

## Tuition Incentive Program Fact Sheet Academic Year 2016-17

### Description

The Tuition Incentive Program (TIP) encourages eligible Medicaid recipients to complete high school by providing tuition assistance for college. TIP provides assistance in two phases. Phase I is applied to standard in-district tuition and mandatory fees charged to eligible students enrolled in a credit-based or minimum one year certificate program or associate degree at a participating Michigan community college, public university, degree-granting independent college, federal tribally-controlled college, or Focus: HOPE. Phase II provides a maximum of \$2,000 total tuition assistance for credits earned in a four-year program at an in-state, degree-granting college or university. Award parameters are subject to legislative changes.

### Application

Students who have (or have had) Medicaid coverage<sup>1</sup> for 24 months within a 36-consecutive month period prior to high school completion will be identified by the Michigan Department of Health and Human Services (DHHS) as having met the Medicaid eligibility requirement. Student Scholarships and Grants (SSG) will only accept certification by DHHS for Medicaid benefits received while in Michigan. The 24 months of benefits out of a 36-consecutive month period may begin as early as age nine, though months of benefits will not be evaluated until at least the student's 12<sup>th</sup> birthday and continues to be evaluated until high school completion. After being identified as TIP eligible, SSG will send the student a notification to complete an application via the MiSSG Student Portal ([www.michigan.gov/missg](http://www.michigan.gov/missg)) or by phone at 1-888-4-GRANTS (888-447-2687). The application must be completed **before** August 31 of the student's graduating year from high school or its recognized equivalent<sup>2</sup>. Students **must also graduate (or its equivalent) before** their 20<sup>th</sup> birthday to maintain TIP eligibility. SSG will send the student a reminder notification during their senior year of high school. **The student is responsible for notifying SSG of any changes to address or college choice through the MiSSG Student Portal or by phone.**

NOTE: Identified students are encouraged to file the Free Application for Federal Student Aid (FAFSA) even though it is not required for TIP eligibility. By filing the FAFSA, students will be considered for other federal and state financial aid programs and, if eligible, may use those additional funds to cover other educational expenses such as books, supplies, transportation, or room and board. The FAFSA can be filed online at [www.fafsa.gov](http://www.fafsa.gov) or students can receive a paper form by calling 1-800-4-FED-AID (1-800-433-3243). Students not filing a FAFSA must update their college choice through the MiSSG student portal or by phone to allow the student record of TIP eligibility to reflect on MiSSG College Aid Administrator records for awarding purposes.

### Eligibility

To use Phase I or Phase II a student must:

- Complete the application no later than August 31 of the academic year in which the student graduates from high school or its recognized equivalent.
- Obtain a high school diploma or its recognized equivalent prior to age 20.
- Be a Michigan resident as determined by institutional criteria.
- Be a U.S. citizen, permanent resident, or approved refugee.
- Not be incarcerated (does not include detention of a juvenile in a State-operated or privately operated detention facility).
- Not be in default on Federal/State student loan.
- Be enrolled at least half-time in a certificate program or degree.
- Meet institution's satisfactory academic progress (SAP) policy.

<sup>1</sup> January 1, 2016, MICHild became a Medicaid program. MICHild benefits prior to January 1, 2016, cannot be counted as Medicaid coverage for TIP.

<sup>2</sup> A student has until August 31 of the academic year in which his/her class graduates.

## Tuition Incentive Program Fact Sheet (continued)

### **Program Limits, Phase I:**

Students must begin using TIP by enrolling at a participating college (see page 3) within four years of high school graduation. Eligibility ends six years from the date of high school graduation or its recognized equivalent, effective with the class of 2010. Future awards are subject to available and approved funding.

Phase I covers the cost of tuition at the standard in-district rate at participating Michigan community colleges (see page 3). For persons not residing in a community college district, the out-of-district rate may be authorized. Tuition at the lower level resident rate is covered at **participating** Michigan public universities. The amount that can be received at participating degree-granting independent colleges, federal tribally-controlled colleges, or Focus: HOPE is \$102<sup>3</sup> per credit hour.

Mandatory fees cannot exceed \$250 per semester or term. Mandatory fees must be specified in the college's course catalog as mandatory for all students as a condition of enrollment. TIP benefits cannot exceed 80 semester or 120 terms credits (24 semester or 36 term credits per academic year).

Not all colleges and universities offer associate degree programs (see page 3). If the college or university does not offer such programs, students will not receive TIP assistance until they reach 56 credit hours. Students must be enrolled in a certificate or associate degree program. TIP will only cover classes within a student's program of study. Contact hours and tiered tuition rates are not covered by TIP.

### **Program Limits, Phase II:**

Phase II provides standard in-district tuition and mandatory fee assistance not to exceed \$500 per semester or \$400 per term up to a maximum of \$2,000 for credits earned in a four-year program at a Michigan degree-granting college or university. Phase II must be completed within 30 months of completion of Phase I requirements. Students can receive Phase II benefits without having received Phase I benefits. To receive Phase II benefits, the student must demonstrate the eligibility criteria for Phase I and have one of the following:

- 56 transferable semester or 84 transferable term credits.
- A certificate (minimum of one year) or associate degree.

**Please note:** The Tuition Incentive Program is always considered 'last dollar' unless student graduated from a *promise zone* or if the student is also receiving a Fostering Futures Scholarship (FFS).

### **For More Information**

Visit [www.michigan.gov/ssg](http://www.michigan.gov/ssg). Contact the Tuition Incentive Program, **Student Scholarships and Grants**, toll-free at 1-888-4-GRANTS (1-888-447-2687), e-mail [ssg@michigan.gov](mailto:ssg@michigan.gov), or fax 517-241-5835. P.O. Box 30462, Lansing, MI 48909-7962.

---

<sup>3</sup> Amount is based on the standard in-district tuition rate at participating Michigan community colleges and changes annually.
