

Developers Receiving LIHTC or MSHDA Financing—2017 to 2020

The following list contains the developers who have successfully obtained either a 9% Low Income Housing Tax Credit (LIHTC) allocation or MSHDA financing since 2017. This information comes directly from the list of reservations featured on the MSHDA website at the close of each 9% LIHTC round, as well as data from MSHDA’s Rental Development Division. The list is presented for informational purposes only and is in no way an endorsement by the Michigan State Housing Development Authority (MSHDA). Prospective sponsors of affordable housing projects must perform their own due diligence, and MSHDA recommends that the prospective sponsor seek the advice of a qualified professional(s) before pursuing any housing development opportunity.
