At the April 16, 2009 meeting of the Michigan Public Service Commission in Lansing, Michigan.

PRESENT: Hon. Orjiakor N. Isiogu, Chairman  
Hon. Monica Martinez, Commissioner  
Hon. Steven A. Transeth, Commissioner

**ORDER**

On December 12, 2001, Metro Energy, LLC, (Metro) submitted an application, pursuant to the Customer Choice and Electricity Reliability Act, 2000 PA 141, MCL 460.10 *et seq.*, for a license as an alternative electric supplier (AES). In an order dated February 25, 2002 in Case No. U-13311, the Commission approved Metro’s license in the State of Michigan.

On January 30, 2009, Metro requested voluntary relinquishment of its AES license and to be relieved of its obligations to comply with the reporting requirements for AESs as well as the new requirements established by Public Acts 286 and 295 of 2008 and the Commission’s implementation orders. The Commission Staff recommends approval of this request because

Metro has no retail electric customers in Michigan and has indicated that it has no intention to commence operation in the future.

The Commission finds that Metro's voluntary relinquishment of its AES license should be approved.

On February 4, 2009, Metro filed a letter with the Commission in Case No. U-15836 requesting voluntary relinquishment of its AES license and to be relieved of its obligations to comply with the reporting requirements for AESs as well as the new requirements established by Public Acts 286 and 295 of 2008 and the Commission's implementation orders. Because the Commission approved Metro's request to voluntarily relinquish its AES license in Case No. U-13311, the Commission finds that Metro shall be relieved of its obligations to comply with the reporting requirements for AESs as well as the new requirements established by Public Acts 286 and 295 of 2008 and the Commission's implementation orders. The Commission authorizes the Commission Secretary to close Case No. U-15836.

THEREFORE, IT IS ORDERED that:

A. Metro Energy, LLC's license as an alternative electric supplier in the State of Michigan is hereby rescinded.

B. Metro Energy, LLC is relieved of any obligation to comply with the reporting requirements for AESs and the new requirements established by Public Acts 286 and 295 of 2008 and the Commission's implementation orders.

C. The Commission Secretary is authorized to close Case No. U-15836.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, under MCL 462.26.
