

RAZORBACK™

The Correctional Specific CHAIR

The RazorBack Chair is an ideal seating solution for: Correctional Facilities, Institutions and all intense use environments.
Ideal for continuous, intensive use in extreme environments!

The RazorBack Chair has an **EXTREME** load capacity. The RazorBack chair's "Muscle-Back" leg design and "Structural Span" provide **MAXIMUM STRENGTH**. In addition, the ergonomic low back design is more resistant to chair leaning or rocking – which can cause stress and failure in other chairs used in similar use environments.

FEATURES:

- Durable, one piece, injection molded design for increased strength.
- Flame retardant (passes Cal 133).
- 1500 lb. static load.
- Passes ASTM F1561-03.
- Cost effective & economical.
- Easy to clean.
- Constructed with high impact "no break" polypropylene.
- Light weight - Only 8 lbs.
- **Stackable** – space saving storage.
- **Ergonomic** low back design is more **resistant to chair leaning** or rocking.
- **Muscle-Back** Legs include pilot hole for field drilling to enable bolt down option.
- Manufactured to ISO Quality Standards.
- The RazorBack carries a 10 year warranty.
