

Every Michigander deserves a safe, affordable place to call *Home*.

The Michigan State Housing Development Authority (MSHDA) is leading a collaborative, statewide, data-driven effort to overcome Michigan's housing challenges, but we need your help.

Can we count on you to complete the survey to support the development of Michigan's first five-year statewide housing plan?

Your feedback and insights will help to inform goals and strategies for housing in our state. The survey is anonymous and should take approximately 10 minutes to complete.

To participate, please visit **surveymonkey.com/r/MIHousingSurvey**. You can also download, complete and submit the survey by mail or email. If you have any questions or require assistance completing the survey, please contact staff at MSHDA-MISHP@Michigan.gov or 833-312-2002.

For more information about the need for a statewide housing plan go to Michigan.gov/housingplan
