## **2003-04 Annual Report**

**for State Fiscal Year Ending September 30, 2004**

**Submitted December 17, 2004,  
By the Michigan Merit Award Board  
Pursuant to MCL 390.1456 Section 6(5)**

## Introduction

The Michigan Merit Award was established by Public Act 94 of 1999 (*Michigan Merit Award Scholarship Act*; MCL 390.1451 through 390.1459; as amended by Public Act 537 of 2002 and Public Act 586 of 2002), to recognize academic achievement on the Michigan Educational Assessment Program (MEAP) tests and to help make postsecondary education more affordable. The Michigan Merit Award Scholarship Act also provides a funding source for the Tuition Incentive Program (TIP) and the Michigan Nursing Scholarship (MNS). Michigan Merit Award is administered by the Michigan Department of Treasury and receives direction from the Michigan Merit Award Board. The TIP and the MNS programs are administered by the Michigan Department of Treasury's Michigan Higher Education Assistance Authority (MHEAA) and do not receive direction from the Michigan Merit Award Board.

From the beginning, through the period of this report, the Act has been amended five times.

- Shortened usage to four years from seven
- Established September 30 certification deadline
- Delayed certification deadline for military, Peace Corps, and extenuating circumstances
- Expanded items required to be reported in Annual Report

October 17, 2002 - Public Act 586 of 2002

- Amended the Act to allow funding of the Michigan Nursing Scholarship from the Michigan Merit Award Trust fund.

December 30, 2002 - Public Act 736 of 2002 amended Sections 2, 7 and 8

- Restricted payments to \$1,250 twice (eliminated \$2,500 lump sum payment)
- Allowed out-of-state military academies to receive \$2,500
- Allowed students serving in military to extend usage for another four years
- Temporarily delayed certification deadline to January 15 for some qualifying students

April 20, 2004 - Public Act 69 of 2004 amended Section 8

- Changed certification deadline to October 15

The first high school graduating class eligible to receive the Merit Award was the Class of 2000.

Awardees by graduating class may also change due to the verification of each student's actual graduation date.

**Section 6(5)(c) – Revenue and Expenditure Projection**

\* MEAP Test Development and administration is net of federal funding through the "No Child Left Behind" Act of 2001.

\*\* Based on Center for Educational Performance & Information (CEPI) Public School Pupil Headcount data for 2001-02, 2002-03, and Fall 2003.

\*\*\* Statistical data is not available on students' ability to pass the 7th grade, 8th grade and high school MEAP tests. Therefore, assumptions are as follows:

30% of Est. No. of \$2,500 Awards will earn \$500 Award

30% of Est. No. of \$2,500 Awards will earn \$375 Award

30% of Est. No. of \$2,500 Awards will earn \$250 Award

\*\*\*\* Due to PA 736 of 2002, beginning with Class of 2003, Merit Award recipients will receive their award in two consecutive installments (split payments). The "Deferred Disbursement..." reduces the overall FY liability. The "Liability of Deferred Disbursement" adds the portions of awards from prior years to the FY the disbursement is projected to be made.

assessment test designated by the board.

(3) Subject to subsection (6) and to adjustment under subsection (5), a student who was enrolled in grade 7 in or after the 1999-2000 school year and who the board finds has taken the assessment test in each of the subject areas while in grades 7 and 8 is eligible for 1 of the following additional Michigan merit award scholarships:

(a) If the board finds that the student while in grades 7 and 8 received qualifying results in 2 of the subject areas of reading, writing, mathematics, and science, an additional Michigan merit award scholarship of \$250.00.

(b) If the board finds that the student while in grades 7 and 8 received qualifying results in 3 of the subject areas of reading, writing, mathematics, and science, an additional Michigan merit award scholarship of \$375.00.

(c) If the board finds that the student while in grades 7 and 8 received qualifying results in all of the subject areas of reading, writing, mathematics, and science, an additional Michigan merit award scholarship of \$500.00.

(4) In addition to the requirements set forth in subsections (2) and (3), to be eligible for the award of 1 or both Michigan merit award scholarships under this section, the board must find that a student satisfies all of the following:

(a) The student has graduated from high school or passed the general educational development (GED) test or other graduate equivalency examination approved by the state board.

(b) The student graduated from high school or passed the general educational development (GED) test or other graduate equivalency examination approved by the state board within 1 of the following time periods:

(i) If the student graduated from high school or passed the test or examination before March 1, 2002, within the 7-year period preceding the student's application to receive his or her Michigan merit award scholarship money.

(ii) If the student graduated on or after March 1, 2002, within the 4-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship money, or if the student becomes a member of the United States armed forces or peace corps during this 4-year period and serves for 4 years or less, the 4-year period is extended by a period equal to the number of days the student served as a member of the United States armed forces or peace corps. The board may also extend the 4-year period if the board determines that an extension is warranted because of an illness or disability of the student or in the student's immediate family or another family emergency.

(c) The student is enrolled in an approved postsecondary educational institution. For students who qualify under subsection (2)(c), the student is enrolled in a vocational or technical education program at an approved postsecondary educational institution.

(d) The student has not been convicted of a felony involving an assault, physical injury, or death.

(e) The student satisfies any additional eligibility requirements established by the board.

(5) In any fiscal year, the board may adjust the amount of a Michigan merit award scholarship available to students eligible under 1 or more of subsections (2), (3), and (9), based upon its determination of available resources and amounts appropriated, but the board shall not increase an amount by more than 5% in any fiscal year. The board shall notify the governor, the speaker of the house of representatives, and the majority leader of the senate in writing at least 30 days before an adjustment under this subsection.

(6) For assessment tests administered after January 1, 2000, the board shall not use the assessment test to determine eligibility for a Michigan merit award scholarship under this section for a particular year unless the board has reviewed and approved the assessment test before it was administered for that year.

(7) The board shall provide each student written notice of whether or not the student is eligible for the award of 1 or more Michigan merit award scholarships described in this section. If the student is eligible, the written notice shall also contain the Michigan merit award scholarship amount for which the student is eligible, how the student applies for payment of Michigan merit award scholarship, and any other information the board considers necessary regarding qualification requirements or conditions relating to the use of the Michigan merit award scholarship.

(8) It is the intent of the legislature that the level of student performance required to achieve qualifying results in a subject area of an assessment test remains approximately the same, and that the board not reduce the required level of student performance as a means of increasing the number of Michigan merit award scholarships awarded.

(9) If a student who has previously received a \$1,000.00 Michigan merit award scholarship as a student enrolled in an approved postsecondary educational institution outside of this state other than a service academy enrolls in an approved postsecondary educational institution in this state and meets the requirements of subsection (4), and subject to adjustment under subsection (5), the student is eligible for the award of an additional \$1,500.00 Michigan merit award scholarship.

(10) A pupil who does not initially receive qualifying results shall be extended an opportunity to achieve the requisite qualifying results by taking a subsequent assessment test.

(11) A nonpublic school student or home school student may take, and the board shall administer if requested, an

Sec. 8. (1) A Michigan merit award scholarship shall be used only to pay for eligible costs. The board shall determine the manner and form of application for payment of a Michigan merit award scholarship by a student eligible under section 7 and the procedure for payment to the student or to the approved postsecondary educational institution on the student's behalf. As determined by the board, upon the request of a student or parent or legal guardian of a minor student, the board may pay a Michigan merit award scholarship in 2 consecutive annual installments rather than 1 lump sum for a student who graduates from high school or passes the general educational development (GED) test or approved graduate equivalency examination before March 1, 2003. For each student who graduates from high school or passes the general educational development (GED) test or approved graduate equivalency examination on or after March 1, 2003, the board shall pay a Michigan merit award scholarship in 2 consecutive annual installments, beginning in the state fiscal year for which the student is otherwise eligible under section 7. The first installment shall not exceed 50% of the award amount, and the second installment shall consist of the remaining award amount. Verification that the student has met the enrollment criteria under section 7(4)(c) is required prior to issuance of the second installment.

(2) An approved postsecondary educational institution shall not consider a Michigan merit award scholarship in determining a student's eligibility for a financial aid program administered by this state. It is the intent of the legislature that an approved postsecondary educational institution not reduce institutionally-funded student aid because of the Michigan merit award scholarship program.

(3) Before payment of a Michigan merit award scholarship to a student or approved postsecondary educational institution, the student shall certify or affirm in writing to the board each of the following:

- (a) That the student is enrolled at an approved postsecondary educational institution.
- (b) The name of the approved postsecondary educational institution in which the student is enrolled.
- (c) That the student agrees to use the Michigan merit award scholarship only for eligible costs.
- (d) That the student has not been convicted of a felony involving an assault, physical injury, or death.
- (e) That the student graduated from high school or passed the general educational development (GED) test or approved graduate equivalency examination within 1 of the following time periods:

(i) If the student graduated from high school or passed the test or examination before March 1, 2002, within the 7-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship.

(ii) If the student graduated on or after March 1, 2002, within the 4-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship, or within a period equal to 4 years plus the number of days the student served as a member of the United States armed forces or peace corps if the student became a member of the United States armed forces or peace corps during this 4-year period and served for 4 years or less. The board may also extend the 4-year period if the board determines that an extension is warranted because of an illness or disability of the student or in the student's immediate family or another family emergency.

(4) The board shall not begin disbursing funds for a Michigan merit award scholarship to a student or an approved postsecondary educational institution on behalf of the student unless it receives the request or application for payment, including the written certification or affirmation described in this section, from the student on or before 1 of the following dates, for disbursement in that academic year:

- (a) In the 2002-2003 academic year, January 15.
- (b) In the 2003-2004 academic year, September 15 if the student received notification of eligibility prior to August 1.
- (c) In the 2003-2004 academic year, November 15 if the student received notification of eligibility on or after August 1.
- (d) In any other academic year, September 15.
