

# MEMORANDUM

May 11, 2009

TO: All interested parties of the Low Income Housing Tax Credit Program

FROM: Christopher L. LaGrand  
Director of Legal Affairs

SUBJECT: May 1, 2009 Funding Round LIHTC Activity and Fee Refund Opportunity

**Overview of May 2009 Initial Funding Round:** Enclosed is a list of projects that applied for Tax Credit in the May 1, 2009 funding round. Information provided includes the name and address of the project, project sponsor and contact person, the amount of credit requested, project self score, total number of units in the project, and number of tax credit units.

Applicants are strongly encouraged to review the attached information and determine the likelihood of their project being in a position to receive an award of Low Income Housing Tax Credit. When making this determination, applicants should consider, at a minimum: their application's self score relative to the self score of other applications, and the amount of credit requested by all applications compared to the amount of credit that is available for the May 1, 2009 funding round. Please note that this list reflects self scores of applicants which have not been evaluated by the Authority.

**Availability of Credit:** Applicants should be reminded that the amount of credit available for the May 1, 2009 funding round was greatly reduced due to provisions of the American Recovery and Reinvestment Act of 2009 (ARRA) which allowed the State Housing Finance Agencies to monetize up to 40% of their 2009 credit ceiling – which the Authority intends to take full advantage of. Therefore, the amount of the 2009 credit ceiling which is available for both May 1, 2009 Funding Round applicants and applications for the Rolling Allocations received after the May 1, 2009 deadline is approximately \$13.8 million (approx. \$23 million credit ceiling less approx. \$9.2 million monetized).

In addition, applicants should note that the Authority is considering the use of a portion of its 2010 credit ceiling on an as-needed basis only, to facilitate the use of federal stimulus money made available under ARRA in a timely manner. This is being contemplated to ensure that all funds made available under ARRA can be committed within the federal deadlines that have been set forth.

**Coordination with ARRA Provisions and Resources:** 2009 LIHTC allocations will, by necessity, continue to be coordinated with the Authority's implementation of the federal Tax Credit Assistance Program (TCAP) and the monetization of credit ceiling. Award of credits and ARRA resources will be distinct, but mutually contingent processes. A contingent award of TCAP for example, may require successful award and syndication of credits, while a credit reservation may be contingent upon a project's qualification for TCAP funding. Readiness to proceed, measured largely by actual equity commitments,

will be key to receiving TCAP. Further guidance on the TCAP application process (beyond the Notices of Intent to apply previously submitted) will be forthcoming.

**Opportunity to Withdraw Initial Funding Round Application Without Penalty:** If, upon reviewing the attached, an applicant determines there is not a strong probability of their project receiving an award of credit, applicants may request to have their application withdrawn from the funding round and returned to them. Applicants who make this request by May 15, 2009 may also receive a refund of the LIHTC application fee and the market study fee (if the market study has not yet been performed) that were submitted with their application. After this date, all remaining applications will be processed, unless otherwise withdrawn by the applicant, and fees will not be returned.

The Authority is making this opportunity available to applicants not only in an effort to expedite the funding round process, but also in an effort to relieve some of the financial burden applicants encounter in the application process. In this economic climate, the Authority is taking this opportunity to allow applicants to not have to incur unnecessary fees on applications that are unlikely to receive an award of credit.

In the coming months there will be a large quantity of applications for funding that will have to be processed for various types of funding. This includes projects receiving a prior year allocation wanting to monetize their credit under provisions of ARRA, projects requesting an allocation of TCAP, 2009 9% LIHTC applications, MSHDA-financed tax-exempt bond projects, and others. Due to the large volume of affordable housing projects that will have to be reviewed in the near future, applicants are strongly encouraged to take advantage of this opportunity. It is in the best interest of the parties involved, and the state of Michigan, to be able to expedite any funding processes where possible to put available funding to work in a timely manner.

Applicants choosing to take advantage of the opportunity discussed above should notify MSHDA of their intent to withdraw their application and receive a refund of the appropriate fees by emailing a copy of the attached Request for Withdrawal of Application form Carol Thompson at [thompsonc7@michigan.gov](mailto:thompsonc7@michigan.gov). Applicants will also be required to submit the original copy of this form at the time they come to pick up their application and fee refund(s). In addition, if you have any questions regarding the above or about any of the projects listed, please contact LIHTC staff at (517) 373-6007.

### REQUEST FOR WITHDRAWAL OF APPLICATION

Pursuant to the memo dated May 11, 2009 from Christopher LaGrand, I hereby request the withdrawal of the Low Income Housing Tax Credit application for \_\_\_\_\_ from the May 1, 2009 Funding Round. I am withdrawing this application with the understanding that no processing, scoring, underwriting, or review of the documents contained in the application has commenced. Further, once withdrawn, the complete application will be returned along with any funds associated with the Tax Credit Application fee and any funds not already expended to conduct the Market Study.

I acknowledge that the supplemental project information provided with the May 11, 2009 memo is preliminary information at this time and may be subject to revision as further project review and ARRA planning is conducted.
