The Michigan State Housing Development Authority ("Authority") is seeking an organization authorized to do business in Michigan to assist with development of a strategic planning process, and facilitating the first phase of that process with internal staff and partner organizations utilizing relevant housing, homeless, and demographic data.

While Michigan law allows for specific bid preferences only (see page 6); women-owned, minority-owned, and small businesses authorized to conduct business in the State of Michigan are encouraged to submit proposals.

It is anticipated that a one-year (max \$35,000) contract may be awarded.

III. Overview

The Authority is seeking a firm to work with the Authority's Strategic Planning Team ("SPT") to complete the first phase of a strategic planning process. The first phase will focus on internal staff and some close partner organizations.

The lack of safe and affordable housing in Michigan is an economic development barrier, a strain on household finances, and in many cases, a public health crisis. The lack of workforce housing limits the ability of people to come to the area and accept jobs they have been offered – or requires them to live in outlying communities and commute long distances. Additionally, the lack of housing is becoming a barrier for businesses seeking to relocate to or expand in select regions in Michigan. Many low-income families struggle to find affordable housing, and homelessness is becoming more widespread and significantly impacting communities of color. It is vital to develop strategies that strengthen neighborhoods and communities when grappling with barriers within Michigan's housing continuum. Michigan's housing continuum can be thought of as stretching from those experiencing homelessness to homeownership. There is a strong correlation between income/assets and the likelihood of where an individual and/or household appears along the continuum. The segments along the housing continuum are: 1) Emergency shelter, 2) Supportive housing, 3) Rental housing, and 4) Homeownership.

The Authority understands that addressing the affordable housing crisis in Michigan is a complex task and understands the need to integrate efforts of many partners (i.e., developers, municipalities, state and federal agencies, non-profit organizations, health and human services agencies, etc.). Thus, the Authority has decided that the first phase in this integrated process is to work with internal staff and some close partner organizations. The selected contractor is to work with the SPT in identifying current pertinent studies; i.e., the "Michigan Homeownership Study – March 2019", "Michigan Statewide Housing Needs Assessment – April 2019", and the "End Homelessness in Michigan – 2017 Annual Report", etc. The selected contractor will develop a "fact sheet" of key data for Authority staff. Additionally, selected contractor will lead staff through brainstorming and visionary activities to identify priorities, partners, and possible actions to be undertaken by the Authority over the next five years. The selected contractor can utilize the Authority's All Staff Meeting, to be held in the fall, as a kick-off of the first phase of the strategic planning process.

The facilitated planning process should be designed to encourage participants to think and identify housing strategies and recommendations through an equity lens. Opportunity gaps exist along the lines of income, race and ethnicity, language, culture, geography, etc. The strategic planning process should allow for a focus on eliminating disparities and supporting solutions so that all people have access to safe, decent, and affordable housing.

IV. Objectives, Tasks & Activities

A. General Objectives.

At a minimum, the strategic planning process should foster communication around the following:

1. The Authority's guiding principles, which sets direction for the Authority over the next five years and steers the Authority's mission and vision statements, and core values;
2. Relevant housing data that illuminates areas of need across the state and within specific prosperity regions;
3. The Authority's priorities to build support and identify partners and possible actions;
and

4. Trends to keep an eye on and recommended action steps to address housing needs through an equity lens.

B. Specific Tasks & Activities.

1. Work with the SPT to create a phased strategic planning process
 - a. Detail and complete Phase I (including internal staff and some key partners)
 - b. Provide recommendations for Phase II (external)
2. Create key data fact sheet in partnership with SPT to prepare staff for strategic planning that includes but not limited to the following:
 - a. Housing gaps within Michigan by type and geography;
 - b. Housing disparities of marginalized communities;
 - c. Baseline financial information for the Authority (i.e., its Operating Budget);
 - d. Production/services numbers (i.e., number of households receiving a Single-Family mortgage, number of Low-Income Housing Tax Credit Units funded, number of mixed- use units funded, etc.); and
 - e. Other information as identified by consultant and SPT.
3. Plan and facilitate, as part of the Authority's All-Staff Meeting this fall, a kick-off of Phase I of the strategic planning process (approximately 300 staff, maximum four-hour meeting, held off-site at a location to be determined in Lansing)
 - a. Brief overview of aforementioned fact sheet;
 - b. Explanation of strategic planning process and objectives; and
 - c. Facilitated discussion to start strategic planning and next steps.
4. Plan, host, and facilitate strategic planning sessions with close partners and experts in Michigan housing policies.
5. Additional meetings with staff necessary to complete Phase I of the strategic planning process.
6. Debrief with the SPT and written summary of the following:
 - a. Phase I of the strategic planning that includes comments, feedback, and suggestions; and
 - b. Recommendations for Phase II.

C. Additional Information.

1. Authority staff are located at the following:
 - a. The majority of staff are at 735 E. Michigan Avenue, Lansing;
 - b. Approximately 40 staff are at 3028 W. Grand Blvd., Cadillac Place, Detroit;
 - c. Approximately 35 temporary staff are at 111 S. Capitol Ave, Lansing
2. Authority locations have conference space, with tables & chairs, to seat:
 - a. Main Lansing building: 100 people
