Opportunity360 Points

Enterprise Community Partners is launching a new resource on Opportunity360 that will be replacing the Opportunity360 Measurement Reports. The new Community Dashboards will be available on the site beginning February 3, 2020. Although much of the same data that was included in the reports will carry forward in the new dashboards, Enterprise has sunset the Access to Jobs, Goods and Services score in the Opportunity360 Community Dashboards. During this time of transition, Enterprise has provided MSHDA with the attached spreadsheet detailing the Opportunity360 point allocations for every census tract in the state using the state percentile scores.

Please refer to Column B of the attached spreadsheet to identify the eligible points under the Access to Jobs, Goods and Services criteria. The remaining three categories (Education, Economic Security and Health & Well-being) can be found either referring to Columns C-E of this spreadsheet or on the Opportunity360 Community Dashboards, available at [https://www.enterprisecommunity.org/opportunity360/measure gcc01.safelinks.protection.outlook.com](https://www.enterprisecommunity.org/opportunity360/measure/gcc01.safelinks.protection.outlook.com). The total points available for each census tract is included in Column F of the spreadsheet.

If you have any questions about the Opportunity360 Community Dashboards, please email opportunity360@enterprisecommunity.org.
