

TECHNICAL BULLETIN

October 11, 2021
Supersedes June 22, 2020

Maximum THC Concentrations for Marijuana-Infused Products

The intent of this technical bulletin is to publish the list of maximum THC concentrations for marijuana-infused products. For allowable potency variance for packaging please reference this [bulletin](#).

Rule 4 in the Marijuana-Infused Products and Edible Marijuana Product Rule Set – R 420.404 – A marijuana sales location shall not sell or transfer marijuana-infused products that exceed the maximum THC concentrations established by the agency by more than 10%. For the purposes of maximum THC concentrations for marijuana-infused products, the agency shall publish a list of maximum THC concentrations and serving size limits.

- The total Delta-8 THC concentration in marijuana-infused products may not exceed 10%
- The total milligrams of THC (sum of Delta-8 and Delta-9) must not exceed the maximum limits below.

Example: The total maximum THC concentration for an adult-use marijuana-gummy is 100 mg THC. Therefore, the maximum concentration of Delta-8 THC allowed in the package is 10 mg. Additionally, the product must follow all guidelines for homogeneity so that the Delta-8 THC is evenly distributed throughout the product.

The Maximum THC (Sum of Delta-8 and Delta-9) Concentrations for Medical Marijuana-Infused Products		
Delta-8 concentration in all products may not exceed 10% of the product		
	Per Dose	Per Container
Gummies, baked goods, etc.	50 mg	200 mg
Capsules, tinctures, etc.	100 mg	2000 mg
Suppositories and tampons	100 mg	2000 mg
Transdermal Patches	100 mg	2000 mg
Topical products including lubricants, spa products, lotions, balms or rubs	N/A	N/A
Products not listed	10 mg	100 mg

This technical bulletin does not constitute legal advice and is subject to change. It is intended to provide a technical clarification only to the Marijuana Regulatory Agency's Administrative Rules. Licensees are encouraged to seek legal counsel to ensure their operations comply with the Administrative Rules. More information on the MRA can be found at the agency's [website](#).
