

Commercial & Industrial Energy Efficiency Forum: Pursuing Deep Energy Savings

May 24, 2012, 9:00 – 12:00 pm

Michigan Library and Historical Center, 702 W Kalamazoo Street, Lansing, Michigan

9:00 – 9:05: Opening Comments

- Commissioner Greg White, Michigan Public Service Commission; former Co-Chair SEE Action Industrial Energy Efficiency and Combined Heat and Power Workgroup
- The SEE Action network is a state and local effort facilitated by the federal government (DOE and EPA) that helps states, utilities and other local stakeholders take energy efficiency to scale and achieve all cost effective energy efficiency by 2020.

9:05 – 9:20: State Perspective

- Valerie Brader, Senior Policy Advisor to Governor Rick Snyder

9:20 - 10:05: Industrial Energy Efficiency policies in the context of current research done in partnership with the Midwest Governors Association, the World Resources Institute, and the Great Plains Institute.

- Lola Schoenrich, Great Plains Institute
- James Bradbury, World Resources Institute

10:05 – 10:20: BREAK

10:20 – 11:05: Deep Savings Pilot Programs: utility presentation of new programs available to commercial and industrial customers in Michigan

- Consumers Energy
- DTE Energy

11:05 – 11:20: Pilot Programs Discussion

- Questions or comments on new programs presented by the utilities?
- Are there other innovations you would like to see within these programs?

11:20 – 11:35: University of Michigan Industrial Assessment Center

- Dr. Arvind Atrea, University of Michigan Mechanical Engineering, Industrial Energy Center
- Energy efficiency audits funded through the U.S. Department of Energy are available to qualified industrial energy users in Michigan to reduce energy consumption, reduce waste and increase productivity.

11:35 – 11:40: A new energy efficiency financing initiative

- Robert Jackson, State of Michigan Energy Office
