In the event the Contractor fails to provide to the Authority the names of any Key Persons, the Parties shall consider the signatory for the Contractor to be the sole Key Person for the Contractor. **If the Contractor (or Subcontractor) wishes to add an agent, employee, or independent contractor as a Key Person during the term**

of this Agreement, the Contractor shall complete and submit to the Authority an additional or revised Certificate for that employee, agent, or independent contractor. (See Section 12a of this Agreement.)

- d. 2007 PA 95, MCL 38.68c. The Contractor and its employees, agents, and independent contractors acknowledge 2007 PA 95, MCL 38.68c, as amended, requires retirees of the State Employees Retirement System (i.e., former state employees who have pensions with the State of Michigan) (“Pensioned Retirees”) who become employed by the State, either directly or indirectly through a contractual arrangement with another party, on or after October 1, 2007, to forfeit their state pension for the duration of their reemployment. Effective October 2, 2010, “employed by the state” includes engagements of pensioned retirees as independent contractors.

Pensioned retirees who provide or render Products and Services under this Agreement as key persons must forfeit their pensions during the term of this Agreement if the pensioned retiree (a) is employed by the State, (b) is employed by the Contractor, (c) is a holder of an ownership interest in the Contractor, (d) is a subcontractor of the Contractor, or (e) is an employee of a subcontractor.

The Contractor acknowledges and agrees to secure the Authority’s prior written consent before retaining, employing or subcontracting with a pensioned retiree to perform Products and Services under this Agreement. Retaining, employing or subcontracting with a pensioned retiree to perform Products and Services under this Agreement without the Authority’s prior written consent shall be (a) a material breach of this Agreement and (b) grounds for the Authority to terminate this Agreement and provide notice to the Office of Retirement Services that the retiree has received pension payments and payments directly or indirectly through this Agreement.

If the Contractor employs or retains a pensioned retiree as Project Persons or subcontracts with a pensioned retiree, the Contractor must submit a copy of the pensioned retiree's directions to the Office of Retirement Services ("ORS"), to withhold the retiree's pension payments during the term of this Agreement. Find more information on the ORS website: <http://michigan.gov/ORS>.

The Contractor and the pensioned retirees it employs acknowledge and agree that neither the State, nor the Authority, nor its employees, directors, agents nor board shall be liable to the Contractor or pensioned retiree for the forfeiture of the retiree's pension payments during or after the term of this Agreement. The Contractor and pensioned retiree acknowledge that the Authority has no responsibility to confirm whether the ORS has or will forfeit the retiree's pension.

13. **Conflicts of Interest.** The Contractor acknowledges that its employees, members, shareholders, agents, or independent contractors, or subcontractors and their employees, members, shareholders and agents, prior to or during the term of this Agreement are not employees of the State of Michigan or its units. Prior to the execution of this Agreement, the Contractor acknowledges and confirms that it has delivered to the Authority a written list of all interests of the Contractor, or its officers and employees, which may create conflicts between the interests of those entities or parties and the interests of the Authority. Should a constructive or actual conflict of interest arise during the term of this Agreement, the Contractor shall contact the Authority's Director of Legal Affairs immediately and describe in detail the conflict of interest.

14. **Prohibited Methods and Procedures.** The Contractor and its agents, subcontractors, employees, and representatives, in the course of the performance of Products and

Services under this Agreement, shall not specify, recommend, use, or permit the use of any system, method, plan, design, process, procedure, patent, or copyright which, if used, infringes upon a proprietary interest or necessitates the payment of any royalty, fee, or commission. The Contractor shall not use or permit the solicitation for or securing of any agreement or employment in connection with this Agreement upon an agreement or arrangement for payment, either directly or indirectly, of a commission, percentage, brokerage, or contingent fee.

If Federal funds are used to pay the Contractor under this Agreement, no part of the money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a member of Congress, to favor or oppose, by vote or otherwise, any legislation or appropriation by Congress, whether before or after the introduction of any bill or resolution proposing such legislation or appropriation; but this shall not prevent officers or employees of the United States or of its departments or agencies from communicating to members of Congress on the request of any member or to Congress, through the proper official channels, requests for legislation or appropriations which they deem necessary for the efficient conduct of the public business. 18 U.S.C. § 1913 (2002).

15. **Participation in Other Authority Programs.** With the exception of providing Products and Services to the Authority as described in Exhibit A of this Agreement, neither the Contractor nor the Contractor's employees, agents, officers, directors, shareholders, members or subcontractors will participate in Authority housing programs or do business with the Authority under any program in which the Authority has a direct or indirect

relationship without securing approval from the Authority's Director of Legal Affairs.

16. **Indemnity and Non-Limitation. Mich. Const. art. IX, § 18.** The Contractor agrees to defend, indemnify and hold harmless the Authority from any claims, damages or expenses, including reasonable attorneys' fees, arising or alleged to arise in whole or in part from damage or injury caused by or resulting from any action or inaction of the Contractor, its agents or employees, or sustained in connection with the violation of any law, statute, ordinance or regulation by the Contractor, its agents or employees, or sustained in connection with the performance of this Agreement by the Contractor, its agents or employees, or sustained as a result of any breach of this Agreement by Contractor.

In any and all claims against the Authority or any of its officers, agents, or employees by an employee of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under this section shall not be limited in any way by any limitation in the amount or type of damages, compensation, or benefits payable by or for the Contractor or by or for any subcontractor under worker's compensation acts, disability benefit acts, or other employee benefit acts.

17. **Nonassignability and Delegation.**
- a. The Contractor shall not assign or otherwise transfer any interest in this Agreement or in the project in any manner not provided for in this Agreement.
 - b. The Contractor shall not delegate any duties or obligations under this Agreement to a subcontractor or independent contractor unless the Authority's Contract Administrator and Director of Legal Affairs has given written consent to the delegation. When submitting the request to subcontract, the Contractor shall include the following information about the subcontractor:

- i. **Name of Subcontracting Firm;**
 - ii. **Work that will be subcontracted;**
 - iii. **Names of individuals who will perform the subcontracted work;**
 - iv. **Subcontractors project representative and/or Key Persons (See Section 12); and**
 - v. **List any and all Authority programs through which the subcontractor or the subcontractor's employees, officers, directors, members, shareholders or officeholders participate.**
- c. In the event the Contractor retains a subcontractor in accordance with Section 17b above, the Contractor shall insert into each subcontract executed in connection with this Agreement appropriate and enforceable provisions requiring compliance with this Agreement by the subcontractor and the persons acting for it. Throughout the performance of any subcontracts, the Contractor shall monitor and verify the compliance of all subcontractors and persons acting for them and shall immediately take any affirmative or remedial measures prescribed by the Authority or otherwise deemed necessary in the opinion of the Contractor for enforcing compliance under such subcontracts.
- d. **Delegation of duties or obligations under this Agreement to a subcontractor or independent contractor without the prior written consent of the Authority's Contract Administrator or Director of Legal Affairs shall be a material breach of this Agreement.** In the event a subcontractor is approved by the Authority's Contract Administrator and Director of Legal Affairs, the Key Persons for the subcontractor shall be subject to the requirements set forth in Section 12 (Employees of Contractor or Key Persons) of this Agreement, including, but not limited to, the restrictions on pension payments if a pensioned retiree is a Key Person of the subcontractor or an independent contractor retained by the Contractor.

Subcontracting work to be performed under this Agreement without the prior written consent of the Authority's Contract Administrator and Director of Legal Affairs shall be a material breach of this Agreement.

18. **Suspension and Debarment.** Pursuant to 1980 PA 278; MCL 423.322 *et seq.*, the Contractor, in performing this Agreement, shall not enter into a contract with a subcontractor, manufacturer, or supplier whose name has been listed in the register maintained by the State of Michigan, Department of Licensing and Regulatory Affairs, of employees who have been found in contempt of court by a federal court of appeals, on not less than three occasions involving different violations during the preceding seven years, for failing to correct an unfair labor practice as prohibited by Section 8 of Chapter 372 of the National Labor Relations Act, 29 U.S.C § 158.

The Authority may void this Agreement if the name of the Contractor or the name of a subcontractor, manufacturer, or supplier used by the Contractor in performing this Agreement subsequently appears in the register during the period of this Agreement.

The Contractor certifies, by signing this Agreement, that it possesses business integrity and that neither it nor any of its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in grants or contracts by any federal, state, or local department or agency.

The suspension of the Contractor by the State of Michigan, an agency of the State or a department of the Federal Government, shall be at the option of the Authority, a material breach and grounds for the immediate termination of this Agreement.

19. **Independence of Contractors.** The Authority shall retain the Contractor as an independent contractor, and the Contractor hereby accepts such independent contractor relationship, upon the terms and conditions set forth in this Agreement. Nothing in this

Agreement shall be construed to create the relationship of employer and employee between the Authority and the Contractor or any of its employees or agents. **The Contractor, its employees and subcontractors, shall be deemed at all time and for all purposes to be independent contractors.** The Contractor acknowledges and agrees that all payments by the Authority to the Contractor shall be made without deduction for federal, state or local income taxes, social security taxes and similar items, and that the Contractor shall be solely responsible to report income under this Agreement to the Internal Revenue Service and other appropriate taxing authorities and to pay such taxes (including, without limitation, being solely responsible to make periodic estimated payments of such taxes in accordance with applicable law). The Contractor further acknowledges and agrees that all payments under this Agreement to the Contractor by the Authority shall be reported to the Internal Revenue Service and other appropriate taxing authorities on Form 1099 (or equivalent or replacement forms). Finally, the Authority acknowledges that the manner and means of producing the Products and Services described in Exhibit A are under the control and at the discretion of the Contractor.

20. **Ownership of Documents, Reports and Other Products.** All documents, reports and any other products developed and/or delivered to the Authority under this Agreement shall become and be the property of the Authority.

21. **Disclosure of Information.** Other than as contemplated by this Agreement, the Contractor, its agents, and subcontractors, without the prior consent of the Authority shall not:
 - a. disclose information or documents created or maintained in connection with this Agreement to anyone;

- b. use information or documents created or maintained in connection with this Agreement to further any private interest.

Use or disclosure of documents or information without the prior written consent of an authorized officer of the Authority shall be a material breach of this Agreement.

22. **Modifications.** The Authority or the Contractor may request modification of the scope of work, products, budget, or project work schedule to be performed by the Contractor. Modifications shall comport with the intent and purpose of this Agreement and shall be consistent with applicable state and federal regulations, limitations, guidelines, policies, and interpretations prescribed by the Authority pursuant to law. All requests for modification shall be submitted in written form by the duly authorized representative, as specified in Section 11, of the party requesting modification prior to modification implementation. Failure to obtain prior approval will result in the disallowance of expenditures.

No verbal representation, understanding, agreement, or interpretation of any officer, agent, employee of the Authority or Contractor, either before or after execution of this Agreement, shall modify any of the terms of this Agreement, unless such representation, understanding, agreement, or interpretation is expressly stated in this Agreement or an amendment to this Agreement executed by both parties.

23. **Termination of Agreement.** Termination is the cancellation of this Agreement, in whole or in part, at any time prior to the date of completion.
- a. Termination for cause. The Authority may terminate this Agreement, in whole or in part, at any time before the date of completion, whenever it is determined that the

Contractor has failed to comply with the terms and conditions of this Agreement. The Authority will promptly notify the Contractor in writing of the termination and the reasons for the termination, together with the effective date. Payments made to the Contractor or recoveries by the Authority under this Agreement when it is terminated for cause will be in accordance with the legal rights and liabilities of the parties.

- b. Termination for convenience. The Authority or the Contractor may terminate this Agreement in whole or in part when the Parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The Parties will agree upon the termination conditions, including the effective date, and in the case of partial terminations, the portion to be terminated. An amendment of the terms of this Agreement is required for all terminations for convenience.
- c. Termination by Contractor. At any time prior to the first payment on the Agreement, the Contractor may, with written notification to the Authority, unilaterally cancel this Agreement. Once initiated, no Product or Services financed with Authority assistance shall be terminated by the Contractor prior to satisfactory completion without approval of the Authority. After the first payment, the Product or Services may be terminated, modified, or amended by the Contractor only by mutual agreement of the Parties. Termination requests prior to completion of the Product or Services must fully explain the reasons for the action and detail the proposed disposition of the uncompleted Product or Services.
- d. Termination of Agreement for Unavailability of Authority or Federal Funds.

It is the intent and understanding of the Parties that this Agreement is contingent upon the availability of Authority or Federal funds or the receipt by the Authority of Federal funds. If Authority funds or Federal funds approved or obligated by the Authority in connection with this Agreement are at any time rendered unavailable,

the Authority shall then have the right to terminate this Agreement by the giving of a written notice, the basis, and the effective date of the termination to the Contractor. Should this Agreement be terminated by reason of the unavailability of Authority or Federal funds for the purposes of this Agreement, all finished or unfinished documents, data, studies, reports, and other materials prepared by the Contractor under this Agreement prior to the effective date of the termination shall be delivered in a format specified by the Authority.

In the event of termination under this section for lack of Authority or Federal funds, the Contractor shall be entitled to receive payment for Products and Services incurred under this Agreement prior to the effective date of termination.

- e. Commitments. If this Agreement is terminated, the Contractor will not incur new obligations for the terminated portion after the effective termination date. The Contractor will at its own expense cancel any outstanding obligations. Costs incurred after the effective date of the termination will be disallowed. In the event of termination, all finished or unfinished documents, data, studies, reports, and other materials prepared by the Contractor under this Agreement prior to the effective date of termination shall become the property of the Authority. The Contractor will provide all finished and unfinished material as previously described within 30 days of terminating. However, the Contractor will be entitled to retain copies. The Contractor, in the event of termination under this provision, is entitled to receive reimbursement for Products and Services satisfactorily performed under this Agreement prior to the effective date of such termination. Notwithstanding the foregoing, the Contractor shall not be relieved of its liability to the Authority for the damages sustained by the Authority as the result of any breach of this Agreement until the Authority so releases the Contractor and has determined for the purpose

of set-off the exact amount of damages due the Authority.

24. **Severability of Provisions.** It is declared to be the intent of the parties that if any provision of this Agreement executed by both parties or its application to any persons or circumstances is adjudged by any court of competent jurisdiction to be invalid, the court's judgment shall not affect or invalidate the remainder of this Agreement nor its application to other persons or circumstances, unless so provided by the court or unless the severance of the invalid provision alters the basic intent or purpose of this Agreement, would cause an increase of the Authority's financial obligation, or renders impossible the compliance with any applicable statute, regulation, limitation, guideline, policy.
25. **Michigan Law.** This Agreement shall be governed by the laws of the State of Michigan and shall be binding upon the Contractor's successors, assigns, and legal representatives. All records pertinent to this Agreement are subject to public disclosure under the Michigan Freedom of Information Act; 1976 PA 442; MCL 15.231 *et seq.* The Contractor shall insert the provisions of this section into any subcontract entered into to accomplish the terms of this Agreement.

SECURITY REQUIREMENTS

The Contractor must safeguard and prevent potential breaches of all Personally Identifiable Information (“PII”) and Sensitive PII required by the Michigan State Housing Development Authority (“Authority” or “MSHDA”) for administration of the Family Self-Sufficiency (“FSS”) Program. The Contractor must submit this Exhibit with the FSS Agreement certifying compliance with the security requirements outlined in this Exhibit.

Failure to comply with the security requirements outlined in this Exhibit and/or failing to promptly notify the Authority of a security breach will be considered a material breach of this Agreement.

1. Definition

Sensitive PII is defined as information which can be used to directly or indirectly distinguish or trace an individual’s identity. Sensitive PII can be used either alone or in combination with other personal or identifying information that is linked or linkable to that individual. Sensitive PII is PII, which if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual.

To *distinguish* an individual is to identify an individual. To *trace* an individual is to process sufficient information to make a determination about a specific aspect of an individual’s activities or status.

Linked information is information about or related to an individual that is logically associated with other information about the individual. *Linkable* information is information about or related to an individual for which there is a possibility of logical association with other information about the individual.

The following personal identifiers are Sensitive PII even if they are not linked with additional PII or contextual information:

- a. First and last name or alias;
- b. Complete (9-digit) SSN;

- c. Alien Registration Number (A-Number);
- d. Driver's license or state identification number;
- e. Passport number;
- f. Taxpayer identification number;
- g. Internet Protocol (IP) or Media Access Control (MAC) address or other host-specific persistent static identifier;
- h. Telephone number;
- i. Vehicle registration number or title; or
- j. Biometric Identifiers (e.g., fingerprint, iris scan, facial recognition, voice print)

The following information is Sensitive PII when linked with the person's name or other unique identifier, such as an address or phone number:

- a. Portions of an SSN including the last four digits;
- b. Place of birth;
- c. Full date of birth;
- d. Citizenship or immigration status;
- e. Authentication information such as a parent name(s) or maiden name(s);
- f. Medical information;
- g. Criminal history;
- h. Education information;
- i. Financial information;
- j. Credit card numbers;
- k. Bank account numbers; or
- l. Other data created by MSHDA or HUD to identify or authenticate an individual identify such as an Alternate Identification Number (AID) referred to as "H-Number" by the Authority.

Sensitive PII requires stricter handling guidelines because of the increased risk to an individual if the data is compromised.

A Security Breach is defined as the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, unauthorized access, or any similar term referring to situations where persons, other than authorized users and for an unauthorized purpose, have access or potential access to PII in a usable form, whether hard copy or electronic. The

term encompasses both **suspected and confirmed** incidents, whether intentional or inadvertent, involving PII which raise a reasonable risk of harm.

2. Types of Media

Hard copy media is physical representations of information, most often associated with paper printouts. However, printer and facsimile ribbons, drums, and platens are all examples of hard copy media. The supplies associated with producing paper printouts are often the most uncontrolled. Electronic (or soft copy) media are the bits and bytes contained in hard drives, random access memory (RAM), read-only memory (ROM), disks, removable memory devices, phones, mobile computing devices, networking devices, office equipment, and email (list is not all inclusive).

Removable memory devices include, but are not limited to, thumb drives, CDs, and external hard drives.

Electronic Data and Access Codes is collectively defined as (a) any and all program data in an electronic format; (b) and all codes, passwords, access keys and any other data that allows the Contractor to connect to and access Database Software (presently Elite) and HUD required programs.

3. Authority and HUD Requirements

In performing its duties and responsibilities as specified in this Agreement, the Contractor will comply at all times with all applicable HUD and Authority rules, regulations, and requirements, including Equal Opportunity rules. Additionally, the Contractor is responsible for complying with the following:

- b.** Social Security Number Privacy Act (454 PA 2004; MCL 334.81 et seq.)
- c.** State of Michigan Computer Crime Law (Public Acts 1979-53)
- d.** All federal and state laws concerning confidentiality and the security of PII and Sensitive PII that is in its possession.
- e.** All State and Federal laws regarding confidentiality to protect an individual's rights and privacy.

The Contractor and Key Persons of the Contractor must attend annual security awareness sessions and complete required forms before performing services for the Authority.
