

## Michigan Rider Education Program (Mi-REP) Public and Private Sponsored Classes

The Michigan Rider Education Program utilizes both public and private organizations approved by the Michigan Department of State to offer motorcycle rider education classes. The department is committed to assuring instruction is given by qualified instructors in an approved facility certified by the Motorcycle Safety Foundation. The list below details all public and private sponsored classes near you. Check website addresses for class schedules or contact the sponsor for more information. A tuition of \$50 (nonrefundable fee) will be charged for the basic rider, three-wheel basic rider, returning rider basic rider, basic rider 2, and advanced rider course classes from public sponsors. Fees charged by private sponsors for motorcycle rider education classes are not regulated by the department. Therefore, students are encouraged to inquire about course fees, refund or no-show policies prior to paying for the class. Below is information on each training class offered: BRC – Basic Rider Course, for beginners to learn to ride and earn their motorcycle endorsement on a furnished motorcycle. 3WBRC – Three-Wheel Basic Rider Course, for beginners who want to learn to ride three-wheel motorcycles instead of two-wheel motorcycles and earn a special 3-wheel only- motorcycle endorsement. RRBRC – Returning Rider Basic Rider Course and BRC2 - Basic Rider Course 2, are for riders with some experience who want to brush up on their skills on their own motorcycle and earn the motorcycle endorsement. ARC – Advanced Rider Course, is for experienced endorsed riders who want to improve their riding skills on their own motorcycle.
