STATE OF MICHIGAN DEPARTMENT OF STATE POLICE LANSING

RICK SNYDER GOVERNOR COL. KRISTE KIBBEY ETUE DIRECTOR

To the Governor and Honorable Members of the Michigan Legislature:

On behalf of the Board of Directors and staff of the Michigan Automobile Theft Prevention Authority (ATPA), it is a pleasure to present the 2016 Annual Report, which shows motor vehicle thefts declined by 1.9 percent in 2015 and 56 percent over the last ten years.

The ATPA's success in the battle against motor vehicle theft is the direct result of the dedication and efforts by law enforcement teams, prosecutors' offices, and non-profit organizations funded through the ATPA. These highly-motivated individuals often go above and beyond the call of duty to recover stolen vehicles and arrest those responsible. As you read the success stories contained in this report, you will find many instances where grantees worked collaboratively to solve crimes.

Some highlights of the report are as follows:

- Michigan motorists are saving \$77 per insured vehicle as a result of lower thefts.
- In fiscal year (FY) 2016, the ATPA teams conducted 1,819 arrests and were involved in the recovery of 3,614 vehicles or parts, with an estimated value of \$38 million.
- Since its inception in 1986, the ATPA has reported a total of 68,304 arrests and recovered 100,676 vehicles and parts worth an estimated \$863 million.
- In FY 2016, the return on investment of the ATPA funds was \$7.47 for every \$1 spent.

In FY 2016, 12 teams (consisting of 32 law enforcement agencies), four prosecutors' offices, and four non-profit organizations received ATPA grant funding. These grantees continue to make motor vehicle theft prevention a high priority. Without the steadfast commitment of local, county, and state participants in this program, the ATPA would not be successful in reducing motor vehicle thefts throughout the state of Michigan.

Sincerely,

DIRECTOR

History and Overview

WHAT IS THE AUTO THEFT PREVENTION AUTHORITY?

In the mid-1980s, Michigan had the highest motor vehicle theft rate in the nation. Members of the Michigan Anti-Car Theft (ACT) Campaign Committee developed a concept that would combine the efforts of law enforcement, communities, and businesses against motor vehicle theft.

In 1986, Michigan's Governor and the Legislature decided to try the ACT committee's idea. So began one of Michigan's most effective weapons against the crime of motor vehicle theft, the ATPA.

The ATPA was established with a sunset provision that automatically abolished the program unless it was renewed by the Legislature. The purpose of the sunset was to ensure that the program, created as an experiment in law enforcement, was doing its job as intended.

In 1992, the Governor and Legislature agreed the ATPA should become a permanent state authority, housed under the auspices of the Michigan State Police (MSP). The legislation was overwhelmingly passed in both the House and Senate.

HOW IT WORKS:

The ATPA is funded by an annual \$1 assessment on each insured motor vehicle, plus interest earned by investing those funds.

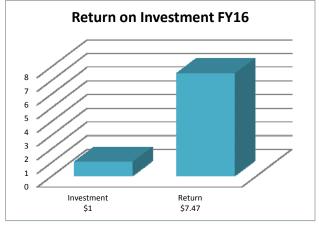

It is governed by a seven-member board of directors appointed by the Governor, which includes representatives of law enforcement, automobile insurers, and consumers of motor vehicle insurance. The board is chaired by the Director of the Michigan State Police.

Each state fiscal year, the board awards grants to law enforcement agencies, prosecutors' offices, and non-profit organizations. These grant programs provide four main functions: investigation, apprehension, prosecution, and prevention.

Finally, the ATPA board members and staff are involved in long-range planning. Regular meetings provide updated goals and objectives for fighting motor vehicle theft.

IMPACT ON MOTORISTS:

According to the National Association of Insurance Commissioners, in 2015, Michigan motorists saved \$77 per insured motor vehicle as a result of lower motor vehicle thefts. The return on investment of ATPA funds for FY16 was \$7.47 for every \$1 spent.

ATPA Financial Statement

AUTOMOBILE THEFT PREVENTION AUTHORITY (ATPA) FINANCIAL STATEMENT

Michigan State Police

Schedule of Sources and Disposition of Authorizations and Changes in Balances

Fiscal Year (FY) Ending September 30, 2016

TOTAL UNEXPENDED AND UNRESTRICTED BALANCES \$1,713,996

Note 1: a. Reporting Entity

The above financial schedule reports the results of the financial transactions of the ATPA for FY 2016. The ATPA's operations are accounted for in the state's general fund and are reported in the Michigan Comprehensive Annual Financial Report.

The Michigan Comprehensive Annual Financial Report provides general disclosures regarding: Summary of Significant Accounting Policies; Budgeting and Budgetary Control; State Treasurer's Common Cash; Pension Benefits; Compensated Absences; General Long-Term Obligations; Contingencies; and Other Commitments.

b. Basis of Accounting

The above financial schedule is prepared on the modified accrual basis of accounting, as explained in more detail in the Michigan Comprehensive Annual Financial Report.

The above financial schedule includes only the sources and disposition of authorizations and the changes in balances for the ATPA's general fund accounts. Accordingly, the financial schedule is not intended to constitute a complete financial presentation of either the ATPA or the general fund, in accordance with generally accepted accounting principles.

Note 2: Matching Percent

The ATPA Board of Directors increased the matching fund requirement from 40 percent to 50 percent on October 1, 2009, where it remains.

ATPA Grantees

The following law enforcement teams, prosecutors' offices, and non-profit organizations were funded by the ATPA in FY 2016.

ATPA Teams Motor Vehicle Theft Data

Auto thefts have declined nationwide as newer vehicles utilize high-tech anti-theft devices making them harder to steal. Anti-theft devices include smart keys containing computer chips needed to start the vehicle, kill switches, and devices that disable starters. Simultaneously, auto theft arrest rates have also declined, while the recovery value of stolen vehicles has risen. Due to these trends, carjacking and fraud cases have been on the rise.

ATPA Success Stories

A.C.T.I.O.N.. Detroit

In August 2016, Officer Dan Kolar, a Grosse Pointe Park police officer assigned to the A.C.T.I.O.N. auto theft team, was recognized with a State of Michigan Senate Special Tribute, courtesy of Sen. Steven Bieda.

Officer Kolar was recognized for the arrest of a Hazel Park man who was charged with assault with intent to murder in March 2016. Officer Kolar's intervention saved a woman's life.

G.A.I.N., Genesee County

G.A.I.N. detectives began an investigation into an unknown suspect stealing brand new pickup trucks off the General Motors (GM) parking lot in the City of Flint. Several months later, the Flint Police Department investigated a hit and run crash involving a brand new 2016 Chevrolet LTZ Duramax pickup truck, which was later determined to be stolen from the GM parking lot. At the same time, a neighboring police department became involved in a high-speed pursuit with a brand new pickup truck; however, the chase was terminated.

Investigators later identified a suspect, who confessed to stealing five 2016 high-end pickup trucks from the GM parking lot in Flint. The suspect also admitted to being involved in a high-speed chase with the Burton Police Department and a hit and run which left a pedestrian in critical condition.

Total recovery value of the trucks involved was over \$290,000.

S.E.A.T.T., Detroit

S.E.A.T.T. received information about six 2016 Ford Mustangs that had been stolen from the Ford Woodhaven plant. A lead was developed from a previous investigation involving multiple vehicle thefts from the same plant. During the investigation, two new Ford Mustangs were found partially hidden under tarps in the backyard of a suspect's home. Working with Ford Security and Detroit Police Department Special Operations, officers developed enough information for the authorization of a search warrant.

Officers recovered two Mustangs in one location and a third Mustang nearby; all confirmed stolen from the Woodhaven plant. Witnesses identified the person that parked the vehicle on the street as the owner of the residence, who parked it there while officers were searching his home. Total recovery was valued at \$165,000.

ATPA Success Stories

S.E.A.T.T., Detroit

S.E.A.T.T. received information on a 2016 BMW that had been stolen from a Washtenaw County car dealership. The investigation revealed that the suspect had swapped keys during a showroom visit, returned to the dealership, and then stole the vehicle. Utilizing GPS, the BMW was located and recovered, along with a stolen Ford Fusion, and the suspect was arrested. During interrogation, information was obtained and a search warrant was executed resulting in the recovery of two additional stolen vehicles and ten sets of suspected stolen wheels/tires. The total recovery value exceeded \$120,000.

S.E.A.T.T. also discovered evidence of an identity theft/credit card fraud operation from which officers seized numerous blank credit and gift cards, an embossing machine, and a large quantity of other evidence connected to the operation.

MAVTI, Statewide

MAVTI is an ATPA-funded non-profit organization consisting of law enforcement, insurance representatives, and others committed to fighting auto theft and fraud in Michigan. MAVTI provides extensive training programs that address all aspects of vehicle theft and fraud, including but not limited to, investigative techniques, statewide trends, and legal updates. MAVTI recently conducted hands-on auto theft training for the Michigan State Police 131st Trooper Recruit School.

IFINX21FO1F41258

O.C.A.T., Oakland County

O.C.A.T. investigated a chop shop, recovering several stolen items which included vehicles, boats, trailers, and snowmobiles. During the investigation, a confidential informant provided information on additional cases surrounding Pontiac.

The information received led to the recovery of several re-tagged vehicles and other stolen equipment which had ties to both northern Michigan and other states. O.C.A.T. was able to connect a multitude of suspects involved in the criminal enterprise and recovered ten re-tagged vehicles. The recoveries were over \$100,000 with several warrants and arrests processed.

ATPA Public Relations

ATPA teams, as well as police officials, rely on the cooperation of community members to provide information about auto theft-related crimes in their neighborhoods. ATPA teams work diligently to build relationships with the communities they serve. In addition, at public events, ATPA staff members were able to share information on how to keep vehicles and valuables safe from thieves.

General Motors (GM) River Days, Detroit, June 24-26, 2016

ATPA staff, equipped with the GM police display vehicle, participated in the GM River Days festival along Detroit's riverfront. The ATPA booth was centrally located and received significant traffic thanks to many promotional giveaway items and photo opportunities. The organizers of the event estimated more than 140,000 people attended the event.

Back to the Bricks, Flint, June 9-14, 2016

ATPA staff also participated in the Back to the Bricks, Flint's annual outdoor auto show event. ATPA staff handed out promotional items and spoke to car enthusiasts about what they can do to keep their vehicles and vehicle accessories safe from thieves. Festival organizers estimated more than 500,000 people attended the three-day event.

Lock It or Lose It

The ATPA implemented the Lock It or Lose It campaign and asked for participation and support from funded teams to promote the effort. The Lock It or Lose It campaign reinforces the importance of locking doors and preventing motor vehicle theft.

The ATPA hopes this important effort helps to continue the decrease in motor vehicle theft.

REMOVE Your Valuables
LOCK Your Vehicle

In the United States, a motor vehicle is stolen every 44 seconds.

Nearly half of vehicle theft is the result of driver error such as leaving a key in the ignition or a door unlocked. An unlocked door or open window is an easy target for thieves.

The estimated total value of vehicles stolen nationwide each year exceeds \$4.3 billion.

Only half of vehicles reported stolen are recovered.

This message is brought to you by the Michigan Auto Theft Prevention Authority. Learn more at www.michigan.gov/ATPA.

LOCK IT ORLOSE IT

Tips for keeping your vehicle and valuables safe:

Always close windows, lock doors and take the key with you.

Never leave your vehicle unattended while running.

Park in a garage, if available. Lock both the car and garage.

Don't leave your car keys unattended, especially in an easily accessible area.

Keep vehicle registration and proof of insurance on you; don't leave these documents in your glove compartment.

Always park in well-lit areas.

Never leave valuables or packages in your vehicle, especially where they can be seen. Put them in the trunk, if necessary.

Report suspicious activity to law enforcement.

What to Know When Buying or Selling a Motor Vehicle

PRIVATE SALE

- Ask for the purchaser's driver's license to fully complete the purchaser's section of the title and copy the
 information onto a separate receipt form for you.
- Fill in the actual vehicle mileage box and the sales price line before you sign the title. If the purchaser presents a bank money order or cashier's check, go to that financial institution and cash it before releasing the vehicle title.
- Never agree to meet the purchaser at a remote location after normal business hours.
- Conduct the vehicle sale inside a Secretary of State office. They have records on all drivers, and can help you identify the purchaser.

PRIVATE PURCHASE

- Be suspicious of any deal that seems "too good to be true".
- Make sure the title and registration match the name and address of the seller. Ask the seller for their cell phone
 and land line numbers.
- Ask the seller for their driver's license and write down their license number.
- Ensure the VIN plate looks original and the rivets that secure the plate have not been tampered with.
- Match the VIN on the dash with the VIN on the registration, title, and federal safety sticker on the driver's door.
- Check the issue date on the vehicle's registration and title. If either were issued recently, ask the seller why.
- Complete the vehicle purchase inside a Secretary of State office. They can identify counterfeit registrations and titles.
- For a modest fee, you can find information about a vehicle's history from an online service.

FLOOD DAMAGE IDENTIFIERS

Over the last several years, many cars have been damaged by severe floods across the county. Here are a few ways to identify a flood damaged vehicle:

- Stain marks, rust, mildew, sand, or silt under the floorboard carpet.
- Dried mud under the dashboard, behind wiring harnesses, and in alternator crevices. Rust on screws in the
 console and other areas where water normally would not reach. Rust and water residue in the electrical wiring
 system.
- Anything unusual in the vehicle's title history.

Additional information can be found at www.nicb.org.

Insurance Companies Assessments Received in 2016

(The following schedule represents 2015 assessments, which are based on the number of earned car years of insured vehicles in 2015, providing no-fault personal injury protection. The assessments were due April 1, 2016.)
