**TECHNICAL TERMS AND ABBREVIATIONS
(FOR ALL CUSTOMERS)**

I. The definitions of the following technical terms and abbreviations are applicable to the Company's Rate Book for Natural Gas Services and are not contained in the other Sections thereof.

A. For All Utilities

- (1) **Commission** means the Michigan Public Service Commission.
- (2) **Effective Date** means the date when the tariff sheet must be followed.
- (3) **Issue Date** means the date the Company files a tariff sheet with the Commission.
- (4) **Rate Book for Natural Gas Service** means the complete set of Company filings submitted in accordance with the "Filing Procedures for Electric, Wastewater, Steam and Gas Utilities."
- (5) **Rate Schedule or Rider** means the rate or charge for a particular classification of service, including all special terms and conditions under which that service is furnished at the prescribed rate or charge.
- (6) **Rate Sheet or Tariff Sheet** means any of the documents filed in accordance with the "Filing Procedures for Electric, Wastewater, Steam and Gas Utilities."
- (7) **Rules and Regulations** means the rules, regulations, practices, classifications, exceptions, and conditions that the Company must observe when providing service.
- (8) **Standard Customer Forms Index** means a listing showing the number, title, and revision date for all standard forms, in any format (preprinted or electronically preformatted) that the Company uses to document contracts or other agreements that create or alter a customer's rights or responsibilities in dealings with the Company. Standard customer forms require a customer signature or are specifically referenced within the Company's Rate Book for Natural Gas Service for execution between the Company and customers.

B. Company

- (1) **Btu** - British Thermal Unit
- (2) **Ccf** - 100 cubic feet
- (3) **Company** - DTE Gas Company, or DTE Gas
- (4) **Mcf** - 1,000 cubic feet
- (5) **Therm** - 100,000 British thermal units

N. A. Khouri
Vice President
Regulatory Affairs

Detroit, Michigan

Effective for service rendered on
and after June 4, 2010

Issued under authority of the
Michigan Public Service Commission
dated June 3, 2010 in Case No. U-15985
and dated October 9, 2007 in Case No. U-15152

SUPPLEMENTAL UTILITY SERVICE CHARGES

The charges shown on this sheet are not subject to approval by the Commission. Changes will be made by the Company from time-to-time to include current prices for the services offered.

METER TEST CHARGE

The charge for a gas meter test is \$75.00 when applicable pursuant to Rule B1, Technical Standards for Gas Service, Rule R 460.2351, Meters and Associated Metering Devices; Inspections and Tests. (Authorized by Rule C6, Metering and Metering Equipment).

SERVICE LINE AND/OR METER RELOCATION CHARGE

The charge for service alterations, when requested by the customer or made necessary by the customer, is \$485.00, plus time and materials.

CUT AND CAP CHARGE

The charge for a routine residential service rate Cut and Cap of a gas service line, when requested by the residential customer or for the purpose of a demolition, is \$720.00. The charge for a (1) non-routine, (2) commercial, or (3) industrial Cut and Cap of a gas service line, when requested by the customer or for the purpose of a demolition, is the greater of \$720.00 or time and materials.

The \$720.00 charge will not be applicable to government requested cut and cap services, subject to the limitation of 6,000 per calendar year as set forth in the Commission's order in Case No. U-17999.

The reconnect charge to install a new service to a site previously Cut and Capped relating to supplemental utility service, when requested by the customer or made necessary by the customer, is \$485.00, plus time and materials.

Note: Federal Regulation 49 CFR Part §192.383 requires Excess Flow Valves or Curb Valves to be installed on new or replaced branched service lines. Customers also have the right to request installation on service lines that are not being newly installed or replaced.

EXCESS FLOW VALVE CHARGE

An Excess Flow Valve can be installed on the existing service line to a building or residence if certain requirements are met. The charge for installation of an Excess Flow Valve is \$600.00.

CURB VALVE CHARGE (non-residential installations)

The charge is \$753.00 for gas service sizes smaller than 1 ½ inches. For service sizes ranging from 1 ½ inches to 2 inches the charge is \$1,161.00; for service sizes 3 inches to 4 inches the charge is \$1,461.00.

CARBON MONOXIDE (CO) ALARM CHARGE

The charge for responding to a CO alarm service call is \$130.00, if done during regular working hours, or \$150.00, if done after regular working hours.

CGI (CAN'T GET IN) CHARGE

The charge for a CGI incident relating to supplemental utility service, when the Company has met its time commitment, is \$30.00.

INSIDE LEAK REPAIR CHARGE

The charge for an Inside Leak Repair is \$74.00, when repair is requested by the customer.

GAS CONNECTION CHARGE

The charge for the connection of white goods gas appliance is the greater of \$74 or time and material, when repair is requested by the customer.

**SECTION B
ADMINISTRATIVE RULES INDEX**

B1. TECHNICAL STANDARDS FOR GAS SERVICE (R 460.2301 - R 460.2383) (FOR ALL CUSTOMERS)

<https://ars.apps.lara.state.mi.us/AdminCode/DownloadAdminCodeFile?FileName=R%20460.2301%20to%20R%20460.2384.pdf>

PART 1. GENERAL PROVISIONS

R 460.2301 Definitions.

R 460.14001 (revised to R 460.20101) et seq. are the Michigan Gas Safety Standards. See Rule B9.

R 460.2302 Application, intention, and interpretation of rules; utility rules and regulations.

PART 2. RECORDS, REPORTS, AND OTHER INFORMATION

R 460.2321 Retention of records.

R 460.2501 et seq. are the Rules Pertaining to Preservation of Records of Electric, Gas and Water Utilities. See Rule B8.

R 460.2322 Location of records.

R 460.2323 Reports and records generally.

PART 3. SERVICE REQUIREMENTS

R 460.2331 Sale of gas.

R 460.2332 Permanent service line rules.

Refer to the Company's approved Rule C8, Customer Attachment Program.

R 460.2333 Main extension rules.

Refer to the Company's approved Rule C8, Customer Attachment Program.

R 460.2334 Temporary service.

Refer to the Company's approved Rule C1.4, Unusual Facility Requirements

R 460.2335 Interruptions of service.

R 460.2101 (revised to **R 460.101**) et seq. are the Consumer Standards and Billing Practices for Electric and Gas Residential Service.

R 460.14001 (revised to **R 460.20101**) et seq. are the Michigan Gas Safety Standards. See Rule B9.

PART 4. ENGINEERING

R 460.2341 Gas facilities; construction and installation.

R 460.2342 Standards of accepted engineering practice.

(Continued on Sheet No. B-2.00)

Issued January 15, 2025
M. A. Bruzzano
Senior Vice President
Regulatory Affairs
Detroit, Michigan

Effective for service rendered on
and after January 14, 2020

Issued under authority of the
Michigan Public Service Commission
dated January 14, 2020 in Case No. U-20608

(Continued from Sheet No. B-1.00)

B1. TECHNICAL STANDARDS FOR GAS SERVICE (R 460.2301 - R 460.2383) (FOR ALL CUSTOMERS) (Contd.)

<https://ars.apps.lara.state.mi.us/AdminCode/DownloadAdminCodeFile?FileName=R%20460.2301%20to%20R%20460.2384.pdf>

PART 5. INSPECTION OF METERS

R 460.2351 Meters and associated metering devices; inspections and tests.

For the testing of the Company's natural gas rotary meters and natural gas diaphragm meters, refer to the procedures approved in Commission Order dated April 18, 2019 in Case No. U-20346. Refer to the Company's approved Rule C6, Metering and Metering Equipment.

R 460.2352 Diaphragm-type meters; meter tests; reports.

For the testing of the Company's natural gas rotary meters and natural gas diaphragm meters, refer to the procedures approved in Commission Order dated April 18, 2019 in Case No. U-20346

R 460.2353 Retirement of meters.

R 460.2354 Accuracy of metering equipment; tests; standards.

R 460.2355 Meter shop; design; meter testing system; standards; handling; calibration cards; calibrated orifices.

R 460.2356 Pressure measurement standards.

R 460.2357 Records; meter tests.

R 460.2358 Records; meter and associated metering device data.

PART 6. BILL ADJUSTMENT; METER ACCURACY

R 460.2361 Bill adjustment; meter accuracy.

R 460.2362 Determination of adjustment.

R 460.2363 Refunds.

Pursuant to the Commission's Order in Case No. U-20346, the Company will be considered to have "adopted the requirements of R460.2352" for the duration of the waiver of the Rule 52 meter testing requirements which was granted in that proceeding.

R 460.2364 Rebilling.

Refer to the Company's approved Rule C5.2I., Meter Error or Nonregistering Meter.

R 460.2365 Consumption data records.

B1. TECHNICAL STANDARDS FOR GAS SERVICE (R 460.2301 - R 460.2383) (FOR ALL CUSTOMERS) (Contd.)

<https://ars.apps.lara.state.mi.us/AdminCode/DownloadAdminCodeFile?FileName=R%20460.2301%20to%20R%20460.2384.pdf>

PART 7. SHUTOFF OF SERVICE

R 460.2371 Conditions for establishing gas service; liability; notice and record of inability to establish service; refusal of service to customer using other gaseous fuel; exception.

Refer to the Company's approved Rule C1.3, Use of Service.
Refer to the Consumer Standards and Billing Practices for Electric and Gas Residential Service, Rule B2, R 460.128, Applicability.

R 460.2372 Gas facilities hazard.

R 460.2373 Shutoff of service.

Refer to the Consumer Standards and Billing Practices for Electric and Gas Residential Service, Rule B2, R 460.136, Emergency Shutoff. Refer to the Company's approved Rule C5.1, Access to Customer's Premises.

R 460.2374 Customer notification of shutoff of service.

Refer to the (1) Consumer Standards and Billing Practices for Electric and Gas Residential Service, Rule B2, R 460.137, R 460.138, R 460.139, R 460.140 and R 460.141, (2) Commercial and Industrial Billing Practices for Nonresidential Customers and Multifamily Dwelling Service Rate 2A Customers, Rule B4, R 460.2084, and (3) Company approved Rule C12, Shutoff of Service.

PART 8. GAS QUALITY

R 460.2381 Gas purity.

R 460.2382 Heating value; authorized variations.

R 460.2383 Heating value records; location and accuracy of measuring equipment; frequency of heating value determination.

(FOR ALL CUSTOMERS)**

INTENT OF SECTION C - PART I

These General Rules and Regulations for all customers are not to supersede but are in addition to Rule B1, Technical Standards for Gas Service, Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, and Rule B4, Commercial and Industrial Billing Practices.

C1. CHARACTERISTICS OF SERVICE

C1.1 Company Liability and Force Majeure

A. Company Liability

In any case of stoppage of the flow of gas to Customers, whether caused by accident, repairs or other cause, Company will not be liable for any damage that may arise therefrom. All stoppage of gas or damages of any kind that may be caused by severe cold weather will be considered beyond the control of Company and involving no pecuniary responsibility on its part.

Company shall not be liable for damages that may be incurred by the use of gas or appliances or the presence of Company's property on Customer's premises.

If a judgment is entered against Company as a result of its failure to exercise reasonable care and skill, Company's liability shall be limited to an amount equivalent to three times Customer's non-gas Monthly Customer Charge or one thousand dollars, whichever is less. Neither Company nor Customer shall be liable to the other party for consequential, incidental, exemplary, punitive, or indirect damages, lost profits or other business interruption damages arising out of the performance or non-performance of any obligation under Company's Rate Book for Natural Gas Service or any contract, by statute, in tort or contract, under any indemnity provision or otherwise.

(Continued from Sheet No. C-1.00)

C1. CHARACTERISTICS OF SERVICE (Contd.)

C1.1 Company Liability and Force Majeure (Contd.)

B. Force Majeure

Neither Customer nor Company shall be liable in damages, or in any other remedy, legal or equitable, to the other for any act, omission, or circumstances occasioned by or in consequence of any acts of God, strikes, lockouts, acts of the public enemy, wars, sabotage, terrorism, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, washouts, arrests, and restraints of rulers and peoples, civil disturbances, failure of electronic data, explosions, breakage, or accident to machinery or lines of pipe or the necessity to make repairs, tests, or alteration to machinery or lines of pipe, line freezeps, the binding order of any court or governmental authority which has been resisted in good faith by all reasonable legal means, or any other cause, whether of the kind herein enumerated, or otherwise, and whether caused or occasioned by or happening on the account of the act or omission of one of the parties hereto or some person or concern not a party hereto, not within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome. A failure to settle or prevent any strike or other controversy with employees or with anyone purporting or seeking to represent employees shall not be considered a matter within control of the party claiming suspension. Under no circumstances will the following events constitute Force Majeure: (i) Customer's lack of finances, (ii) inadequate or uneconomic markets for Customer's gas, or (iii) insufficiency of Customer's gas supplies.

Such causes or contingencies affecting the performance of any obligations under any Rate Schedule or agreement by either Customer or Company, shall not relieve it of liability in the event of its concurrent negligence or in the event of its failure to use due diligence to remedy the situation and remove the cause in an adequate manner and with all reasonable dispatch, nor shall such causes or contingencies affecting performance of any obligation relieve Customer from its obligation to make payments of amounts then due, nor shall such causes or contingencies relieve either Customer or Company of liability unless such party shall give notice and full particulars of the same in writing, including by facsimile or electronic communication, to the other party as soon as possible after the occurrence relied on.

C1. CHARACTERISTICS OF SERVICE (Contd.)

C1.2 Contracts

Prospective Customers for small commercial and small industrial consumption are required to sign a form of Contract. This contract is not limited as to time.

Schools, Universities, and Large Volume Customers, taking gas under General Service Rates *S or* GS-2, are required to sign (in addition to the Application for Gas) a Contract limited as to time. All such *school, university, and* large volume Contracts must be approved and executed ***in compliance with the Company's enterprise policies for a) signature authority for contracts, b) establishment of contracts, c) contract management and administration, and d) record retention*** before they shall be binding upon Company.

Customers taking service under Transportation Service Rate ST, LT, XLT, XXLT, TOS-F, TOS-I, CS-F or CS-I are required to sign a Contract for service incorporating the General Provisions and Definitions contained in Section E. ***Contracts must be approved and executed in compliance with the Company's enterprise policies for a) signature authority for contracts, b) establishment of contracts, c) contract management and administration, and d) record retention*** before they shall be binding upon Company. All such Contracts shall have a minimum term of one year unless Company, in its sole discretion, allows a term less than the one-year minimum.

Any Contract to which Company is a party for the provision of services under any Rate Schedule in Company's Rate Book for Natural Gas Service is governed by the laws of the State of Michigan.

The contracts above-mentioned shall not be inconsistent with these Rules and Regulations and shall be, respectively, only in such form as shall be ***listed on the Company's website***. The contracts shall be uniform in the case of all customers of the same class and type of service.

(Continued from Sheet No. C-3.00)

C1. CHARACTERISTICS OF SERVICE (Contd.)

C1.3 Meter Applications

A written application for gas service, on regular blanks provided for the purpose, will be required from each customer and such application shall be filed by the customer at an office of the Company in the District in which gas service is to be supplied.

C1.4 Inspection of Installation

The Company shall not establish service to any applicant until a representative of the Company has performed a leakage test using gas at the meter outlet pressure in that installation to ensure that the applicant's fuel line piping is gas tight.

If leakage is detected on the applicant's piping, the Company will notify the applicant of the defect and gas service will not be established until such defect is repaired or corrected.

Nothing in this Rule shall be construed to make the Company liable for the installation, maintenance or use of piping or appliances owned by the customer beyond the making of the test above required; nor shall the Company be held liable for any continuing duty of inspection of piping or appliances.

C1.5 Right to Turn Off Gas

The Company reserves the right to turn off the gas at any time from any customer, if it shall deem such action necessary in case of an emergency or subject to the provisions of Rule B1, Technical Standards for Gas Service (for all customers), Part 7, Shutoff of Service, and Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, Part 8, Procedures for Shutoff and Restoration of Service, to protect itself against loss, abuse or fraud, or for violation of the terms and conditions of the agreement between the customer and the Company, of which the Rules and Regulations herein set forth are a part.

C1.6 Meter Readers and Complaints

Requests for service and complaints may be made at an office of Company in the District where service is rendered. Meter readers are not authorized to take such requests and complaints.

(Continued from Sheet No. C-4.00)

C1. CHARACTERISTICS OF SERVICE (Contd.)

C1.7 Modification by Employee or Agents

No employee or agent of Company shall have the power to amend, modify, alter or waive any of the conditions of any gas service Contract, except as approved and executed in compliance with the Company's enterprise policies for a) signature authority for contracts, b) establishment of contracts, c) contract management and administration, and d) record retention to bind Company by making any promise or representation contrary to or inconsistent with these Rules and Regulations or with the provisions of any Contract.

C1.8 Amendments

Subject to the approval of the Commission, Company may alter or amend its Rules and Regulations from time to time, and add such further and other Rules and Regulations as experience may suggest. Effective upon approval by the Commission, all such amendments shall be incorporated in and modify, if applicable, any existing gas service Contract.

C1.9 Alternative Shut Off Protection Program for Eligible Low-Income and Senior Citizen Customers

A. As used in this Section:

- (1) **Eligible customer** means either a Low-income or Senior citizen customer whose arrearage has not accrued as a result of theft or unauthorized use.
- (2) **Low-income customer** means utility customer whose household income is at or below 200% of the Federal Poverty Level (FPL) and provides proof of meeting the eligibility requirement at the time of enrollment.
- (3) **Senior citizen customer** means utility customer who is **65** years of age or older and provides proof of meeting the eligibility requirement at the time of enrollment.

B. Customers eligible to participate under the Winter Protection Plan, Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, Part 9, will be required to waive their rights to participate under the Winter Protection Plan in order to participate under the Alternative Shut-off Protection Program for Eligible Low-Income and Senior Citizen Customers.

(Continued from Sheet No. C-5.00)

C1. CHARACTERISTICS OF SERVICE (Contd.)

C1.9 Alternative Shut Off Protection Program for Eligible Low-Income and Senior Citizen Customers (Contd.)

- C. Eligible customers may enroll year-round. Once enrolled, Eligible customers will be required to pay a minimum payment of 10% of the total balance of the amount owing at the time of enrollment and minimum monthly payments that include 1/12 of any remaining arrearage balance plus 1/12 of the estimated annual bill. Reconnection fees will be waived upon initial enrollment. Eligible customers will not be subject to late fees or deposits while enrolled in the program. The Company may elect to offer the customer additional time to resolve the arrearage resulting in an extended payment plan up to 24 months.
- D. Eligible customers' gas service will not be shutoff while enrolled in the program. In the event that the customer defaults by failing to pay the required minimum payment of 10% of the total balance owing at the time of enrollment or fails to make **one** monthly payment, the customer's participation in the program will be terminated and the customer's utility service will be subject to shut-off. The customer will remain responsible for the full arrearage and all applicable charges permitted under the tariffs including, but not limited to late fees, deposits and applicable reconnect charges. Customers previously terminated from the program will be permitted to enroll one additional time within any 12 month period if the customer pays 20% of any balance due plus reconnection charges and otherwise meets the requirements of the program.

C1.10 Extreme Weather Condition Policy

In the interest of our customers' safety, DTE Energy will adhere to the following policy as it relates to extreme weather conditions and disconnections of Electric and Natural Gas service.

DTE Energy will not perform any manual (Non-AMI) or remote disconnections (AMI) when the temperatures are considered extreme. Extreme is defined as follows:

- Extreme Heat – Temperature forecasts 90 degrees and above for 2 consecutive days or more
- Extreme Cold – Temperature forecasts 15 degrees and below and/or wind chills below zero for 2 consecutive days or more

Our internal staff will review and monitor the 10-day predicted forecast temperatures Monday thru Thursday each week using The Weather Channel website- <https://weather.com/>. The following Cities listed below will be used as Regional Map weather check points.

- Detroit – SE Michigan (Detroit, Western Wayne, Oakland County)
- Lapeer – North & South Thumb
- Mecosta – Western Michigan
- Traverse City – Northern Michigan West
- Alpena – Northern Michigan East

C1.10 Extreme Weather Condition Policy (contd.)

- **Iron Mountain – Upper Peninsula West**
- **Sault St. Marie – Upper Peninsula East**

Depending on the weather assessment for each of the Regional Map areas, disconnections of service may be suspended or cancelled on a day by day basis for the impacted areas.

C2. CONTROLLED SERVICE

C2.1 Scope

This Controlled Service Rule provides Company with the authorization to control the attachment of additional gas sales load and non-system supply load, consistent with changes in gas supply as they occur.

C2.2 Application

- A. Upon declaration of a Controlled Service condition, all those Customers within the affected priorities requesting gas sales service shall make written application for such service on a form provided by Company.
- B. Existing gas sales Customers requesting to attach additional gas burning equipment, existing Gas Customer Choice Customers or existing transportation Customers shall not be given preferential treatment over new Customers but shall be considered the same as new Customers in accordance with this Controlled Service Rule.

Issued under authority of the
Michigan Public Service Commission
dated August 28, 2018 in Case No. U-20140

(Continued from Sheet No. C-5.01)

C2. CONTROLLED SERVICE (Contd.)

C2.3 Approval

- A. As the Company is able to contract for gas supplies at reasonable and prudent prices, terms, and conditions, applications for gas sales service will be approved subject to the following conditions:
- (1) Approval will be on a first-come, first-served basis within each Controlled Service Priority.
 - (2) The Company will open the highest priority first. If all the applicants within that priority are granted gas sales service, and sufficient supply is available, the next highest priority will be opened.
 - (3) If the available supply is committed before granting all applicants gas sales service, then those applicants who do not receive gas sales service shall have their standing reserved within their priority, but will not receive preference over a later applicant who qualifies for a higher priority, when gas again becomes available and priorities are again opened.
- B. An applicant whose Controlled Service Priority is open at the time of application may be granted approval provided such applicant demonstrates to the satisfaction of the Company that the construction and installation of the necessary equipment will proceed in a timely manner.
- C. An applicant whose Controlled Service Priority is closed at the time of application, such that gas sales service is not initially granted, shall have his application for gas sales service kept on file by Controlled Service Priority and date application is received.
- D. Notification of approval shall specify the date within which service must be commenced.
- E. The Company may not grant gas sales service to new customers or permit the attachment of additional gas burning equipment by existing customers in a service area, if:
- (1) The Company is curtailing any customers under Rule C3.2, Curtailment of Gas Service During an Emergency, in that service area.
 - (2) The Company is curtailing any customers under Rule C3.1, Curtailment of Gas Service for Gas Supply Deficiency, in that service area; except that the Company may attach new residential customers provided no customers in Curtailment Priority Two are being curtailed.
- F. The Company reserves the right to attach new interruptible loads.

Michigan Public Service Commission
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-6.00)

C2. CONTROLLED SERVICE (Contd.)

C2.4 Forfeiture

- A. An applicant who is not initially granted gas sales service, shall notify the Company in writing, within 30 days of date of notification of approval, of the customer's intention to accept gas sales service, otherwise the approved application is void.
- B. A customer shall install the necessary equipment and commence gas sales service by the date specified in the Company's notification of approval, otherwise the customer's reservation of gas supply is forfeited and the customer must make a new application for service.
- C. If at any time after commencing gas sales service, a customer desires to burn an alternate fuel in place of system supply purchases, that customer will nominate nameplate ratings to which a Standby Service Charge is applied, otherwise such customer forfeits gas sales customer status. This provision is waived for customers who are being curtailed pursuant to Rule C3.1, Curtailment of Gas Service for Gas Supply Deficiency, or Rule C3.2, Curtailment of Gas Service During an Emergency.
- D. The Company reserves the right to discontinue service to any customer who violates any of the provisions of this Rule.

C2.5 Restricted Sales

If a Controlled Service situation is in effect, and as a result of warmer-than-normal weather, or other factors, the Company has system-supply volumes in excess of its immediate gas sales load, the Company may sell such excess gas to customers other than gas sales customers. However, the availability of system supply gas for sale to non-system supply customers is conditioned on and subject to:

- A. The designation of all sales of excess system supply as super-interruptible load subject to Curtailment Priority Five of Rule C3.2, Curtailment of Gas Service During an Emergency.
- B. Commission approval of non-tariff sales on a special contract basis, limited as to time and volume.

C2. CONTROLLED SERVICE (Contd.)

C2.6 Priorities

- A. Service shall be controlled under this Rule in accordance with the following Priorities: Priority One constitutes the highest Priority. Priority Six constitutes the lowest Priority, which will be the first Priority controlled.

Priority One - The use of natural gas by any residential customer for any purpose.

Priority Two - The use of natural gas for services essential for public health and safety regardless of annual consumption.

Priority Three - The use of natural gas by any commercial or industrial customer with annual consumption less than 3,000 Mcf.

Priority Four - The use of natural gas by any commercial or industrial customer with annual consumption equal to or greater than 3,000 Mcf but less than 15,000 Mcf.

Priority Five - The use of natural gas by any commercial or industrial customer with annual consumption equal to or greater than 15,000 Mcf but less than 100,000 Mcf.

Priority Six - The use of natural gas by any commercial or industrial customer with annual consumption equal to or greater than 100,000 Mcf.

- B. A customer who has a pollution problem which presents a threat to the public health and welfare, where the use of natural gas offers the only feasible solution to the problem, may petition the Commission to assign a priority of use higher than that to which the customer would otherwise be entitled. The matter will be considered by the Commission pursuant to its Rules of Practice relating to petitions or complaints.
- C. The use of natural gas in boilers which have alternate fuel capability shall not qualify as requirements for services essential for public health and safety without the express authorization of the Commission. The matter will be considered by the Commission pursuant to its Rules of Practice relating to petitions or complaints.

(Continued from Sheet No. C-8.00)

C2. CONTROLLED SERVICE (Contd.)

C2.7 Definitions

- A. **Alternate fuel capability** means that an alternate fuel could have been used whether or not the facilities for use have actually been installed or the alternate fuel is available.
- B. **Commercial Customer use of natural gas** shall refer to any usual commercial use of gas, including, but not limited to, all gas purchased by a business which does not qualify for a manufacturing industry code under the Standard Industrial Classification, as listed in the current edition of the Standard Industrial Classification Manual issued by the Executive Office of the President of the United States, and gas used in centrally metered apartment buildings. A centrally metered apartment building that cannot procure gas supply from a source other than the Company may petition the Commission to assign a priority of use higher than that to which the customer would otherwise be entitled. The matter will be considered by the Commission pursuant to its Rules of Practice relating to petitions or complaints.
- C. **Industrial Customer use of natural gas** shall refer to any usual industrial use of gas, including, but not limited to, all gas purchased under the Standard Industrial Classification, listed in the current edition of the Standard Industrial Classification Manual, issued by the Executive Office of the President of the United States.
- D. **Use of natural gas for services essential for public health and safety** shall mean gas purchased for use by or in connection with hospitals, convalescent homes, nursing homes, medical centers and clinics; water and sewage treatment and waste disposal facilities; civil defense centers and public utility buildings; newspapers, radio and television stations; fire stations, police stations, jails and penal institutions; and such other uses of gas that are found qualified by the Commission as requirements of services essential for public health and safety; provided, however, that boilers, turbines and engines which have alternate fuel capability shall not qualify as requirements for services essential for public health and safety without the express authorization of the Commission. The matter will be considered by the Commission pursuant to its Rules of Practice relating to petitions or complaints.
- E. **Residential Customer use of natural gas** shall include all gas usage metered and consumed within an individual household, and reasonably appurtenant and related to and normally associated with such a household, for such applications as space conditioning, cooking, water heating, refrigeration, clothes drying, incineration, lighting and other similar household applications. The term “household” includes single-family homes, farm homes, seasonal dwellings, duplexes and individual living units within mobile home parks, condominiums, individually metered apartments and cooperatives; provided, however, to qualify for residential usage a household must have the normal household facilities such as bathroom, individual cooking and kitchen sink facilities.

Michigan Public Service Commission
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-9.00)

C2. CONTROLLED SERVICE (Contd.)

C2.8 Penalties for Violation

Any gas used by a customer in additional equipment installed by an existing gas sales customer following the declaration of a controlled service condition and for which the customer has not received authorization, shall, during the period when a gas controlled service condition has been instituted pursuant to this Rule, be subject to excess use charges of \$10 per Mcf plus the highest city-gate price reported in Gas Daily for locations in the East North Central Region of the United States during the month in which the infraction occurred, with such charges being in addition to the rates set forth in the applicable Company Rate Schedule. Failure of the customer to pay such excess use charges when due shall constitute sufficient cause for the Company to shut off gas service to such customer. The Company reserves the right to shut off service to any customer who violates any of the provisions of this Rule.

C3. CURTAILMENT OF GAS SERVICE

C3.1 Curtailment of Gas Service Definitions

The following terms used in this rule shall have the meanings hereinafter set forth:

Blanket Certificate Customer is a transportation customer who has contracted with the Company to transport gas in interstate commerce pursuant to a blanket certificate issued to the Company by the Federal Energy Regulatory Commission (FERC).

Capacity Deficiency shall mean emergency situations whereby load temporarily exceeds the capacity of the Company's pipeline system to deliver volumes commensurate with such load, but such that the full design capacity of the system is unaffected. See Section C3.4D(3) of this Rule.

Capacity Restriction shall mean restriction affecting deliveries to customers due to force majeure or other damage to the Company's facilities such that the full design capacity of the pipeline system is not available. See Section C3.D(1) of this Rule.

Commercial Gas Requirements shall include all service to customers engaged primarily in the furnishing or sale of goods or services including schools, local, state and federal government agencies and other public or private institutions for use other than those involving manufacturing or electric power generation.

Deliveries shall mean both transportation and sales volumes.

End Use Customer is a customer under the Company's sales and transportation Rate Schedules where the gas is used or consumed on the customer's premises to which the gas was delivered.

(Continued from Sheet No. C-10.00)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.1 Curtailment of Gas Service Definitions (Contd.)

Force Majeure shall mean acts of God, strikes, lockouts, or other industrial disturbances; acts of the public enemy, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms (including but not limited to hurricanes or hurricane warnings), crevasses, floods, washouts, arrests and restraints of the government, either Federal or State, civil or military, civil disturbances. Force majeure shall also mean shutdowns for purposes of necessary repairs, relocation, or construction of facilities; failure of electronic data capability; breakage or accident to machinery or lines of pipe; the necessity of testing (as required by governmental authority or as deemed necessary by the Company for the safe operation thereof), the necessity of making repairs or alterations to machinery or lines of pipe; failure of surface equipment or pipelines; accidents, breakdowns, inability to obtain necessary materials, supplies or permits, or labor to perform or comply with any obligation or condition of service, rights of way; and any other causes, whether of the kind herein enumerated or otherwise which are not reasonably within the control of the Company. It is understood that the settlement of strikes and lockouts or controversies with landowners involving rights of way shall be entirely within the Company's discretion and that the above requirement that any force majeure be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts or controversies with landowners involving rights of way by acceding to the demands of the opposing party when such course is inadvisable in the discretion of the Company.

Gathering Systems shall include but is not necessarily limited to, the Company's existing Wet Header System and laterals.

Industrial Gas Requirements shall include all service to customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product including the generation of electric power.

Requirements for Plant Protection shall mean such minimum volumes of gas as required to prevent physical harm to the plant facilities or danger to plant personnel when such protection cannot be afforded through the use of an alternate fuel. This includes the protection of such material in process as would otherwise be destroyed, but shall not include deliveries required to maintain plant production. For the purposes of this definition, propane and other gaseous fuels shall not be considered alternate fuels. It is the Customers sole responsibility to provide and update DTE with any plant protection volumes for their facility.

(Continued from Sheet No. C-10.01)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.1 Curtailment of Gas Service Definitions (Contd.)

Requirements for Services Essential for Public Health and Safety shall mean gas purchased for food processing and for use by or in connection with hospitals, convalescent homes, nursing homes, medical centers and clinics; water and sewage treatment and waste disposal facilities; civil defense centers and public utility buildings; newspapers, radio and television stations; fire stations, police stations, jails and penal institutions; and such other uses of gas as are found qualified by the Commission as requirements for services essential for public health and safety; provided, however, that requirements for boilers which have alternate fuel capability shall not qualify as requirements for services essential for public health and safety without the express authorization of the Commission after hearing.

Residential gas requirements shall include all direct natural gas usage for space heating, cooking, water heating, and other residential uses in a single family dwelling or in an individual flat or apartment; or to two or more households served by a single meter (one customer) in a multifamily dwelling, or portion thereof. A multifamily dwelling includes such living facilities as, for example, cooperatives, condominiums and apartments; provided each household within such multifamily dwelling has the normal household facilities such as bathroom, individual cooking and kitchen sink. A multifamily dwelling does not include such living facilities as, for example, penal or corrective institutions, motels, hotels, dormitories, nursing homes, tourist homes, military barracks, hospitals, special care facilities or any other facilities primarily associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service by a public or private person, entity, organization or institution.

Supply Deficiency shall mean emergency situations whereby the Company is temporarily unable to procure gas supplies commensurate with its system requirements.

System Supply shall mean supply sold directly to customers and includes gas delivered to Gas Customer Choice customers for this curtailment tariff only. It does not include End Use Transportation or Off System customers.

System Supply Customer shall mean those customers who purchase all of their natural gas requirements from the Company, ***which includes Gas Customer Choice for the purposes of this curtailment tariff only.***

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.2 Curtailment Priorities

For purposes of curtailment, five categories are established with Priority Five constituting the lowest priority and Priority One the highest.

Priority One - Residential gas requirements, commercial and industrial gas requirements of 1,250 Mcf or less per the base period month being curtailed, requirements for plant protection, and requirements for services essential for public health and safety.

Priority Two – Commercial and industrial gas requirements of 1,250 Mcf to 8,334 Mcf per the base period month being curtailed.

Priority Three - Commercial and industrial gas requirements of 8,334 Mcf to 41,667 Mcf per the base period month being curtailed.

Priority Four - Commercial and industrial gas requirements in excess of 41,667 Mcf per the base period month being curtailed.

Priority Five - Non-residential customers having gas requirements in excess of 41,667 Mcf per the base period month being curtailed and having installed alternate fuel capability available on short notice (only the alternate fuel load will be curtailed) and all sales of System Supply gas to non-System Supply customers.

C3.3 Curtailment of Gas Service for Gas Supply Deficiency

A. Determination of Need for Curtailment

- (1) If at any time the Company cannot provide continuous service to its **System Supply Customers** because of an inability to procure sufficient gas volumes from its interstate pipeline suppliers or other suppliers, and reliable short term supplies are not available at reasonable and prudent prices, the Company has the right to curtail the distribution of **System Supply** gas to its **System Supply Customers** in accordance with the provisions of this Rule.
- (2) In implementing this Rule, however, all sales of **System Supply** to other than **System Supply Customers** shall be curtailed prior to curtailing, limiting or interrupting the distribution of gas to **System Supply Customers**.
- (3) The Company may separately institute curtailment of its **System Supply** gas in the integrated and non-integrated portions of its total system, consistent with the inability to procure sufficient gas volumes in each respective portion of its system.
- (4) This Curtailment Rule does not apply to gas owned by parties other than the Company.

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.1 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)

B. Notice of Curtailment

- (1) The Company shall provide not less than 90 days advance written notice of curtailment to all ***System Supply Customers*** expected to be curtailed, except where actions by foreign, federal, state, or local government or regulatory agencies preclude the giving of such notice.
- (2) The Company may immediately curtail or interrupt the distribution of ***System Supply*** gas to non-***System Supply Customers***, by oral notice or otherwise, to the extent and for such duration as the Company in its sole judgment shall deem necessary.
- (3) Notification of curtailment shall specify the starting date, an estimate of the length of time the curtailment is expected to be in effect, and the classification of the priorities to be curtailed. Prior to and during the period of curtailment, all customers in curtailment priorities to be affected shall be given not less than 30 days advance written notice of the authorized volumes to which they will be entitled for the following month.

Continued from Sheet No. C-12.00)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.3 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)

C. Method of Curtailment

- (1) Prior to curtailment, the Company will make a Public Service Announcement for voluntary dial-down actions by ***System Supply Customers***.
- (2) Curtailments shall be made in accordance with the curtailment priorities set forth in Section **C3.2**, beginning with the lowest priority category and proceeding to the next highest priority category. The total curtailment shall equal the estimated deficiency of gas brought about by the demands of all customers purchasing ***System Supply*** gas in the integrated and/or non-integrated portions of the Company's system.
- (3) Curtailments may be simultaneously instituted in more than one curtailment category provided that gas usage falling within a lower priority category has been completely curtailed.
- (4) When curtailment of less than 100% of the sales volume in a particular curtailment priority is required, the available volumes shall be allocated to each customer assigned to that priority, on a pro-rata basis, using the customer's base period volumes that correspond to the month being curtailed. ***With respect to Priority Two, Three and Four, each of those categories shall be regarded as completely curtailed when all requirements other than requirements for plant protection have been curtailed.***

D. Base Period

- (1) Base Period for System Supply Customers
 - (a) For the purpose of determining the customer's volumes within each Curtailment Priority Category, a twelve month base period shall be established. Such base period shall be fixed for the term of the curtailment. The base period volumes shall consist of the twelve consecutive monthly consumptions ending June of each year. In those instances where the customer has encountered strikes, interruption of gas service or unavoidable operational abnormalities, the Company may make reasonable adjustments to normalize the customer's requirements. Base period volumes may be adjusted for equipment added or deleted.
 - (b) In determining monthly consumptions, the Company shall determine the gas used during each month of the period described above for all buildings, parts of buildings, and equipment associated with each customer's gas billing in accordance with the Company's Rules and Regulations. Volumes specified in Curtailment Priorities One through Five shall apply in the aggregate for all equipment of the same end use rather than on a unit of equipment basis.
 - (c) The monthly consumption so determined, with such adjustments as provided above, shall then be used as the monthly requirement specified in the Curtailment Priority Categories. In determining a customer's Curtailment Priority Category, the applicable monthly requirement in the base period shall be used.

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.3 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)

(2) Base Period for Non-System Supply Customers

A base period is not established pursuant to this Rule for non-**System Supply Customers**. The distribution of **System Supply** gas to non-**System Supply Customers** is subject to Curtailment Priority Five whereby the Company has sole discretion in determining the extent and duration of curtailment of such customers.

E. Rate Adjustments

A customer shall not be liable for any part of a monthly service charge provided in a Rate Schedule if such customer's consumption under that rate is completely curtailed for the entire billing period. No other rate adjustments will be permitted.

F. Enforcement

- (1) The Company reserves the right to inspect the customer's equipment, to install special metering, and to immediately terminate gas service for violations of this Rule, as provided by Rule **7I**, Technical Standards for Gas Service, R 460.**237I**, Shutoff of Service. Once gas service is terminated, the Company may withhold such service until it is satisfied that the terms and conditions of this Rule will be observed.
- (2) There is nothing in this Rule that shall prevent a customer from challenging before the Commission the continuation of a curtailment or that shall abridge the customer's right to appeal any such determination to the Commission.

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.3 *Curtailment of Gas Service for Gas Supply Deficiency (Contd.)*

G. Penalties for Violation

Any gas used by a customer in excess of the volumes authorized during the period when a curtailment has been instituted pursuant to this Rule shall be subject to Unauthorized Gas Use Charges. The charge for such Unauthorized Gas Usage shall be \$1.00 per 100 cubic feet plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; Chicago city-gates; Consumers city-gate; or MichCon city-gate. Unauthorized Gas Use Charges are in addition to those normal charges made under the applicable Rate Schedules, for all gas taken by Customer in excess of the cumulative volume delivered to Company (less Gas-in-Kind) on behalf of Customer. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service. Failure to pay an excess use charge when rendered shall subject the customer to termination of gas service.

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency

A. Steps Prior to Curtailment

When there is adequate time during an emergency situation, and if applicable, the following steps, ***not necessarily in this order***, will be implemented by the Company prior to the enforcement of the curtailment plan established by this Rule.

- (1) Interrupt service provided under an “interruptible” rate or contract then in effect;
- (2) Implement contingency contracts for emergency gas supply purchases established in advance. Seek to purchase additional gas supplies at prices which shall be regarded as reasonable and prudent;
- (3) Curtail deliveries to any customer in excess of volumes allowed under contracts;
- (4) Request that ***End Use Customers*** balance deliveries with use and authorized storage withdrawal volumes on a daily basis;
- (5) Make a public service announcement for voluntary dial-down actions by ***System Supply Customers***;
- (6) Ask ***End Use Customers*** to voluntarily reduce use and/or increase deliveries.

Michigan Public Service Commission
dated November 7, 2024 in Case No. U-21291

(Continued from Sheet No. C-16.00)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency (Contd.)

B. Notice of Curtailment

If a curtailment becomes necessary, Company shall provide notice to the Commission and all affected *customers* of the nature, probable duration and extent of such curtailment. Such notice will be given as far in advance as possible.

C. Method of Curtailment

- (1) If a curtailment becomes necessary due to *Capacity Restriction*, the Company shall determine the amount of firm service capacity that is available (residual firm capacity). The Company shall allocate that residual firm capacity between (i) transportation service provided pursuant to a FERC blanket certificate (Blanket Certificate Customers) and (ii) all other services (Other Customers), such allocation being made pro rata between such two classes of service, based upon the total volumes scheduled for service within each class on the applicable day.
- (2) The residual firm capacity which is allocated to Blanket Certificate Customers shall be allocated pro rata among the members of that class, based upon volumes scheduled for service by members of that class on the applicable day.

(Continued on Sheet No. C-18.00)

Issued under authority of the
Michigan Public Service Commission
dated November 7, 2024 in Case No. U-21291

(Continued from Sheet No. C-17.00)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency (Contd.)

- (3) The residual firm capacity which is allocated to the Other Customers shall be curtailed in accordance with the curtailment priority categories set forth in Section F of this Rule, beginning with Curtailment Priority Five and proceeding to the next highest priority category.
 - (a) Curtailments may be simultaneously instituted in more than one curtailment priority category provided that gas usage falling within a lower priority category is being completely curtailed.
 - (b) If system deliverability permits only partial delivery of gas to a given priority category of use, curtailment will be effected on the basis of a pro rata sharing using the base period deliveries to customers for that priority category. If a customer has entered into an arrangement for voluntary reduction of use and/or increase in deliveries pursuant to Paragraph B(6) above, the volumes associated with such voluntary reductions of use or increase in deliveries shall be attributed to that customer's pro rata share.
 - (c) Upon notice of a curtailment, the Company shall give customers with multiple locations, the option to select which location will be subject to the curtailment, consistent with the practical and physical operational constraints of the Company's system.
- (4) If curtailment becomes necessary due to an emergency situation resulting in a ***Supply Deficiency***, with no associated ***Capacity Deficiency***, the Company shall curtail gas service in accordance with Section C3.4D(3)(b), subject to the following conditions.
 - (a) ***End Use Customers*** shall have the option of having electronic remote metering installed or of establishing a means acceptable to the Company and the ***End Use Customer*** of determining daily consumption at the ***End Use Customer's*** expense. Negative daily imbalances incurred shall be curtailed pursuant to priorities determined as in Section C3.4E, Base Period. Usage in balance with deliveries (flowing pipeline supplies) on a daily basis is exempt from curtailment under this paragraph.
 - (b) Blanket ***Certificate Customers*** are exempt from curtailment.

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency (Contd.)

- (5) If curtailment becomes necessary due to an emergency situation resulting in a ***Capacity Deficiency***, the Company shall curtail gas service in accordance with Section C3.4D(3)(b).

Blanket ***Certificate Customers*** are exempt from curtailment.

D. Base Period

- (1) For the purpose of determining the customer's volumes within each curtailment priority category, a twelve month base period shall be established. Such base period shall be fixed for the term of the curtailment. The base period volumes shall consist of the twelve consecutive monthly deliveries ending June of each year. In those instances where the customer has encountered strikes, interruption of gas service or unavoidable operational abnormalities, the Company shall make reasonable adjustments to normalize the customer's requirements. Base period volumes shall be adjusted for equipment added or deleted and new loads.
- (2) In determining monthly deliveries, the Company shall determine the gas used during each month of the period described above for all buildings, parts of buildings, and equipment associated with each customer's gas billing in accordance with the Company's Rules and Regulations. Volumes specified in Curtailment Priorities One through Five shall apply in the aggregate for all equipment of the same end use rather than on a unit of equipment basis.
- (3) The monthly deliveries so determined, with such adjustments as provided above, shall then be used as the monthly requirement specified in the Curtailment Priority Categories. In determining a customer's Curtailment Priority Category, the applicable monthly requirement in the base period shall be used.

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency (Contd.)

E. Curtailment Priority Details Specific to Gas Service During an Emergency

- (1) The gas requirements for district heating systems shall be classified, to the extent practicable, into the same priority categories as the Company's ***System Supply Customers*** and ***End Use Customers*** if the operator of the district heating system provides the Company with the information necessary to make such a classification and an affidavit verifying the accuracy of such information. Information regarding such end use profile shall be provided for each priority category in a manner similar to the information regarding the base period volumes of other customers as set forth in paragraph E above.
- (2) The volumes of gas destined to end users of other local distribution companies (LDC) shall be classified into the same priority categories as the Company's ***System Supply*** and ***End Use Customers*** if the LDC provides the Company with the information necessary to make such a classification and an affidavit verifying the accuracy of such information. Such information shall be provided for each priority category in a manner similar to the information regarding the base period volumes of other customers as set forth in paragraph E above. Any volumes for which the LDC fails to provide such information shall be presumed to be in Priority Four.

(Continued from Sheet No. C-20.00)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency (Contd.)

F. Diversion of Customer-Owned Gas During Gas Emergencies

If the Company determines that its ability to deliver gas is inadequate to support continuous service to its customers on its system and it *diverts Customer gas for Company use under an OFO or* enforces the curtailment plan established in this Rule, the Company shall give *End User Customers* the option to 1) have their curtailed deliveries injected into storage with the suspension of any penalties and with no other additional charges; or 2) *within 90 days*, sell to the Company their flowing pipeline supplies that have been curtailed. The price of the purchased gas will be negotiated between the *End User Customers* and the Company but be limited to the higher of a) the customer's reasonable costs associated with using alternate fuels during the period of diversion, b) the actual cost of the customer's diverted gas, or c) the highest city gate price of gas for DTE Gas's *End User Customers* contained in the publication *Gas Daily*, delivered into DTE Gas's system during the period of diversion. The Company shall not divert gas from *End User Customers* who do not have title to the gas being transported unless the owner of such gas voluntarily agrees that its gas may be purchased, borrowed or otherwise diverted by the Company pursuant to Option 1 or 2 above. Nothing in these Rules relieves the Company from its obligation, under Act 304, of demonstrating the reasonableness and prudence of its gas purchases.

G. Rate Adjustments

A customer shall not be liable for any part of a monthly service charge provided in a Rate Schedule if such customer's consumption under that rate is completely curtailed for the entire billing period. No other rate adjustments will be permitted unless otherwise provided by contract.

H. Enforcement

- (1) The Company reserves the right to inspect the customer's equipment, to install special metering, and to immediately physically interrupt gas service for violations of this Rule, as provided by Rule B1, Technical Standards for Gas Service, R 460.2373, Shutoff of Service. Once gas service is terminated, the Company may withhold such service during the period of the curtailment until it is satisfied that the terms and conditions of this Rule will be observed.
- (2) There is nothing in this Rule that shall prevent a customer from challenging before the Commission the continuation of a curtailment or that shall abridge the customer's right to appeal any such determination to the Commission.
- (3) The Company shall, when acting reasonably and prudently in accordance with these Rules, not be liable for any loss, cost, damage, injury, or expense (incidental or consequential damages) that may be sustained by customer by reason of partial or complete curtailment of gas service.

(Continued from Sheet No. C-21.00)

C3. CURTAILMENT OF GAS SERVICE (Contd.)

C3.4 Curtailment of Gas Service During an Emergency (Contd.)

I. Billing

The Company shall have up to 6 months to assess adjustments to the customer's bill which may include applicable credits or excess charges.

J. Penalties

Any gas used by an **End Use Customer** in excess of the volumes authorized during the period when a curtailment has been instituted pursuant to this Rule shall be subject to Unauthorized Gas Use Charges. The charge for such Unauthorized Gas Usage shall be \$1.00 per 100 cubic feet plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; Chicago city-gates; Consumers city-gate; or MichCon city-gate. Unauthorized Gas Use Charges are in addition to those normal charges made under the applicable Rate Schedules, for all gas taken by Customer in excess of the cumulative volume delivered to Company (less Gas-in-Kind) on behalf of Customer. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service. Failure to pay an excess use charge when rendered shall subject the customer to termination of gas service.

C4. APPLICATION OF RATES

C4.1 Service to Which Rates Apply

The characteristics of and limitations on the service to which rates applicable in the Districts covered by these Rules and Regulations apply are described under the caption "Who May Take Service" in the respective Rate Schedules.

C4.2 Choice of Rates

Upon request, investigation will be made and assistance will be given to the customer to determine whether the rate under which **the customer** is being billed is the most advantageous. The Company does not guarantee that each customer will be served under the most favorable rate at all times, and will not be responsible for notifying the customer of the most advantageous rate.

After the customer has selected the rate under which he elects to take service, the customer will not be permitted to change from that rate to another rate until at least twelve months have elapsed. Neither will the customer be permitted to evade this Rule by temporarily terminating service. However, the Company may, at its option, waive the provisions of this paragraph where it appears that an earlier change is requested for permanent rather than for temporary or seasonal advantage. The intent of this Rule is to prohibit frequent shifts from rate to rate.

C4. APPLICATION OF RATES (Contd.)

C4.3 Gas Not to be Submetered for Resale and Services Provided Not to be Resold or Reassigned

No gas purchased from the Company shall for the purpose of resale, be submetered or remeasured by the customer. The presently existing contracts for or consents to submetering for resale will be terminated at the earliest practicable date. All services provided by the Company, including but not limited to, distribution, transportation, load balancing service, load balancing storage and storage services, are for use by the Customer and shall not be resold or reassigned without consent of the Company.

C4.4 Centrally Metered Installation

A. Definition of a Centrally Metered Installation

- (1) A centrally metered installation, *includes Master Meter Systems* defined by order of the Commission dated **December 20, 2018, in Case No. U-17826, Rule 335 (R460.20335)**.
- (2) A centrally metered installation may also be an individual building served by a single meter installation where gas is provided to multiple living units.
- (3) Multiple living unit usage shall consist of the gas supplied for individual dwelling units under DTE Gas's Multifamily Dwelling Service Rate 2A.

C4.5 Standby Service Availability, Definition and Identification

A. Availability of Standby Service

Standby Service is available under rate schedules GS-1, GS-2, ST, LT, XLT, and XXLT. Customers taking natural gas service from the Company under rate schedules A, 2A, and S are exempt from Standby Service. Customer shall continue on Standby Service under the terms and conditions as agreed and specified in the contract between the Company and customer.

(Continued on Sheet No. C-28.00)

(Continued from Sheet No. C-27.00)

C4. APPLICATION OF RATES (Contd.)

B. Definition of Standby Service

Standby Service means gas service provided by Company whereby gas systems maintained by Company (including, but not limited to, gas supply, pipes, regulation, delivery pressure, and metering) are available for immediate no-notice or limited notice use as specified in the contract between the Company and customer, for the delivery and/or sourcing of natural gas to customer's energy systems including but not limited to 1) gas-fired equipment that operates a limited number of hours annually, 2) multi-fueled equipment having natural gas-fired capability, or 3) natural gas-fired equipment used to backup or supplement alternate fuel-fired equipment, or an alternate fuel/energy source. Alternate fuel/energy sources include fossil based fuels, any liquid or gaseous fuels, steam, electricity, and where the alternate fuel/energy source is procured or generated by customer or provided by a direct or indirect interconnection with a third party energy supplier, energy provider, energy generator, energy distribution company, energy transmission company (intra-state or interstate), or utility.

C. Identification of Standby Service

Company will periodically review customers that are taking service from the Company under rate schedules, GS-1, GS-2, ST, LT, XLT, and XXLT, identifying those customers that consume $\geq 100,000$ hundred cubic feet (Ccf) of natural gas at their facility annually, or have installed gas-fired equipment that meets the Standby Service Definition with an input name plate rating $\geq 10,000$ Cfh. Standby Service shall apply under the following conditions:

- 1) Customer's gas-fired equipment has a natural gas input name plate rating $\geq 10,000$ Cfh, and*
- 2) Customer's gas-fired equipment operates less than 950 full load hours (FLH) annually based on the following FLH calculation:*

Full Load Hours = Annual volume in cubic feet \div gas-fired equipment input name plate rating in Cfh

If customer's gas-fired equipment input name plate rating is not available to the Company, the gas flow rating of the Company's gas meter serving the customer will be used in place of the equipment name plate rating.

Customer shall elect to pay the Standby Charge specified in the rate schedule customer is taking service from the Company based on, a.) the input name-plate rating of the customer's standby equipment, b.) Standby Maximum Daily Quantity (applicable to end-use transportation rate schedule only), or c.) a minimum annual commitment that provides the Company annual revenues equal to or greater than had the customer's standby equipment operated greater than 950 full load hours annually.

Company may require customer to pay for facilities (e.g., additional meter(s), electronic remote metering, flow restriction devices, etc.) required to monitor customer's Standby Service contracted election.

(Continued on Sheet No. C-29.00)

(Continued from Sheet No. C-28.00)

C5. CUSTOMER RESPONSIBILITIES

C5.1 Access to Customers' Premises

The Company's authorized agents shall have access to the customers' premises at all reasonable times to perform services required by the Company or requested by the Customer. These services include, but are not limited to installing, inspecting, testing, reading, repairing, locking, disconnecting, relocating or removing meters and other property of the Company situated on said premises, and inspecting and determining the load characteristics of appliances installed on said premises. Neglect or refusal on the part of the Customer to provide reasonable access shall be sufficient cause for shutoff of service by the Company, and assurance of access may be required before service is restored.

C5.2 Billing and Estimated Bills

A. Billing Frequency

Bills for gas service shall be rendered on approximately a monthly basis, unless the utility and the customer agree to another billing interval, and shall be due and payable on or before the due date shown on each bill.

B. Meter Reads

The Company shall schedule meters to be read on approximately a monthly basis and will attempt to read meters in accordance with such schedule. When the Company is unable to obtain an actual meter reading for any reason, the bill shall be estimated. Prior period(s) estimated bill(s) shall be adjusted as necessary when an actual meter reading is obtained.

C. Estimated Bills

When the company is unable to obtain an actual meter reading, the bill shall be estimated on the basis of past service records, adjusted, as may be appropriate. Where past service records are not available or suitable for use, such billing shall be based upon whatever other service data are available. Each such account shall be adjusted as necessary each time an actual meter reading is obtained.

D. Customer Meter Reads

Bills rendered for gas service for periods for which readings were not obtained shall have the same force and effect as those based upon actual meter readings. Any customer may read his/her own meter and provide the readings to the Company on a secure Company website, by telephone or on appropriate forms which shall be provided by the Company.

(Continued on Sheet No. C-30.00)

(Continued from Sheet No. C-29.00)

C5. CUSTOMER RESPONSIBILITIES (Contd.)

C5.3 NSF Charges

Checks, debit cards, credit cards or other forms of payment remitted by Customers as bill payments and returned or authorized prepayments not honored by banks or other financial institutions against which they are drawn shall be rebilled to Customers' accounts. A \$15.00 charge will be assessed to Customers for processing payments or authorized prepayments returned by banks or other financial institutions for reasons of insufficient funds, accounts closed, no accounts and similar situations, excluding bank or financial institution errors.

C5.4 Where Bills Are Payable

Bills are payable at an office of Company in the District in which gas service is supplied and at various specified agencies.

C5.5 Prompt Payment Discount

None.

D. M. Stanczak
Vice President
Regulatory Affairs
Detroit, Michigan

Effective for service rendered on
and after April 3, 2017

Issued under authority of the
Michigan Public Service Commission
dated March 28, 2017 in Case No. U-18177

(Continued from Sheet No. C-30.00)

C5. CUSTOMER RESPONSIBILITIES (Contd.)

C5.6 Notice to Turn Off Gas

Customer will be held responsible for all gas supplied to Customer's premises subject to the provisions of Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, Part 6, Voluntary Termination of Service.

If Customer requests same day voluntary termination of service and if Customer is advised of the charge, a charge of \$75.00 shall be collected.

C5.7 Energy Theft, Stolen Meter and Switched Meter

In cases where metered or unmetered energy theft, stolen meter or switched meter by someone other than a Company representative are involved, refunds and backbillings are for the determined duration of the period. Where the duration cannot be reasonably established or estimated, the Company shall adjust the billing for the past three years on the basis of actual monthly consumption determined from the most recent 36 months of consumption data.

Metered or unmetered energy theft includes but is not limited to tampering, unauthorized use, diversion and interference. For purposes of this rule, a stolen meter is classified as any meter not specifically assigned to that service location by the Company. For purposes of this rule, a switched meter is classified as a meter incorrectly assigned to a customer resulting in the customer being billed for another customer's consumption.

The Company reserves the right to recover all unbilled service revenue and costs associated with the theft of energy, stolen meter or switched meter. The offending customer, who intentionally stole a meter, switched a meter or who was intentionally involved in energy theft, shall pay all associated costs including costs for discovery, investigation and rewards for discovery. The customer who did not intentionally steal a meter, switch a meter or who did not intentionally become involved in energy theft shall pay for their energy usage according to Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, R 460.126(2)(b), Billing Error.

The owner of a multiple-metered building shall be responsible for accurately tracing all fuel lines and for tagging such fuel lines with Company-provided tags to assure individual units are properly metered. The Company shall not set the meters until the fuel lines are identified. The owner of a multiple-metered building could be held responsible for any underrecovery of revenues resulting from improperly tagged meters. Any future expense of tracing fuel lines due to instances of switched meters related to errors in tracing and tagging of such fuel lines shall be the responsibility of the current owner of the multiple-metered building.

(Continued from Sheet No. C-31.00)

C5. CUSTOMER RESPONSIBILITIES (Contd.)

C5.8 Restoration of Service

A. Charges to offset the costs of restoring service and costs of meter relocation, if applicable, to Customer whose previous service has been discontinued for nonpayment of bills or for any other breach by Customer of Company's Rates, Rules and Regulations, except for Energy Theft, Stolen Meter and Switched Meter under Section C5.7, will be collected by Company as follows:

- (1) If excavation was necessary to shut off service, a restoration charge of \$500.00 shall be collected from Customer.
- (2) Where service has been shut off and restoration does not require excavation, a restoration charge of \$50.00 for restorations done during regular working hours shall be collected from Customer whose service was shut off. If Customer specifically requests restoration of service after regular working hours and if Customer is advised of the increased charge, a restoration charge of \$75.00 shall be collected.
- (3) As provided under Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, R 460.116, Meter Accuracy, Meter Errors, Meter Relocations, and R 460.144, Restoration of Service, and under Rule B4, Billing Practices Applicable to Non-Residential Electric and Gas Customers, R 460.1611, Meter or Facilities Relocation Charge, where service has been shut off and a meter has been relocated, the Company shall charge Customer for relocating the meter, based on the Company's current cost.

All service restoration and meter relocation charges are charges for gas service and are subject to the same payment requirements applicable thereto and shall be billed to Customer and shall be paid before service is restored.

- B. No service restoration charge shall be collected where Customer is receiving state or federal assistance or a state or federal agency determines that Customer is eligible to receive assistance, and the agency agrees to pay all or a satisfactory part of Customer's arrearage in accordance with the standards set forth in Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, R 460.143, Shutoff Prohibited.
- C. If Customer elects to pay the energy arrears in full at the time of the shut off, Company's employee shall be authorized to accept the payment. In addition to full payment of arrears, an \$8.00 charge shall be paid by Customer for sending Company's employee to Customer's premises.
- D. For Customers taking service under any of the Sales Rate Schedules, turn on of gas service requested within 12 months of a request to turn off gas service by the same Customer at the same address shall be performed at a charge of \$50.00 if done during regular working hours or \$75.00 if done after regular working hours.

(Continued from Sheet No. C-31.01)

C6. METERING AND METERING EQUIPMENT

C6.1 Meter Location

The location of the meter must be determined after a careful inspection of the premises by an authorized representative of the Company. ***The standard meter location is on the outside of the building, in compliance with gas safety Rule 308.*** It must be accessible at all reasonable hours and not subject to damage by extreme heat or cold or by objects that may come in contact with it. Meters will not be set in coal bins, under porches, in closets, or in any location difficult to access.

House piping must be installed by the customer from the meter location to the appliances.

The customer shall protect from loss or damage the meter (or meters), meter connections, regulators and other property placed on the premises of the customer at the expense of the Company and shall permit no person, other than an authorized representative of the Company, to remove, inspect or tamper with the meter (or meters).

The meter, meter connections and regulators at any time placed in the premises of the customer at the expense of the Company, shall remain the property of the Company and be subject to removal only by the Company or its successors.

dated August 20, 2020 in Case No. U-20642

(Continued from Sheet No. C-32.00)

C6. METERING AND METERING EQUIPMENT (Contd.)

C6.2 Measurement of Gas

- A. Except as specifically provided herein, gas will be supplied only by meter measurement. The number of cubic feet delivered shall be measured by a meter or meters owned by Company and located at a point or points at the place or places of delivery. The quantity of gas passing through the meter, as shown by the register on the index, will be accepted as correct, except when upon testing the meter it is shown that the meter registers more than two percent fast or slow.
- B. (1) Gas may be supplied without meter measurement for the illumination of ornamental gas lights. When supplied in this manner for such purpose, gas shall be furnished at a regulated of four to seven inches water column. For ornamental gas lights installed prior to September 20, 2005, payment shall be made upon the basis of an assumed consumption of 1,700 cubic feet per mantle per month. For new or replacement ornamental gas lights installed on or after September 20, 2005, payment shall be made upon the basis of an assumed consumption calculated in 100 cubic feet pursuant to the following formula.

$$\frac{\text{BTU Input Rating} \times 24 \text{ Hours/Day} \times 30.4 \text{ Days/Month}}{100,000}$$

The assumed consumption shall be (a) added to Customer's metered consumption if Customer is taking gas service under a Rate Schedule which allows such gas light service; or (b) billed to Customer under the General Service Rate Schedule if Customer is not taking gas service for any purpose, or is not taking gas service under a Rate Schedule which allows such gas light service.

- (2) Installation of a service line from the main to the location at the base of the gas light will be performed by Company at Customer's request and expense. The service line will include the service riser, the service valve, and the service regulator, if so required. The customer shall pay for any permits required by state or local ordinances. Service lines shall at all times be owned, operated and maintained by Company.

Company shall be deemed in exclusive control and possession of gas and responsible for any loss, damage or injury caused thereby until it is delivered by Company at the outlet of the service valve or service regulator. Customer shall be deemed in exclusive control and possession of gas and responsible for any loss, damage or injury caused thereby after it is delivered by Company at the outlet of the service valve or service regulator.

(Continued from Sheet No. C-33.00)

C6. METERING AND METERING EQUIPMENT (Contd.)

C6.2 Measurement of Gas (Contd.)

- C. Except as specified in Rule C10, the sales unit of gas supplied shall be 100 cubic feet. For any other purpose, the heating content of such gas shall be presumed to equal Company's system average heat content based upon the weighted heat content of gas delivered to Company's system for the most recent calendar month for which data are available.

C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES

C7.1 Gas Cost Recovery Clause

A. Applicability of Clause

All rates for gas service, unless otherwise provided in the applicable Rate Schedule, shall include a Gas Cost Recovery Factor to allow Company to recover the booked costs of gas sold by Company if incurred under reasonable and prudent policies and practices.

B. Booked Cost of Gas Sold

- (1) Booked cost of gas sold as used in this Rule includes the following as expensed on the books of Company:
- (a) Interstate Purchases: Cost for gas service.
 - (b) Intrastate Purchases: Costs for gas service incurred pursuant to all contracts on file with the Commission.
 - (c) Company Produced Natural Gas: Costs which vary with volume produced.
 - (d) Company Produced Substitute Natural Gas: Costs for feedstock used to produce substitute natural gas.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-34.00)

C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)

C7.1 Gas Cost Recovery Clause (Contd.)

- (e) Liquefied Petroleum Air Gas: Costs for propane used to produce a propane-air gas mixture.
 - (f) Storage Gas: Net costs of gas injected and withdrawn from underground storage facilities.
 - (g) Purchases From Other Michigan Utilities: Costs for gas service pursuant to contracts approved by the appropriate regulatory body.
 - (h) Supplier Refunds And Credits: Refunds and credits from suppliers in the period realized.
 - (i) Cashout Mechanism: Net of gas sales and gas purchases pursuant to Section E15.
 - (j) Penalty revenues resulting from unauthorized gas usage, load balancing storage charge, and the September through November storage injection limits.
- (2) ***Jurisdictional Rate: The total cost of purchased gas divided by the volume of gas purchased during the GCR year.***
- (3) Booked cost of gas sold, as used in this Rule, specifically excludes the following items:
- (a) Gas used by Company at the ***Jurisdictional Rate***.
 - (b) Lost and unaccounted for gas at the ***Jurisdictional Rate***.
 - (c) Gas sold at a price different than Company's gas cost recovery factor, at the incremental cost from Company's suppliers, except gas sold under Company's cashout mechanism.
 - (d) Contract, tariff and other penalties, unless Customers of Company benefit as a result of payment of such penalties.

C. Billing

- (1) In applying the Gas Cost Recovery Factor, per Ccf or therm, any fraction of 0.001 cent shall be rounded to the nearest 0.001 cent.

(Continued on Sheet No. C-36.00)

(Continued from Sheet No. C-35.00)

C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)

C7.1 Gas Cost Recovery Clause (Contd.)

- (2) Each month the Company shall include in its rates a Gas Cost Recovery Factor up to the maximum authorized by the Commission as shown on Sheet No. D-3.00. For months in which the Commission has not approved a specific Gas Cost Recovery Factor, the Company may include an appropriate Gas Cost Recovery Factor in its rates if authorized by law to do so.
- (3) The Gas Cost Recovery Factor shall be the same per Mcf or Ccf for each billed customer. The factor shall be placed into effect in the first billing cycle of each monthly billing period and shall continue in effect throughout all cycles in each monthly billing period.
- (4) The Gas Cost Recovery Factor shall appear on all customer bills.

D. General Conditions

- (1) At least five business days prior to the commencement of the first billing cycle for the corresponding month, the Company shall give the Commission Staff written notice of the actual factor or factors to be billed to its customers.
- (2) This Gas Cost Recovery Clause is authorized by the provisions of 1982 P.A. 304. A copy of that Act is available for public inspection at each business office of the Company. The Company will provide a copy of the Act to any customer upon request

C7.2 Refund Procedure

A. Application

At times during the year, the Company receives and/or has need to record on its financial accounting records refunds applicable to various Rate Schedules taking gas service from the Company. Retail sales customers purchasing gas under the Company's Gas Cost Recovery (GCR) Clause and, at times, non-GCR customers are eligible for refunds.

(Continued on Sheet No. C-37.00)

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-36.00)

C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)

C7.2 Refund Procedure (Contd.)

B. Refund Notification

By April 15th of each year, the Company shall notify the Commission Staff of any pipeline or other supplier refunds received during the prior calendar year. The notification shall be in the form of a letter, and include:

- (1) The amount of each refund.
- (2) Source and reason for each refund.
- (3) Period covered by each refund.
- (4) Date each refund was received.

Additionally, if a portion of any pipeline or other supplier refund is eligible to be refunded to non-GCR customers, an allocation between GCR and non-GCR customers shall be made on the basis of actual consumption during the historical period to which the refund is deemed applicable. This calculation, along with any calculations for deductions from the non-GCR customer portion for Company Use and Lost and Unaccounted For volumes shall also be included.

Failure of the Company to report a refund to the Commission Staff by the April 15th deadline shall result in an interest penalty of 50% over the normal authorized rate of return on common equity for the period of time that the utility fails to comply with the refund notification requirement.

C. GCR Customer Refunds

- (1) All pipeline or other supplier refunds allocable to GCR customers shall be reflected as reductions to the GCR Cost of Gas Sold in the month received and should be included in the annual GCR reconciliation in the line captioned "Purchased and Produced."
- (2) Prior year's GCR under or over recoveries and any Commission ordered disallowances associated with the prior year's GCR period shall be reflected in the beginning balance (January 1) in the year ordered by the Commission. The amount reflected in the beginning balance shall include appropriate interest. The amount shall be included in separate lines below the GCR Cost of Gas Sold line.

(Continued on Sheet No. C-38.00)

(Continued from Sheet No. C-37.00)

C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)

C7.2 Refund Procedure (Contd.)

- (3) All other refunds shall be reflected in the month the refund arises and shall be included in a separate line below the Cost of Gas Sold line.

D. Non-GCR Customer Refunds

(1) Refund Treatment

All non-GCR refund liabilities shall be credited to a refund liability account to accrue interest until such time as such monies are authorized to be refunded. Application for refund of non-GCR liabilities shall be included in the Company's annual GCR reconciliation filing.

(2) Allocation

Pipeline and other supplier refunds shall be allocated between GCR and non-GCR customers on the basis of actual consumption during the historical period to which the refund is deemed applicable.

Deductions for Company Use and Lost and Unaccounted For volumes shall be made from the portion of the refunds allocable to non-GCR customers based upon the actual percentages for Company Use and Lost and Unaccounted For during the historical refund period.

(3) Distribution

To the extent that the Company has the data readily available in a format which could be utilized for periods beyond four years without additional cost to the Company and its GCR customers, distribution of non-GCR customer refunds shall be made on the basis of actual usage during the historical period to which the refund is deemed applicable. The Company shall be required to maintain individual non-GCR customer consumption data for a minimum period of four years.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-38.00)

C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)

C7.2 Refund Procedure (Contd.)

(4) Refund Completion Reports

Six months after the completion of a non-GCR customer refund, the Company shall submit a completion report to the Commission Staff showing the amount actually refunded as compared to the authorized refund amount and the date the refund was completed. Any undistributed amounts shall be rolled back into the non-GCR refund liability account to accrue interest until refunded to non-GCR customers in the next refund.

C8. CUSTOMER ATTACHMENT PROGRAM

C8.1 Purpose

The Company proposes to make extension of its gas mains and/or service lines from time to time, at its own cost, to serve applicants whose requirements will not disturb or impair the service to prior users or will not require an expenditure out of proportion to the expected revenue obtainable therefrom.

The Company reserves the right to delay or deny a request for service under this Rule, if fulfilling such a request could, in the Company's opinion, create conditions potentially adverse to the Company or its customers. Such conditions may include, but are not limited to, safety issues, system operating requirements or capital constraints. The provisions under this Rule are in addition to the existing rules and tariffs for customer gas service.

When relocation or modification of Company facilities to an existing structure with gas service is requested or made necessary by the customer, all costs for the relocation or modification shall be charged to the requesting party.

C8.2 Customer Contribution

A customer contribution shall be required prior to construction equal to the following components: The Fixed Monthly Surcharge or lump sum payment plus any Excessive Service Line Fee plus any Direct Charges.

(Continued on Sheet No. C-39.01)

Issued October 4, 2018
D. M. Stanczak
Vice President
Regulatory Affairs

Detroit, Michigan

Effective for service rendered on
and after October 1, 2018

Issued under authority of the
Michigan Public Service Commission
dated September 13, 2018 in Case No. U-18999

(Continued from Sheet No. C-39.00)

C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)

C8.2 Customer Contribution (Contd.)

Direct Charges include, but are not limited to, any specific license fees, inspection fees, or rights of way fees charged by any political subdivision for any construction provided under this rule, and are to be paid the Company. Direct charges shall also include an additional charge per foot for winter construction of all underground construction as installed, excluding conduit, applied to projects constructed during the period of December 15 to April 15, for installation of distribution or service facilities. This charge shall be based on periodic reviews of actual costs by the Company.

Any written communication from the Company regarding construction activity and its associated contribution due from the customer, unless specified otherwise in the document, shall have an expiration date of 60 days from the date issued. If either the customer or the Company takes no action by that time, the Company shall have the right to withdraw the proposal or modify the conditions under which it was made.

C8.3 Payment of Customer Contribution

The Direct Charges and the Excessive Service Line Fee are payable in a lump sum at the time the service agreement is executed by the customer. The Direct Charges and Excessive Service Line Fee are refundable if the service line has not been installed. If the service line has been installed, the Direct Charges and Excessive Service Line Fee are non-refundable.

Unless otherwise stated by the Company, the customer shall pay any remaining charges resulting from a Revenue Deficiency in a lump sum in advance of the facility expansion. Customers deemed by the Company to require significant investment for unpredictable operations may enter into a contract with the Company to have all or a portion of the revenue deficiency designated as a deposit subject to refund, at the option of the Company. Refunds shall not exceed the amount of the deposit, and shall be based solely on any incremental increase in consumption and accompanying revenues above that recognized in the Model to calculate the customer contribution.

For land developers, builders, mobile home park developments, or rental units, the customer contribution shall be required in a lump sum in advance of the facility expansion; they are not eligible for the Fixed Monthly Surcharge, and may not be considered as an unpredictable operation eligible for terms of a contract subject to refund.

(Continued on Sheet No. C-40.00)

Issued October 4, 2018
D. M. Stanczak
Vice President
Regulatory Affairs

Detroit, Michigan

Effective for service rendered on
and after October 1, 2018

Issued under authority of the
Michigan Public Service Commission
dated September 13, 2018 in Case No. U-18999

(Continued from Sheet No. 39.01)

C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)

C8.3 Payment of Customer Contribution (Contd.)

The Company may offer the Fixed Monthly Surcharge as an alternative payment method. The Fixed Monthly Surcharge shall be payable monthly throughout the surcharge period. The Fixed Monthly Surcharge will commence on the date that the customer receives gas service or six (6) months following the date the service line is installed, whichever occurs first. The customer may at any time elect to pay off the remaining Fixed Monthly Surcharge balance with a lump sum payment equal to the present value of the remaining monthly payments. If the present value of the Fixed Monthly Surcharge is less than \$300.00, the Company may require the customer to make a lump sum payment. The Fixed Monthly Surcharge is assessed to the property served such that any subsequent customer requesting gas service at the property address, once notified by the Company of the amount and duration of such surcharge, shall be liable for the Fixed Monthly Surcharge. Such notification may be verbal, written or in the form of a bill which includes the Fixed Monthly Surcharge. Failure of sellers, agents, lessors or other non-company parties to notify a customer of the Fixed Monthly Surcharge shall not relieve the customer's obligation to pay the Fixed Monthly Surcharge. Failure by the customer to timely pay the Fixed Monthly Surcharge may result in the discontinuation, shutoff of service or denial of natural gas service.

C8.4 Held for future use

C8.5 Excessive Service Line Fee

The Excessive Service Line Fee will be assessed to a customer whose service line requirement is in excess of the Service Line Limit. The Excessive Service Line Fee will be calculated annually to be effective May 1. ***The Excessive Service Line Fee will apply when the customer's service line requirement exceeds the Service Line Limit of 400' (when the service line in question pertains to a project with just a single service line) or 150% of the average length of all service lines within the Project.*** The Company reserves the right to use a different Service Line Limit for different geographic locations and categories of customers. The Service Line Limit will be calculated annually to be effective March 1st. In calculating the average service line length for a project containing more than one customer, the maximum length of each service line to be included in the calculation is the Service Line Limit for a primary residential home.

The Company, in its sole discretion, may waive the excessive service line fee or extend the service line limit for all attaching parties based on the economics of a proposed project. Any such waiver or extension shall not be effective unless provided in writing by the Company.

(Continued on Sheet No. C-41.00)

Issued September 18, 2020
C. Serna
Vice President
Regulatory Affairs

Detroit, Michigan

Effective for service rendered on
and after October 1, 2020

Issued under authority of the
Michigan Public Service Commission
dated August 20, 2020 in Case No. U-20642

(Continued from Sheet No. C-40.00)

C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)

C8.6 Fixed Monthly Surcharge

A Fixed Monthly Surcharge (Surcharge) will be calculated for each Customer Attachment Project (Project). The Surcharge will recover the Revenue Deficiency anticipated from the proposed Project. The Surcharge is calculated such that the present value of the anticipated Surcharges collected from the Project will equal the net present value Revenue Deficiency. The Surcharge will be recoverable over a predetermined time period, not to exceed ten years. The Company will be responsible for determining the appropriate Surcharge time period. The Surcharge will be a fixed dollar amount for all customers within the Project and will expire on the same date for all customers within the Project, regardless of when the Surcharge was initially assessed to the customer. The Surcharge will not be subject to adjustment, reconciliation or refund. A customer who attaches to a Project after the Surcharge period has expired or a customer whose proposed attachment was beyond the scope of the original Project, will be treated as a separate Project.

The Company will supply, upon request by the party responsible for payment of the Surcharge, the following information for an account subject to a Surcharge: the current present value of the Surcharge balance, a report of monies paid either (a) to date for an account or (b) for a twelve-month period for an account provided the request is made within 90 days of the end of the time period requested, and the expiration date of the project. This information will be supplied at no charge to the customer once within a calendar year.

C8.7 Customer Attachment Project

A Project may consist of a single customer, requiring only the installation of a service line and meter, or may consist of numerous customers requiring the installation of mains, service lines and meters. A Project will generally be defined as a customer or group of customers that may be served from the contiguous expansion of new distribution facilities.

C8.8 Revenue Deficiency

A discounted cost of service model (Model) will be used to calculate the net present value (NPV) Revenue Deficiency anticipated from a Project. The Model will use the expected incremental revenues and incremental costs associated with the Project for each year of a twenty year period. From this information an annual net revenue excess or deficiency will be calculated. The annual net revenue excess or deficiency will be discounted and summed to determine the NPV Revenue Deficiency of the Project. If the NPV Revenue Deficiency is negative, the discounted revenues exceed the discounted costs, then a NPV Revenue Deficiency of zero will be used.

(Continued from Sheet No. C-41.00)

C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)

C8.9 Model Assumptions

A. Incremental Revenues

The incremental revenues will be calculated based on current rates and a forecast of the timing and number of Customer attachments as well as Customers' annual consumption levels.

B. Incremental Costs

(1) Carrying Cost Rate

The Carrying Cost Rate will be a pre-tax weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in Company's most recent rate order. Based on DTE Gas's rate order in Case No. *U-21291*, dated, *November 7, 2024*, the Carrying Cost Rate is equal to **8.86%**.

(2) Plant in Service

Plant in Service shall reflect Company's estimated cost to construct distribution mains, Customer service lines, meters and pressure regulators or regulating facilities for the Project. The timing of the facility investment, primarily service lines, will correspond with the projected timing of Customer attachments.

(3) Carrying Costs

The Carrying Costs will be the product of the average of beginning and end-of-year net plant, Plant in Service minus accumulated depreciation minus deferred taxes, multiplied by the Carrying Cost Rate, noted in paragraph (1) above.

Michigan Public Service Commission
December 10, 2024
Filed by: DW

Effective for service rendered on
and after November 21, 2024

Issued under authority of the
Michigan Public Service Commission
dated November 7, 2024 in Case No. U-21291

(Continued from Sheet No. C-42.00)

C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)

C8.9 Model Assumptions (Contd.)

(4) Depreciation

Depreciation expense will be the product of Plant in Service multiplied by the appropriate prescribed depreciation rates approved for Company.

(5) Property Taxes and Other Operating Expenses

Property Taxes will be the product of Plant in Service multiplied by Company's average property tax rate. All Other Incremental Operating Expenses will be included as identified. Incremental O&M will, at a minimum, include a proportional cost for monthly meter reading, billing and mailing.

(6) Discount Rate

The Discount Rate will be a weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in Company's most recent rate order. Based on DTE Gas's rate order in Case No. **U-21291**, dated **November 7, 2024**, the Discount Rate is equal to **7.12%**.

C8.10 Customer Attachment Project Areas

All gas sold in any area specifically listed below is subject to the following Customer Attachment Project (CAP) charges. CAP areas and charges shall be added to or removed from the list from time to time by Company.

**SECTION C - PART II
COMPANY RULES AND REGULATIONS
(FOR NONRESIDENTIAL CUSTOMERS AND
MULTIFAMILY DWELLING SERVICE RATE 2A CUSTOMERS)**

INTENT OF SECTION C - PART II

These General Rules and Regulations for nonresidential customers and Multifamily Dwelling Service Rate 2A customers are not to supersede but are in addition to Rule B1, Technical Standards for Gas Service, and Rule B4, Commercial and Industrial Billing Practices.

C9. SHUTOFF OF SERVICE

Rule B1, Technical Standards for Gas Service, R 460.2373, Shutoff of Service, provides the Company the right to shut off gas service without prior customer notification if a hazardous condition exists. In case of any other breach of the Rate Book for Natural Gas Service by the customer, the Company shall have the right to shut off service pursuant to the customer notification procedures as provided in Rule B4, Commercial and Industrial Billing Practices, R 460.2084, Discontinuation, Termination or Denial of Service.

C10. MEASUREMENT OF GAS

Gas may be supplied without meter measurement for use as a fuel in infrared heaters installed in shelters erected on public property adjacent to the public streets for the accommodation of patrons of transportation systems serving the general public, provided that any customer purchasing gas for such purpose shall permit gas to be metered to at least one infrared heater of identical size in each municipality in which such shelters are maintained, and provided further that all infrared heaters of such customer located in bus shelters and supplied with gas, either with or without meter measurement, shall be adjusted to a fixed outdoor temperature of 45°F and sealed prior to operation. When gas is supplied in this manner for such purpose, payment, therefore, shall be made monthly on the basis that each infrared heater located in a municipality shall have consumed the same volume of gas as the customer's sealed infrared heater or heaters of identical size to which gas is metered in the same municipality. Gas supplied to separate shelters shall not be combined for billing.

dated June 3, 2010 in Case No. U-15985
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-52.00)

C11. AGGREGATION OF ACCOUNTS

C11.1 Contiguous Facilities

When an industrial or commercial Customer purchasing gas under Rate Schedule GS-2, Rate Schedule S (School Rate), or a commercial and/or industrial transportation Customer transporting gas under Transportation Rate Schedule ST, LT, XLT, or XXLT occupies a group of buildings or parts of buildings which are exclusively used by such Customer as a unitary enterprise under a common ownership or leasehold, the quantities of gas supplied to such buildings or parts of buildings under the same Rate Schedule will be added for the purpose of determining the amount of the bill which such Customer shall receive for service, provided:

- A. The buildings or parts of buildings are situated upon the same parcel or contiguous parcels of land and are exclusively occupied and used by Customer as a unitary enterprise at one location and under one management; or
- B. The buildings or parts of buildings, separated by a **highway**, street or alley, are situated upon parcels of land which occupy wholly or in part immediately opposite street frontages on the same **highway**, street or alley and are exclusively occupied and used by Customer as a unitary enterprise at one location and under one management.

C11.2 Master Account and Non-Contiguous Aggregation

Customer, receiving gas service at multiple facilities that are under common ownership by Customer, may elect to aggregate the quantities of gas supplied to such facilities, subject to all of the following conditions:

- A. Customer must designate one of the facilities as the master account. Upon aggregation, the master account must receive service under an End User Transportation Rate Schedule account (ST, LT, XLT, or XXLT).
- B. Only subsidiary accounts will be eligible for aggregation with the master account. To qualify as a subsidiary account, a facility must be served under a Gas Sales Rate Schedule (Rate A, AS, 2A, GS, or S) or Transportation Rate Schedule (ST, LT, XLT, or XXLT). Customer, or Customer's agent, must specify which of Customer's facilities will be designated as subsidiary account(s). Customer may designate some or all of its facilities as subsidiary accounts.

A subsidiary account billed under a Gas Sales Rate Schedule will have a bill cycle defined as a period between 26 and 35 days. No adjustments for Load Balancing Storage Charges or charges for Unauthorized Use will be made for subsidiary accounts billed within a 26 to 35 day bill cycle duration.

(Continued on Sheet No. C-54.00)

(Continued from Sheet No. C-53.00)

C11. AGGREGATION OF ACCOUNTS (Contd.)

C11.2 Master Account and Non-Contiguous Aggregation (Contd.)

- C. The facility designated as the master account shall be subject to and billed under the provisions of its End User Transportation Rate Schedule. Facilities designated as subsidiary accounts shall be subject to all of the terms and conditions of the master account End User Transportation Rate Schedule, except that the subsidiary accounts will pay the monthly Customer service charge and distribution charge in effect for its designated sales or transportation rate rather than the monthly Customer service charge and distribution transportation charge in effect for the master account. All other charges applicable to the master account as identified under Rate Schedule ST, LT, XLT, or XXLT apply to the subsidiary accounts. The master account will receive a volumetric credit equal to the Gas in Kind percent applicable to the master account *for* all volumes transported by the subsidiary accounts that are served under a Gas Sales Rate Schedule.
- D. The master account and the subsidiary accounts shall be treated as one account for the purpose of nominations and determining ACQ, MDQ, storage availability and penalties (including unauthorized gas usage and excess storage). Company will provide a single aggregated ACQ and MDQ for the master and subsidiary accounts determined in a consistent manner as identified within the ST, LT, XLT, and XXLT Rate Schedules. A separate Transportation Service Agreement consistent with those for ST, LT, XLT, and XXLT transportation services must be executed by Customer. The Transportation Service Agreement will identify the master and subsidiary account delivery points, applicable charges, aggregated ACQ and MDQ, and contract term, plus any other agreed upon terms and conditions.

**SECTION C – PART III
CUSTOMER PROTECTIONS
APPLICABLE TO ALL CUSTOMERS**

C12. CUSTOMER PROTECTIONS

C12.1 DATA PRIVACY

- A. “Aggregate Data” means any Customer Account Information from which all identifying information has been removed so that the individual data or information of a customer cannot be associated with that customer without extraordinary effort.
- B. “Contractor” or “Company Agent” means an entity or person performing a function or service under contract with or on behalf of the Company, including, but not limited to customer service, demand response, energy management, energy efficiency programs, payment assistance, payroll services, bill collection, or other functions related to providing electric and natural gas service.
- C. “Customer” means a purchaser of electricity or natural gas that is supplied or distributed by a utility for residential or nonresidential purposes.
- D. “Customer Account Information” means *personally* identifiable information including Personal Data and Customer Usage Data. Customer Account Information also includes information received by the Company from the customer for purposes of participating in regulated utility programs, including, but not limited to bill payment assistance, shutoff protection, renewable energy, demand-side management, load management, or energy efficiency.
- E. “Customer Usage Data” [or “Consumption Data”] means customer specific gas and electric usage data, *or weather adjusted data*, including but not limited to ccf, Mcf, therms, dth, kW, kWh, voltage, var, or power factor, and other information that is recorded by the electric or gas meter for the Company and stored in its systems.
- F. “Informed Customer Consent” means, in the case where consent is required: the customer is advised of the (1) data or information to be collected and allowable uses of that data or information by the party seeking consent; (2) the frequency of data or information release and the duration of time for which the consent is valid; and (3) process by which the customer may revoke consent. In no case shall silence by the customer ever be construed to mean Informed Customer Consent. Customer consent must be documented and may be in writing, electronically, or through recording of an oral communication.
- G. “Personal Data” [or “Personally Identifiable Information”] means specific pieces of information collected or known by the Company that can be used to identify or trace to a specific individual and that merit special protection including, but not limited to, the standard types of positive

in Case No. U-18485

(Continued from Sheet No. C-55.00)

C12. CUSTOMER PROTECTIONS (Cont'd.)

- G. identification information used to establish an account. Personal Data [Personally Identifiable Information] includes, but is not limited to, name, address, birth date, telephone number, electronic mail address, Social Security Number, financial account numbers, driver's license number, credit reporting information, bankruptcy or probate information, health information, network, or Internet protocol address.
- H. "Primary Purpose" means the collection, use, or disclosure of information collected by the company or supplied by the customer where there is an authorized business need or emergency response in order to: (1) provide, bill, or collect for, regulated electric or natural gas service; (2) provide for system, grid, or operational needs; (3) provide services as required by state or federal law or as specifically authorized in the Company's approved tariff or; (4) plan, implement, or evaluate, energy assistance, demand response, energy management, renewable energy or energy efficiency programs by the Company or under contract with the Company, under contract with the Commission, or as part of a Commission-authorized program conducted by an entity under the supervision of the Commission, or pursuant to state or federal statutes governing energy assistance.
- I. "Secondary Purpose" means any purpose that is not a Primary Purpose.
- J. "Standard Usage Information" means the usage data that is made available by the electric or gas utility to all similarly situated customers on a regular basis, delivered by the electric or gas utility in a standard format.
- K. "Third-party" means a person or entity that has no contractual relationship with the Company to perform services or act on behalf of the Company.
- L. "Weather adjusted data" means gas or electric consumption data for a given period that has been normalized using the heating degree days or cooling degrees days during the period.***
- M. "Written consent" means a form with the customer's signature received by the Company through mail, facsimile, or email. A customer may also digitally sign a form that is transmitted to the Company.***

COLLECTION AND USE OF DATA AND INFORMATION

- A. The Company, its Contractor or Company Agent collects Customer Account Information as necessary to accomplish Primary Purposes only. Informed Customer Consent is NOT necessary for Primary Purposes.
- B. Informed Customer Consent is necessary before collection or use of Customer Account Information for a Secondary Purpose.

in Case No. U-18485

(Continued from Sheet No. C-55.01)

C12. CUSTOMER PROTECTIONS (Cont'd.)

COLLECTION AND USE OF DATA AND INFORMATION (contd.)

- C. The Company will not sell Customer Account Information, except in connection with sales of certain aged receivables to collection firms for purposes of removing this liability from its accounts, unless it receives Informed Customer Consent.

DISCLOSURE WITHOUT CUSTOMER CONSENT

- A. The Company shall disclose Customer Account Information when required by law or Commission requests or rules. This includes law enforcement requests supported by warrants or court orders specifically naming the customers whose information is sought, and judicially enforceable subpoenas. The provision of such information will be reasonably limited to the amount authorized by law or reasonably necessary to fulfill a request compelled by law.
- B. Informed Customer Consent is not required for the disclosure of customer name and address to a provider of appliance repair services in compliance with MCL 460.10a(9)(a).
- C. Informed Customer Consent is not required for the disclosure of Aggregated Data.
- D. Informed Customer Consent is not required for the disclosure of Customer Account Information when individual or public safety is at risk.
- E. Informed Customer Consent is not required for the disclosure of customer name and address to a provider of a value-added program or service, regardless of whether that provider is a utility affiliate or other entity within the corporate structure or a third party provider, in compliance with MCL 460.10ee(10)(a) and Mich Admin Code, R 460.10109(2) or a value-added program or service competitor in compliance with MCL 460.10ee(10)(a) and Mich Admin Code, R460.10109(2).*

DISCLOSURE TO COMPANY AGENTS AND CONTRACTORS

- A. The Company shall disclose only the necessary Customer Account Information to Company Agents and Contractors working on behalf of the company for Primary Purposes and any other function relating to providing electric or natural gas services without obtaining Informed Customer Consent.
- B. Contracts between the Company and its Company Agents or Contractors specify that all Company Agents and Contractors are held to the same confidentiality and privacy standards as the Company, its employees, and its operations. These contracts also prohibit Company Agents or Contractors from using any information supplied by the Company for any purpose not defined in the applicable contract.

(Continued from Sheet No. C-55.02)

C12. CUSTOMER PROTECTIONS (Cont'd.)

DISCLOSURE TO COMPANY AGENTS AND CONTRACTORS (contd.)

- C. The Company requires its Company Agents and Contractors who maintain Customer Account Information to implement and maintain reasonable data security procedures and practices appropriate to the private nature of the information received. These data security procedures and practices shall be designed to protect the Customer Account Information from unauthorized access, destruction, use, modification, or disclosure. The data security procedures and practices adopted by the Contactor or Company Agent shall meet or exceed the data privacy and security policies and procedures used by the Company to protect Customer Account Information. The Company requires Company Agents and Contractors to return or destroy any Customer Account Information that it maintained and that is no longer necessary for the purpose for which it was transferred.
- D. The Company maintains records of the disclosure of customer data to Company Agents and Contractors in accordance with Company record retention policies and Commission rules. These records include all contracts with the Company Agent or Contractor and all executed non-disclosure agreements.

CUSTOMER ACCESS TO DATA

- A. The Customer has a right to know what Customer Account Information the Company maintains about the Customer. The Company shall not provide data to a customer which the Company considers proprietary or used for internal Company business. The Company will make a reasonable effort to respond to requests for this information within 10 business days of being contacted by the Customer.
- B. The Company will provide to customers upon request, a clear and concise statement of the customer's actual energy usage, or weather adjusted consumption data for each billing period during the last 12 months, or both. The Company will notify customers at least once each year that customers may request energy usage, or weather adjusted consumption data, or both.
- C. The Company's website (customer data privacy link at bottom of the homepage) will provide clear instructions for customers on how to access up to 12 months of customer usage data through their online account, as well as instructions on how to share their usage data with third parties. Customer usage data will be delivered in comma delimited, (csv), or xml format.
- D. Customers have the right to share their own Customer Account Information with third parties of their choice to obtain services or products provided by those third parties. These services or products may include, but are not limited to, in-home displays, energy audits, or demand response programs. The Customer must

C12. CUSTOMER PROTECTIONS (Cont'd.)

CUSTOMER ACCESS TO DATA (contd.)

provide the Company with signed Written Consent via a Standard Company form that authorizes a Third-party access to their Customer Account Information. This form can be provided to the customer upon request by telephone to the Company 1-800 number, or downloaded from the Company's website. Once Written Consent has been received and validated, the Company shall release the requested customer data to the specific Third-party within 10 business days. The Company is not responsible for unauthorized disclosure or use of this information by a Third-party.

- E. Customers have the opportunity to request corrections or amendments to Customer Account Information that the Company maintains.
- F. Fulfilling certain requests for data in accordance with the provisions of this tariff is consistent with the provision of normal utility service to Customers. When the data requested is Standard Usage Information, the request will be fulfilled without charge. Some requests for information extend beyond Standard Usage Information. Fulfilling these requests requires special data processing that is not a part of normal utility service and results in expenses that would not otherwise be incurred. Such requests are fulfilled at the discretion of the Company within the parameters of this Customer Data Privacy tariff. The costs of fulfilling any special requests shall be borne solely by the Customer, or third party if deemed appropriate, and be based on the specifics of the data request and the associated costs of developing, processing, and transmitting the requested data.

CUSTOMER NOTICE OF PRIVACY POLICIES

- A. New Customers receive a copy of the privacy policy upon the initiation of utility service from the Company. Existing Customers receive a copy of the privacy policy once per year by whatever method is used to transmit the bill and whenever the privacy policy is amended.
- B. Notice of the Company's privacy policies will be made available and is prominently posted on the Company's website. The notice includes a customer service phone number and Internet address where Customers can direct additional questions or obtain additional information.

LIMITATION OF LIABILITY

The Company and each of its directors, officers, affiliates, and employees that disclose Customer Information, Customer Usage Data, Personal Data or Aggregated Data to Customers, Company Agents, or Contractors, as provided in this tariff, shall not be liable or responsible for any claims for loss or damages resulting from such disclosure.

**SECTION D
RATE SCHEDULES**

D1. GENERAL TERMS AND CONDITIONS OF THE RATE SCHEDULES

D1.1 Special Taxes

- A. In municipalities which levy special taxes, license fees, or street rentals against the Company, and which levy has been successfully maintained, the standard of rates shall be increased within the limits of such municipalities so as to offset such special charges and thereby prevent the customers in other localities from being compelled to share any portion of such local increase.
- B. Bills shall be increased to offset any new or increased specific tax or excise imposed by any governmental authority upon the Company's production, transmission or sale of gas.

D1.2 Rules Applicable

Service under all Rate Schedules shall be subject to the Rules and Regulations of the Company.

D1.3 Controlled Service

All Rates are subject to all provisions contained in Rule C2, Controlled Service, of the Rules and Regulations of the Company which are applicable to priority of service hereunder.

D1.4 Territory Served

All Rates apply in the territory served by the Company, comprising the cities, villages and townships in All Districts as stated in the applicable Rules and Regulations of the Company.

and dated October 9, 2007 in Case No. U-15152

D2. SURCHARGES AND INFRASTRUCTURE RECOVERY MECHANISM

D2.1 Surcharges

Rate Schedule No.	<i>U-21558 Energy Waste Reduction Surcharge \$/Ccf</i>	<i>U-21291 IRM Surcharge \$/Customer</i>
A Residential	\$ 0.02805	\$ 0.66
2A Multifamily Dwelling Class I	\$ 0.05289	\$ 4.11
2A Multifamily Dwelling Class II	\$0.05289	\$ 4.11
GS-1 Non-Residential General Service	\$0.05289	\$ 3.06
GS-2 Large Volume		\$ 3.06
<100,000 Mcf	\$0.05289	
>100,000 Mcf	\$ 0.00404	
S School	\$0.05289	\$ 46.03
ST Small Volume Transportation	\$0.00404	\$ 151.07
LT Large Volume Transportation	\$0.00404	\$ 733.48
XLT Extra Large Volume Transportation	\$0.00404	\$ 4,258.38
XXLT Double Extra Large Volume Transportation	\$0.00404	\$ 2,379.09
C&I/EUT Exploratory Program	\$ 0.00214	

In addition to the above surcharges/ (credits), Rate Schedules A, 2A, GS-1, GS-2, and S are subject to Rule C7, Gas Cost Recovery, and may be subject to Rule C8, Customer Attachment Program.

The Energy Waste Reduction Surcharge is implemented on a “bills rendered” basis and is effective for a twelve-month period commencing with the billing cycle January 1, 2025 and ending December 31, 2025.

The IRM is effective beginning with the first cycle of the January 2025 billing month and will change on a bill cycle basis thereafter each January based on the tables on Sheet No. D-2.01.

D2. SURCHARGES AND INFRASTRUCTURE RECOVERY MECHANISM (Contd.)

D2.2 Infrastructure Recovery Mechanism (IRM)

The IRM, approved in Case No. U-21291, is implemented on a bill cycle basis. The IRM is effective beginning with the first cycle of the January 2025 billing month and will change on a bill cycle basis thereafter each January based on the tables on Sheet No. D-2.01. The IRM is subject to an annual reconciliation of spend process and rates below any applicable cap may change based on the outcome of this process. Once implemented, the rate will be applied on the same basis as the monthly Customer Charge. The IRM will not expire until a final rate order superseding the IRM is issued in a general rate proceeding, however the rate may be lowered as a result of the annual reconciliation.

IRM for Sales Rate Schedule Customers:

	\$ per Month

for Self-Implementation in Case No. U-21608

D4. MONTHLY GCR FACTOR CEILING PRICE ADJUSTMENT (CONTINGENCY) MECHANISM

The Maximum Allowable GCR factors listed on Sheet No. D-3.00 may change on a monthly basis, for the remaining months of the April 2022 through March 2023 GCR Plan year, contingent upon the NYMEX futures prices. The Maximum Allowable GCR factor the base GCR factor of **\$5.07** per Mcf.

Current NYMEX Strip: The simple average of the actual NYMEX monthly natural gas futures contract settlement prices, (\$/MMBtu) for **April** 2022 through December 2023 averaged over the first five trading days of the month prior to implementation. Closing prices may be used for months that are no longer trading on NYMEX.

By the fifteenth of each month, the Company shall file with the Michigan Public Service Commission an updated maximum allowable GCR factor. The filing shall include all supporting documents necessary to verify the Current NYMEX Strip including published NYMEX futures price sheets for the first five trading days of the month, such sheet being an authoritative source used by the gas industry. The filing shall be incorporated into the GCR Plan docket, Case No. **U-21064**, with notice provided to all intervenors.

D5. RESIDENTIAL SERVICE RATE A

Character of Service

Who May Take Service

Subject to limitations and restrictions contained in orders of the Commission in effect from time to time and in the Rules and Regulations of the Company, service is available under this Rate Schedule to any residential customer for residential service as hereinafter defined. As used in this Rate Schedule “residential service” means service to any residential customer for any purpose, including space heating, by individual meter in a single family dwelling or building; or in an individual flat or apartment, or to not over four households served by a single meter (one customer) in a multifamily dwelling, or portion thereof. Residential premises also used regularly for professional or business purposes (such as doctor’s office in a home, or where a small store is integral with the living space) are considered as residential where the residential use is half or more of the total gas volume; otherwise, these will be provided service under General Service Rate GS-1.

For purposes of rate application “residential usage” shall be usage consumed within an individual household, or reasonably appurtenant and related to, and normally with such a household, for such applications as space conditioning, cooking, water heating, refrigeration, clothes drying, incineration, lighting and other similar household applications.

Hours of Service

Twenty-four hours per day.

Rate

Customer Charge:	\$14.50 per Meter per month, plus
Distribution Charge:	\$0.44616 per 100 cubic feet
Gas Cost Recovery Charge:	As set forth on Sheet No. D-3.00

D5. RESIDENTIAL SERVICE RATE A (Contd.)

Low Income Energy Assistance Programs

When service is supplied to a customer taking service under Rate A at their primary residence, where the total household income does not exceed 150% of the Federal poverty level, either the Residential Income Assistance Service Provision credit or the Low Income Assistance Credit shall be applied during all billing months. These credits will be distributed at the Company's discretion.

To qualify for the Residential income Assistance Service Provision credit or Income Assistance Service Provision credit, a customer must verify they meet at least one of the following requirements in the past 12 months:

1. Receipt of:
 - a. Home Heating Credit
 - b. State Emergency Relief;
 - c. Michigan Energy Assistance Program
 - d. Medicaid or
 - e. Supplementary Nutrition Assistance Program
2. If a low income customer cannot verify they meet any of the above requirements, a self-attestation form must be completed and provided to the utility.

If any Low Income Energy Assistance program results in a credit balance, that credit balance may only be applied to future billed amounts related to utility service provided to that customer under Rate A. In no case will a refund of such a balance be issued.

Residential Income Assistance Service Provision

The monthly credit for the residential Income Assistance Service Provision shall be applied as follows:
Income Assistance Credit: \$(**14.50**) per meter per month consistent with and equal to the Customer Charge.

Low Income Assistance Credit Pilot

This credit is available to up to 33,000 qualifying customers taking service under Rate A.

In addition to the income verification methods listed above, a customer may qualify for the Low Income Assistance Credit Pilot with proof of Enrollment in the Company's affordable payment plan as sanctioned under the Michigan Energy Assistance Program (MEAP) or having received one-time MEAP assistance in the past 12 months.

The monthly credit for the residential Low Income Assistance Credit shall be applied as follows: Income Assistance Credit: \$(**40.00**) per meter per month, consistent with the Customer Charge.

General Terms and Surcharges

This Rate is subject to all General Terms and Conditions shown on Sheet No. D-1.00 and Surcharges shown on Sheet No. D-2.00.

D6. MULTIFAMILY DWELLING SERVICE RATE 2A

Character of Service

Who May Take Service

Subject to limitations and restrictions contained in orders of the Commission in effect from time to time and in the Rules and Regulations of Company, service is available under this Rate Schedule to any of Company's existing multifamily dwelling Customers as of September 29, 1978, for any centrally metered installations containing individual households for residential service. This Rate is not available for commercial or industrial service.

Definitions

As used in this Rate Schedule, "residential service" means service to any multifamily dwelling Customer for purposes of spaceheating and other domestic uses. For the purposes of this Rate Schedule, a multifamily dwelling includes such living facilities as for example, cooperatives, condominiums and apartments; provided, however, in order to qualify for this service, each household within such multifamily dwelling must have the normal household facilities such as bathroom, individual cooking and kitchen sink. A "multifamily dwelling" does not include such living facilities as, for example, penal or corrective institutions, motels, hotels, dormitories, nursing homes, tourist homes, military barracks, hospitals, special care facilities or any other facilities primarily associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service by a public or private person, entity, organization or institution; these facilities will be provided service under General Service Rate GS-1.

For purposes of rate application "residential usage" shall be usage consumed within an individual household, or reasonably appurtenant and related to, and normally with such a household, for such applications as space conditioning, cooking, water heating, refrigeration, clothes drying, incineration, lighting and other similar household applications.

D6. MULTIFAMILY DWELLING SERVICE RATE 2A (Contd.)

Rate

Customer Charge (One of the following charges per Customer per month will be applied).

Meter Class I:	\$14.50 per Meter per month
Meter Class II:	\$50.00 per Meter per month
Distribution Charge:	\$0.44616 per 100 cubic feet
Gas Cost Recovery Charge:	As set forth on Sheet No. D-3.00

General Terms and Surcharges

This Rate is subject to all General Terms and Conditions shown on Sheet No. D-1.00 and Surcharges shown on Sheet No. D-2.00.

Late Payment Charge and Due Date

A late payment charge of 2% of the bill, net of taxes, not compounded, may be added to any bill which is delinquent. The due date shall be 21 days following the date the bill was sent.

Gas Cost Recovery

This rate is subject to adjustments for fluctuations in the cost of gas as stated in Rule C7 of the applicable Rules and Regulations of Company.

Customer Contract

Applications for Gas Service shall be in writing upon application forms to be supplied by Company. Existing Customers who wish to connect space heating equipment must make written application for such service on forms to be provided by Company.

Meter Classification

For application of the Monthly Customer Charge in this Rate, Company's gas meters are designated in one of the following classifications:

Meter Class I:	Meters with a rating of 400 Cubic Feet per Hour (Cfh) or less:
Meter Class II:	Meters with a rating in excess of 400 Cubic Feet per Hour (Cfu)

D7. GENERAL SERVICE RATE GS-1 AND GS-2

Availability

Subject to limitations and restrictions contained in orders of the Commission in effect from time to time and in the Rules and Regulations of Company, service is available under this Rate Schedule to any non-residential Customer, for any purpose.

Rates and Charges

<u>Service Category</u>	<u>Customer Charge per Month</u>	<u>Distribution Charge</u>
GS-1	\$ 50.00 per meter	\$ 0.40371 per 100 cubic feet
GS-2	\$ 925.00 per Customer	\$ 0.32871 per 100 cubic feet

Customer Charge for GS-2 is “per meter or Contiguous Facility.”

Optional Remote Meter Charge \$25.00 per Meter per Month

Customers may choose the Service Category under which they take service, consistent with the provisions of Rules C4.1, Classes of Service, C4.2, Choice of Rates and C4.3, Gas Not to be Submetered for Resale. When a Customer is selecting its initial Service Category, Company must advise them that the economic break even point between GS-1 and GS-2 is approximately 14,000 Mcf per year. After the initial selection is made, then it is Customer’s responsibility to determine when it is appropriate to switch Service Categories, as permitted by Rule C4.2, Choice of Rates.

Gas Cost Recovery Charge

The gas cost recovery factors are shown on Sheet No. D-3.00. The rate is subject to adjustments for fluctuations in the cost of gas as stated in Rule C7 of the applicable Rules and Regulations of Company.

General Terms and Surcharges

This Rate is subject to all General Terms and Conditions shown on Sheet No. D-1.00 and Surcharges shown on Sheet No. D-2.00.

Late Payment Charge and Due Date

A late payment charge of 2% of the bill, net of taxes, not compounded, may be added to any bill which is not paid on or before 21 calendar days from the date of mailing.

D7. GENERAL SERVICE RATE GS-1 AND GS-2 (Contd.)

Standby Service and Standby Charge

- A. ***Refer to Section C4.5 – Standby Service Availability, Definition and Identification.***
- B. Standby Charge: Customer taking Standby Service for a facility or equipment shall pay a monthly charge equal to ***\$0.04738*** per cubic foot, or ***\$47.38*** per MMBtu, for each cubic foot, or MMBtu, of nameplate rating of the facility or equipment taking Standby Service.

Metering Requirements

All eligible Rate GS-1 and GS-2 Customers electing the Optional Remote Metering service shall provide, at no expense to Company, a dedicated telecommunication line(s) for metering purposes, to a location specified by Company.

Customer shall be responsible for (i) ensuring that the communication links allow access to the meter data by Company and are compatible with Company's metering and billing systems, and (ii) all associated costs relating to the communication links including other accompanying equipment and monthly fees. Company shall own and maintain the actual metering equipment and modem.

Customer Contract

Applications for Gas Service shall be in writing upon application forms to be supplied by Company. In addition to such application, Customer taking service under General Service Rate GS-2 is required to sign a Large Volume Contract, limited as to time, which must be approved and executed in compliance with Section C1.2 or C1.7 of this Rate Book.

D8. SCHOOL SERVICE RATE S

Character of Service

Who May Take Service

Subject to limitations and restrictions contained in orders of the Commission in effect from time to time and in the Rules and Regulations of Company, service is available under this Rate Schedule to each individual school which shall make application for service and which shall by contract in writing agree that the gas supplied hereunder shall, during the term of such contract, be used only in the following buildings:

- A. Buildings on property exempt from taxation under the laws of the State of Michigan which are located on the same site and used for school purposes to impart instruction to children, grades kindergarten through twelve, when provided by any public, private, denominational or parochial school, including all adjacent and appurtenant buildings owned by the same Customer which are located on the same site and which constitute an integral part of such school facilities.
- B. Buildings on property exempt from taxation under the laws of the State of Michigan which are located on the same campus and used to impart instruction provided by colleges and universities when being operated under the laws of said State, including all adjacent and appurtenant buildings owned by the same Customer which are located on the same campus and which constitute an integral part of such college or university facilities.

STANDARD CONTRACT RIDER NO. 1

DTE CleanVision Natural Gas Balance Pilot Program

Availability:

Participation in the DTE CleanVision Natural Gas Balance Pilot is voluntary. Rider No. 1 is available to GCR and GCC customers taking service under Rates A, AS, GS-1, and GS-2. Customers who elect Rider No. 1 will pay a monthly premium to offset their natural gas emissions. Participation in this pilot program will be available from the effective date of this sheet. Customers must make an active election to participate in Rider No. 1. Individual Rider No. 1 customers will be able to terminate their participation at any time, effective with their next customer bill, if notification is made more than fifteen days prior to the beginning of the next month.

Rate:

Natural Gas Balance Level 1: \$4 per Customer per month for an annual carbon abatement* of **1.239 MT CO₂e (Price assessed annually, not to exceed \$4)**

Natural Gas Balance Level 2: \$8 per Customer per month for an annual carbon abatement* of **2.477 MT CO₂e (Price assessed annually, not to exceed \$8)**

Natural Gas Balance Level 3: \$12 per Customer per month for an annual carbon abatement* of **3.716 MT CO₂e (Price assessed annually, not to exceed \$12)**

Natural Gas Balance Level 4: \$16 per Customer per month for an annual carbon abatement* of **4.954 MT CO₂e (Price assessed annually, not to exceed \$16)**

Natural Gas Balance Level Legacy: \$2.50 per Customer per month (Only applicable to existing BioGreenGas participants when DTE CleanVision Natural Gas Balance launches and are ported to the new pilot program, as BGG program will be closed)

Minimum Term:

The minimum term available to customers is one complete billing month extending thereafter from month to month until terminated by the customer or termination of the DTE CleanVision Natural Gas Balance pilot program, whichever occurs earlier.

* Please note: Carbon abatement is achieved through a combination of both carbon offsets and renewable natural gas.

Any price changes will be communicated at least 30 days in advance to affected customers.

SECTION E - PART I
END-USE TRANSPORTATION SERVICE
GAS TRANSPORTATION STANDARDS AND BILLING PRACTICES

E1. GENERAL PROVISIONS AND DEFINITIONS

E1.1 Definitions

Annual Contract Quantity or ACQ means the maximum quantity of natural gas Customer is entitled to nominate for transportation and that Company is obligated to transport for Customer, subject to the terms and conditions of this Rate Book, during a term consisting of the lesser of the contract term or one year. For Transportation Service Rates ST, LT, XLT and XXLT, refer to the ACQ definition in Section E14.

Business Day is Monday through Friday, excluding Company holidays.

Contract is the agreement between Company and Customers for the provision of transportation or storage services under Company's Rate Schedule. For purposes of clarity, the agreement between Company and Customer may also be referred to as a Transportation Contract or Transportation Agreement.

Contract Year is defined within each Contract.

Customer means the individual or business that purchases transportation or storage service from Company.

Delivery Point(s) are the point(s) where Company delivers gas to Customer, Customer's Facility or Facilities, or for Customer's account and shall be defined in the Contract between Company and Customer.

Gas Day is a period of 24 consecutive hours (23 hours when changing from Standard Time to Daylight Savings Time and 25 hours when changing back to Standard Time) beginning at 10:00 a.m. Eastern Clock Time.

Maximum Daily Quantity or MDQ means the maximum quantity of gas that Customer is entitled to nominate for transportation and that Company is obligated to receive from the Customer at the Receipt Point(s) for transportation, exclusive of Fuel Use and Lost and Unaccounted For Gas quantities, or that Company is obligated to deliver for the Customer at the Delivery Point(s) during a day, subject to the terms and conditions of this Rate Book. For Transportation Service Rates ST, LT, XLT and XXLT, refer to the MDQ definition in Section E14.

MMBtu means one million Btu.

MMcf means one million cubic feet of gas at a base temperature of 60° F and a base pressure of 14.65 psia.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-1.00)

Applicable for End-Use Transportation Service

E1. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E1.1 Definitions (Contd.)

Month, except as provided with respect to billing, is the period beginning at 10:00 a.m. Eastern Clock Time on the first Day of the calendar Month and ending at 10:00 a.m. Eastern Clock Time on the first Day of the next succeeding calendar Month.

Nomination or Nominating is a transmittal by Customer, or its designated agent, of request for receipt and/or delivery of gas for Customer's account for each Gas Day that service is desired.

Operational Flow Order or OFO is a directive the Company issues, as set forth in Section E4.5, requiring customers to nominate and deliver flowing gas supply onto the Company's system during a specified Gas Day(s) either, 1) a maximum daily quantity (OFODQ Max), or 2) a minimum daily quantity (OFODQ Min), or 3) due to customer's special operating conditions as determined by the Company a quantity specified in the Contract between customer and Company. An OFO will be issued to alleviate conditions that, in the sole judgment of Company, jeopardize the operations or integrity of the Company's system. An OFO may include, but is not limited to, any of the following flowing requirements:

- An OFO that is applicable to all customers,
- An OFO to customers within an affected region,
- An OFO applicable to specific large customers
- Restrictions to a customer with special operating conditions,
- Direction to deliver gas to points specified by the utility.

See Section E4.5.

Operational Flow Order Daily Quantity Maximum or OFODQ Max means a maximum daily quantity of gas supply that a customer will be allowed to nominate and deliver to Company during a Gas Day(s), typically during extreme warm weather or other operational constraints, and only after Company has invoked an Operational Flow Order per Section E4.5.

Operational Flow Order Daily Quantity Minimum or OFODQ Min means a minimum daily quantity of gas supply that a customer will be required to nominate and deliver to Company during a Gas Day(s), typically during extreme cold weather or other operational constraints, and only after Company has invoked an Operational Flow Order per Section E4.5.

Rate Schedule means the schedule of rates governing natural gas service as approved by the Commission.

Receipt Point(s) are those interconnection(s) between the facilities of Company and third parties that deliver gas to Company, for the account of Customer.

(Continued on Sheet No. E-2.01)

(Continued from Sheet No. E-2.00)

Applicable for End-Use Transportation Service

E1. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E1.1 Definitions (Contd.)

Standby Service: *Refer to Section C4.5 - Standby Service Availability, Definition and Identification.*

Standby Maximum Daily Quantity or SMDQ means the Maximum Daily Quantity of natural gas specified in the Contract between Customer and Company for Standby Service to support the operation of Customer's facility *and/or gas-fired* equipment *electing Standby Service*.

Tariff or Rate Book means Company's Rate Book for Natural Gas Service, M.P.S.C. No. 1 - Gas as modified and approved from time to time by the Commission.

Total Heating Value Per Cubic Foot means the number of Btu produced by the combustion, at constant pressure, of one cubic foot of gas, with air of the same pressure and temperature as the gas, when the products of combustion are cooled to the initial temperature of the gas and air, and when the water formed by the combustion is condensed to the liquid state. This definition applies regardless of the equipment used to determine the total heating value per cubic foot.

Transportation Rate Restoration Charge: See Section E8.

Unauthorized Gas Usage: See Sections E4.5 and E.14.

Unauthorized Gas Usage Charge: See Sections E 4.5, E7, and E.14.

Defined terms used in Section E – Part I and not defined above have the meaning set forth in the applicable Rate Schedule or Contract.

dated August 20, 2020 in Case No. U-20642

(Continued from Sheet No. **E-2.01**)

Applicable for End-Use Transportation Service

E1. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E1.2 Application of Rules

If at any time during the term of a Contract any of the parties, by force of any such law, order, decision, rule or regulation are ordered or required to do any act inconsistent with the provisions hereof, then for the period during which the requirements of such law, order, decision, rule or regulation are applicable, such Contract shall be deemed modified to conform with the requirement of such law, order, decision, rule or regulation.

E1.3 Possession of Gas

As between Company and Customer, Customer shall be deemed in exclusive control and possession of the gas transported hereunder and responsible for any loss, damage, or injury caused thereby until it is delivered to Company at the Receipt Point(s) and after it is delivered by Company at the Delivery Point(s). Company shall be deemed in exclusive control and possession of said gas and responsible for any loss, damage or injury caused thereby after it is delivered by Customer, or for Customer's account, at the Receipt Point(s) and until it is delivered by Company at the Delivery Point(s).

Customer agrees to indemnify and hold Company harmless from all suits, claims, liens, damages, costs, including court costs and attorneys' fees, losses, expenses and encumbrances of whatever nature arising from Customer's delivery of gas to Company's System and at all times when Customer is deemed in exclusive control and possession of the gas transported hereunder. Company agrees to indemnify and hold Customer harmless from all suits, claims, liens, damages, costs, including court costs and attorneys' fees, losses, expenses and encumbrances of whatever nature arising from Company's receipt and control of gas after the Receipt Point, except for those arising from Customer's delivery to Company's System of gas that fails to meet the quality specifications set forth in this Rate Book.

Except as provided in this Rate Book, title to the gas transported or stored shall not transfer to Company when it takes possession of the gas, or at any other time, unless the parties specifically agree otherwise. However, this shall not restrict Company from entering into operating arrangements that allow for the movement of gas via exchange or displacement. Title to Gas Loaned under Firm Park and Loan or Interruptible Balancing Services shall pass from Company to Customer when the gas is delivered for Customer's account to a Delivery Point and title shall pass from Customer to Company when Loaned Gas is returned by Customer to a Receipt Point; provided that, for gas flowing in international commerce, title to Loaned Gas shall be deemed to transfer (to Customer or to Company, as applicable) at a point on Company's system on the United States side of the international boundary with Canada.

(Continued from Sheet No. E-3.00)

Applicable for End-Use Transportation Service

E1. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E1.4 Warranty

Customer warrants, for itself, its successors and assigns, that it will have, at the time of delivery of gas hereunder good and marketable title to the gas delivered, or it will otherwise have the right to deliver such gas, and that such gas shall be free and clear of all liens, encumbrances, and claims. Customer warrants that it will indemnify Company and save it harmless from suits, actions, debts, accounts, damages, costs, losses and expenses arising from or out of adverse claims of any and all persons to said gas or to royalties, taxes, license fees or charges thereon.

E1.5 Non-Waiver of Future Defaults

No waiver by either party of any one or more defaults by the other in the performance of any provisions of Company's Tariff or any Contract will operate or be construed as a waiver of any future default or defaults, whether of a like or of a different character.

E1.6 Incorporation of Rate Schedules and Contract

Unless limited to specifically identified Rate Schedules, the General Terms and Conditions set forth in Sections B through E are incorporated in and are a part of any Contract entered into by Company for the provision of service under the End-Use Transportation Service Rate Schedule. To the extent there is any inconsistency between terms in these General Terms and Conditions and terms in any Rate Schedule or Contract, the applicable Rate Schedule shall govern.

E1.7 Assignment

Customer may not assign any of its rights or obligations hereunder without the prior written consent of Company.

E1.8 Default

Company reserves the right to suspend transportation and/or storage services, or to terminate any Contract between Customer and Company, at any time in the case of an emergency or as a result of violation of the General Terms and Conditions of the Contract or Company's Tariff.

E2. RECORDS, ACCOUNTING AND CONTROL

E2.1 Transmittal of Notices, Bills and Payments

All notices, bills and payments required or permitted to be given in connection with service shall be transmitted as specified in Customer's Contract shall be valid and sufficient if delivered in person, dispatched by first class mail, overnight mail, telex, facsimile or transmitted electronically.

E2.2 Nominations, Accounting and Control

- A. Customer may designate a third party as agent for purposes of Nominating, and for giving and receiving notices related to Nominations. Customer shall provide Company with written notice of such designation. Any such designation shall be effective starting the Month following the receipt of the notice and will remain in effect until revoked in writing by Customer.
- B. All Nominations shall be submitted through Company's electronic gas nomination system. Specific information to be included in the Nomination is posted on Company's electronic gas nomination system.
- C. Customer, or its designated agent, shall notify Company's Gas Nominations Department of the daily quantity of gas that Customer is Nominating for delivery to Company on behalf of Customer. Such Nominations shall be submitted by the North American Energy Standards Board (NAESB) Standard Timely Deadline Eastern Clock Time prior to the effective Gas Day. Nominations made within a NAESB Standard Intraday Cycle shall be accepted at the sole discretion of Company. Customer, or its designated agent, shall provide Company with a Nomination for each Gas Day. (If a single nomination is received it shall be assumed to apply for each subsequent day of the month unless otherwise stated).
- D. If Customer fails to provide a Nomination for any Month, the daily Nomination is assumed to be zero.
- E. For Transportation Service Rate Schedules, Customer or Customer's authorized representative may transfer a portion of their load balancing storage account balance to another End-Use Gas Transportation Customer(s) ("Transferee Customer(s)") served by the Company under the following conditions: 1) Gas transferred to the Transferee Customer's load balancing storage account shall be considered as delivered to the Transferee Customer's Receipt Point under their Gas Transportation Agreement or Contract with the Company; 2) such transactions are prospective and may not be used to avoid penalties once charged; 3) load balancing storage transfer notifications must be received by the Company ten (10) business days prior to the first day of the month of the transfer; and 4) load balancing storage transfers will not be allowed during October and November ***with the exception of Customers withdrawing their gas retained by Company following the termination of their EUT Contract.***

E2.3 Customer Access to Data

The Company will make Customer information available to Customer, or its designated agent, in accordance with the applicable provisions of Section C12 Customer Protections, Customer Access to Data and Section E11(F), Transportation Standards of Conduct, of its tariff. Customer information will be available to Customer, or its designated agent, through the Company's electronic system within 10 days of such information becoming available to the Company. Customer information regarding gas delivered at the Delivery Point(s) by Company to Customer will be in compliance with Section E4.4B of Company's

E2.3 Customer Access to Data (contd.)

tariff and all applicable provisions of the Commission's Consumers Standards and Billing Practices for Electric and Natural Gas Service.

E3. GAS QUALITY

E3.1 Quality

A. The gas delivered to Company shall meet the following requirements:

- (1) Gas shall not contain more than 0.0005 percent (5 ppm) oxygen by volume;
- (2) Gas shall be commercially free from objectionable odors, solid or liquid matter, bacteria, dust, gum or gum-forming constituents which might interfere with its merchantability or cause injury to or interference with proper operation of the lines, regulators, meters or other appliances through which it flows;
- (3) Gas shall not contain more than 0.25 grain of hydrogen sulfide nor more than 0.5 grain of mercaptan sulfur per 100 cubic feet;
- (4) Gas shall not contain more than 5.0 grains of total sulfur (including hydrogen sulfide and mercaptan sulfur) per 100 cubic feet;
- (5) Gas shall not at any time have a carbon dioxide content in excess of two percent by volume;
- (6) Gas shall not contain an amount of moisture that at any time exceeds five pounds per million cubic feet;
- (7) Gas shall be fully interchangeable in accordance with the provisions of AGA Research Bulletin No. 36 and any subsequent modifications and amendments thereof;
- (8) The temperature of the gas shall not exceed 100° F;
- (9) ***The temperature of the gas shall not be less than 40° F;***
- (10) The hydrocarbon dew point of the gas shall not exceed 0° F at 500 pounds per square inch.

B. If the gas delivered by Customer at any Receipt Point fails to meet the qualities stipulated in Section E3.1(a), then Company shall notify Customer of such deficiency and thereupon may, at its option, refuse to accept delivery pending correction. Upon demonstration that the gas being tendered meets the gas quality specifications of Section E3.1(a), Company shall resume taking delivery of gas.

E3.2 Heating Value

The gas delivered by Customer shall have a Total Heating Value Per Cubic Foot of not less than 950 Btu nor more than 1,100 Btu.

(Continued on Sheet No. E-7.00)

Applicable for End-Use Transportation Service

E4. SERVICE REQUIREMENTS

E4.1 Quantities

- A. Customer may deliver, or cause to be delivered, and Company shall, subject to other provisions in Company's Rate Schedule, accept quantities of gas up to the MDQ specified in the Contract. If deliveries to Company exceed agreed upon quantities, Company may refuse deliveries or terminate the Contract upon 30 days' written notice to Customer.
- B. Deliveries to Company may be made by Customer or on behalf of Customer at existing interconnections between the gas transmission facilities of Company and other pipeline systems. These Receipt Point(s) shall be those specified electronically by Company from time to time.

E4.2 Delivery Pressure

All deliveries of gas by Customer and Company shall be made at Company's prevailing pressure.

E4.3 Shutoff of Service

Company is not required to perform service under any Contract on behalf of any Customer failing to comply with any and all terms of Customer's Contract and Company's Tariff.

E4.4 Measurement

- A. All quantities of gas received at Receipt Point(s) by Company for the account of Customer shall be measured at the Receipt Point(s) by Company or its designee in accordance with, and shall comply with the measurement specifications contained in:
 - (1) Transmission Measurement Committee Report #3, Natural Gas Department, American Gas Association, including the Appendix thereto, dated September 1985, ("Gas Measurement Report #3")
 - (2) Transmission Measurement Committee Report #7, Natural Gas Department, American Gas Association, including the Appendix thereto, dated April 1996, ("Gas Measurement Report #7")
 - (3) Transmission Measurement Committee Report #8, Natural Gas Department, American Gas Association, including the Appendix thereto, dated July 1992, ("Gas Measurement Report #8")
 - (4) Transmission Measurement Committee Report #9, Natural Gas Department, American Gas Association, including the Appendix thereto, dated June 2000, ("Gas Measurement Report #9")
 - (5) And any subsequent modifications and amendments thereof.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-7.00)

Applicable for End-Use Transportation Service

E4. SERVICE REQUIREMENTS (Contd.)

E4.4 Measurement (Contd.)

- B. All quantities of gas delivered at the Delivery Point(s) by Company to Customer, or for the account of Customer, shall be measured at the Delivery Point(s) by Company, or its designee, in accordance and in compliance with the measurement specifications contained in the Gas Measurement Report #3, Gas Measurement Report #7, Gas Measurement Report #8 and Gas Measurement Report #9.

E4.5 Notice of Operational Flow Order (OFO)

When there is adequate time during constrained operational conditions or an emergency situation, and if applicable, Company will implement an Operational Flow Order, or OFO. Unless specified otherwise in the Contract between the customer and Company, an OFO invokes the requirement that customers shall deliver at least the OFODQ Min or no more than the OFODQ Max as specified by the Company's OFO notice to customer.

- A. *DTE shall deliver any OFO notices to the person the Company is in regular communication with about Customer's day-to-day operations as it pertains to Company. If said contact is no longer in that position or is not available, it is the Customer's responsibility to update DTE with current and accurate contacts. Company shall be deemed to have provided valid notice of the OFO if notice is provided to any person at Customer with whom Company has regular communications about Customer's day-to-day operations as it pertains to DTE.*
- B. When Company has provided customer notification of an OFODQ Max, any nomination made by customer that is greater than customer's OFODQ Max shall be rejected by the Company.
- C. When Company has provided customer notification of an OFODQ Min requirement, customer shall be deemed non-compliant and shall be charged for Unauthorized Gas Usage set forth in Sections E7 and E14, on any Gas Day customer has not nominated and delivered to the Receipt Point(s) quantities of natural gas equal to or greater than customer's required OFODQ Min. *Should a customer determine the quantity nominated and delivered was equal to or greater than the customers' usage on the gas day(s), although nominated and delivered gas did not meet OFODQ min requirements, such a customer can seek an Unauthorized Gas Usage penalty waiver by providing Company with proof within 30 days of receiving the bill containing the Unauthorized Gas Use charges. The onus is entirely on the customer to identify and contact Company should they be a candidate for such a waiver.*
- D. *Should a customer assert that OFODQ Min compliance caused the customer to have Excess Storage at month-end, customer may request DTE to waive any related Excess Storage Charges for the month the OFO occurred and must provide documentation supporting their claim. The onus lies with the customer to notify DTE and provide evidence within 30 days of receiving the bill containing the Excess Storage charges. The Company reserves the right to waive such an Excess Storage Charge for the following month at its sole discretion.*

The payment of Unauthorized Gas Usage Charge does not create the right to exceed the levels established by an OFO.

(Continued on Sheet No. E-9.00)

Applicable for End-Use Transportation Service

E6. CREDITWORTHINESS

If a Customer deposit is required in accordance with the provisions of Rules B4, Commercial and Industrial Billing Practices, R 460.2083, Customer Deposits and R 460.2084 Discontinuation, Termination or Denial of Service, Customers taking service under the End-Use Transportation Service Rate Schedules shall be subject to the following provision:

- A. Customer shall be required to demonstrate creditworthiness. Company is not required to commence service or to continue to provide service if Customer, when requested by Company to demonstrate creditworthiness, fails to do so to Company's satisfaction. Creditworthiness will be based upon: (1) a credit rating of investment grade defined as a rating of at least "BBB-" by Standard & Poor's Corporation, a rating of at least "Baa3" by Moody's Investors Service, or a rating of at least "BBB-" by Fitch Ratings; or (2) if public credit reports are not available, an equivalent rating of investment grade as determined by Company based on the financial rating methodology, criteria and ratios for the industry of Customer as published by the above rating agencies from time to time. For purposes of credit evaluation, Company will consider the following, as applicable:
- (1) audited financial statements;
 - (2) annual report;
 - (3) most recent filed statements with the Securities and Exchange Commission (or an equivalent authority) or such other publicly available information;
 - (4) for public entities, the most recent publicly available interim financial statements, with an attestation by its Chief Financial Officer, Controller or equivalent that such statements constitute a true, correct and fair representation of financial condition prepared in accordance with Generally Accepted Accounting Principles (GAAP) or equivalent;
 - (5) publicly available credit reports from credit and bond rating agencies;
 - (6) private credit ratings, bank or trade references;
 - (7) past payment history to Company;
 - (8) whether Customer has filed for bankruptcy protection and/or is operating under any chapter of the bankruptcy laws;
 - (9) whether Customer is subject to liquidation or debt reduction procedures such as an assignment for the benefit of creditors or any creditors' committee agreement;
 - (10) whether Customer's credit rating has been downgraded by a credit rating agency within the last six Months; or
 - (11) such other information as may be mutually agreed to by Company and Customer.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-9.00)

Applicable for End-Use Transportation Service

E6. CREDITWORTHINESS (Contd.)

B. If Company determines that Customer is not creditworthy, then within five (5) business days of notice from Company, Customer shall provide Company with one of the following credit alternatives: (1) a corporate guaranty of all Customer obligations from a creditworthy entity; (2) an irrevocable letter of credit in form and from an institution satisfactory to Company; (3) a deposit equal to 25% of Customer's annual bill, or (4) such other security, as reasonably determined by Company, to be of a continuing nature and in an amount equal to such amounts which would be due. Customer's obligation to provide credit assurance shall continue until Customer compiles a record of 12 continuous months of bill payment on or before the due date, as specified in Rule B4, Commercial and Industrial Billing Practices, R 460.2083, Customer Deposits, and R 460.2084, Discontinuation, Termination or Denial of Service.

- (1) A guarantor shall be deemed creditworthy provided it has an investment grade rating for its long-term senior unsecured debt from at least two of the recognized rating agencies listed below. The minimum acceptable investment grade rating from each of the indicated rating agencies is:

Moody's	Baa3
S&P	BBB-
Fitch Ratings	BBB-

- (2) A guarantor that is considered creditworthy at the time it provided the guaranty but, at a later date, no longer meets the creditworthiness standards of this subsection will be required to provide other security acceptable to Company within five business days of notice from Company that the guarantor fails to meet the creditworthiness standards of this subsection.

E7. UNAUTHORIZED GAS USAGE CHARGE

Customer taking service under the End-Use Transportation Service Rate Schedules shall be subject to an unauthorized gas usage charge as more fully set forth in the applicable Rate Schedule.

E8. TRANSPORTATION RATE RESTORATION CHARGE

A turn-on charge equal to the sum of the intervening Months' Monthly Customer Charges since the service was shut off shall be made to any Customer taking service under the Transportation Service Rate Schedule who orders a shutoff and a restoration of service at the same premises within a 12 Month period.

E9. AGGREGATION OF ACCOUNTS

Customer as defined in Section C11 of the Tariff may qualify for aggregation of accounts as more fully set forth in Section C11 of the Tariff.

Applicable for End-Use Transportation Service

E10. ELECTRONIC NOMINATION SYSTEM

Company shall make available, maintain and update, an electronic nomination system accessible to Customers and their authorized agents who Nominate gas to Company's system.

E11. TRANSPORTATION STANDARDS OF CONDUCT

This rule is intended to promote fair competition and a level playing field among all participants involved in transportation within Company's regulated gas service territory. Company will conduct its business to conform to the following Transportation Standards of Conduct:

- A. Company will apply any Tariff provision relating to transportation service in the same manner without discrimination to all similarly situated persons.
- B. Company will not give its marketing affiliate or Customers of its affiliate preference over any other non-affiliated gas marketers or their Customers in matters relating to transportation service including, but not limited to, nominating, balancing, metering, billing, storage, standby service, curtailment policy or price discounts.
- C. Company will not communicate to any Customer, Supplier or third parties that any advantage may accrue to such Customer, Supplier or other third party in the use of Company's services as a result of that Customer, Supplier or other third party dealing with its marketing affiliate and shall refrain from giving any appearance that it speaks on behalf of its affiliate.
- D. Company will process all similar requests for transportation service in the same manner and within the same period of time.
- E. Company will not provide leads or provide market sensitive information regarding a current or potential Customer or marketer to its marketing affiliate. If a Customer requests information about marketers, Company will provide a list of all marketers operating on its system, including its affiliate, but will not promote its affiliate.
- F. If a Customer makes a request in writing that its historic volumetric sales and transportation data be provided to a particular marketer or marketers in general, that request will be honored by Company until revoked by Customer. To the extent Company provides to its marketing affiliate a discount or information related to the transportation, sales or marketing of natural gas, including but not limited to Company's Customer lists, that is not readily available or generally known to any other marketer or Supplier or has not been authorized by a Customer, it will provide details of such discount or provide the information contemporaneously to all potential marketers on its system that have requested such information. A marketer may make a standing request for contemporaneous disclosure of such information.
- G. Company will not condition or tie its agreement to release interstate pipeline capacity to any agreement by a gas marketer, Customer, Supplier or pipeline transporter relating to any service in which its marketing affiliate is involved.

Michigan Public Service Commission
dated December 20, 2012 in Case No. U-16999
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-11.00)

Applicable for End-Use Transportation Service

E11. TRANSPORTATION STANDARDS OF CONDUCT (Contd.)

- H. Company will not condition or tie an agreement to provide a transportation discount to any agreement by a marketer, Customer, Supplier or pipeline transporter relating to any service in which its marketing affiliate is involved.
- I. Company's operating employees and the operating employees of its marketing affiliate will function independently of each other, be employed by separate business entities, and reside in separate offices.
- J. Company will keep separate books of accounts and records from those of its marketing affiliate.

E12. TRANSPORTATION STANDARDS OF CONDUCT COMPLAINT PROCEDURE

If Company receives a verbal complaint related to its Rules, Regulations and Rate Schedules for Gas Service, M.P.S.C. No. 1, Section E11, Transportation Standards of Conduct, Company will attempt to resolve the complaint on an informal basis. If Company and the complainant are unable to resolve the complaint on an informal basis, the procedures outlined below will be followed:

- A. Complainant will route all formal complaints in writing to:

DTE Gas Company
One Energy Plaza
Detroit, MI 48226
Attention: Legal Department
- B. Company will acknowledge the receipt of the formal written complaint, in writing, within five working days of receipt by Company.
- C. Company will confirm and amend the prepared written statement of the complainant to ensure the complaint includes the name of the complainant, relevant dates and specific claims.
- D. Company will prepare a written statement communicating the results of Company's preliminary investigation within 30 days of the initial receipt of the complaint by Company with a description of the action to be taken or the action proposed to be taken.
- E.
 - (1) If the complainant is satisfied with the action taken or the action that is proposed to be taken, complainant will acknowledge its agreement by signing and returning a copy of Company's written statement addressing the action taken or proposed to be taken.
 - (2) If the complainant is not satisfied with Company's response, then the complainant may address the complaint to the Commission.

E13. TRANSPORTATION CONTRACT CANCELLATION

Customer taking service under a Transportation Service Rate Schedule may cancel its Contract during the initial term of the Contract if Customer provides at least 30 days prior written notice to Company that (1) Customer's facility or business has or will permanently close or cease operations, (2) Customer is transferring ownership of the facility or business in whole, or (3) Customer is transferring service to another Rate Schedule provided Customer complies with all rules for transferring service to another Rate Schedule. Upon Contract termination, Customer will be required to pay all outstanding charges owed to Company by: (a) the payment due date posted on the final invoice for transportation service, and/or (b) as provided by the terms and conditions of the contract(s) between the Company and Customer.

If Customer taking gas service under a Transportation Service Rate Schedule, and is paying a negotiated transportation rate under the optional provision, terminates its Contract prior to the end of the term as provided above, Customer will be required to pay Company, as liquidated damages and not as a penalty, a settlement payment equal to the sum of the Transportation Charges and Monthly Customer Charges that Company would have received from the time of cancellation to the expiration date of Customer's Contract. In calculating the settlement payment, the Transportation Charge will be applied to Customer's then current ACQ. Any settlement payment will be discounted to present value using the London Interbanking Offer Rate (LIBOR) on the date of Contract cancellation to take into account the period between the date of cancellation and the date on which such amounts would have otherwise been due under the Contract.

E14. TRANSPORTATION SERVICE RATES ST, LT, XLT, XXL

Availability

Subject to any restrictions, service under this Rate Schedule is available to any Customer who could otherwise purchase gas under any other Company Rate Schedule.

Customer that selects transportation service under this Rate Schedule must remain on this Rate Schedule for at least 12 Months before Customer is eligible for a non-Transportation Service Rate and shall continue on this rate Year to Year after the initial term of the Transportation Contract has expired unless otherwise agreed upon between Company and Customer. Customer eligible to request a return to sales rates must provide a minimum of 12 Months written notice to Company of its election to return to sales rates, *unless otherwise agreed upon between company and customer*.

Company reserves the right to deny a return to sales rates subject to Company's Controlled Service Rule C2.

Under this Rate Schedule, Company will transport gas for Customer from the Receipt Point(s) to the Delivery Point(s).

Minimum Rate	\$0.01800 Per Ccf	\$0.00500 Per Ccf

Annual Contract Quantity or ACQ

ACQ means an annual quantity of natural gas specified in the Contract between Customer and Company, that can be delivered to Company and is based on Customer’s average 12 Month usage (determined from the last 36 Months of data), plus adjustments, approved at Company’s sole discretion, for known or expected changes or special operating conditions (including Standby Service per Section C4.5). Company will utilize their best efforts to ensure that Customer’s ACQ is reflective of Customer’s annual consumption and allow Customer all reasonable opportunities to minimize the risk of Unauthorized Gas Usage Charges.

Maximum Daily Quantity or MDQ

MDQ means a daily quantity of natural gas specified in the Contract between Customer and Company, that can be delivered to Company and is based on Customer’s highest historical Month usage (determined from the last 36 Months of data) divided by the number of days during that Month and multiplied by 110%, plus adjustments, approved at Company’s sole discretion, for known or expected changes or special operating conditions (including Standby Service per Section C4.5). Provided, however, during September, October, and November, Customer’s MDQ will be based on the daily average of Customer’s September, October, and November, usage from the previous three years, plus 1.43% of Customer’s ACQ divided by 30 days. The MDQ may be calculated and changed independently from the ACQ. Company and Customer may agree to use a different MDQ as part of the negotiations for an optional discount from the cost based rates set forth in the tariff. Company will utilize their best efforts to ensure that Customer’s MDQ is reflective of Customer’s maximum daily consumption and allow Customer all reasonable opportunities to minimize the risk of Unauthorized Gas Usage Charges.

Filed by: DW

Effective for service rendered on
and after November 21, 2024

Issued under authority of the
Michigan Public Service Commission
dated November 7, 2024 in Case No. U-21291

(Continued from Sheet No. E-15.00)

Applicable for End-Use Transportation Service

E14. TRANSPORTATION SERVICE RATES ST, LT, XLT, XXL (Contd.)

Selection Of Service Category and Rates

When Customer is selecting its initial service category, Company must advise it that the economic break-even point between ST and LT is approximately 100,000 Mcf per year, the economic break-even point between LT and XLT is approximately 700,000 Mcf per year the economic break-even point between XLT and XXL is approximately **3,500,000** Mcf per year (based on the cost based rate). After the initial selection is made, then it is Customer's responsibility to determine when it is appropriate to switch service categories.

Customer will be charged the Cost Based Rate under its chosen Service Category, unless Customer chooses to negotiate a different rate under the Optional Rate provision. Company must advise Customer of its right to negotiate rates under the Optional Rate provision, however Company is under no obligation to offer a rate different than the Cost Based Rate. Company, at its discretion, may negotiate different transportation rates for individual Customers between the maximum and minimum rates under the appropriate Optional Rate provision. The negotiated rate may be applied to Customer's entire load or a portion of its load; however, under no circumstances can Company charge an average rate per Mcf greater than the maximum rate or less than the minimum rate. The transportation rate is charged for each Ccf of gas delivered to Customer in a given month.

Transportation Service

In accordance with Section E2.2 and Company's Nominating procedures, Customer shall advise Company of the volume of gas that Customer will cause to be delivered to Company for transportation during that Month and the Receipt Point(s) where the gas will be delivered to Company.

If in any Month, the volume of gas received by Company at the Receipt Point(s), less the allowance for company-use and lost-and-unaccounted-for gas, is more than the volume of gas taken by Customer at the Delivery Point(s), then the difference shall be retained by Company and delivered to Customer in those succeeding Months when the volume of gas received by Company is less than Customer's requirements. Should the aggregate volume of gas, less the allowance for company-use and lost-and-unaccounted-for gas, retained by Company at any Month-end exceed 10% of the Annual Contract Quantity for ST, LT, and XLT, or exceeds 5% of the Annual Contract Quantity for XXL, then Company shall have the rights: (1) to refuse to receive any additional volume of gas for that Customer until Company has satisfied itself that the volume of gas retained for Customer is less than 10% of the Annual Contract Quantity for ST, LT, and XLT, or is less than 5% of the Annual Contract Quantity for XXL, and (2) to charge Customer for the storage of any Month-end balance that exceeds 10% of the Annual Contract Quantity for ST, LT, and XLT, or exceeds 5% of the Annual Contract Quantity for XXL.

If Customer does not withdraw its gas retained by Company within 60 days of the termination of the Contract, then Company shall have the right to purchase the gas from Customer at a rate of \$1.00 per MMBtu.

Michigan Public Service Commission
dated August 20, 2020 in Case No. U-20642

(Continued from Sheet No. E-16.00)

Applicable for End-Use Transportation Service

E14. TRANSPORTATION SERVICE RATES ST, LT, XLT, XXL (Contd.)

Gas in Kind

For rates ST, LT and XLT, Company shall retain **1.41%** of all gas received at the Receipt Point(s) to compensate it for the allowance for company-use and lost-and-unaccounted-for gas on Company's system. For rate XXL, Company shall retain **1.00%** of all gas received at the Receipt Point(s) to compensate it for the allowance for company-use and lost-and-unaccounted-for gas on Company's system. This volume shall not be included in the quantity available for delivery to Customer.

Surcharges and Special Taxes

This Rate Schedule is subject to Surcharges shown on Sheet No. D-2.00.

In municipalities which levy special taxes, license fees, or street rentals against Company, and which levy has been successfully maintained, the standard of rates shall be increased within the limits of such municipalities so as to offset such special charges and thereby prevent Customers in other localities from being compelled to share any portion of such local increase.

Bills shall be increased to offset any new or increased specific tax or excise imposed by any governmental authority upon Company's production, transmission or sale of gas.

Late Payment Charge and Due Date

A late payment charge of 2% shall be applied to the unpaid balance outstanding if the bill is not paid in full on or before the date on which the bill is due. The due date of Customer's bill shall be 21 days from the date the bill was sent.

Unauthorized Gas Usage

"Unauthorized Gas Usage" occurs when Customer uses Company's system supply while taking service under a Transportation **Service** Rate Schedule **under one of the following conditions**:

- A. If at the end of any month the quantity of gas remaining in Customer's Load Balancing Storage is below zero based on the Company's Monthly meter reads used for billing, then the Company's system supply delivered to balance customers storage shall be treated as Unauthorized Gas Usage and charged the Unauthorized Gas Usage Charge.**
- B. If, as set forth in E14 - Load Balancing Storage and Charges, sub-section B, during the months of December through March, the volume of gas received by Company, less Gas-in-Kind, plus the lesser of 3% of Customer's ACQ or Customer's actual storage balance, is less than the volume of gas taken by Customer at the Delivery Point(s), then the difference shall be treated as Unauthorized Gas Usage and charged the Unauthorized Gas Usage Charge.**

Effective for service rendered on
and after December 16, 2016

Issued under authority of the
Michigan Public Service Commission
dated December 9, 2016 in Case No. U-17999

(Continued from Sheet No. E-17.00)

Applicable for End-Use Transportation Service

E14. TRANSPORTATION SERVICE RATES ST, LT, XLT, XXL (Contd.)

Unauthorized Gas Usage (Contd.)

- A. If on any Gas Day the quantity of gas in customer's Load Balancing Storage is less than zero, then the quantity or imbalance of gas that is less than zero may be treated as unauthorized gas usage and may be charged an Unauthorized Gas Usage Charge.
- B. If customer is deemed non-compliant on any Gas Day during an OFO per Section E4.5.B, the difference between the required OFODQ Min specified for the customer and the actual quantities nominated and delivered by the customer to the Company will be treated as unauthorized gas usage and shall be charged an Unauthorized Gas Usage Charge (unless specified otherwise in the Contract between the customer and Company).

A Customer subject to Unauthorized Gas Usage Charges as defined under the transportation service rates shall be subject to shut off of service as provided in Sections C1.5 and E4.3 of the Rate Book.

Unauthorized Gas Usage Charge

If Customer uses Company's system supply, then Customer shall pay Unauthorized Gas Use Charges. The charge for such Unauthorized Gas Usage shall be \$1.00 per 100 cubic feet plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; Chicago city-gates; Consumers city-gate; or MichCon city-gate. Unauthorized Gas Use Charges are in addition to those normal charges made under the applicable Rate Schedules, for all gas taken by Customer in excess of the cumulative volume delivered to Company (less Gas-in-Kind) on behalf of Customer. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service.

Any Unauthorized Gas Usage Charges and quantities relating to 1) non-compliance with a Notice of OFO or, 2) if Customer's Load Balancing Storage quantity on any Gas Day is less than zero during a Month, shall be taken into account when calculating total deliveries, Customer's unauthorized use of Company's system supply, and Unauthorized Gas Charges for the month (double counting of penalties shall not be allowed during a Month).

At the Company's sole discretion, Unauthorized Gas Use Charges may be waived if Customer experienced extenuating circumstance(s) or unusual operating condition(s) resulting in Unauthorized Gas Use Charge(s) and meets all the following criteria:

1. ***Customer takes corrective action promptly when Unauthorized Gas Usage is identified;***
2. ***Company determines the Unauthorized Gas Use did not cause undue strain on the Company's system;***
3. ***There is no evidence that Customer, its Supplier, or a third party may have financially benefitted from the Unauthorized gas use; and***
4. ***Customer has not had Unauthorized charges waived in the previous 12 billing months***

In the event Customer qualifies for such a waiver and Unauthorized Gas Use Charges are waived; the Customer is responsible for the cost of Unauthorized Gas Use which shall be equal to:

1. ***the higher of***
 - a. ***the GCR factor in effect for the billing month the Unauthorized Gas Use occurred or***
 - b. ***the Company's weighted average cost of gas purchased for the calendar month the unauthorized Gas Usage occurred***
2. ***plus \$0.10 per 100 cubic feet.***

(Continued on Sheet No. E-18.00)

(Continued from Sheet No. E-17.01)

Applicable for End-Use Transportation Service

E14. TRANSPORTATION SERVICE RATES ST, LT, XLT, XXL (Contd.)

Load Balancing Storage and Charges

- A. Customer shall be charged \$0.25 per MMBtu per Month for the storage of any Month-end balance of gas that exceeds 10% of the Annual Contract Quantity for ST, LT, and XLT, or exceeds 5% of the Annual Contract Quantity for XXL. In addition, a Gas-in-Kind rate for fuel used for injection will be assessed for any portion of the month-end balance of gas that exceeds 10% of the Annual Contract Quantity for ST, LT, and XLT, or exceeds 5% of the Annual Contract Quantity for XXL and is in excess of the prior month-end balance. The fuel for injection shall be paid for by Gas-in-Kind at the Gas-In-Kind rate applicable to the customer's rate schedule.
- B. Monthly withdrawals from storage during December through March will be limited to 3% of Customer's ACQ. Withdrawals in excess of that limit may be authorized but are subject to DTE Gas's sole judgment and prior approval pursuant to appropriate terms and conditions. Without prior approval, if during the months of December through March the volume of gas received by Company, less Gas-in-Kind plus the lesser of 3% of Customer's ACQ or the Customer's actual storage balance is less than the volume of gas taken by Customer at the Delivery Point(s), then the difference will be treated as unauthorized gas usage and will be charged under the Unauthorized Gas Usage provision.
- C. Injections into storage during September, October and November will be limited to no more than 1.43% of ACQ without prior approval from Company. Customer will be charged \$0.25 per MMBtu of gas, plus Gas-In-Kind at the rate applicable to the customer's rate schedule retained as fuel, for any gas injected during the September through November period that exceeds the Month-end tolerance level of 1.43 of ACQ per Month. This charge will be in addition to any charges assessed to Customer for exceeding the Month-end balance of gas that exceeds 10% of the ACQ for ST, LT, and XLT, or exceeds 5% of the ACQ for XXL.
- D. Provisions for load balancing storage transfers are provided in Section E2.2E.

Standby Service

A. Charges:

Customer taking Standby Service for a facility or equipment shall pay a Monthly charge equal to Company's election of:

- (1) **\$0.0470** per cubic foot, or **\$47** per MMBtu, for each cubic foot, or MMBtu, of nameplate rating of the facility or equipment taking Standby Service; or
- (2) **\$1.96** per MMBtu of SMDQ.

B. ***Refer to Section C4.5 – Standby Service Availability, Definition and Identification.***

E14. TRANSPORTATION SERVICE RATES ST, LT, XLT, XXL (Contd.)

Metering Requirements

All eligible XLT and XXL Customers shall be required to provide, at no expense to Company, a dedicated telecommunication line(s) as required for metering purposes, to a location specified by Company. The communication link must be installed and operating prior to a transportation Customer receiving service under Service Category XLT or XXL.

All eligible ST and LT Customers electing the Optional Remote Metering service shall provide, at no expense to Company, a dedicated telecommunication line(s) for metering purposes, to a location specified by Company.

Customer shall be responsible for (i) ensuring that the communication links allow access to the meter data by Company and are compatible with Company's metering and billing systems, and (ii) all associated costs relating to the communication links including other accompanying equipment and monthly fees. Company shall own and maintain the actual metering equipment and modem.

Customer Contract

Customer is required to sign a Transportation Contract, limited as to time, which must be approved and executed *in compliance with Section C1.2 or C1.7 of this Rate Book*.

SECTION E – PART II
OFF-SYSTEM STORAGE AND TRANSPORTATION SERVICE
STANDARDS AND BILLING PRACTICES

E15. GENERAL PROVISIONS AND DEFINITIONS

E15.1 Definitions

Annual Contract Quantity or ACQ means the maximum quantity of natural gas Customer is entitled to nominate for transportation and that Company is obligated to transport for Customer, subject to the terms and conditions of this Rate Book, during a term consisting of the lesser of the contract term or one year.

Business Day is Monday through Friday, excluding Company holidays.

Contract is the agreement between Company and Customers for the provision of transportation or storage services under Company's Rate Schedule. For purposes of clarity, the agreement between Company and Customer may also be referred to as a Transportation Contract or Storage Contract.

Contract Year is defined within each Contract.

Customer means the individual or business that purchases transportation or storage service from Company.

Delivery Point(s) are the point(s) where Company delivers gas to Customer, Customer's Facility or Facilities, or for Customer's account and shall be defined in the Contract between Company and Customer.

Gas Day is a period of 24 consecutive hours (23 hours when changing from Standard Time to Daylight Savings Time and 25 hours when changing back to Standard Time) beginning at 10:00 a.m. Eastern Clock Time.

Maximum Daily Quantity or MDQ means the maximum quantity of gas that Customer is entitled to nominate for transportation and that Company is obligated to receive from the Customer at the Receipt Point(s) for transportation, exclusive of Fuel Use and Lost and Unaccounted For Gas quantities, or that Company is obligated to deliver for the Customer at the Delivery Point(s) during a day, subject to the terms and conditions of this Rate Book.

Maximum Daily Injection Quantity or MDIQ means the maximum quantity of gas that Customer is entitled to nominate for injection into storage during a Gas Day, subject to the terms and conditions of the Rate Book.

Maximum Daily Withdrawal Quantity or MDWQ means the maximum quantity of gas that Customer is entitled to nominate for withdrawal from storage during a Gas Day, subject to the terms and conditions of the Rate Book.

Maximum Storage Quantity or MSQ means the maximum quantity of gas that Customer is entitled to nominate for storage in Customer's storage account and that Company is obligated to store in Customer's storage account during the term of the Customer's Storage Contract.

Michigan Public Service Commission
dated December 9, 2016 in Case No. U-17999

(Continued from Sheet No. E-20.00)

Applicable for Off-System Storage and Transportation Service

E15. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E15.1 Definitions (Contd.)

MMBtu means one million Btu.

MMcf means one million cubic feet of gas at a base temperature of 60° F and a base pressure of 14.65 psia.

Month, except as provided with respect to billing, is the period beginning at 10:00 a.m. Eastern Clock Time on the first Day of the calendar Month and ending at 10:00 a.m. Eastern Clock Time on the first Day of the next succeeding calendar Month.

Nomination or **Nominating** is a transmittal by Customer, or its designated agent, of request for receipt and/or delivery of gas for Customer's account for each Gas Day that service is desired.

Rate Schedule means the schedule of rates governing natural gas service as approved by the Commission.

Receipt Point(s) are those interconnection(s) between the facilities of Company and third parties that deliver gas to Company, for the account of Customer.

Rollover(s) are options or alternatives at the termination of a contract to potentially extend or continue a service beyond the term of the original contract.

Tariff or **Rate Book** means Company's Rate Book for Natural Gas Service, M.P.S.C. No. 1 - Gas as modified and approved from time to time by the Commission.

Total Heating Value Per Cubic Foot means the number of Btu produced by the combustion, at constant pressure, of one cubic foot of gas, with air of the same pressure and temperature as the gas, when the products of combustion are cooled to the initial temperature of the gas and air, and when the water formed by the combustion is condensed to the liquid state. This definition applies regardless of the equipment used to determine the total heating value per cubic foot.

Unauthorized Gas Usage Charge: See Section E21.

Defined terms used in Section E – Part II and not defined above have the meaning set forth in the applicable Rate Schedule or Contract.

dated December 9, 2012 in Case No. U-17999

(Continued from Sheet No. E-21.00)

Applicable for Off-System Storage and Transportation Service

E15. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E15.2 Application of Rules

If at any time during the term of a Contract any of the parties, by force of any such law, order, decision, rule or regulation are ordered or required to do any act inconsistent with the provisions hereof, then for the period during which the requirements of such law, order, decision, rule or regulation are applicable, such Contract shall be deemed modified to conform with the requirement of such law, order, decision, rule or regulation.

E15.3 Possession of Gas

As between Company and Customer, Customer shall be deemed in exclusive control and possession of the gas transported hereunder and responsible for any loss, damage, or injury caused thereby until it is delivered to Company at the Receipt Point(s) and after it is delivered by Company at the Delivery Point(s). Company shall be deemed in exclusive control and possession of said gas and responsible for any loss, damage or injury caused thereby after it is delivered by Customer, or for Customer's account, at the Receipt Point(s) and until it is delivered by Company at the Delivery Point(s).

Customer agrees to indemnify and hold Company harmless from all suits, claims, liens, damages, costs, including court costs and attorneys' fees, losses, expenses and encumbrances of whatever nature arising from Customer's delivery of gas to Company's System and at all times when Customer is deemed in exclusive control and possession of the gas transported hereunder. Company agrees to indemnify and hold Customer harmless from all suits, claims, liens, damages, costs, including court costs and attorneys' fees, losses, expenses and encumbrances of whatever nature arising from Company's receipt and control of gas after the Receipt Point, except for those arising from Customer's delivery to Company's System of gas that fails to meet the quality specifications set forth in this Rate Book.

Except as provided in this Rate Book, title to the gas transported or stored shall not transfer to Company when it takes possession of the gas, or at any other time, unless the parties specifically agree otherwise. However, this shall not restrict Company from entering into operating arrangements that allow for the movement of gas via exchange or displacement. Title to Gas Loaned under Firm Park and Loan or Interruptible Balancing Services shall pass from Company to Customer when the gas is delivered for Customer's account to a Delivery Point and title shall pass from Customer to Company when Loaned Gas is returned by Customer to a Receipt Point; provided that, for gas flowing in international commerce, title to Loaned Gas shall be deemed to transfer (to Customer or to Company, as applicable) at a point on Company's system on the United States side of the international boundary with Canada.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-22.00)

Applicable for Off-System Storage and Transportation Service

E15. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E15.4 Warranty

Customer warrants, for itself, its successors and assigns, that it will have, at the time of delivery of gas hereunder good and marketable title to the gas delivered, or it will otherwise have the right to deliver such gas, and that such gas shall be free and clear of all liens, encumbrances, and claims. Customer warrants that it will indemnify Company and save it harmless from suits, actions, debts, accounts, damages, costs, losses and expenses arising from or out of adverse claims of any and all persons to said gas or to royalties, taxes, license fees or charges thereon.

E15.5 Non-Waiver of Future Defaults

No waiver by either party of any one or more defaults by the other in the performance of any provisions of Company's Tariff or any Contract will operate or be construed as a waiver of any future default or defaults, whether of a like or of a different character.

E15.6 Incorporation of Rate Schedules and Contract

Unless limited to specifically identified Rate Schedules, the General Terms and Conditions set forth in Sections B through E are incorporated in and are a part of any Contract entered into by Company for the provision of service under the Off-System Storage and Transportation Rate Schedules. To the extent there is any inconsistency between terms in these General Terms and Conditions and terms in any Rate Schedule or Contract, the applicable Rate Schedule shall govern.

E15.7 Assignment

Customer may not assign any of its rights or obligations hereunder without the prior written consent of Company.

E15.8 Default

Company reserves the right to suspend transportation and/or storage services, or to terminate any Contract between Customer and Company, at any time in the case of an emergency or as a result of violation of the General Terms and Conditions of the Contract or Company's Tariff.

Applicable for Off-System Storage and Transportation Service

E15. GENERAL PROVISIONS AND DEFINITIONS (Contd.)

E15.9 Storage Balance Transfers

Customer shall be entitled to transfer, in-field, any of its storage gas to another *Customer* pursuant to a valid request for an in-field transfer. *Company* may restrict such transfers when the transfer would result in an increase in *Company's* service obligations, and such increase would in *Company's* reasonable judgment impair *Company's* ability to meet all of its other service obligations of equal or higher priority, or would allow *Customer* to avoid otherwise applicable obligations to provide *Gas-in-Kind*. There shall be no charge or *Gas-in-Kind* assessed for in-field transfers.

E15.10 Contract Extension Provision

Company and *Customer* may agree to contract extensions for any Service under this Tariff, including evergreens, rollovers, and other extensions, which shall be specified in the applicable *Contract*.

E15.11 Prohibition of Simultaneous Injections and Withdrawals

Notwithstanding anything to the contrary in this Tariff, *Customer* may not nominate simultaneous (or effectively simultaneous) injections into and withdrawals from Storage under the same *Contract* or otherwise engage in any nomination pattern that would result in *Customer* receiving the equivalent of unbundled transportation service, unless through Firm Transportation Service or Interruptible Transportation Service provided by Transporter pursuant to an executed *Contract*.

E16. RECORDS, ACCOUNTING AND CONTROL

E16.1 Transmittal of Notices, Bills and Payments

All notices, bills and payments required or permitted to be given in connection with service shall be transmitted as specified in Customer's Contract shall be valid and sufficient if delivered in person, dispatched by first class mail, overnight mail, telex, facsimile or transmitted electronically.

E16.2 Nominations, Accounting and Control

- A. Customer may designate a third party as agent for purposes of Nominating, and for giving and receiving notices related to Nominations. Customer shall provide Company with written notice of such designation. Any such designation shall be effective starting the Month following the receipt of the notice and will remain in effect until revoked in writing by Customer.
- B. All Nominations shall be submitted through Company's electronic gas nomination system. Specific information to be included in the Nomination is posted on Company's electronic gas nomination system.
- C. Customer, or its designated agent, shall notify Company's Gas Nominations Department of the daily quantity of gas that Customer is Nominating for delivery to Company on behalf of Customer. Such Nominations shall be submitted by the North American Energy Standards Board (NAESB) Standard Timely Cycle Deadline Eastern Clock Time prior to the effective Gas Day, Nominations made within a NAESB Standard Intraday Cycle shall be accepted at the sole discretion of Company. Customer, or its designated agent, shall provide Company with a Nomination for each Gas Day. (If a single nomination is received it shall be assumed to apply for each subsequent day of the month unless otherwise stated).
- D. If Customer fails to provide a Nomination for any Month, the daily Nomination is assumed to be zero.

E16.3 Customer Access to Data

The Company will make Customer information available to Customer, or its designated agent, in accordance with the applicable provisions of Section C12 Customer Protections, Customer Access to Data and Section E11(F), Transportation Standards of Conduct, of its tariff. Customer information will be available to Customer, or its designated agent, through the Company's electronic system within 10 days of such information becoming available to the Company. Customer information regarding gas delivered at the Delivery Point(s) by Company to Customer will be in compliance with Section E4.4B of Company's tariff and all applicable provisions of the Commission's Consumers Standards and Billing Practices for Electric and Natural Gas Service.

E17. GAS QUALITY (Contd.)

E17.1 Quality (Contd.)

- B. If the gas delivered by Customer at any Receipt Point fails to meet the qualities stipulated in Section E17.1A., then Company shall notify Customer of such deficiency and thereupon may, at its option, refuse to accept delivery pending correction. Upon demonstration that the gas being tendered meets the gas quality specifications of Section E17.1A., Company shall resume taking delivery of gas.

E17.2 Heating Value

The gas delivered by Customer shall have a Total Heating Value Per Cubic Foot of not less than 950 Btu nor more than 1,100 Btu.

E18. SERVICE REQUIREMENTS

E18.1 Quantities

- A. Customer may deliver, or cause to be delivered, and Company shall, subject to other provisions in Company's Rate Schedule, accept quantities of gas up to the MDQ specified in the Contract. If deliveries to Company exceed agreed upon quantities, Company may refuse deliveries or terminate the Contract upon 30 days' written notice to Customer.
- B. Deliveries to Company may be made by Customer or on behalf of Customer at existing interconnections between the gas transmission facilities of Company and other pipeline systems. These Receipt Point(s) shall be those specified electronically by Company from time to time.

E18.2 Delivery Pressure

All deliveries of gas by Customer and Company shall be made at Company's prevailing pressure.

E18. SERVICE REQUIREMENTS (Contd.)

E18.3 Shutoff of Service

Company is not required to perform service under any Contract on behalf of any Customer failing to comply with any and all terms of Customer's Contract and Company's Tariff.

E18.4 Measurement

- A. All quantities of gas received at Receipt Point(s) by Company for the account of Customer shall be measured at the Receipt Point(s) by Company or its designee in accordance with, and shall comply with the measurement specifications contained in:
- (1) Transmission Measurement Committee Report #3, Natural Gas Department, American Gas Association, including the Appendix thereto, dated September 1985, ("Gas Measurement Report #3")
 - (2) Transmission Measurement Committee Report #7, Natural Gas Department, American Gas Association, including the Appendix thereto, dated April 1996, ("Gas Measurement Report #7")
 - (3) Transmission Measurement Committee Report #8, Natural Gas Department, American Gas Association, including the Appendix thereto, dated July 1992, ("Gas Measurement Report #8")
 - (4) Transmission Measurement Committee Report #9, Natural Gas Department, American Gas Association, including the Appendix thereto, dated June 2000, ("Gas Measurement Report #9")
 - (5) And any subsequent modifications and amendments thereof.
- B. All quantities of gas delivered at the Delivery Point(s) by Company to Customer, or for the account of Customer, shall be measured at the Delivery Point(s) by Company, or its designee, in accordance and in compliance with the measurement specifications contained in the Gas Measurement Report #3, Gas Measurement Report #7, Gas Measurement Report #8 and Gas Measurement Report #9.

E19. BILLING

Company shall follow the provisions of Rule B4, Commercial and Industrial Billing Practices, of the Tariff.

E20. CREDITWORTHINESS

If a Customer deposit is required in accordance with the provisions of Rules B4, Commercial and Industrial Billing Practices, R 460.2083, Customer Deposits and R 460.2084 Discontinuation, Termination or Denial of Service, Customers taking service under the Off-System Storage and Transportation Service Rate Schedules shall be subject to the following provision:

- A. Customer shall be required to demonstrate creditworthiness. Company is not required to commence service or to continue to provide service if Customer, when requested by Company to demonstrate creditworthiness, fails to do so to Company's satisfaction. Creditworthiness will be based upon: (1) a credit rating of investment grade defined as a rating of at least "BBB-" by Standard & Poor's Corporation, a rating of at least "Baa3" by Moody's Investors Service, or a rating of at least "BBB-" by Fitch Ratings; or (2) if public credit reports are not available, an equivalent rating of investment grade as determined by Company based on the financial rating methodology, criteria and ratios for the industry of Customer as published by the above rating agencies from time to time. For purposes of credit evaluation, Company will consider the following, as applicable:
- (1) audited financial statements;
 - (2) annual report;
 - (3) most recent filed statements with the Securities and Exchange Commission (or an equivalent authority) or such other publicly available information;
 - (4) for public entities, the most recent publicly available interim financial statements, with an attestation by its Chief Financial Officer, Controller or equivalent that such statements constitute a true, correct and fair representation of financial condition prepared in accordance with Generally Accepted Accounting Principles (GAAP) or equivalent;
 - (5) publicly available credit reports from credit and bond rating agencies;
 - (6) private credit ratings, bank or trade references;
 - (7) past payment history to Company;
 - (8) whether Customer has filed for bankruptcy protection and/or is operating under any chapter of the bankruptcy laws;
 - (9) whether Customer is subject to liquidation or debt reduction procedures such as an assignment for the benefit of creditors or any creditors' committee agreement;
 - (10) whether Customer's credit rating has been downgraded by a credit rating agency within the last six Months; or
 - (11) such other information as may be mutually agreed to by Company and Customer.

(Continued from Sheet No. E-30.00)

Applicable for Off-System Storage and Transportation Service

E20. CREDITWORTHINESS (Contd.)

B. If Company determines that Customer is not creditworthy, then within five (5) business days of notice from Company, Customer shall provide Company with one of the following credit alternatives: (1) a corporate guaranty of all Customer obligations from a creditworthy entity; (2) an irrevocable letter of credit in form and from an institution satisfactory to Company; (3) a deposit equal to 25% of Customer's annual bill, or (4) such other security, as reasonably determined by Company, to be of a continuing nature and in an amount equal to such amounts which would be due. Customer's obligation to provide credit assurance shall continue until Customer compiles a record of 12 continuous months of bill payment on or before the due date, as specified in Rule B4, Commercial and Industrial Billing Practices, R 460.2083, Customer Deposits, and R 460.2084, Discontinuation, Termination or Denial of Service.

- (1) A guarantor shall be deemed creditworthy provided it has an investment grade rating for its long-term senior unsecured debt from at least two of the recognized rating agencies listed below. The minimum acceptable investment grade rating from each of the indicated rating agencies is:

Moody's	Baa3
S&P	BBB-
Fitch Ratings	BBB-

- (2) A guarantor that is considered creditworthy at the time it provided the guaranty but, at a later date, no longer meets the creditworthiness standards of this subsection will be required to provide other security acceptable to Company within five business days of notice from Company that the guarantor fails to meet the creditworthiness standards of this subsection.

E21. UNAUTHORIZED GAS USAGE CHARGE

Customer taking service under the Off-System Storage and Transportation Service Rate Schedules shall be subject to an *Unauthorized Gas Usage* charge as more fully set forth in the applicable Rate Schedule.

E22. ELECTRONIC NOMINATION SYSTEM

Company shall make available, maintain and update, an electronic nomination system accessible to Customers and their authorized agents who Nominate gas to Company's system.

Applicable for Off-System Storage and Transportation Service

E23. TRANSPORTATION STANDARDS OF CONDUCT

This rule is intended to promote fair competition and a level playing field among all participants involved in transportation within Company's regulated gas service territory. Company will conduct its business to conform to the following Transportation Standards of Conduct:

- A. Company will apply any Tariff provision relating to transportation service in the same manner without discrimination to all similarly situated persons.
- B. Company will not give its marketing affiliate or Customers of its affiliate preference over any other non-affiliated gas marketers or their Customers in matters relating to transportation service including, but not limited to, nominating, balancing, metering, billing, storage, curtailment policy or price discounts.
- C. Company will not communicate to any Customer, Supplier or third parties that any advantage may accrue to such Customer, Supplier or other third party in the use of Company's services as a result of that Customer, Supplier or other third party dealing with its marketing affiliate and shall refrain from giving any appearance that it speaks on behalf of its affiliate.
- D. Company will process all similar requests for transportation service in the same manner and within the same period of time.
- E. Company will not provide leads or provide market sensitive information regarding a current or potential Customer or marketer to its marketing affiliate. If a Customer requests information about marketers, Company will provide a list of all marketers operating on its system, including its affiliate, but will not promote its affiliate.
- F. If a Customer makes a request in writing that its historic volumetric sales and transportation data be provided to a particular marketer or marketers in general, that request will be honored by Company until revoked by Customer. To the extent Company provides to its marketing affiliate a discount or information related to the transportation, sales or marketing of natural gas, including but not limited to Company's Customer lists, that is not readily available or generally known to any other marketer or Supplier or has not been authorized by a Customer, it will provide details of such discount or provide the information contemporaneously to all potential marketers on its system that have requested such information. A marketer may make a standing request for contemporaneous disclosure of such information.
- G. Company will not condition or tie its agreement to release interstate pipeline capacity to any agreement by a gas marketer, Customer, Supplier or pipeline transporter relating to any service in which its marketing affiliate is involved.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-32.00)

Applicable for Off-System Storage and Transportation Service

E23. TRANSPORTATION STANDARDS OF CONDUCT (Contd.)

- H. Company will not condition or tie an agreement to provide a transportation discount to any agreement by a marketer, Customer, Supplier or pipeline transporter relating to any service in which its marketing affiliate is involved.
- I. Company's operating employees and the operating employees of its marketing affiliate will function independently of each other, be employed by separate business entities, and reside in separate offices.
- J. Company will keep separate books of accounts and records from those of its marketing affiliate.

E24. TRANSPORTATION STANDARDS OF CONDUCT COMPLAINT PROCEDURE

If Company receives a verbal complaint related to its Rules, Regulations and Rate Schedules for Gas Service, M.P.S.C. No. 5, Section E23, Transportation Standards of Conduct, Company will attempt to resolve the complaint on an informal basis. If Company and the complainant are unable to resolve the complaint on an informal basis, the procedures outlined below will be followed:

- A. Complainant will route all formal complaints in writing to:
DTE Gas Company
One Energy Plaza
Detroit, MI 48226
Attention: Legal Department
- B. Company will acknowledge the receipt of the formal written complaint, in writing, within five working days of receipt by Company.
- C. Company will confirm and amend the prepared written statement of the complainant to ensure the complaint includes the name of the complainant, relevant dates and specific claims.
- D. Company will prepare a written statement communicating the results of Company's preliminary investigation within 30 days of the initial receipt of the complaint by Company with a description of the action to be taken or the action proposed to be taken.
- E.
 - (1) If the complainant is satisfied with the action taken or the action that is proposed to be taken, complainant will acknowledge its agreement by signing and returning a copy of Company's written statement addressing the action taken or proposed to be taken.
 - (2) If the complainant is not satisfied with Company's response, then the complainant may address the complaint to the Commission.

E25. TRANSPORTATION OFF-SYSTEM (FIRM) SERVICE RATE TOS-F

Service Eligibility

Service shall be available to all entities desiring to move gas through Company's system to an Off-System location.

Customer is required to sign a Contract, limited as to time, which must be approved and executed *in compliance with Section C1.2 or C1.7 of this Rate Book*, before it shall be binding upon Company.

Definitions

As used in this Rate Schedule:

"Equivalent Quantities" means the quantity of gas received from Customer, or for the account of Customer, at the Receipt Point(s) less Gas in Kind withheld by Company for loss and use.

"Off System" means gas that is transported from a Receipt Point into Company's system to a Delivery Point that is interconnected to another local gas distribution company or a pipeline not owned by Company.

Defined terms used in this Rate Schedule and not defined above have the same meaning as set forth in Section E15.1 or in Contract.

Type of Service Offered

Under this Rate Schedule, Company will transport natural gas volumes on a firm basis, for Customer on Company's Dry Gas Transmission System. Company, in its sole judgment, shall have the right to determine if capacity is available for firm transportation under this Rate Schedule.

Transportation Service

Company shall receive gas from Customer or for the account of Customer at the Receipt Point(s) and redeliver Equivalent Quantities, to Customer or for the account of Customer at the Delivery Point(s).

In accordance with Section E16.2 and Company's Nominating procedures, Customer shall advise Company of the volume of gas that Customer will cause to be delivered to Company for transportation during that Month, and the Receipt Point(s) and Delivery Point(s).

The Receipt Point(s) and Delivery Point(s) shall be mutually agreed upon by Company and Customer and set forth in the Contract.

Any rates, terms and conditions not covered by Tariff shall be as contained in Company's standard Contract for Off-System Service

(Continued from Sheet No. E-34.00)

Applicable for Off-System Storage and Transportation Service

E25. TRANSPORTATION OFF-SYSTEM (FIRM) SERVICE RATE TOS-F (Contd.)

Imbalance

Company and Customer shall work to keep the gas flow in balance at all times. If at any time, the volumes of gas received by Company at the Receipt Point(s) are greater or lesser than the gas delivered at the Delivery Point(s), Company may refuse, increase or decrease deliveries to correct the imbalances. If, upon termination of a Contract, Customer has not delivered to Company quantities of gas that are equal to those Customer has taken at the Delivery Point(s), Customer must deliver the deficient volumes to Company, within 60 days of the termination of Contract, at a mutually agreeable rate of delivery. If Customer fails to correct the imbalance within the 60 day period, then Customer shall pay an Unauthorized Gas Usage Charge to Company. The charge for such Unauthorized Gas Usage shall be \$10.00 per MMBtu plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; Chicago city-gates; Consumers city-gate; or MichCon city-gate. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service.

Gas in Kind

Company shall retain 1.00% of all gas received at the Receipt Point(s) to compensate it for the allowance for company-use and lost-and-unaccounted-for gas on Company's system. This volume shall not be included in the quantity available for delivery to Customer. In no event will Customer pay Gas-in-Kind more than once on the same volumes.

Rates

- A. For contracts less than 365 days, a rate as mutually agreed to by Customer and Company and set forth in Contract, consisting of a demand portion and/or a commodity portion.
- B. For contracts equal to or exceeding 365 days, a rate not to exceed ~~\$0.4711~~ per MMBtu, consisting of a demand portion and/or a commodity portion shall be mutually agreed to by Customer and Company and set forth in Contract.

Late Payment Charge and Due Date

A late payment charge of 2% shall be applied to the unpaid balance outstanding if the bill is not paid in full on or before the date on which the bill is due. The due date of Customer's bill shall be 21 days from the date bill was sent.

Applicable for Off-System Storage and Transportation Service

E26. TRANSPORTATION OFF-SYSTEM (INTERRUPTIBLE) SERVICE RATE TOS-I

Service Eligibility

Service shall be available to all entities desiring to move gas through Company's system to an Off-System location.

Customer is required to sign a Contract, limited as to time, which must be approved and executed *in compliance with Section C1.2 or C1.7 of this Rate Book* before it shall be binding upon Company.

Definitions

As used in this Rate Schedule:

"Equivalent Quantities" means the quantity of gas received from Customer, or for the account of Customer, at the Receipt Point(s) less Gas in Kind withheld by Company for loss and use.

"Off System" means gas that is transported from a Receipt Point into Company's system to a Delivery Point that is interconnected to another local gas distribution company or a pipeline not owned by Company.

Defined terms used in this Rate Schedule and not defined above have the same meaning as set forth in Section E15.1 or in Contract.

Type of Service Offered

Under this Rate Schedule, Company will transport natural gas volumes on an interruptible basis, for Customer on Company's Dry Gas Transmission System. Company, in its sole judgment, shall have the right to determine, on a day-to-day basis, if capacity is available for interruptible transportation under this Rate Schedule.

Transportation Service

Company shall receive gas from Customer or for the account of Customer at the Receipt Point(s) and redeliver Equivalent Quantities, to Customer or for the account of Customer at the Delivery Point(s).

In accordance with Section E16.2 and Company's Nominating procedures, Customer shall advise Company of the volume of gas that Customer will cause to be delivered to Company for transportation during that Month, and the Receipt Point(s) and Delivery Point(s).

The Receipt Point(s) and Delivery Point(s) shall be mutually agreed upon by Company and Customer and set forth in the Contract.

Any rates, terms and conditions not covered by Tariff shall be as contained in Company's standard Contract for Off-System Service.

(Continued from Sheet No. E-37.01)

Applicable for Off-System Storage and Transportation Service

E27. CONTRACT STORAGE (FIRM) SERVICE RATE CS-F (Contd.)

Penalty Charges

Company is authorized to charge Storage Customers for Unauthorized Gas Use for any portion of Customer's injections into or withdrawals from storage that exceed the MDIQ, MDWQ, and/or MSQ set forth in the Customer's Storage Contract that is made by the Customer without Company's prior consent. Such a charge shall not apply to any gas tendered as Gas-in-Kind. In the event Customer withdraws gas from storage that is not in Customer's storage account prior to such withdrawal, Company is authorized to invoice Customer \$10.00 per MMBtu plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; Chicago city-gates; Consumers city-gate; or MichCon city-gate for such gas. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service.

Customer shall request the withdrawal of all its gas in storage for delivery to the Delivery Point(s) on or before the last Gas Day on the term of the Contract. If, upon termination of the Contract, Customer has not requested the withdrawal of all its gas in storage, then Customer's remaining volumes shall be deemed sold to Company at a rate of the MichCon City Gate Index as published in Gas Daily less \$0.50 per MMBtu. Payment for the volumes left in storage shall appear as a credit on the last statement rendered by Company. To the extent that the credit exceeds the total charges in that statement, Company shall pay the difference to Customer.

E28. CONTRACT STORAGE (INTERRUPTIBLE) SERVICE RATE CS-I

Availability

This Rate Schedule is available to all entities desiring interruptible storage service to the extent that:

- A. Company has determined that it has sufficient available and uncommitted storage capacity to perform the service requested by the entity; and
- B. Customer is required to sign a Contract, limited as to time, which must be approved and executed *in compliance with Section C1.2 or C1.7 of this Rate Book.*

Characteristics of Service

Any rates, terms and conditions not covered by the Tariff shall be as contained in the Contract.

On any Gas Day, gas that is nominated to Company for injection or withdrawal is subject to interruption at the sole discretion of Company.

To the extent Interruptible Storage Service capacity, which is being utilized by an Interruptible Customer hereunder, is needed by Company in order to satisfy Company's obligations to Firm Customers, Company shall require Customer to withdraw all, or any portion of, the Interruptible Storage Service Gas quantities held in Customer's storage account by Company as specified by Company. Unless Company otherwise agrees, Customer shall be required to make ratable withdrawals.

If Customer fails to withdraw such Gas from Storage Account, Company may take, free and clear of any adverse claims, title to such Gas in Customer's Storage Account as Customer was instructed to withdraw.

In the event Company needs to require Customer to withdraw its gas from Storage pursuant to this Section, Company shall provide day-ahead notice to Customer that it must withdraw Gas at its MDWQ during the next Day. Company shall repeat this notice on a daily basis until all of Customer's Gas is withdrawn from storage or until circumstances necessitating interruption are resolved. In the event Customer makes a timely nomination in response to a notification by Company pursuant to this paragraph, and Company's operating conditions prevent Customer from withdrawing gas as nominated, Customer's obligation to comply with that notification shall be suspended until such time as Company's operational conditions allow Company to schedule the nomination.

E29. CASHOUT MECHANISM

E29.1 Scope

This Cashout Mechanism provides Company with the authorization to Cashout Imbalances with Nominating Agents at Company's Dry Receipt Point(s).

E29.2 Definitions

As used in Section E29:

Actual Deliveries means the amount of gas nominated by the Nominating Agents for the Production Month and tendered by Company during the same Month at Dry Receipt Points.

Actual Receipts means the amount of gas tendered by Nominating Agent to Company during the Month at Dry Receipt Points.

Alpena System Dry Points means those receipt points identified on DTE Gas's electronic nomination system, as may change from time to time, under the heading "Alpena System Dry Points."

Business Day means Monday through Friday, excluding Federal Banking Holidays.

Cashout means the monetary settlement of Imbalances. Company will purchase and sell gas at Alpena System Dry Points and Non-Alpena System Dry Points to correct Imbalances.

Cashout Price means the price determined pursuant to Section E29.4.

Company means DTE Gas Company, or DTE Gas.

Deficient Quantities means the negative volume that is derived by subtracting Actual Deliveries from Actual Receipts.

Dry Receipt Points means both the Alpena System Dry Points and the Non-Alpena System Dry Points.

(Continued from Sheet No. E-42.00)

E29. CASHOUT MECHANISM (Contd.)

E29.2 Definitions (Contd.)

Excess Quantities means the positive volume that is derived by subtracting Actual Deliveries from Actual Receipts.

Imbalance means the volumetric difference between Actual Receipts and Actual Deliveries as further explained in Section E29.4A.

Maximum Nomination Quantity means a quantity of gas as determined by Company based on the previous twelve Month average Actual Receipts multiplied by 110%, plus adjustments for known or expected changes that are communicated to Company at least five days prior to the effective nomination change.

Month means the period beginning on the first day of a calendar Month and ending on the last day of the same calendar Month.

Monthly Index Price means the price determined pursuant to Section E29.4B.

Nominating Agent means the party responsible for nominating gas on DTE Gas's electronic nomination system at the Dry Receipt Points.

Non-Alpena System Dry Points means those receipt points identified on DTE Gas's electric nomination system, as may change from time to time, under the heading "Non-Alpena System Dry Points."

Production Month means the Month during which Nominating Agent receives service under Section E29.

Title Holder means the owner of the largest working interest in any well from which gas is nominated into Company's Dry Receipt Points.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-43.00)

E29. CASHOUT MECHANISM (Contd.)

E29.3 Determination and Resolution of Imbalances

- A. It is the Nominating Agent's responsibility to provide timely and accurate nominations of quantities proposed to be received and delivered by Company, and to maintain each day, as nearly as practicable, equality between Actual Receipts and Actual Deliveries under Section E29. Company will reject nominations exceeding the Maximum Nomination Quantity. Actual Receipts exceeding the Maximum Nomination Quantity will be considered Trespass Gas, as such term is defined on DTE Gas's electronic nomination system.
- B. If Actual Deliveries exceed Actual Receipts at a Dry Receipt Point by greater than ten percent (10%) on a cumulative daily basis throughout the Month, Company will reject and or modify all nominations received at the Dry Receipt Point. Company will allow nominations to continue when the difference between Actual Deliveries and Actual Receipts at the Dry Receipt Point is equal to or less than ten percent (10%) on a cumulative daily basis for the Month.
- C. At the end of each Production Month, Company will determine whether Nominating Agent caused an Imbalance to occur. If an Imbalance exists, Nominating Agent and Company shall Cashout the Imbalance volume pursuant to Section E29.4.

E29.4 Cashout Provision

- A. Company shall compare Actual Receipts to Actual Deliveries tendered at each Dry Receipt Point utilized by Nominating Agent and calculate an Imbalance no later than the tenth (10th) Business Day following the end of each Production Month. The volumetric difference, after any imbalance trading has occurred pursuant to Section E29.5, will result in Excess Quantities or Deficient Quantities. If the Nominating Agent nominated gas on multiple Dry Receipt Points, Company shall aggregate Excess Quantities and Deficient Quantities for all Alpena System Dry Points separately from Non-Alpena System Dry Points. The separately aggregated Excess Quantities and/or Deficient Quantities shall be divided by the Actual Deliveries separately aggregated for the Alpena System Dry Points and the Non-Alpena System Dry Points respectively, using final Monthly confirmed volumes as posted on DTE Gas's electronic nomination system. This calculation will be used to determine Nominating Agent's Monthly Imbalance percentage on the Alpena System Dry Points and separately for the Non-Alpena System Dry Points. Company shall be authorized to purchase and sell gas at Dry Receipt Points to manage imbalance quantities.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. E-44.00)

E29. CASHOUT MECHANISM (Contd.)

E29.4 Cashout Provision (Contd.)

- B. Each Month, Company shall determine the Monthly Index Price. The Monthly Index Price shall be based on the Daily Price Survey rates for MichCon City Gate as reported in Gas Daily or, in the event that Gas Daily discontinues its reporting of such prices, any comparable reporting service. The Monthly Index Price shall be equal to the sum of the daily Mich.-MichCon Midpoint City Gate Price for the applicable Production Month divided by the number of quoted price days in the same Production Month. Company will post the Monthly Index Price on its electronic nomination system by the 3rd Business Day of the Month.
- C. In cases where Nominating Agent's Imbalance results in Excess Quantities, Company shall pay Nominating Agent the following based on the Monthly Imbalance percentage:

<u>Imbalance Percentage (Tier)</u>	<u>Cashout Price for the Excess Quantities</u>
Greater of first 100 MMBtu	
Or 0% up to 2%	100% of Monthly Index Price
> 2% Up to 5%	80% of Monthly Index Price
> 5%	60% of Monthly Index Price

For purposes of determining the tier at which an Imbalance will be cashed out, the price will apply only to volumes within a tier. For example, if there is a 7% imbalance, Excess Quantities that make up the first 2% of the Imbalance will be priced at 100% of the Monthly Index Price. Excess Quantities making up the next 3% of the Imbalance will be priced at 80% of the Monthly Index Price. Excess Quantities making up the remaining 2% of the Imbalance will be priced at 60% of the Monthly Index Price.

(Continued from Sheet No. E-45.00)

E29. CASHOUT MECHANISM (Contd.)

E29.4 Cashout Provision (Contd.)

- D. In cases where Nominating Agent's Imbalance results in Deficient Quantities, Nominating Agent shall pay Company the following based on the Monthly Imbalance percentage:

<u>Imbalance Percentage (Tier)</u>	<u>Cashout Price for Deficient Quantities</u>
Greater of first 100 MMBtu	
Or 0% up to 2%	100% of Monthly Index Price
> 2% Up to 5%	120% of Monthly Index Price
> 5%	140% of Monthly Index Price

For purposes of determining the tier at which an Imbalance will be cashed out, the price will apply only to volumes within a tier. For example, if there is a 7% imbalance, Deficient Quantities that make up the first 2% of the Imbalance will be priced at 100% of the Monthly Index Price. Deficient Quantities making up the next 3% of the Imbalance will be priced at 120% of the Monthly Index Price. Deficient Quantities making up the remaining 2% of the Imbalance will be priced at 140% of the Monthly Index Price.

- E. Cashout of volumes relating to prior period adjustments shall be cashed out at 100% of the Monthly Index Price applicable to the Production Month in which the prior period adjustment was created.

(Continued from Sheet No. E-46.00)

E29. CASHOUT MECHANISM (Contd.)

E29.5 Imbalance Trading

- A. Company will allow a Nominating Agent to net Imbalances with other Nominating Agents within the Alpena System Dry Points and within the Non-Alpena System Dry Points, but not between Alpena System Dry Points and the Non-Alpena System Dry Points. Gas from Alpena System Dry Points must be transported to Company's Woolfolk delivery point, or other points as identified on DTE Gas's electronic nomination system before imbalance trading can occur.
- B. The information required for imbalance trading must include the identification of both Nominating Agents involved in the trade, production period, and the Monthly volume to be traded. Imbalances must be traded with Imbalances in the opposite direction and must move the Nominating Agent's Imbalance closer to zero.
- C. Company will enable the imbalance trading process by:
- (1) Receiving the request for imbalance trade;
 - (2) Receiving the imbalance trade confirmation;
 - (3) Sending the imbalance trade notification;
 - (4) Reflecting the trade on the Nominating Agent's next Monthly imbalance or cashout invoice.
- D. Imbalance trades can only be withdrawn by the initiating Nominating Agent and only prior to Company sending the imbalance trade notification.
- E. Company will post on its electronic nomination system a list of imbalance trading procedures in order to facilitate the Monthly trading of Imbalances.

E29. CASHOUT MECHANISM (Contd.)

E29.6 Billing and Payment

- A. On or about the 20th calendar day of each Month, Company shall render to Nominating Agent a statement of the Cashout amount for the preceding Production Month.
- B. In cases where a Deficient Quantity exists, Nominating Agent shall make payments to Company within 10 calendar days of the statement date. Payments shall be remitted to Company as directed on the invoice.
- C. In cases where an Excess Quantity exists, Company shall make payments to Nominating Agent within 10 calendar days of the statement date. Company shall remit payments to Nominating Agent in the manner directed by Nominating Agent.
- D. In the event that Nominating Agent fails to pay the amount of any statement rendered by Company within the allowed time, then Nominating Agent will be subject to immediate suspension of service, i.e., nominations will not be accepted, until such amount is paid. By authorizing Nominating Agent to nominate gas, Title Holder is deemed to be the guarantor for payment of any amounts due Company not paid by Nominating Agent. In addition to any other remedies Company may have, without notice or approval, (1) Company may offset any indebtedness it owes under this mechanism or otherwise to Nominating Agent and or Title Holder against any amounts Nominating Agent or Title Holder owes to Company under this mechanism and (2) Company may take title, at no cost and free and clear of any adverse claims, to Title Holder's gas on Company's system including but not limited to gas in Company's and DTE Michigan Gathering Company's transportation facilities, parked gas and gas in Company's storage facilities as compensation for service in the event Nominating Agent defaults on any of its cashout payment obligations to Company. Company will only take title to an amount of Title Holder's gas necessary to offset the undisputed dollar amount Nominating Agent owes to Company. The monetary value of the gas will be the Monthly Index Price for the Month in which the imbalance occurred.

SECTION F
GAS CUSTOMER CHOICE PROGRAM

F1. GENERAL PROVISIONS

A Supplier desiring to supply gas to customers under the Gas Customer Choice Service Rate CC (Rate CC) must receive a license from the Commission, register with the Staff of the Commission, and execute an “Alternative Gas Supplier Agreement” with the Company prior to any solicitation of the Company’s customers. Such agreement shall require compliance with all of the terms of this Rule F1 through F5.

Alternative Gas Supplier (AGS) or Supplier means a marketer, broker, producer, or other entity that has received a license from the Commission and executed an Alternative Gas Supplier Agreement with the Company to deliver gas supplies to customers under Rate CC.

Program means the Gas Customer Choice Program approved by the Commission.

F1.1 Customers may elect to participate in the Program and Suppliers may solicit customer participation at any time. However, if a customer is in arrears with the Company, the customer is not eligible to participate in this customer choice program until arrearages have been paid in full to the Company.

F1.2 A customer who is a transportation or sales customer of the Company must comply with any minimum term requirements of those tariffs before being permitted to switch to Rate CC.

F1.3 The customer’s selection of a Supplier shall remain in effect until (i) terminated by the customer or the Supplier, or (ii) the Supplier becomes disqualified from participating in the Program, or (iii) the Company receives an enrollment for that customer from another Supplier. The Company shall incur no liability for relying on information from a customer or a Supplier which the Company believes to be genuine.

F1.4 A Supplier shall provide the Company, no later than 3 business days prior to the end of the calendar month prior to the month in which the Supplier’s customer commences service, a cash deposit in the amount of \$10.00 per Mcf for 10/365ths of the Company-estimated total annual load for those customers selecting that Supplier. The cash deposit shall be adjusted if the Company-estimated total annual load for those customers changes. As an alternative to a cash deposit, the Supplier may provide an irrevocable letter of credit from a financial institution, a surety bond, or a parental guarantee satisfactory to the Company in not less than the amount of the cash deposit. Any such letter of credit, surety bond or parental guarantee shall be in a form acceptable to the Company. The amount of cash deposit, letter of credit, surety bond or parental guarantee shall be applied against any unpaid charges and/or fees, as well as any price reconciliation liabilities, or liabilities associated with Supplier default. Cash deposit amounts not so applied shall be refunded to the Supplier if the Supplier ceases to serve customers under the Program.

Michigan Public Service Commission
dated September 25, 2012 in Case No. U-17047
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. F-1.00)

F1. GENERAL PROVISIONS (Contd.)

The Company shall pay simple interest to each Supplier who makes a cash deposit for the time the deposit is held. The interest rate shall be the average monthly short-term borrowing rate available to the Company for each month, or months in which the deposit is held. Payment of the interest to the Supplier shall be made at least semi-annually. The deposit shall cease to draw interest on the date the deposit is returned, on the date service is terminated, on the date the deposit is applied against any unpaid charges, fees or liabilities or the date that notice that the deposit is no longer required is sent to the Supplier's last known address.

F1.5 *Monthly* remittances to the Supplier will be adjusted by a Supply Equalization Charge. The Supply Equalization Charge shall be equal to the product of: (a) and (b) where (a) equals the Company's weighted average monthly cost of gas purchased for the months from the preceding April through the current billing month less the *average actual* price per Mcf *billed to customers*, converted to price per MMBtu using the system-average Btu factor; and (b) equals the increase for that month, if any, in the amount by which the cumulative Mcf quantity billed to customers for the Program Year, converted to MMBtu using the system-average Btu factor, exceeds the cumulative Supplier deliveries for the Program Year in MMBtu. The Supply Equalization Charge shall not be less than zero. The Program Year is the year beginning April 1 and ending the following March 31.

F1.6 A Supplier shall pay a monthly Administrative Fee of \$100.00 per Supplier-designated Pricing Category.

F1.7 The Company will provide each Supplier with a monthly schedule of quantities for delivery of gas into the Company's system on behalf of the Supplier's customers. The initial schedule will indicate quantities that the Supplier is required to deliver each day *on an aggregate basis for all accounts served by a Supplier, i.e., all Supplier-designated Pricing Categories will be combined*. The schedule will be updated by the Company on a monthly basis. For most Gas Customer Choice customers, scheduled daily volumes will not normally vary by more than plus/minus 10% from 1/365th of the estimated annual customer load to be served by the Supplier. Scheduled daily quantities for Gas Customer Choice customers for electric peakers, greenhouses, grain dryers, asphalt plants and large new loads without historical load information may be determined by the Company on a different basis than set forth above. The Supplier shall be responsible for obtaining sufficient pipeline capacity to meet its delivery obligations.

Issued under authority of the
Michigan Public Service Commission
dated March 18, 2014 in Case No. U-17487

(Continued from Sheet No. F-2.00)

GENERAL PROVISIONS (Contd.)

F1.8 Gas delivered into the Company's system shall comply with Rule B1, Technical Standards for Gas Service, Part 8, Gas Quality.

F1.9 Each supplier shall notify the Company's Gas Transportation Administration Department of the daily quantity of gas that the Supplier is nominating for delivery on behalf of each Supplier-designated Pricing Category. Such nominations shall be submitted in accordance with the Company's existing nomination procedures.

F1.10 A Supplier that falls short of the delivery schedule, described in F1.7, above, shall pay a per MMBtu "Failure Fee" for all shortages in the amount of \$6.00 per MMBtu (\$10.00 per MMBtu during periods of a Company-declared supply emergency in accordance with Rule C3.1, Curtailment of Gas Service for Gas Supply Deficiency plus the higher of (a) the cost of gas billed to sales customers pursuant to the Company's Rule C7 or (b) the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey, for the following locations for the month in which the breach occurred or the month following such breach: Dawn, Ontario; Chicago city-gates; Consumers city-gates; or MichCon city-gates.

A Supplier that falls short of the required delivery schedule obligation to the extent that the cumulative unpaid Failure Fees exceed any cash deposit or alternative assurance described in F1.4, above, shall have its Alternative Supplier status revoked. Subject to Rule C2, Controlled Service, the Supplier's customers shall become sales rate customers of the Company.

F1.11 All customer billing and remittance processing functions for services provided under Rate CC will be performed by the Company. The Supplier will be charged a monthly fee of \$0.30 per customer account. The Company will be responsible for credit and collection activities for the amounts billed directly to the customer by the Company. The Supplier must, at least three business days prior to the start of each billing month, furnish to the Company, in a format acceptable to the Company, the price per Mcf or Ccf to be billed to each Supplier-designated Pricing Category on its behalf, or the most recently supplied price will be used.

Regulatory Affairs

Detroit, Michigan

Michigan Public Service Commission December 10, 2024 Filed by: DW

Effective for service rendered on
and after November 21, 2024

Issued under authority of the
Michigan Public Service Commission
dated November 7, 2024 in Case No. U-21291

(Continued from Sheet No. F-3.00)

F.1 GENERAL PROVISIONS (Contd.)

F1.12 The Company shall remit to the Supplier, approximately 21 days from the end of each calendar month, an amount for the cost of gas equal to the MMBtu quantities that the Supplier has delivered onto the Company's system, not in excess of the Supplier's delivery obligation, multiplied by the lesser of the *average actual* price per Mcf billed to the Supplier's customers that month, converted to MMBtu, or 110% of the cost of gas billed to sales customers pursuant to the Company's Rule C7. *The average actual price per Mcf billed to the Supplier's customers is the total amount billed to Supplier's customers for that billing month divided by the total quantity, in Mcf, billed to Supplier's customers for the same month.* The amount to be remitted shall be reduced for any applicable Supply Equalization Charges, Administrative Fees, Billing Fees, Failure Fees, and/or amounts owed pursuant to the annual price reconciliation per F1.13.

F1.13 Except as set forth below, within 60 working days after the end of the April billing cycle, or upon revocation of a Supplier's Alternative Supplier status, the Company will reconcile the cost per MMBtu remitted to the Supplier per F1.12, before reductions for Administrative Fees, Billing Fees, Failure Fees, and Supply Equalization Charges, converted to cost per Mcf using the monthly system-average Btu factor, with the price per Mcf billed to customers over the course of the Program Year on the Supplier's behalf. Any difference multiplied by the smaller of the Mcf delivered by the Supplier or the billed customer consumption for the Program Year being reconciled, will be reflected in an adjustment on the next monthly remittance to the Supplier.

In those instances where the volumes delivered by the Supplier exceed the billed customer consumption for the Program Year being reconciled, then gas delivered by the Supplier in excess of the billed customer consumption for the Program Year will be returned to the Supplier in kind.

F1.14 If the Commission or its Staff determines that a Supplier has not complied with the terms and conditions of the Program, the Commission or its Staff shall direct a utility or utilities to suspend the Supplier's Alternative status until the Commission or its Staff determines that necessary changes have been made to comply with the requirements. Failure to make the necessary changes or further non-compliance with the requirements of the terms and conditions of the Program may result in the Supplier's termination from the Program. If a Supplier is terminated, subject to Rule C2, Controlled Service, its customers shall become sales rate customers of the Company.

Issued under authority of the
Michigan Public Service Commission
dated March 18, 2014 in Case No. U-17487

(Continued from Sheet No. F-4.00)

F1. GENERAL PROVISIONS (Contd.)

F1.15 Where used in this Rule, the term “month,” unless otherwise indicated, means billing month when referring to customer consumption and calendar month when referring to deliveries by Suppliers.

F1.16 The *annual reconciliation*, annual load requirement, delivery schedules, Supply Equalization Charges, and delivery shortfall Failure Fees shall apply on an aggregate basis for all accounts served by a Supplier, i.e., all Supplier-designated Pricing Categories will be combined.

F1.17 The Company may disclose, at such times as requested by the Commission or its Staff, the gas rates charged to Rate CC customers.

F1.18 The Company shall have the authority to issue operational flow orders, or take other action which it deems necessary, to ensure system reliability, even if such action may be inconsistent with other provisions of these Program Rules.

F1.19 The Company will act as Supplier of last resort under the Program.

F1.20 A Supplier must include the Company’s required tariff language in all of its contracts. If a customer has a complaint against a Supplier, the customer should try to resolve it first with the Supplier. If the complaint is unresolved, the customer should involve the Commission by contacting the Commission Staff. Should the customer choose to involve the Company in a complaint, the Company shall forward the complaint information to the Commission Staff and the Supplier for resolution. The Company shall have no responsibility for resolving disputes between customers and Suppliers but shall provide information if requested by the customer or Commission Staff.

F1.21 The Transportation Standards of Conduct, Rules E11 and E12, shall apply to the GCC program.

F1.22 The Company will convert customer consumption from Mcf to MMBtu using monthly system average Btu factor.

F1.23 *The Company will make Customer information available to the Supplier in accordance with the applicable provisions of Section C12 Customer Protections, Customer Access to Data and Section E11(F), Transportation Standards of Conduct, of its tariff. Customer information will be available to the Supplier through the Company’s electronic system within 10 days of such information becoming available to the Company. Customer information regarding customer consumption will comply with all applicable provisions of the Commission’s Consumers Standards and Billing Practices for Electric and Natural Gas Service.*

F2. CUSTOMER PROTECTIONS

DEFINITIONS:

Alternative Gas Supplier (AGS) or Supplier means a marketer, broker, producer, or other entity that has received a license from the Commission and executed an Alternative Gas Supplier Agreement with the Company to deliver gas supplies to customers under Rate CC.

Customer:

- Residential means a purchaser (account holder) of natural gas that is supplied or distributed by a utility for residential purposes.
- Small Commercial means a non-residential customer (business name) with aggregate usage of 500 Mcf of natural gas or less per year.
- Large Commercial means a non-residential customer (business name) with aggregate usage above 500 Mcf of natural gas per year that is supplied or distributed by a utility for non-residential purposes.

Legally authorized Person means a person that has legal documentation or legal authority to enroll a residential or commercial customer into a binding contract. A legally authorized person includes, but is not limited to, an individual with power of attorney or a corporate agent authorized to enter into contracts on a corporation's behalf.

Program means the Gas Customer Choice Program approved by the Commission.

The terms **signature** or **signed** include electronic signatures as defined in the Michigan Uniform Electronic Transactions Act.

These provisions shall be monitored and enforced solely by the Commission or its Staff.

dated September 25, 2012 in Case No. U-17047
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. F-6.00)

F2. CUSTOMER PROTECTIONS (Contd.)

F2.1 A Supplier must provide residential and small commercial customers with a 30-day unconditional right to cancel the contract without termination fees following the date the customer signs the contract. The first day of the 30-day period is the day after the contract is entered into by the customer. The exercise of this unconditional right by the customer may occur through a verbal or written communication with the Supplier. The Supplier shall promptly submit a de-enrollment file to the Company within three (3) business days after receiving notice that a customer has cancelled the contract in order to return to the Company sales rate. The Supplier shall not submit a de-enrollment file to the Company if the customer is transferring to another AGS. A customer who cancels within the specified period will be treated as not having exercised their customer choice option with respect to the enrollment which is cancelled. The Company is not required to de-enroll a customer until after it receives a de-enrollment file from the Supplier or a new enrollment file from a different Supplier.

F2.2 A customer has the right to terminate participation with a Supplier at any time after the unconditional cancellation period, through verbal or written communication with the Supplier. The customer may switch Suppliers or cancel their contract at anytime with a Supplier, however the customer shall be made aware of the existence and amount of any early termination fee by the Supplier. The Supplier shall execute a customer's request for cancellation without delay, irrespective of whether an early termination fee or other penalty is paid to the Supplier.

F2.3 A Supplier's sales representatives, agents, or employees must not represent itself in any manner as an employee, affiliate, subcontractor, or agent of the Company. A Supplier's sales representatives, agents, or employees must prominently display identification on the front of their outer clothing that identifies them as employees or agents working on behalf of a Supplier, and includes the name of the Supplier and the name and identification number of the person representing the Supplier. Suppliers must comply with all local ordinances before their sales representatives, agents, or employees begin door-to-door marketing. Door-to-door marketing and telephone marketing must be performed between 9:00 A.M. & 8:00 P.M.

F2.4 All contracts offered by the Supplier and signed by the customer must be clearly labeled at the top of the contract as "Gas Customer Choice Contract" with the Supplier's name, the type of contract being offered and in a font size of at least 16 point and bold.

A. A Supplier must use a font size of at least 12 point for its contract with residential and or small commercial customers.

F2. CUSTOMER PROTECTIONS (Contd.)

- B. All terms and conditions of the contract are considered part of the contract and must be included in the contract document and provided to the customer as one document at the time of signing the contract. The signature can appear on a separate or easily separable document from the terms and conditions as long as the signature page also includes an identifier that is the same as that which appears on the terms and conditions and also includes the customer's name, account number and the language contained in F2.8J.
- C. Customers enrolling through verbal means shall have the entire contract including the rate, terms and conditions included in the contract provided to them in writing via U.S. mail or verifiable electronic mail. This correspondence shall be postmarked within seven (7) days of the customer's verbal enrollment.
- D. Customers enrolling through electronic means shall have the entire contract including the rate, terms and conditions included in the contract provided to them in writing via U.S. mail and by verifiable electronic mail. These correspondences shall be postmarked within seven (7) days of the customer's electronic enrollment with the Supplier

F2.5 The maximum early termination fee for residential contracts of one year or less shall not exceed \$50. The maximum early termination fee for residential contracts of longer than one year shall not exceed \$100.

The maximum early termination fee for small commercial contracts of one year or less shall not exceed \$150. The maximum early termination fee for small commercial contracts of longer than one year shall not exceed \$250.

F2.6 Contracts may continue after initial term expiration on a month-to-month basis, cancelable at anytime without penalty.

F2.7 Any contract that is not signed by the customer or legally authorized person shall be considered null and void. Only the customer account holder or legally authorized person shall be permitted to sign a contract. A Supplier and its agent shall make reasonable inquiries to confirm that the individual signing the contract is a legally authorized person.

F2. CUSTOMER PROTECTIONS (Contd.)

F2.8 The following information must be included in all residential and commercial Supplier's contracts with a customer.

- A. The Supplier's name.
- B. The Supplier's address.
- C. The Supplier's toll-free telephone number.
- D. Cancellation rights. All residential and small commercial customers have a 30-day unconditional right to cancel the contract without termination fees following the date the customer signs the contract.

All large commercial customers have a 14-day unconditional right to cancel the contract without termination fees following the date the customer signs the contract. This class of customer may waive this right of cancellation by affirmatively agreeing to waive this right on the contract. This customer protection waiver should be prominent in the contract language.

- E. Any customer fees or penalties related to the contract.
- F. The contract pricing provisions in unit rates the customer is typically billed for.
- G. The terms regarding contract length.
- H. If the Supplier does not offer a fixed price, the contract and all related marketing materials must contain a clear explanation of the pricing factors used to determine the price and an example of how the pricing factors would be implemented.
- I. Provision for a 60-day advance notice to the customer of any price change at the expiration of a fixed price contract.

F2. CUSTOMER PROTECTIONS (Contd.)

- J. (i) **Residential Contracts must include:** In bold 14 point type above the place for the customer's signature, the following statement: I acknowledge that I am the account holder or legally authorized person to execute a contract on behalf of the account holder. I understand that by signing this contract, I am switching the gas Supplier for this account to (new Supplier name). I understand that gas purchased for this account by (new Supplier name) will be delivered through DTE Gas Company's delivery system. The account holder, or the person who signed this contract on behalf of the account holder, has 30-days after today to cancel this contract for any reason through written or verbal notification to (new Supplier name).
- (ii) **Small Commercial Contracts must include:** In bold 12 point type above the place for the legally authorized customer's signature and company business title, the following statement: I acknowledge that I am the account holder or legally authorized person to execute a contract and legally bind the business in this contract. I understand that by signing this contract, I am switching the gas Supplier for this commercial account to (new Supplier name). I understand that gas purchased for this commercial account by (new Supplier name) will be delivered through DTE Gas Company's delivery system. The legally authorized person to execute a contract and legally bind the business in this contract has 30-days after today to cancel this contract for any reason through written or verbal notification to (new Supplier name).
- (iii) **Large Commercial Contract must include:** In bold 12 point type above the place for the legally authorized customer's signature and company business title, the following statement: I acknowledge that I am the account holder or legally authorized person to execute a contract and legally bind the business in this contract. I understand that by signing this contract, I am switching the gas Supplier for this commercial account to (new Supplier name). I understand that gas purchased for this commercial account by (new Supplier name) will be delivered through DTE Gas Company's delivery system. The legally authorized person to execute a contract and legally bind the business in this contract has 14-days after today to cancel this contract for any reason through written or verbal notification to (new Supplier name). I may waive this right of cancellation by affirmatively agreeing to this waiver on the contract. If you terminated your contract today, and if the unconditional cancellation period did not apply, based on current gas prices and your historical usage, a good-faith estimate of your termination fee would be (AGS places its fee here). This termination fee is subject to change as your usage and the market price of gas fluctuate.

(Continued from Sheet No. F-10.00)

F2. CUSTOMER PROTECTIONS (Contd.)

F2.9 A Supplier must allow the Commission Staff an opportunity to review and comment on its residential and small commercial contract(s), marketing materials and scripts at least five business days before the Supplier intends to use the contract(s) and marketing materials in the marketplace.

F2.10 A Supplier that does not comply with the requirements of Section F of this tariff will have its participation in the Program suspended until the Commission or its Staff has determined that necessary changes have been made to comply with the requirements. Any continuing or further non-compliance or use of materials that the Commission or its Staff determines do not meet all of the requirements of Section F of this tariff may result in the Supplier's termination from the Program.

F2.11 A Supplier must distribute a confirmation letter to residential customers by U.S. mail. The confirmation letter must be postmarked within seven (7) days of the customer or legally authorized person signing a contract with the Supplier. The confirmation letter must include the date the letter was sent, the date the contract was signed, the term of the contract with end date, the fixed or variable rate charged, the unconditional cancellation period, any early termination fee, the Supplier's toll-free number, the Commission's toll-free number and any safety-related messages required by the Company. The confirmation letter may be sent with the contract in cases where a contract must be sent. The Company is not required to distribute letters to customers confirming a customer's choice of an Alternative Supplier.

A Supplier must distribute a confirmation letter to all commercial customers by certified U.S. mail, verifiable facsimile or verifiable electronic mail within seven (7) days of the customer or legally authorized person signing a contract with the Supplier. The Supplier shall be responsible for maintaining records that verify delivery and receipt of the confirmation letter, facsimile or E-mail. The confirmation letter must be sent to the business's principal office. The confirmation letter must include the date the letter was sent, the date the contract was signed, the term of the contract with end date, fixed or variable rate charged, the unconditional cancellation period, if any, any early termination fee, the Supplier's toll-free number, the Commission's toll-free number and any safety-related messages required by the Company. Suppliers must include a good-faith estimate of the Large Commercial customer's early termination fee, identifying the applicable pricing factors and an example of how the fee is calculated.

F3. SOLICITATION REQUIREMENTS

DEFINITIONS:

Alternative Gas Supplier (AGS) or Supplier means a marketer, broker, producer, or other entity that has received a license from the Commission and executed an Alternative Gas Supplier Agreement with the Company to deliver gas supplies to customers under Rate CC.

Customer:

- Residential means a purchaser (account holder) of natural gas that is supplied or distributed by a utility for residential purposes.
- Small Commercial means a non-residential customer (business name) with aggregate usage of 500 Mcf of natural gas or less per year.
- Large Commercial means a non-residential customer (business name) with aggregate usage above 500 Mcf of natural gas per year that is supplied or distributed by a utility for non-residential purposes.

Legally authorized Person means a person that has legal documentation or legal authority to enroll a residential or commercial customer into a binding contract. A legally authorized person includes, but is not limited to, an individual with power of attorney or a corporate agent authorized to enter into contracts on a corporation's behalf.

Program means the Gas Customer Choice Program approved by the Commission.

The terms **signature** or **signed** include electronic signatures as defined in the Michigan Uniform Electronic Transactions Act.

These provisions shall be monitored and enforced solely by the Commission or its Staff.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. F-12.00)

F3. SOLICITATION REQUIREMENTS (Contd.)

F3.1 It is the Supplier's responsibility to have a current valid contract with the customer at all times. The Commission or its Staff may request a reasonable number of records from a Supplier to verify compliance with this customer verification provision and, in addition, may request records for any customer due to a dispute. For each customer, a Supplier must be able to demonstrate that a customer has made a knowing selection of the Supplier by at least one of the following verification records:

- A. An original signature from the customer or legally authorized person.
- B. Independent third party verification with an audio recording of the entire verification call.
- C. An e-mail address if signed up through the Internet.

F3.2 Suppliers and agents who are soliciting customers must comply with the following requirements:

- A. The Supplier and its agents must clearly identify the AGS on whose behalf they are soliciting.
- B. The Supplier and its agents must not represent themselves as employees or agents of the Company.
- C. The Supplier and its agents must affirmatively indicate if they are a marketing affiliate of the Company, that the affiliate is a separate entity and that the affiliate is not regulated by the Commission.
- D. The Supplier and its agents must submit residential and small commercial contract(s), marketing materials and scripts to the Commission Staff for review at least five (5) business days prior to using the materials in the marketplace.
- E. The Supplier and its agents cannot remove the original of the customer's bill from the residence or small commercial office.
- F. The Supplier and its agents must comply with truth in advertising in all verbal, written, or electronic statements to the customer.
- G. *A Supplier who is actively marketing and/or enrolling customers in the Company's territory will post to the Commission's gas rate comparison website at MI.gov/CompareMIGas its generally available offers for residential and small commercial customers per the Terms and Conditions of the AGS licensing application.*

F3.3 A Supplier must provide a copy of the contract to the customer, including all terms and conditions. The contract must contain all provisions as set forth in F2.

F4. SUPPLIER LICENSING AND CODE OF CONDUCT

DEFINITIONS:

Alternative Gas Supplier (AGS) or Supplier means a marketer, broker, producer, or other entity that has received a license from the Commission and executed an Alternative Gas Supplier Agreement with the Company to deliver gas supplies to customers under Rate CC.

Customer:

- Residential means a purchaser (account holder) of natural gas that is supplied or distributed by a utility for residential purposes.
- Small Commercial means a non-residential customer (business name) with aggregate usage of 500 Mcf of natural gas or less per year.
- Large Commercial means a non-residential customer (business name) with aggregate usage above 500 Mcf of natural gas per year that is supplied or distributed by a utility for non-residential purposes.

Legally authorized Person means a person that has legal documentation or legal authority to enroll a residential or commercial customer into a binding contract. A legally authorized person includes, but is not limited to, an individual with power of attorney or a corporate agent authorized to enter into contracts on a corporation's behalf.

Program means the Gas Customer Choice Program approved by the Commission.

The terms **signature** or **signed** include electronic signatures as defined in the Michigan Uniform Electronic Transactions Act.

These provisions shall be monitored and enforced solely by the Commission or its Staff.

F4.1 A Supplier is required to be licensed by the Commission and provide the following information prior to any solicitation:

- A. The name of the Supplier's company/corporation and type of organization.
- B. The Supplier's mailing address.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. F-14.00)

F4. SUPPLIER LICENSING AND CODE OF CONDUCT (Contd.)

- C. The Supplier's principal place of business address.
- D. The Supplier's Michigan office address and toll-free phone number during normal business hours for customer inquiries and concerns.
- E. The Supplier and its agents must submit residential and small commercial contract(s), marketing materials and scripts to the Commission Staff for review at least five (5) business days prior to using the materials in the marketplace.
- F. Name, address, phone number, and email address of person designated to receive and respond to requests from the Commission or its Staff with respect to inquiries, complaints and regulatory matters.

F4.2 As a condition of licensing as a Supplier, a Supplier must agree to abide by a code of conduct that provides:

- A. The Supplier will issue accurate and understandable contract(s) and marketing materials.
 - i. The Supplier and its agents will not engage in communications or practices that are fraudulent, deceptive or misleading.
 - ii. The Supplier and its agents will maintain sufficient documentation to support any claims made to customers in advertising, marketing, promoting or representing the sale of gas supply or related services.
 - iii. The Supplier will provide this documentation to the Commission or its Staff upon request.
 - iv. Marketing materials must contain the price per Mcf/Ccf, the period of time over which the price is valid, the term of the contract, the Supplier's name and telephone number, the area which the Supplier serves and the types of customers that the Supplier serves.
 - v. If the Supplier does not offer a fixed price, the marketing materials must contain a clear explanation of the pricing factors used to determine the price and an example of how the pricing factors would be implemented over a relevant time period and for relevant usages. Marketing materials shall clearly identify optional services.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No.F-15.00)

F4. SUPPLIER LICENSING AND CODE OF CONDUCT (Contd.)

- B. The Supplier will commit to truth in advertising. The Supplier will provide gas supply and related services at advertised terms and conditions.
- C. The Supplier will comply with all Company Program rules and tariffs as they are contained in the Company's "Rate Book for Natural Gas Service."
- D. The Supplier must comply with Commission rules relating to response to customer complaints, formal complaints and customer service.
- E. The Supplier will provide accurate and sufficient customer service information. The Supplier will advise customers of their name, address, toll free telephone number and other service information, including dispute resolution procedures. The Supplier will give customers accurate and complete information on the customer's rights and responsibilities. The Supplier will maintain regular hours during which customers can make inquiries and complaints. Customer inquiries to a Supplier that are related to gas emergencies, such as gas leaks or outages, should be directed to the Company.
- F. The Supplier must inform a customer of the amount of its early termination fee prior to de-enrollment or transfer to another AGS. A customer is responsible to know if early termination fees apply in their contract. If after the Supplier discloses the early termination fee amount and the customer returns to the Company sales rate or switches to another AGS, the customer may be responsible for early termination fees or other penalties owed to the Supplier. The Supplier shall execute a customer's request for cancellation without delay, irrespective of whether an early termination fee or other penalty is paid to the Supplier.
- G. The Supplier will not switch a customer to the Supplier's service without the express authorization of the customer. The Supplier will use appropriate marketing and verification methods for switching customers. The Supplier will agree not to charge the customer for services that the customer has not expressly authorized. The Supplier will apply appropriate verification methods for any charges applied to the customer's account. The Supplier shall maintain verification records for as long as the customer's contract is valid, plus an additional three (3) more years. Suppliers who switch or charge customers without the proper authorization must refund the supply or other charges to the customer and pay any administrative fees, such as switching fees, necessary to reverse the actions.

(Continued from Sheet No.F-16.00)

F4. SUPPLIER LICENSING AND CODE OF CONDUCT (Contd.)

- H. The Supplier will make a good faith effort to resolve customer disputes. The Supplier will have an internal customer dispute procedure which allows for complete, courteous, fair and timely responses to customer disputes and inquiries. The Supplier will investigate each complaint, report the results to the customer and attempt to resolve the complaint to the customer's satisfaction. If the complaint cannot be resolved, the Supplier will refer the customer to the Commission or its Staff. The Supplier will appoint at least one employee to be a contact person between the Supplier and the Commission or its Staff. The Supplier will provide complete reports of the complaint investigation and resolution to the Commission or its Staff within ten (10) business days for the resolution of customer complaints. The Supplier will cooperate with the Commission or its Staff to resolve disputes, including the provision of informational materials, contracts and verification records. The Supplier will keep a record of all customer disputes. Dispute records will be made available to the Commission, upon request.
- I. The Supplier will retain pipeline capacity sufficient to meet its customer requirements.
- J. *A Supplier who is actively marketing and/or enrolling customers in the Company's territory will post to the Commission's gas rate comparison website at ML.gov/CompareMIGas its generally available offers for residential and small commercial customers per the Terms and Conditions of the AGS licensing application.*

F5. PROCEDURES FOR COMPLAINTS BETWEEN SUPPLIERS AND THE COMPANY

If the Company receives a verbal complaint from a Supplier related to the Program rules and operational features, the Company will resolve the complaint on an informal basis. If the Company and the complainant are unable to resolve the complaint on an informal basis, the procedures outlined below will be followed:

F5.1 Complainant will route all formal complaints in writing to:

DTE Gas Company
One Energy Plaza
Detroit, MI 48226
Attention: Legal Department

F5.2 The Company will acknowledge the receipt of the formal written complaint, in writing, within five (5) working days of receipt by the Company.

F5.3 The Company will confirm and amend the prepared written statement of the complainant to ensure the complaint includes the name of the complainant, relevant dates and specific claims.

F5.4 The Company will prepare a written statement communicating to the complainant the results of the Company's preliminary investigation within 15 working days of the initial receipt of the complaint by the Company with a description of the action taken or proposed to be taken.

Issued under authority of the
Michigan Public Service Commission
dated September 11, 2014 in Case No. U-17580

(Continued from Sheet No.F-17.00)

F5. PROCEDURES FOR COMPLAINTS BETWEEN SUPPLIERS AND THE COMPANY (Contd.)

F5.5

- A.** If the complainant is satisfied with the action taken or proposed to be taken, complainant will acknowledge its agreement by signing and returning a copy of the Company's written statement addressing the action taken or proposed to be taken.
- B.** If the complainant is not satisfied with the Company's response, then the complainant may address the complaint to the Commission.

F6. GAS CUSTOMER CHOICE SERVICE RATE CC

Availability

Subject to any restrictions, this Rate is available to any customer desiring gas service where the customer's gas is provided by an Alternative Gas Supplier under Section F1, General Provisions. However, if a customer is in arrears with the Company, the customer is not eligible to participate in this customer choice program until arrearages have been paid in full to the Company. A customer will take service under this Rate commencing with the customer's first full billing month following enrollment. A Gas Customer Choice Service Rate CC (Rate CC) customer may switch Suppliers at the end of any billing month provided the Company receives sufficient notice in a form acceptable to the Company. A customer may change Suppliers one time in any 12-month period at no cost to the customer. A fee of \$10.00 will be required for each additional change of Supplier within the same 12-month period. If a Supplier's actions force a customer to the Company's sales service, the customer may choose another Supplier within two billing cycles without a switching fee regardless of the length of time that has elapsed since the customer left the Company's sales service. Except as set forth in the preceding sentence, a customer returning to the Company's sales service rates from Rate CC is subject to the Character of Service provisions of those sales rates, and except as otherwise provided, must remain on the sales rate for 12 months.

Minimum Term

A customer who has elected to take service under Rate CC may switch or cancel Suppliers at any time. A customer who has elected to take service under Rate CC may return to the Company sales rate at anytime, but must remain on the sales rate for 12 months. A customer may also change from Rate CC to another rate if (i) the customer exercises an unconditional right of cancellation pursuant to Section F with the initial Supplier selected by the customer, (ii) the customer establishes that the customer was enrolled by a Supplier without the customer's knowing consent, (iii) the Supplier's action forces the customer to the Company's sales service, (iv) the Supplier selected by the customer defaults under its Alternative Gas Supplier Agreement, or (v) the Supplier selected by the customer has its Alternative Supplier status revoked or terminated.

and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No.F-18.00)

F6. GAS CUSTOMER CHOICE SERVICE RATE CC (Contd.)

Nature of Service

The customer will remain a customer of the Company. The Company will read the meter and render a bill to the customer for the monthly customer charge, distribution charge, surcharges, penalties and taxes. The Alternative Supplier's cost of gas charges will be billed as part of the Company's bill. Service is subject to the Company's Rate Book for Natural Gas Service as approved by the Commission. By requesting service on this Rate, the customer gives consent to the Company to furnish to the customer's Alternative Supplier pertinent customer sales or transportation data.

Monthly Rate

Customer Charge

As shown on the customer's applicable sales Rate Schedule.

Distribution Charge

As shown on the customer's applicable sales Rate Schedule.

Gas Commodity Charge

The customer's cost of gas will be as communicated to the Company each month by the customer's Alternative Supplier. If a participating customer obtains gas supply from the Company as a result of its chosen Supplier becoming disqualified, or the customer otherwise returns to the Company's sales supply, the customer is subject to Rule C2, Controlled Service.

General Terms and Surcharges

This Rate is subject to all general terms and conditions shown on Sheet No. D-1.00 and surcharges shown on Sheet No. D-2.00 and is also subject to charges, terms and conditions set forth in Section F.

Minimum Charge

The minimum charge shall be the Customer Charge included in the rate.

F6. GAS CUSTOMER CHOICE SERVICE RATE CC (Contd.)

Due Date and Late Payment Charge

The due date of a customer's bill shall be 21-days from the date the bill was sent. The due date of a nonresidential customer's bill shall be 21-days from the date the bill was sent. A late payment charge of 2%, not compounded, of the unpaid portion of the bill, net of taxes, shall be assessed to any bill that is delinquent.

Term and Form of Contract

Service under this Rate shall require authorization in a manner specified by the Company.
