

Application Process

- Send email requesting official MIHP provider application to mihp@Michigan.gov
- **Application must be completed on the required MDHHS form (5648)**
- Applications must be signed using e-signature program and application should be saved as a PDF or password protected Word document to avoid accidental changes
- Send completed application to mihp@Michigan.gov

MATERNAL INFANT HEALTH PROGRAM (MIHP)
Provider Application

Application Process

Becoming an MIHP provider requires significant time, commitment and accountability. The application and certification processes demand ongoing efforts to adhere to program policies and procedures, which are outlined in the Medicaid Provider Manual and the MIHP Operations Guide.

After reviewing MIHP requirements, if your organization wishes to apply to become an MIHP provider, you must:

1. Participate in a New Provider Inquiry webinar

Application Process

- Application must be received by MDHHS no later **than 5:00 pm on Monday, August 2, 2021**
- No extensions to the deadline will be granted
- Applications submitted incorrectly or late will be declined without review
- Acceptable applications will be processed and reviewed by MDHHS MIHP application committee
- Applicants will receive application decision by mid-September 2021
