EO Collaborative Evaluation Workgroup

March 24, 2010, 1:30-4:00 p.m.

Hearing Room D – [Map to MPSC Offices](#)

Phone-In: 1-877-336-1828, Access Code: 222-0392#

AGENDA

1. Discuss Rule 460.246 Energy Optimization Program Evaluations

Any part of the rule will be open to discussion, but some particular issues needing discussion/clarification are identified below.

- 1c – Definition of schedule/timeline.
- 1e – Do methods across IOUs need to be consistent?
- 1f – Clarification of rule: Programs implemented vs. approved.
- 1g – Discussion of what this clause means.
- 2b - Discussion of what this clause means (specifically “consideration of....”)
- 2d – Defining what the current MEMD actually is.
 - What do we mean by deemed estimated savings value?
 - What does “measured gross energy savings values using sampling methods” mean?
- 2e – Discussion of Net-to-Gross application.
 - Identification of measure vs. program NTG
 - If NTG at measure level how to define NTG for measures not evaluated (e.g., measures with low participation – pipe wrap)
 - Timing for application (not every program will have evaluations every year or even in the year after plan approval)
 - Each utility will derive NTG for their measures/programs. Does the collaborative evaluate all NTGs to develop a common NTG?
- 2g – Clarify purpose of this rule
- 2h – Clarification of what this rule requires compared to agreements previously made with self direct customers.
- 3 – Discussion of language for identifying 2010 as having NTG of 1 and language identifying NTG application for 2011 and beyond.

2. Identify process for formal recommendations that will be submitted to Steering Committee.

DELEG is an equal opportunity employer/program.

Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.

3. Identify key issues for discussion at the April Evaluation Collaborative related to savings values in the MEMD and their utilization by utilities for documenting program performance.

Upcoming dates

Evaluation: Tuesday, April 27 1:30-4:00 p.m.

Design and Implementation: Tuesday, April 27 9:00-4:00 p.m.

Steering Committee: April 29
