**TECHNICAL TERMS AND ABBREVIATIONS  
FOR ALL CUSTOMERS**

(D) For all reports to the Commission, a cubic foot of gas means that volume of gas which when dry, at 60 degrees Fahrenheit and at absolute pressure of 14.73 pounds per square inch, occupies one cubic foot.

Customer -- Any purchaser of gas supplied by the Company.

Liquefied Petroleum Air Gas -- A gas produced by mixing an appropriate quantity of air with propane vapor, butane vapor, or a mixture of such vapors.

LP - Air - Gas -- Liquefied Petroleum air gas.

LPG -- Liquefied petroleum gas.

Mcf -- 1,000 cubic feet.

Meter -- Unless otherwise qualified, a device of a utility used in measuring a quantity of gas.

Mixed Gas -- A gas produced by mixing natural gas with substitute natural gas, liquefied petroleum gas, or liquefied petroleum air gas.

SNG -- Substitute natural gas.

Substitute Natural Gas -- Gas which is interchangeable and compatible with natural gas, and which is manufactured from carbon and hydrogen-bearing materials.

Therm -- 100,000 British thermal units.

Michigan Public Service Commission  
Dated: October 9, 2007  
In Case No: U-15152

### Supplemental Utility Service Charges

#### INSTALLATION OF EXCESS FLOW VALVE (WHEN SERVICE LINE IS RUN)

Effective February 3, 1999, the charge for the installation of an excess flow valve, when requested by the customer at the time a new service is installed or a replacement service is scheduled by the company, shall be \$30.00.

#### INSTALLATION OF EXCESS FLOW VALVE (SUBSEQUENT TO SERVICE LINE INSTALLATION)

Effective February 3, 1999, the charge for the installation of an excess flow valve, when requested by the customer after the installation of the original service that is not scheduled for replacement or for future maintenance, shall be the cost of labor, equipment and materials for the removal and/or repair of asphalt, concrete, sod, landscaping and piping (whichever are applicable), plus the installation charge.

Dated: October 9, 2007  
In Case No: U-15152

**SECTION B  
ADMINISTRATIVE RULES INDEX**

**B1. TECHNICAL STANDARDS FOR GAS SERVICE (R 460.2301 – R 460.2384) (FOR ALL CUSTOMERS)**  
[http://www7.dleg.state.mi.us/orr/Files/AdminCode/108\\_06\\_AdminCode](http://www7.dleg.state.mi.us/orr/Files/AdminCode/108_06_AdminCode)

**PART 1. GENERAL PROVISIONS**

- R 460.2301 Definitions
- R 460.2302 Application, Intention, and Interpretation of Rules; Utility Rules and Regulations
- R 460.2303 Rescission**

**PART 2 RECORDS, REPORTS, AND OTHER INFORMATION**

- R 460.2321 Retention of Records
- R 460.2322 Location of Records
- R 460.2323 Reports and Records Generally

**PART 3 SERVICE REQUIREMENTS**

- R 460.2331 Sale of Gas
- R 460.2332 Permanent Service Line Rules
- R 460.2333 Main Extension Rules
- R 460.2334 Temporary Service
- R 460.2335 Interruptions of Service

**PART 4 ENGINEERING**

- R 460.2341 Gas Facilities; Construction and Installation
- R 460.2342 Standards of Accepted Engineering Practice

**PART 5 INSPECTION OF METERS**

- R 460.2351 Meters and Associated Metering Devices; Inspections and Tests
- R 460.2352 Diaphragm-Type Meters; Meter Tests; Reports
- R 460.2353 Retirement of Meters
- R 460.2354 Accuracy of Metering Equipment; Tests; Standards
- R 460.2355 Meter Shop; Design; Meter Testing System; Standards; Handling; Calibration Cards; Calibrated Orifices
- R 460.2356 Pressure Measurement Standards
- R 460.2357 Records; Meter Tests
- R 460.2358 Records; Meter and Associated Metering Device Data

In Case No: U-15152

Continued From Sheet No. C-2.00

**C2. CONTROLLED SERVICE (Contd.)**

**C2.3 Approval. (Condt.)**

- (ii) The Company will open the highest priority first. If all the applicants within that priority are granted firm gas service, and sufficient supply is available, the next highest priority will be opened.
- (iii) If the available supply is committed before granting all applicants firm gas service, then those applicants who do not receive firm gas service shall have their standing reserved within their priority, but will not receive preference over a later applicant who qualifies for a higher priority, when gas again becomes available and priorities are again opened.
- (b) An applicant whose Controlled Service Priority is open at the time of application may be granted immediate approval provided such applicant demonstrates to the satisfaction of the Company that the construction and installation of the necessary equipment will proceed in a timely manner.
- (c) An applicant whose Controlled Service Priority is closed at the time of application, such that gas service is not initially granted, shall have his application for firm gas service kept on file by Controlled Service Priority and date application is received.
- (d) Notification of approval shall specify the date within which service must be commenced.

**C2.4 Forfeiture.**

- (a) An applicant who is not initially granted firm gas service, shall notify the Company in writing, within 30 days of date of notification of approval, of his intention to accept firm gas service, otherwise approved application is void.
- (b) A customer shall install the necessary equipment and commence gas service by the date specified in the company's notification of approval, otherwise the customer forfeits his reservation of firm supply.
- (c) If any time after commencing firm gas service, a customer switches to transportation service, that customer shall pay a System-Supply Entitlement Charge applied to transported volumes, otherwise such customer forfeits firm sales customer status.

The Company reserves the right to discontinue service to any customer who violates any of the provisions of this Rule.

### C3. CURTAILMENT OF GAS SERVICE

#### C3.1 Definitions

The following terms used in this rule shall have the meanings hereinafter set forth:

- (a) **Capacity deficiency** shall mean emergency situations whereby anticipated load may temporarily exceed the capacity of the Company's pipeline system to deliver volumes commensurate with such load, but such that the full design capacity of the system is unaffected. See Section C3.2(d)(iii) of this rule.
- (b) **Capacity restriction** shall mean restriction due to force majeure or other damage to the Company's facilities such that the full design capacity of the pipeline system is not available. See Section C3.2(d)(i) of this rule.
- (c) **Commercial gas requirements** shall include all service to customers engaged primarily in the furnishing or sale of goods or services including schools, local, state and federal government agencies and other public or private institutions for use other than those involving manufacturing or electric power generation.
- (d) **Customers**, unless otherwise specified, shall mean sales customers, transportation customers and storage customers.
- (e) **Deliveries** shall mean both transportation and sales volumes.
- (f) **End use customer** is a customer under the Company's sales and transportation rate schedules where the gas is used or consumed on the customer's premises to which the gas was delivered.
- (g) **Force majeure** shall mean acts of God, strikes, lockouts, or other industrial disturbances; acts of the public enemy, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms (including but not limited to hurricanes or hurricane warnings), crevasses, floods, washouts, actions of the government restricting use of the Company's facilities or operations, either Federal or State, civil or military disturbances. Force majeure shall also mean shutdowns for purposes of necessary repairs, relocation, or construction of facilities; inability to maintain sufficient pressure;

### C3. CURTAILMENT OF GAS SERVICE

#### C3.1 Definitions.

The following terms used in this rule shall have the meanings hereinafter set forth:

- (a) **Authorized Tolerance Level (ATL) balance** is defined as the cumulative balance of excess deliveries from month to month, up to 5% of the transportation customer's annual contract quantity. Excess deliveries are defined as gas delivered to the Company, on behalf of the customer, less gas in kind and gas redelivered to the customer, on a monthly basis.
- (b) **Capacity deficiency** shall mean emergency situations whereby anticipated load may temporarily exceed the capacity of the Company's pipeline system to deliver volumes commensurate with such load, but such that the full design capacity of the system is unaffected. See Section C3.2(d)(iii) of this rule.
- (c) **Capacity restriction** shall mean restriction due to force majeure or other damage to the Company's facilities such that the full design capacity of the pipeline system is not available. See Section C3.2(d)(i) of this rule.
- (d) **Commercial gas requirements** shall include all service to customers engaged primarily in the furnishing or sale of goods or services including schools, local, state and federal government agencies and other public or private institutions for use other than those involving manufacturing or electric power generation.
- (e) **Customers**, unless otherwise specified, shall mean sales customers, transportation customers and storage customers.
- (f) **Deliveries** shall mean both transportation and sales volumes.
- (g) **End use customer** is a customer under the Company's sales and transportation rate schedules where the gas is used or consumed on the customer's premises to which the gas was delivered.
- (h) **Force majeure** shall mean acts of God, strikes, lockouts, or other industrial disturbances; acts of the public enemy, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms (including but not limited to hurricanes or hurricane warnings), crevasses, floods, washouts, actions of the government restricting use of the Company's facilities or operations, either Federal or State, civil or military disturbances. **C3. CURTAILMENT OF GAS SERVICE (Condt.)**

**C3.1 Definitions. (Contd)**

- (h) **Force majeure (contd)** pressure; failure of electronic data capability; breakage or accident to machinery or lines of pipeline; the necessity of testing (as required by governmental authority or as deemed necessary by the Company for the safe operation thereof), the necessity of making repairs or alterations to machinery or lines of pipe; failure of surface equipment or pipelines; accidents, breakdowns, inability to obtain necessary materials, supplies, rights of way or permits, or labor to perform or comply with any obligation or condition of service; and any other causes, whether of the kind herein enumerated or otherwise which are not reasonably within the control of the Company. It is understood that the settlement of strikes and lockouts or controversies with landowners involving rights of way shall be entirely within the Company's discretion and that the above requirement that any force majeure be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts or controversies with landowners involving rights of way by acceding to the demands of the opposing party when such course is inadvisable in the discretion of the Company.
- (i). **Industrial gas requirements** shall include all service to customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product including the generation of electric power.
- (j) **Pipeline system constraint condition** shall mean any situation where a pipeline serving the Company reduces its daily balancing tolerance for transporters (including the Company) delivering gas into the Company's system or increases its imbalance or unauthorized overrun charges temporarily because of capacity limitations or for other reasons.
- (k) **Requirements for plant protection** shall mean such minimum volumes of gas as required to prevent physical harm to the plant facilities or danger to plant personnel when such protection cannot be afforded through the use of an alternate fuel. This includes the protection of such material in process as would otherwise be destroyed, but shall not include deliveries required to maintain plant production.
- (l) **Requirements for services essential for public health and safety** shall mean gas purchased for use by or in connection with hospitals, convalescent homes, nursing homes, medical centers and clinics; water and sewage treatment and waste disposal facilities; civil defense centers and public utility buildings; newspapers, radio and television stations; fire stations, police stations, jails and penal institutions; and such other uses of gas as are found qualified by the Michigan Public Service Commission as requirements for services essential for public health and safety; provided, however, that requirements for boilers which have alternate fuel capability shall not qualify as requirements for services essential for public health and safety without the express authorization of the Michigan Public Service Commission.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.1 Definitions. (Contd)**

- (m) **Residential gas requirements** shall include all direct natural gas usage for space heating, cooking, water heating, and other residential uses in a single family dwelling or in an individual flat or apartment; or to two or more households served by a single meter (one customer) in a multiple family dwelling, or portion thereof. A “multiple family dwelling” includes such living facilities as, for example, cooperatives, condominiums and apartments; provided each household within such multiple family dwelling has the normal household facilities such as bathroom, individual cooking and kitchen sink. A “multiple family dwelling” does not include such living facilities as, for example, penal or corrective institutions, motels, hotels, dormitories, nursing homes, tourist homes, military barracks, hospitals, special care facilities or any other facilities primarily associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product, or service by a public or private person, entity, organization or institution.
- (n) **Supply deficiency** shall mean emergency situations whereby the Company is temporarily unable to procure gas supplies commensurate with its system requirements.
- (o) **System supply customer** shall mean those customers who purchase natural gas requirements from the Company

**C3.2 Curtailment of Gas Service.**

- (a) Company’s Rights to Curtail

The Company recognizes its primary public service obligation is to maintain gas service to its customers. If, in the event of an emergency arising, for example, out of extreme cold weather, a pipeline system constraint condition, a supply deficiency, a capacity deficiency, a capacity restriction or other causes referred to as force majeure situations, the Company determines that its ability to deliver gas may become inadequate to support continuous service to its customers on its system, the Company shall have the right to partially or completely curtail service to its customers in accordance with the curtailment procedures set forth below, irrespective of the contracts in force. This plan applies to all gas sales, transportation and storage service provided by the Company. The Company will implement this curtailment plan throughout its system to the extent necessary and possible, consistent with its practical operation, considering such factors as system capacity and the extent to which curtailment of customers in a specific portion of the Company’s system may remedy the emergency.

### **C3.2 Curtailment of Gas Service. (Contd)**

(b) Steps Prior to Curtailment

When there is adequate time during an emergency situation, and if applicable, the following steps will be implemented by the Company prior to the enforcement of the curtailment plan established by this Rule.

- (i) Curtail deliveries to any customer in excess of volumes allowed under contracts;
- (ii) Implement an Operational Flow Order (OFO). An OFO, as further described in Section C3.2(c), invokes daily balancing upon transportation customers and allows the Company to limit transportation customers' use of their ATL balances and storage customers' daily storage injection/withdrawal volumes to that level authorized by the Company;
- (iii) **Implement contingency contracts for emergency gas supply purchases established in advance. Seek to purchase additional gas supplies at prices which shall be regarded as reasonable and prudent under the conditions then existing;**
- (iv) Make a public service announcement for voluntarily dial-down actions by system supply customers;
- (v) Ask transportation customers to voluntarily reduce use and/or increase deliveries.

(c) Implementation of an Operational Flow Order (OFO)

(i) Purpose of an OFO

An OFO may limit the availability of daily balancing services for transportation customers, the use of ATL balances by transportation customers, and the use of daily storage injections/withdrawals by storage customers.

(ii) Conditions for Implementation of an OFO

An OFO may **only** be implemented for any gas day during which one or more of the following conditions exist:

### C3.2 Curtailment of Gas Service. (Contd)

(ii) Conditions for Implementation of an OFO (Contd)

- a) The forecast calls for a 65 Corrected Degree Day Deficiency (CDDD) or more.
- b) One or more of the pipelines serving the Company restricts the availability of authorized overrun service.
- c) One or more of the pipelines serving the Company curtails interruptible deliveries and/or firm transportation via primary or secondary delivery points.
- d) One or more of the pipelines serving the Company declares some form of system constraint condition.
- e) One or more of the pipelines serving the Company issues its own OFO or its equivalent to the Company.
- f) As a preemptive action on the part of the Company to obviate the need to curtail firm gas deliveries due to an emergency on the Company's system.

(iii) Scope of an OFO

The OFO will be issued to those customers whose gas usage or nominating activity can be changed in order to minimize a) the potential of a curtailment on all or a portion of the Company's system or b) the potential imposition of penalties upon the Company.

(iv) Notice of an OFO

- a) Preliminary notification of a possible OFO

To the extent possible or practical, the Company will notify all potentially affected transportation or storage service customers via telephone, facsimile or other electronic means as soon as it believes that an OFO may be required. Notice will indicate the period the OFO may be in effect and the anticipated level of restricted daily tolerance or authorized storage injection/withdrawal levels.

- b) Notification of an OFO

If the decision is made to implement an OFO, the Company will notify all affected transportation customers via telephone, facsimile or other electronic means. It is the customers' responsibility to inform the Company of the correct telephone and facsimile numbers and, if appropriate and available, to monitor the Company's

### C3.2 Curtailment of Gas Service. (Contd)

b) Notification of an OFO (contd)

if appropriate and available, to monitor the Company's electronic communication system for notice of an OFO. A facsimile **or email** confirmation sheet to the last facsimile number **or email address** provided by the customer will be conclusive evidence that the Company provided appropriate notice. The Company will issue notice as soon as possible in advance of the deadline for nominations on the upstream pipelines and in advance of the Company's Gas Track Online nomination deadline as specified on Sheet No. E-5.00. Notice will indicate the period the OFO will be in effect, the restricted daily tolerance level and the need for nomination changes, if necessary, to balance usage with gas deliveries to the Company. OFOs restricting storage service will indicate the authorized injection/withdrawal level. As soon as the Company determines that it is in a position to cancel the OFO, it will notify all affected transportation customers via telephone or facsimile **or by email after automated email notifications become technically feasible for the Company** as to when the OFO is canceled.

(v) OFO Conditions

a) High Flow Constraint Period

- i). A high flow constraint period can be declared when:
- 1) The Company determines that distribution capacity limitations will affect the ability to serve customers in a specific geographic area for a specified period; or
  - 2) The Company determines that the expected demand may exceed the expected supply for a specified period.
- ii). When the Company determines that a high flow constraint condition exists, the Company can declare a "High Flow Constraint Period" and customers must limit their consumption. Customers taking service under gas transportation may not consume more gas than their daily delivered supply of gas and adhere to the limitations set on the availability of ATL balances.
- iii). The customer shall limit its daily consumption of gas to its total daily delivered supply and ATL limitations until notified by the Company that the "High Flow Constraint Period" has ended.
- iv). Any customer consuming more than its daily delivered supply of gas and ATL limitations on any given day during a "High Flow Constraint Period" shall be deemed to have "Unauthorized Usage". Unauthorized Usage shall be subject to OFO penalty charges as outlined below. The Unauthorized Usage for gas transportation service shall be determined by using the Company's remote meter reading equipment.

### C3.2 Curtailment of Gas Service. (Contd)

b) Notification of an OFO (contd)

electronic communication system for notice of an OFO. A facsimile confirmation sheet to the last facsimile number provided by the customer will be conclusive evidence that the Company provided appropriate notice. The Company will issue notice as soon as possible in advance of the deadline for nominations on the upstream pipelines and in advance of the Company's Gas Track Online nomination deadline as specified on Sheet No. E-5.00. Notice will indicate the period the OFO will be in effect, the restricted daily tolerance level and the need for nomination changes, if necessary, to balance usage with gas deliveries to the Company. OFOs restricting storage service will indicate the authorized injection/withdrawal level. As soon as the Company determines that it is in a position to cancel the OFO, it will notify all affected transportation customers via telephone or facsimile as to when the OFO is canceled.

(v) Penalties for Violation of an OFO

After the Company has provided actual notice of implementation of an OFO, any gas usage in excess of the volumes authorized (confirmed nomination volume plus authorized ATL balance) during the period when the OFO has been instituted will be subject to unauthorized use charges, with such charges being in addition to those normal charges made under the applicable rate schedules. The charge for any unauthorized usage shall be the highest index price reported during the period of OFO for MichCon, Consumers Energy or Chicago LDCs as reported by Gas Daily plus \$10 per Mcf or, in the event that Gas Daily discontinues its reporting of such prices, any comparable reporting service plus \$10 per Mcf. In the event that the Company receives a resulting pipeline penalty, the charge for any unauthorized usage by a transportation customer required to operate under the OFO shall be the higher of the penalty assessed by the pipeline (the largest penalty if multiple pipelines) or the index price plus \$10 per Mcf. The Company will make reasonable efforts to avoid or minimize pipeline penalties by attempting to incur the lower of pipeline penalties or the cost of purchasing additional gas. Unauthorized use charges will be billed separately from any cash-outs of month-end ATL imbalances and will be considered a sale of gas. Unauthorized usage volumes and the applicable days' indexes will not be included in the computation of the month-end cash-out of ATL imbalances for the OFO days during which the customer was assessed the unauthorized use charge. Likewise, the confirmed nomination volumes applicable to these days will not be used to determine the % monthly imbalance tiers for the month-end ATL imbalance cash-out.

### C3.2 Curtailment of Gas Service (Contd.)

(v) OFO Conditions (Contd.)

a) High Flow Constraint Period (Contd.)

v). For Transportation customers utilizing the Aggregation of Accounts option outlined in section E-5.3 of MGUC's Transportation Tariff, for purposes of determining "Unauthorized Usage" during a "High Flow Constraint Period", the Aggregated Accounts shall be assumed to have consumed the average of their meter read for the period on a daily basis and OFO penalties will be assessed accordingly.

vi). For each Third Party Pool and/or Stand-Alone customer, on a daily basis during a High Flow Constraint Period, the undertake difference between the entire pool's and/or customer's Adjusted Scheduled Delivered Quantity and the entire pool's and/or customer's actual usage will be divided into two blocks as defined below. The number of Mcf's in each block will be multiplied by the respective rate for that block in accordance with the following table:

Percent Undertake Difference From Adjusted Scheduled Delivered Quantity	Rate Per Mcf (See Sheet E-13.00 for current effective rates)
>0.0% up to 10.0%	
>10.0%	

b) Low Flow Constraint Period

i). A low flow constraint period can be declared when:

- 1) The Company determines that the expected supply delivered to a geographic area may exceed expected demand for a specified period; or
- 2) The capacity to manage excess city gate supply is inadequate to manage the expected excess supply delivered by the Company and/or customers; or the Company's gas supply plan may not accommodate unplanned storage injections.

ii). When the Company determines that a low flow constraint condition exists, the Company can declare a "Low Flow Constraint Period" and customers must consume all gas delivered into the Company's system.

iii). The Company shall require the customer to consume all gas delivered into the Company's system each day until they are notified by the Company that the "Low Flow Constraint Period" is ended.

Continued From Sheet No. C-12.01

**C3.2 Curtailment of Gas Service. (Contd)**

(vi) Penalties for Violation of an OFO

**a) Unauthorized Usage (High Flow Constraint Period):**

After the Company has provided actual notice of implementation of an OFO, any gas usage in excess of the volumes authorized (**delivered gas volume plus authorized ATL balance, unless availability of ATL balances is restricted by conditions of the OFO**) during the period when the OFO has been instituted will be subject to unauthorized **usage** charges. Such charges **shall be** in addition to those normal charges made under the applicable rate schedules. The charge for any unauthorized usage shall be the highest index price reported during the period of OFO for MichCon, Consumers Energy or Chicago LDCs as reported by Gas Daily plus \$10 per Mcf, **regardless if the Company is assessed any penalties. In the event that Gas Daily discontinues its reporting of such prices, any comparable reporting service plus \$10 per Mcf shall apply.** In the event that the Company receives a resulting pipeline penalty, the charge for any unauthorized usage by a transportation customer required to operate under the OFO shall be the higher of the penalty assessed by the pipeline (**if a customer utilizes multiple pipelines, penalties shall be assessed to the customers utilizing the effected pipeline based upon their portion of the volumes moved on each pipeline**) or the index price plus \$10 per Mcf. The Company will make reasonable efforts to avoid or minimize pipeline penalties by attempting to incur the lower of pipeline penalties or the cost of purchasing additional gas. Unauthorized **usage** charges will be billed separately from any cash-outs of month-end ATL imbalances and will be considered a sale of gas. Unauthorized usage volumes and the applicable days' indexes will not be included in the computation of the month-end cash-out of ATL imbalances for the OFO days during which the customer was assessed the unauthorized use charge. Likewise, the confirmed nomination volumes applicable to these days will not be used to determine the % monthly imbalance tiers for the month-end ATL imbalance cash-out.

**C3.2 Curtailment of Gas Service. (Contd)**

**(vi) Penalties for Violation of an OFO (Contd)**

**b) Excess Delivery (Low Flow Constraint Period):**

Any gas delivered in excess of the metered consumption volumes during the period when the OFO has been instituted will be subject to "Excess Delivery" charges, with such charges being in addition to those normal charges made under the applicable rate schedules. The charge for any excess deliveries shall be \$10 per Mcf, regardless of whether the Company is assessed any penalties. In the event that the Company receives a resulting pipeline penalty, the charge for any excess deliveries by a transportation customer required to operate under the OFO shall be the higher of the penalty assessed by the pipeline (the largest penalty if multiple pipelines are utilized) or \$10 per Mcf. Excess delivery charges will be billed separately from any cash-outs of month-end ATL imbalances. Excess delivery volumes however, will still be considered in the determination of the month-end cash-out of ATL imbalances.

**c) Extended OFOs:**

Where an OFO has been imposed for an extended period of fifteen days or more in any thirty (30) day period, the Company will waive the Monthly Cash-Out provisions of the Transportation tariff, which prohibit negative imbalances and/or volumes in excess of the ATL, during each month in which the OFO condition ended in which fifteen out of the last thirty days occurred. Such waiver shall permit customers the opportunity to bring their purchased gas within the distribution system back in-line with month end tariff limitations. The waiver of the monthly cashout provisions shall cease at the end of the first month in which an OFO was in place for less than fifteen out of the previous thirty days and will correspond with the Company's monthly billing cycles.

Corrective actions on the part of the customer beyond those identified in the Company's Rate Book, Section E, Gas Transportation, will need to be discussed with, scheduled with and pre-approved by the Company's Gas Supply department, subject to seasonal restrictions and operational constraints of the system; such approval shall not be unreasonably withheld.

### **C3.2 Curtailment of Gas Service (Contd.)**

(vi) Penalties for Violation of an OFO (Contd.)

e) Nominations and Waivers:

The Company reserves the right to reject any nomination on a particular pipeline that does not meet its operational requirements. Rejecting or confirming nominations by the Company does not release the transportation customer/supplier from its obligations under the tariff. Failure to pay an unauthorized usage or excess delivery charge when due shall subject the customer to termination of gas service.

The Company reserves the right to waive, on a non-discriminatory basis, any unauthorized usage charge non-pipeline penalty for violating an OFO if such penalty is the result of actions beyond the customer's control. Penalties collected by the Company will be credited to the Company's booked GCR cost of gas sold.

### C3.2 Curtailment of Gas Service. (Contd)

#### (vi) Penalties for Violation of an OFO (Contd)

##### d) Trading of Daily OFO Positions:

During OFO conditions, for purposes of minimizing exposure to penalties, the Company will permit the trading of daily volumes between customers. Such trades shall be limited to same day events and may also be limited to geographic areas, depending upon the supply conditions of the system. The customer from whom the gas is transferred shall be charged a \$25 fee for each transaction/trade.

Trades shall be conducted at the end of the month, or upon notification of a “penalty” charge situation and shall be limited to a five day period. The Company will not be responsible for such trades. The trades will be conducted solely between the customers, subject to the Company’s approval, which shall not be unreasonably withheld. The Company reserves the right to deny any requested trade that does not meet the Company’s distribution system constraints or operating conditions.

The Company shall provide customers notice of their month end imbalances and OFO penalty conditions in conjunction with their monthly transportation invoice on or about the twenty-second day of each calendar month. Within five business days of receiving such notice, a customer seeking to utilize trades to offset an OFO penalty situation shall provide the Company notice of all requested trades via email, including the day(s) and volume(s). The Company shall notify customers via email by the close of business on the seventh business day after receiving notice of the requested trade whether the proposed trades are accepted or rejected. If rejected, the Company will provide customers with the reason(s) therefore.

##### e) Nominations and Waivers:

The Company reserves the right to reject any nomination on a particular pipeline that does not meet its operational requirements. **Rejecting or confirming nominations by the Company does not release the transportation customer/supplier from its obligations under the tariff.** Failure to pay an unauthorized usage or excess delivery charge when due shall subject the customer to termination of gas service.

The Company reserves the right to waive, on a non-discriminatory basis, any unauthorized usage charge **non-pipeline penalty for violating an OFO** if such **penalty** is the result of actions beyond the customer’s control. **Penalties** collected by the Company will be credited to the Company’s booked GCR cost of gas sold.

### C3.2 Curtailment of Gas Service. (Contd)

(v) Penalties for Violation of an OFO (Contd)

The Company reserves the right to reject any nomination on a particular pipeline that does not meet its operational requirements. Failure to pay an unauthorized use charge when due shall subject the customer to termination of gas service. The Company reserves the right to waive, on a non-discriminatory basis, any unauthorized use charge if such charge is the result of actions beyond the customer's control. Unauthorized use charges collected by the Company will be credited to the Company's booked GCR cost of gas sold.

(d) Notice and Method of Curtailment

If a curtailment becomes necessary, the Company shall provide notice to the Commission and all affected customers of the nature, probable duration and extent of such curtailment. Such notice will be given as far in advance as possible.

(i) If a curtailment becomes necessary due to capacity restrictions, the Company shall determine the amount of firm service capacity that is available (residual firm capacity). The residual firm capacity shall be curtailed in accordance with the curtailment priority categories set forth in subparagraph (f) of this Rule, beginning with Curtailment Priority Five and proceeding to the next highest priority category.

- a) Curtailments may be simultaneously instituted in more than one curtailment priority category provided that gas usage falling within a lower priority category is being completely curtailed.
- b) If system deliverability permits only partial delivery of gas to a given priority category of use, curtailment will be effected on the basis of a pro rata sharing using the base period deliveries to customers for that priority category. If a customer has entered into an arrangement for voluntary reduction of use and/or increase in deliveries pursuant to Paragraph(b)(v) above, the volumes associated with such voluntary reductions of use or increase in deliveries shall be attributed to that customer's pro rata share.
- c) Upon notice of a curtailment, the Company shall give customers with multiple locations the option to select which location will be subject to the curtailment, consistent with the practical and physical operational constraints of the Company's system.

#### C4. APPLICATION OF RATES

##### C4.1 Service to non-permanent structures.

When service is to be used at construction sites, or in other non-permanent structures where the facilities installed to provide service will not be used for permanent supply, the customer will be required to pay in advance to the Company a sum of money, which shall be the estimated non-recoverable cost of furnishing and installing all facilities of the Company necessary to provide such service, and the removal thereof. The customer shall not be relieved from his obligation to fulfill the term and minimum charge provisions of his agreement for service.

##### C4.2 Limitations Upon Service.

The Company's offer to supply gas service, including extensions of mains and service pipes are subject to the provisions, conditions and limitations from time to time imposed by orders, rules and regulations of governmental agencies having jurisdiction over the Company and are also contingent upon the Company's ability to obtain and use the necessary equipment, materials, facilities and labor.

During those periods of time when the Company is not able to obtain a sufficient supply of natural gas to meet the requirements of its existing customers, and/or to meet requests for natural gas service by new residential, commercial or industrial customers, it will be compelled to decline to attach new customers in order to avoid jeopardizing service to existing customers. In addition, the Company may be compelled, due to an insufficient supply of natural gas, to decline to make available additional loads to existing customers. Also, during a period of insufficient gas supply, the Company shall have the right to institute and maintain curtailments of gas service in accordance with the provisions of Rule B4 of these Rules, Regulations and Rate Schedules.

The Company may restrict existing industrial and commercial customers to that quantity of natural gas used during a twelve (12) month period determined by the Company and may enforce any such restriction by discontinuance of natural gas service to any industrial or commercial customer which violates such restriction until the Company is satisfied that any such industrial or commercial customer will abide by the restriction imposed.

During any such periods as described above, the Company will maintain priority lists which will be utilized to the extent practicable in the allocation of any additional gas supply received by the Company.

#### **C4. APPLICATION OF RATES (Condt.)**

##### **C4.3 Centrally Metered Installations.**

**A centrally metered installation is one that meets all of the following conditions:**

- (a) The complex is served by a single meter installation: and**
- (b) The fuel lines are buried underground from the central meter installation to the location at which each fuel line enters each building or mobile home at its outside wall; and**
  - i. Where the complex consists of two or more separate buildings, such as apartments, multifamily dwellings, dormitories or similar type buildings are supplied with gas and at least two buildings so supplied contain four or more living units, or**
  - ii. Where the complex consists of mobile homes, four or more mobile homes used as living units are supplied with gas.**
- (c) A centrally metered installation may also be an individual building served by a single meter installation where gas is provided to multiple living units.**

The customer served with a centrally metered installation must enter into an inspection and maintenance contract with the Company covering such customer-owned underground gas distribution system(s). The underground gas distribution system(s) downstream of the meter shall be paid for and owned by the customer.

The installation of the underground gas distribution system(s) from the central metering point to the location at which the gas line(s) enter(s) the customer's building or any extensions or modifications thereto, including the initiation of gas service to each building, will be the responsibility of the Company in accordance with the Company's design, installation, operation and maintenance procedures for underground pipe system(s) and in accordance with the Standards of the Michigan Gas Safety Standards.

#### C4. APPLICATION OF RATES (Condt.)

##### C4.3 Centrally Metered Installations.

A centrally metered installation is one that meets all of the following definitions:

- (i) Serves multiple living units (containing four or more living units) such as apartments, multiple family units, mobile home courts or institutions, such as schools or churches, and industrial complexes.
- (ii) The complex is served by a single meter installation located out of doors or in a separate building.
- (iii) More than one building is to be supplied with gas.
- (iv) The fuel lines are buried underground from the outlet of the meter to the location at which each fuel line enters the customer's building.

The customer served with a centrally metered installation must enter into an inspection and maintenance contract with the Company covering such customer-owned underground gas distribution system(s). The underground gas distribution system(s) downstream of the meter shall be paid for and owned by the customer.

The installation of the underground gas distribution system(s) from the central metering point to the location at which the gas line(s) enter(s) the customer's building or any extensions or modifications thereto, including the initiation of gas service to each building, will be the responsibility of the Company in accordance with the Company's design, installation, operation and maintenance procedures for underground pipe system(s) and in accordance with the Standards of the Michigan Gas Safety Standards.

The charge to the customer for the installation of the underground gas distribution system(s), or any extensions or modifications thereto, will be at the Company's cost plus appropriate overheads.

With respect to customer-owned underground gas distribution system(s), the customer will pay for the cost of inspection and maintenance of such underground gas distribution system(s) downstream of the meter at costs to be determined by the Company under terms agreed to in the Contract for Maintenance of Customer-Owned Underground Gas Distribution Systems as filed with the Michigan Public Service Commission. Extensions or modifications to customer-owned underground gas distribution system(s) shall be made only in accordance with the Contract for Maintenance of Customer-Owned Underground Gas Distribution Systems and shall be made by the Company.

**C4.3 Master Metered Systems (Condt.)**

Failure of a master metered customer to enter into and comply with the Contract for Maintenance of Customer-Owned Underground Gas Distribution Systems, as above described, shall be cause for cessation of gas service which will not be reinstated or installed until such contract has been executed and complied with.

**C4.4 Redistribution of gas service.**

Gas will not be supplied to any customer except for the customer's own use or for the use of the customer's tenants in the building or premise supplied with gas under the service agreement between the Company and the customer. Gas will not be supplied under a filed rate of this rate schedule for submetering or resale by or to any owner, tenant or occupant of any premises. A customer shall not submeter, resell or otherwise dispose of any gas supplied to him under any filed rate; except that a customer of the Company may redistribute such gas to his tenants in the premises supplied when the customer is supplied under a filed rate which does not prohibit such redistribution, and provided that no specific charge is made therein.

**C4.5 Notice of change in ownership of occupancy of premises.**

Immediately upon sale, lease or any other change in occupancy of the premises or any portion thereof supplied under an agreement for service, the customer shall give written notice to the Company of such change.

**C4.6 Choice of Rates**

**In some cases the customer is eligible to take service under a choice of rates. Upon request, the Company shall advise the customer in the selection of the rate which will give the customer the lowest cost of service, based on the information available, but the responsibility for the selection of the rate lies with the customer. After the customer has selected the rate under which the customer elects to take service, the customer shall not be permitted to change from that rate to another rate until at least 12 months have elapsed. The intent of this rule is to prohibit frequent shifts from rate to rate.**

**C5. CUSTOMER RESPONSIBILITIES**

**C5.1 Access to premises.**

The Company shall have the right of access to its meter or appurtenances upon the customer's premises at all reasonable times for the purpose of reading meters, of inspecting or repairing its meters and appurtenances, or of removing its property, or for any other proper purpose. All authorized employees of the Company are provided with proper identification.

## C5. CUSTOMER RESPONSIBILITIES (Condt)

### C5.2 Discontinuance or withholding of service.

The customer is responsible for the payment of bills until service is ordered discontinued and the Company has had reasonable time for securing a final meter reading.

The Company may disconnect service subject to the notification requirements of Rule 38 (R460.138) and Rule 14 (R460.2084) for those reasons set forth in Rule 37 (R460.137) or Rule 14 (R460.2084). If a hazardous condition exists, pursuant to Rule 36 (R460.136), service may be discontinued without notice. If service is terminated due to meter tampering or theft of gas, the customer may be required to bear all associated costs incurred by Michigan Gas Utilities, including, but not limited to, all materials charges, labor charges, investigation and prosecution costs, and such protective equipment as is deemed necessary.

A charge of forty-five dollars (\$45.00) will be made to cover the cost of restoring service when it has been discontinued because of theft or meter tampering.

### C5.3 Liability.

(a) Continuity of supply.

Except for gas supplied under certain transportation rates and Interruptible sales service, the Company will endeavor at all times to provide a regular and uninterrupted supply of service, but the Company shall not be liable for loss or damage which the customer may sustain by reason of the failure of the service, whether caused by accidents, repairs or otherwise, or incurred by the use of gas or appliances or presence of the Company's property on the customer's premises. Nor shall the Company be held liable for loss or damage occurring under or by virtue of the exercise of authority or regulation by governmental, military or lawfully established civilian agencies, or due to condition or causes beyond the Company's control.

(b) Customer's equipment.

Neither by inspection or non-rejection, nor in any other way does the Company give any warranty expressed or implied as to the adequacy, safety or other characteristics of any structures, equipment, wires, pipes, appliances or devices owned, installed or maintained by the customer or leased by the customer from third parties.

CANCELLED BY ORDER	U-21366
REMOVED BY	DW
DATE	12-18-23

Continued From Sheet No. C-22.00

**C5.3 Liability. (Contd)**

(c) Selection of rate.

The Company will endeavor to assist a customer in the selection of the filed rate which may be most favorable to his requirements, but the responsibility for the selection of the rate lies with the customer and the Company makes no warranty, expressed or implied, as to the rates, classifications or provisions favorable to the future service requirements of the customer.

After the customer has selected the rate under which the customer elects to take service, the customer shall not be permitted to change from that rate to another rate until at least 12 months have elapsed. The customer shall not be permitted to evade this rule by temporarily terminating service. However, the Company may, at its option, waive the provisions of this paragraph where it appears that an earlier change is requested for permanent rather than for temporary or seasonal advantage. The effective date of a rate change under this rule shall be the beginning read date of the next bill issued. The intent of this rule is to prohibit frequent shifts from rate to rate.

If a customer is in arrears with the Company, the customer is not eligible to switch rate classifications until arrearages have been paid in full or the Company grants a waiver.

**C5.4 Service charge for reconnection of discontinued service For Non-Payment of Bills (other than theft or tampering).**

A charge of **\$50.00** will be collected by the Company to offset the cost of restoring service during regular working hours to any customer whose previous service has been discontinued for nonpayment of bills or for any other breach by the customer of the Company's Rates, Rules and Regulations. If the customer specifically requests restoration of service after regular working hours and the customer is advised of the increased charge, a restoration charge of **\$100.00** shall be collected. This charge shall become part of the customer's arrears and will be subject to the same payment requirements applicable thereto.

**C5.5 Deposits.**

A reasonable cash deposit may be required of Residential customers according to Rules 9 and 10 (R460.109 and R460.110) and of Commercial customers according to Rule 13 (R460.2083), unless waived by the Company upon evidence of satisfactory credit in the opinion of the Company or if the account is guaranteed by a responsible party in lieu of deposit. Such guarantee must be in writing and specify maximum amount guaranteed by guarantor. If the customer refuses or fails to pay the required deposit or furnish a guarantor, the Company may withhold its service or discontinue its service. Interest on deposits from Residential customers shall accrue at the rate of seven percent (7%) per annum and shall be credited semi-annually or upon return of the deposit, whichever occurs first. Interest on deposits for Commercial

**C5.3 Liability. (Contd)**

(c) Selection of rate.

The Company will endeavor to assist a customer in the selection of the filed rate which may be most favorable to his requirements, but the responsibility for the selection of the rate lies with the customer and the Company makes no warranty, expressed or implied, as to the rates, classifications or provisions favorable to the future service requirements of the customer.

After the customer has selected the rate under which the customer elects to take service, the customer shall not be permitted to change from that rate to another rate until at least 12 months have elapsed. The customer shall not be permitted to evade this rule by temporarily terminating service. However, the Company may, at its option, waive the provisions of this paragraph where it appears that an earlier change is requested for permanent rather than for temporary or seasonal advantage. The effective date of a rate change under this rule shall be the beginning read date of the next bill issued. The intent of this rule is to prohibit frequent shifts from rate to rate.

**If a customer is in arrears with the Company, the customer is not eligible to switch rate classifications until arrearages have been paid in full or the Company grants a waiver.**

**C5.4 Service charge for reconnection of discontinued service For Non-Payment of Bills (other than theft or tampering).**

A charge of \$40.00 will be collected by the Company to offset the cost of restoring service during regular working hours to any customer whose previous service has been discontinued for nonpayment of bills or for any other breach by the customer of the Company's Rates, Rules and Regulations. If the customer specifically requests restoration of service after regular working hours and the customer is advised of the increased charge, a restoration charge of \$75.00 shall be collected. This charge shall become part of the customer's arrears and will be subject to the same payment requirements applicable thereto.

**C5.5 Deposits.**

A reasonable cash deposit may be required of Residential customers according to Rules 9 and 10 (R460.109 and R460.110) and of Commercial customers according to Rule 13 (R460.2083), unless waived by the Company upon evidence of satisfactory credit in the opinion of the Company or if the account is guaranteed by a responsible party in lieu of deposit. Such guarantee must be in writing and specify maximum amount guaranteed by guarantor. If the customer refuses or fails to pay the required deposit or furnish a guarantor, the Company may withhold its service or discontinue its service. Interest on deposits from Residential customers shall accrue at the rate of seven percent (7%) per annum and shall be credited semi-annually or upon return of the deposit, whichever occurs first. Interest on deposits for Commercial

Michigan Public Service Commission  
Dated: October 9, 2007  
In Case No: U-15152

Continued from Sheet No. C-23.00

**C5.5 Deposits. (contd.)**

customers shall accrue at the rate of seven percent (7%) per annum and shall be credited semi-annually or upon return of the deposit, provided that such deposit is held at least six (6) months.

**C5.6 Meter Reading and Billing Periods.**

Bills shall be rendered once each month as nearly as is possible on a normal monthly period. The term "month" for billing purposes will mean the period between any two consecutive readings to be taken as nearly practicable every 30 days. Reasonable efforts will be made to read the customer's meter at least once in two months on or about the same day of such meter reading month. When, for any reason, an actual meter reading is not obtained, the bill will be estimated on the basis of past service records, adjusted for seasonal variations. When past records are not available, billing will be based upon whatever other data are available. Each account shall be adjusted as necessary each time an actual meter reading is obtained. Bills rendered for gas service for periods when actual meter readings were not obtained, shall have the same force and effect as those based on actual meter readings.

Where the Company renders a bill for an elapsed period other than a regular billing period, the rates and charges will be prorated except that a customer who terminates service less than 28 days after the commencement of service will be billed for a month.

**C5.7 Payment of Bills.**

Bills for gas service furnished by the Company are due 21 days for residential customers and 21 days for non-residential customers from the date the bill is mailed (otherwise specified). Bills of the Company for service are payable at any District Customer Service Office or to a duly authorized "Payment Station" of the Company. Payment Stations are authorized to collect a fee from the customer for accepting payments.

**C5.8 Delinquent Bills.**

If any bill for gas service remains unpaid for a period of 26 days after it is rendered the Company shall have the right to discontinue such service upon ten days notice in writing of its intentions to so discontinue, and such discontinuance of service may be in effect until such bill has been paid.

**C5.9 Charge for Nonsufficient Funds (NSF) Check.**

A charge of **\$25.00** will be levied upon a customer for each check the customer issues the Company in payment for a gas bill when the check is returned to the Company marked NSF or closed account by the financial institution upon which the check is drawn. This charge will become part of the customer's arrears and will be subject to the same requirements applicable thereto.

**C5.10 Charge for on-premises collection.**

A charge of \$10.00 will be levied upon a customer where it is necessary for the Company to send an employee to the premises of the customer in order to collect that customer's bill. This charge will become part of the customer's arrears and will be subject to the same requirements applicable thereto.

**C6. EXTENSION POLICY**

[Rule C6 has been superseded by Rule C11.]

**C7. SERVICE LINES**

Rule 7 has been superseded by Rule C11, however customers taking service under main and/or service line extension projects initiated pursuant to Michigan Gas Utilities' Rules C6 and/or C7 will be grandfathered and will pay the charges applicable under those rules.

**C7.1 General provisions.**

To avoid misunderstanding, the customer should consult with the Company before starting work as to the exact location of the point of service termination. The Company reserves the right to determine the location of any service pipe.

Gas service shall be supplied to each building or premise through a single service pipe. If conditions are such that the customer requests service through more than one service pipe, such service shall constitute an additional sales point and shall require separate billing by the Company.

The Company shall own and maintain all service pipe.

**C7.2 Service lines less than 2 inches in diameter.**

The charge to the prospective customer shall be determined by measuring the horizontal distance over the service line, as installed, from the lot line (or main in the case of mobile home parks) to the meter location established by the Company and applying the applicable flat and unit charges. A sum of money equal to the estimated charge may be required from the customer at the time the application is accepted by the Company.

**C7.2 Service lines less than 2 inches in diameter (Condt.)**

- (a) (i) All applicants requiring a service line less than or equal to 175 feet in length (except mobile home park applicants) shall pay a \$250.00 flat charge for the first 50 feet or less, and \$5.00 per foot for each foot in excess of 50 feet to 175 feet.
- (ii) Applicants requiring a service line greater than 175 feet in length shall pay the lesser of:
  - a) the charges set forth under paragraph C7.2(a)(i) plus \$3.50 per foot for each foot in excess of 175 feet or
  - b) the cost of time and materials, with the total charges never to be less than \$875.00.
- (b) Additional charges for all applicants.  
\$6.00 additional charge per foot for each foot from lot line (or main in the case of mobile homes) to meter location to cover additional costs incurred during winter construction from December 15 to March 15.
- (c) All mobile home park applicants shall pay a flat charge of \$250.00 per service line.  
  
The customer shall pay for any permits and inspection fees required by state statutes or local ordinances for cutting streets or highways for converting or connecting any gas utilization equipment.
- (d) The charges to the prospective customer shall be equal to the Company's estimated total cost for all facilities to provide a tap on a main or pipeline operating at a pressure of more than 60 pounds per square inch gauge and any required upstream regulators, pressure relief and limiting devices, whether installed on public or private property.

**C6.2 COLLECTION AND USE OF DATA AND INFORMATION (contd.)**

- C. The Company will not sell Customer Account Information, except in connection with sales of certain aged receivables to collection firms for purposes of removing this liability from its accounts, unless it receives Informed Customer Consent.

**C6.3 DISCLOSURE WITHOUT CUSTOMER CONSENT**

- A. The Company shall disclose Customer Account Information when required by law or Commission requests or rules. This includes law enforcement requests supported by warrants or court orders specifically naming the customers whose information is sought, and judicially enforceable subpoenas. The provision of such information will be reasonably limited to the amount authorized by law or reasonably necessary to fulfill a request compelled by law.
- B. **Informed Customer Consent is not required for the disclosure of customer name and address to a provider of a value-added program or service, regardless of whether that provider is a utility affiliate or other entity within the corporate structure, or to a value-added program or service competitor, in compliance with MCL 460.10ee(10)(a) and Mich Admin Code, R 460.10109(2). Shared information (beyond a customer list) will remain encrypted during both transfer and storage. Customer list information will be password protected at no charge. The Commission will not be receiving or retaining any shared information on its website.**
- C. Informed Customer Consent is not required for the disclosure of customer name

**C6.4 DISCLOSURE TO COMPANY AGENTS AND CONTRACTORS**

- A. The Company shall disclose only the necessary Customer Account Information to Company Agents and Contractors working on behalf of the company for Primary Purposes and any other function relating to providing natural gas services without obtaining Informed Customer Consent.
- B. Contracts between the Company and its Company Agents or Contractors specify that all Company Agents and Contractors are held to the same confidentiality and privacy standards as the Company, its employees, and its operations. These contracts also prohibit Company Agents or Contractors from using any information supplied by the Company for any purpose not defined in the applicable contract.
- C. The Company requires its Company Agents and Contractors who maintain Customer Account Information to implement and maintain reasonable data security procedures and practices appropriate to the private nature of the information received. These data security procedures and practices shall be designed to protect the Customer Account Information from unauthorized access, destruction, use, modification, or disclosure. The data security procedures and practices adopted by the Contactor or Company Agent shall meet or exceed the data privacy and security policies and procedures used by the Company to protect Customer Account Information.

### C6.2 COLLECTION AND USE OF DATA AND INFORMATION (contd.)

- C. The Company will not sell Customer Account Information, except in connection with sales of certain aged receivables to collection firms for purposes of removing this liability from its accounts, unless it receives Informed Customer Consent.

### C6.3 DISCLOSURE WITHOUT CUSTOMER CONSENT

- A. The Company shall disclose Customer Account Information when required by law or Commission requests or rules. This includes law enforcement requests supported by warrants or court orders specifically naming the customers whose information is sought, and judicially enforceable subpoenas. The provision of such information will be reasonably limited to the amount authorized by law or reasonably necessary to fulfill a request compelled by law.
- B. Informed Customer Consent is not required for the disclosure of customer name and address to a provider of appliance repair services in compliance with MCL 460.10a(9)(a).
- C. Informed Customer Consent is not required for the disclosure of Aggregated Data.

### C6.4 DISCLOSURE TO COMPANY AGENTS AND CONTRACTORS

- A. The Company shall disclose only the necessary Customer Account Information to Company Agents and Contractors working on behalf of the company for Primary Purposes and any other function relating to providing natural gas services without obtaining Informed Customer Consent.
- B. Contracts between the Company and its Company Agents or Contractors specify that all Company Agents and Contractors are held to the same confidentiality and privacy standards as the Company, its employees, and its operations. These contracts also prohibit Company Agents or Contractors from using any information supplied by the Company for any purpose not defined in the applicable contract.
- C. The Company requires its Company Agents and Contractors who maintain Customer Account Information to implement and maintain reasonable data security procedures and practices appropriate to the private nature of the information received. These data security procedures and practices shall be designed to protect the Customer Account Information from unauthorized access, destruction, use, modification, or disclosure. The data security procedures and practices adopted by the Contactor or Company Agent shall meet or exceed the data privacy and security policies and procedures used by the Company to protect Customer Account Information.

**C7.3 Service lines 2 inches or larger in diameter.**

The charges to the prospective customer shall be equal to the Company's estimated total cost for all facilities between the prospective customer's property line and the meter location, as well as the estimated cost of a curb valve and curb box, a tap on a main or pipeline operating at a pressure of more than 60 psig, and any required upstream regulators, pressure relief and limiting devices, whether installed on public or private property.

A sum of money equal to the estimated charge for the service line installation may be required from the customer at the time the application is accepted by the Company.

**C7.4 Change in location of existing service facilities.**

Any change requested by the existing customer in the point of service termination or location of the service pipe, provided such change is approved by the Company, shall be made at the expense of the owner or occupant of the premises, who shall pay in advance the Company's estimated cost of such change.

**C7.5 Company's installation.**

Gas will be supplied to each building through a single meter, except where for reasons of Company economy, conditions on the Company's distribution system, situations calling for service under multiple rates, improvements of service conditions, or volume of the customer's requirements, the Company elects to install more than one meter. The Company will furnish, install, connect and maintain such meter or meters as are necessary for metering gas for Company billing purposes.

The Company will furnish, install and maintain one or more gas pressure regulators and/or other devices when they are required by the Michigan Gas Safety Standards for the supply of gas at proper pressure.

The customer shall furnish and maintain a suitable space for the service and metering equipment. Such space shall be readily accessible to authorized Company employees and shall otherwise conform to the Michigan Gas Safety Standards for such space and to the requirements of the authorities having jurisdiction.

#### C6.4 DISCLOSURE TO COMPANY AGENTS AND CONTRACTORS (contd.)

- D. The Company requires Company Agents and Contractors to return or destroy any Customer Account Information that it maintained and that is no longer necessary for the purpose for which it was transferred.
- E. The Company maintains records of the disclosure of customer data to Company Agents and Contractors in accordance with Company record retention policies and Commission rules. These records include all contracts with the Company Agent or Contractor and all executed non-disclosure agreements.

#### C6.5 CUSTOMER ACCESS TO DATA

- A. The Customer has a right to know what Customer Account Information the Company maintains about the Customer. The Company shall not provide data to a customer which the Company considers proprietary or used for internal Company business. The Company will make a reasonable effort to respond to requests for this information within 30 business days of being contacted by the Customer.
- B. The Company will provide to customers upon request, a clear and concise statement of the customer's actual energy usage, or weather adjusted consumption data for each billing period during the last twelve months, or both. The Company will notify customers at least once each year that customers may request energy usage, or weather adjusted consumption data or both.
- C. A Customer may request their consumption data by simply calling Customer Service at 1-800-401-6402 or by requesting such information online at the Company's website at <https://accel.michigangasutilities.com>. Upon positive verification, the information will be provided by the end of the following business day.
- D. Customers have the opportunity to request corrections or amendments to Customer Account Information that the Company maintains.
- E. Customers have the right to share their own Customer Account Information with third parties of their choice to obtain services or products provided by those third parties. These services or products may include, but are not limited to, in-home displays, or energy audits.
- F. A Customer may request that his or her Customer Account Information be released to a third party of the Customer's choice. Such requests may be obtained by calling Customer Service at 1-800-401-6402, or by requesting such online at the Company's website <https://accel.michigangasutilities.com>. Once the Company obtains Informed Customer Consent from the Customer, the Company shall release the requested customer account data to the third party by the end of the following business day. The Company will provide the requested data in an Excel spreadsheet.

**C7. EXTREME WEATHER CONDITIONS POLICY**

If the temperature is forecasted by the National Weather Service (“NWS”) to be 15 degrees or colder at any time during a given day for the stations located within the Company’s service territory, the Company will suspend working disconnections for residential customers. Disconnections will be suspended, regardless of the temperature, when the local road authority closes the roads or issues winter weather advisories and/or restrictions for the Company’s designated service territory. The Company’s declaration of suspension of disconnection shall be region specific. However, in accordance with Rule R460.136 “Emergency Shutoff”, it is understood that the Company may shut off service temporarily for reasons of health or safety or in a state of national emergency.

The Company shall monitor the daily weather forecast and notice will be provided to the Company’s Collections group two business days in advance of the declared suspension timeframe whenever possible. Adjustments to the two day weather forecast will be provided on the same day to the Collections group, as necessary. Once a suspension is declared, it will not be rescinded, even if the revised forecast changes and temperatures are anticipated to be above 15 degrees.

During a suspension, exceptions may be granted, on a case-by-case basis, which would further postpone disconnection for a customer whose disconnection has been temporarily suspended. Such holds may permit a customer to provide payment up to a specific, identified date. If the customer does not respond by the date specified, the Company will complete the disconnection at the next possible opportunity.

## **C8. METERING CUSTOMER EQUIPMENT AND BILLING**

### **C8.1 General provisions.**

The customer shall furnish and maintain all piping and equipment beyond the point of service termination at his own expense, except as expressly provided under Rule C4.3, "Centrally metered installations".

### **C8.2 Adequacy and safety of installation.**

The Company shall not be required to supply gas service until the customer's installation shall have been approved by the authorities having jurisdiction over the same; and the Company further reserves the right to withhold its service, or discontinue service, whenever such installation or part thereof is deemed by the Company to be unsafe, inadequate or unsuitable for receiving the Company's service.

### **C8.3 Repairs - leakage of gas.**

All repairs to the customer's piping and equipment shall be made by the customer, and he shall maintain the piping and equipment in the condition required by the authorities having jurisdiction and by the Company. The customer shall give immediate notice to the Company of the indication of any gas leakage.

### **C8.4 Back pressure and suction.**

When the nature of the customer's utilization equipment is such that it may induce back-pressure or suction in the piping system carrying the Company's gas, suitable protective devices, subject to inspection and approval by the Company, shall be furnished, installed and maintained by the customer to protect the customer and the Company's facilities therefrom.

**C7.6 Customer's responsibility.**

Customers shall not permit any unauthorized person to disconnect or interfere or adjust the Company's meters or other appurtenances, they shall protect the same from injury, be responsible for their safe keeping and reimburse the Company for any damage thereto. The customer should notify the Company immediately of any interruption in the supply of gas.

**C7.7 Seals.**

Meter equipment may be locked or sealed when service is shut off. No person, except a duly authorized employee of the Company, shall be permitted to break or replace a seal or lock, or to alter or change a meter or its connections or location or to alter a gas pressure regulator.

**C8. METERING CUSTOMER EQUIPMENT AND BILLING**

**C8.1 General provisions.**

The customer shall furnish and maintain all piping and equipment beyond the point of service termination at his own expense, except as expressly provided under Rule C4.3, "Centrally metered installations".

**C8.2 Adequacy and safety of installation.**

The Company shall not be required to supply gas service until the customer's installation shall have been approved by the authorities having jurisdiction over the same; and the Company further reserves the right to withhold its service, or discontinue service, whenever such installation or part thereof is deemed by the Company to be unsafe, inadequate or unsuitable for receiving the Company's service.

**C8. METERING CUSTOMER EQUIPMENT AND BILLING (Condt.)**

**C8.5 Inspection of installation.**

The Company will not establish gas service to any customer until a representative of the Company has made a test of all gas appliances by observing the meter(s) when all appliances are shut off and gas pressure is on such piping and appliances and finds that no gas passes the meter(s) under such conditions.

If all appliances are shut off and gas passes through the meter(s), the Company will notify the customer of that fact and gas service will not be established until such defect is repaired or corrected.

The Company may require an authorized representative of the customer to perform an "Air Test" on the meter in accordance with the National Fuel Gas Code Rule 4.1.4 - "Air Testing of Customer Lines".

Nothing in this rule shall be construed to make the Company liable for the installation, maintenance or use of piping or appliances owned by the customer beyond the making of the test above required; nor shall the Company be held liable for any continuing duty of inspection of piping or appliances, except as expressly provided under Rule C4.3, "Centrally metered installations".

**C8.6 Changes in customer's requirements.**

The customer shall give the Company reasonable advance notice in writing of intention to increase materially his load so that adequate facilities may be provided.

When there is a change in the customer's requirements for gas supply or a change by the customer from one filed rate to another, or when the customer includes in his requirements any service theretofore supplied to him or to others under another agreement or agreements for service, the customer shall make such changes and alterations in the piping, service equipment, meter equipment and appurtenances and other parts of the customer's installation as may be necessary to enable the Company to furnish safe and adequate service and to measure the gas thereafter to be supplied through a single meter or through the number of meters which the Company may elect to install as provided under Rule C7.5, "Company's Installation".

Such changes and alterations shall be governed by the requirements applying to new installations.

### **C8.7 Measurement of gas service.**

Bills will be based upon the registration of the Company's meters except as otherwise provided in these Rules, Regulations and Rate Schedules.

The rates contained in these Rules, Regulations and Rate Schedules apply to the quantities of gas registered by each individual meter for the billing period for which the meter may be read. A single meter shall not supply more than one customer. When the Company, pursuant to provisions of Rule C7.5, installs two or more meters on the same premises to serve a single customer, the consumption registered by such meters shall be consolidated and the rates under which service is taken applied to the total consumption.

### **C9. GAS COST RECOVERY CLAUSE**

#### **C9.1 Applicability of clause.**

All rates for gas service, unless otherwise provided in the applicable rate schedule, shall include a Gas Cost Recovery Factor to allow the Company to recover the booked costs of gas sold by the Company if incurred under reasonable and prudent policies and practice.

#### **C9.2 Booked cost of gas sold.**

(a) Booked cost of gas sold as used in this rule includes the following as expensed on the books of the Company:

- (i) Interstate Purchases: Cost for gas service.
- (ii) Intrastate Purchases: Costs for gas service incurred pursuant to all contracts on file with the Michigan Public Service Commission.
- (iii) Company Produced Natural Gas: Costs which vary with volume produced.
- (iv) Company Produced Substitute Natural Gas: Costs for feedstock used to produce substitute natural gas.
- (v) Liquefied Petroleum Air Gas: Costs for propane used to produce a propane-air gas mixture.
- (vi) Storage Gas: Net costs of gas injected and withdrawn from underground storage facilities.
- (vii) Purchases From Other Michigan Utilities: Costs for gas service pursuant to contracts approved by the appropriate regulatory body.
- (viii) Supplier Refunds and Credits: Refunds and credits from suppliers in the period realized.
- (ix) Hedging costs.**
- (x) OFO penalties and Choice Supplier Failure Fees.**

**C11. CUSTOMER ATTACHMENT PROGRAM**

(1) Purpose

The Company proposes to make extension of its gas mains and/or service lines from time to time, at its own cost, to serve applicants whose requirements will not disturb or impair the service to prior users or will not require an expenditure out of proportion to the revenue obtainable there from.

The Company reserves the right to delay or deny a request for service under this rule, if fulfilling such a request could, in the Company's opinion, create conditions potentially adverse to the Company or its customers. Such conditions may include, but are not limited to, safety issues, system operating requirements or capital constraints. The provisions under this Rule are in addition to the existing rules and tariffs for customer gas service.

(2) Customer Contribution

A Customer Contribution shall be required equal to the Connection Fee plus any applicable Fixed Monthly Surcharge plus any Excessive Service Line Fee. The Connection Fee is not considered in the CAP model when calculating the Fixed Monthly Surcharge or Excessive Service Line Fee.

(3) Payment of Customer Contribution

For customers other than land developers, builders, **Transportation customers and those designated as Large General Service**, the Customer Contribution shall be paid as follows:

The Connection Fee and the Excessive Service Line Fee are payable in lump sum at the time the service agreement is executed by the customer. The Connection Fee is non-refundable. The Excessive Service Line Fee is refundable if the service line has not been installed. If the service line has been installed, the Excessive Service Line Fee is non-refundable. The Fixed Monthly Surcharge shall be payable monthly throughout the surcharge period. The Fixed Monthly Surcharge will commence on the date that the Company installs the meter. The customer may at any time elect to pay off the remaining Fixed Monthly Surcharge balance with a lump sum payment equal to the present value of the remaining monthly payments. If the present value of the Fixed Monthly Surcharge is less than \$200.00, the Company may require the customer to make a lump sum payment. The Fixed Monthly Surcharge is assessed to the property served such that any subsequent customer requesting gas service at the property address, once notified by the Company of the amount and duration of such surcharge, shall be liable for the Fixed Monthly Surcharge. Such notification may be verbal, written or in the form of a bill which includes the Fixed Monthly Surcharge. Failure of sellers, agents, lessors or other non-company parties to notify a customer of the Fixed Monthly Surcharge shall not relieve the customer's obligation to pay the Fixed Monthly Surcharge. Failure by the customer to timely pay the Fixed Monthly Surcharge shall result in the discontinuation, termination or denial of natural gas service.

Dated: January 13, 2009  
In Case No: U-15549

Continued from Sheet No. C-33.00

**C11. CUSTOMER ATTACHMENT PROGRAM**

(1) Purpose

The Company proposes to make extension of its gas mains and/or service lines from time to time, at its own cost, to serve applicants whose requirements will not disturb or impair the service to prior users or will not require an expenditure out of proportion to the revenue obtainable therefrom.

The Company reserves the right to delay or deny a request for service under this rule, if fulfilling such a request could, in the Company's opinion, create conditions potentially adverse to the Company or its customers. Such conditions may include, but are not limited to, safety issues, system operating requirements or capital constraints. The provisions under this Rule are in addition to the existing rules and tariffs for customer gas service.

(2) Customer Contribution

A Customer Contribution shall be required equal to the Connection Fee plus any applicable Fixed Monthly Surcharge plus any Excessive Service Line Fee.

(3) Payment of Customer Contribution

For all customers other than land developers and builders the Customer Contribution shall be paid as follows:

The Connection Fee and the Excessive Service Line Fee are payable in lump sum at the time the service agreement is executed by the customer. The Connection Fee is non-refundable. The Excessive Service Line Fee is refundable if the service line has not been installed. If the service line has been installed, the Excessive Service Line Fee is non-refundable. The Fixed Monthly Surcharge shall be payable monthly throughout the surcharge period. The Fixed Monthly Surcharge will commence on the date that the customer receives gas service or six (6) months following the date the service agreement is executed by the customer, whichever occurs first. The customer may at any time elect to pay off the remaining Fixed Monthly Surcharge balance with a lump sum payment equal to the present value of the remaining monthly payments. If the present value of the Fixed Monthly Surcharge is less than \$200.00, the Company may require the customer to make a lump sum payment. The Fixed Monthly Surcharge is assessed to the property served such that any subsequent customer requesting gas service at the property address, once notified by the Company of the amount and duration of such surcharge, shall be liable for the Fixed Monthly Surcharge. Such notification may be verbal, written or in the form of a bill which includes the Fixed Monthly Surcharge. Failure of sellers, agents, lessors or other non-company parties to notify a customer of the Fixed Monthly Surcharge shall not relieve the

**C11. Customer Attachment Program (Contd)**

(3) Payment of Customer Contribution (Contd)

For land developers, builders, Transportation customers and those customers designated as Large General Service, the Customer Contribution shall be required in a **non-refundable** lump sum **payment** in advance of the facility expansion.

(4) Connection Fee

The Connection Fee is equal to \$200.00. The Connection Fee is not considered in the CAP Model when calculating the Fixed Monthly Surcharge or Excessive Service Line Fee.

For customers requesting a multiple metered installation, the Connection Fee shall be \$100 for each additional account.

(5) Excessive Service Line Fee

The Excessive Service Line Fee will be assessed to a customer whose service line requirement is in excess of the Service Line Limit. The Service Line Limit for an individual service line shall be equal to the point at which the cost of the customer's service requirements are greater than the allowance based on the Cost Of Service Model. The Company reserves the right to use a different Service Line Limit for different categories of customers. In calculating the average service line length for a project containing more than one customer, the maximum length of each service line to be included in the calculation is the Service Line Limit for a primary residential home.

The Company, in its sole discretion, may waive the excessive service line fee or extend the service line limit for all attaching parties based on the economics of a proposed project. Any such waiver or extension shall not be effective unless provided in writing by the Company.

(6) Fixed Monthly Surcharge

A Fixed Monthly Surcharge (Surcharge) will be calculated for each Customer Attachment Project (Project). The Surcharge will recover the Revenue Deficiency anticipated from the proposed Project. The Surcharge is calculated such that the present value of the anticipated Surcharges collected from the Project will equal the net present value Revenue Deficiency. The Surcharge will be recoverable over a predetermined time period, not to exceed ten years. The Company will be responsible for determining the appropriate Surcharge time period. The Surcharge will be a fixed dollar amount for all customers within the Project and will expire on the same date for all customers within the Project, regardless of when the surcharge was initially assessed to the customer. The Surcharge **and lump sum payment referenced in C-11.(3)** will not be subject to adjustment, reconciliation or refund. A customer who attaches to a Project after the surcharge period has expired or a customer whose proposed attachment was beyond the scope of the original a Project, will be treated as a separate Project.

### C11. Customer Attachment Program (Contd.)

(7) Customer Attachment Project

A Project may consist of a single customer, requiring only the installation of a service line and meter, or may consist of numerous customers requiring the installation of mains, service lines and meters. A Project will generally be defined as a customer or group of customers that may be served from the contiguous expansion of new distribution facilities.

(8) Revenue Deficiency

A discounted Cost of Service Model (Model) will be used to calculate the Net Present Value (NPV) Revenue Deficiency anticipated from a Project. The Model will use the expected incremental revenues and incremental costs associated with the Project for each year of a twenty year period. From this information an annual net revenue excess or deficiency will be calculated. The annual net revenue excess or deficiency will be discounted and summed to determine the NPV revenue deficiency of the Project. If the NPV revenue deficiency is negative, the discounted revenues exceed the discounted costs, then a NPV revenue deficiency of zero will be used.

(9) Model Assumptions:

Incremental Revenues:

The Incremental Revenues will be calculated based on current rates and a forecast of the timing and number of customer attachments as well as the customers' annual consumption levels.

Incremental Costs:

(i) Carrying Cost Rate

The Carrying Cost Rate will be based on the weighted rate of debt, equity and associated taxes. The cost will be equal to and weighted in proportion to those authorized in the Company's most recent rate order. The Carrying Cost Rate is equal to **8.45%**.

**C11. Customer Attachment Program (Contd.)**

(ii) Plant in Service

Plant in Service shall reflect the Company's estimated cost to construct distribution mains, customer service lines, meters and pressure regulators or regulating facilities for the Project. The timing of the facility investment, primarily service lines, will correspond with the projected timing of the customer attachments.

The facility investment for an individual customer service line will be limited to the greater of 400 feet or 150% of the average length of all service lines within the Project.

(iii) Carrying Costs

The Carrying Costs will be the product of the average of beginning and end-of-year net plant, Plant in Service minus accumulated depreciation minus deferred taxes, multiplied by the Carrying Cost Rate, noted in paragraph 1 above.

(iv) Depreciation

Depreciation expense will be the product of Plant in Service multiplied by the appropriate prescribed depreciation rates approved for the Company.

(v) Property Taxes and Other Operating Expenses

Property taxes will be the product of Plant in Service multiplied by the Company's average property tax rate. All other incremental operating expenses will be included as identified. Incremental O&M will at a minimum include a proportional cost for monthly meter reading, billing and mailing.

(vi) Discount Rate

The Discount Rate will be a weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in the Company's most recent rate order. Based on the Company's rate order in Case No. **U-21366** dated **August 30, 2023**, the Discount Rate is equal to **6.83%**.

Plant in Service shall reflect the Company's estimated cost to construct distribution mains, customer service lines, meters and pressure regulators or regulating facilities for the Project. The timing of the facility investment, primarily service lines, will correspond with the projected timing of the customer attachments.

The facility investment for an individual customer service line will be limited to the greater of 400 feet or 150% of the average length of all service lines within the Project.

(iii) Carrying Costs

The Carrying Costs will be the product of the average of beginning and end-of-year net plant, Plant in Service minus accumulated depreciation minus deferred taxes, multiplied by the Carrying Cost Rate, noted in paragraph 1 above.

(iv) Depreciation

Depreciation expense will be the product of Plant in Service multiplied by the appropriate prescribed depreciation rates approved for the Company.

(v) Property Taxes and Other Operating Expenses

Property taxes will be the product of Plant in Service multiplied by the Company's average property tax rate. All other incremental operating expenses will be included as identified. Incremental O&M will at a minimum include a proportional cost for monthly meter reading, billing and mailing.

(vi) Discount Rate

The Discount Rate will be a weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in the Company's most recent rate order. Based on the Company's rate order in Case No. U-20718 dated **September 9, 2021**, the Discount Rate is equal to **6.53%**.
