This document was created by the Michigan State Police/Emergency Management and Homeland Security Division (MSP/EMHSD) and is supplemental to the 2019 Emergency Management Performance Grant (EMPG) Work Agreement/Quarterly Report (EMHSD-31). This document provides additional information to local emergency management programs to assist with the completion of the EMHSD-31. Each quarter the EMHSD-31 must be completed electronically and submitted through the MSP/EMHSD electronic survey system. Once the local Emergency Management Coordinator (EMC) submits the EMHSD-31, it will be forwarded to the District Coordinator (DC) for review and approval.

This document is organized by the 2019 EMHSD-31 items which are based on the standards identified in the EMHSD Publication 206: Local Emergency Management Standards. Pub 206 standards follow the Emergency Management Accreditation Program (EMAP).

The goal of each work agreement objective is identified in this document along with additional information and available resources that may assist in the completion of the objective.

**Work Agreement Objective 1: Administration and Finance**

**Goal:** Verify that the appropriate administration and financial documents are submitted on time to MSP/EMHSD.

**Pub 206 Standard:** Section 4.1

**Metrics:**

- Indicate whether EMPG reports and financial documentation were submitted
  - Select Yes or No.

**Notes:**

- **1st Quarter Documents:** 2019 EMD-007, EMHSD-31
- **2nd Quarter Documents:** 2019 EMD-007, EMHSD-31
- **3rd Quarter Documents:** 2018 EMD-007, EMHSD-31
- **4th Quarter Documents:** 2018 EMD-007, EMHSD-31, Current Position Description for EMPG funded personnel, EMD-17, EMHSD-31

- There is no form for position descriptions, information can be sent in any format.
- The position descriptions are required to show that the duties being performed are in line with EMPG, especially for those that hold multiple positions. It is not a problem to submit the same position description with no changes each year.
- The original Initial Work Agreement with signatures containing the Chief Elected Official and Emergency Management Program Manager are due by the deadline determined by MSP/EMHSD which is October 15, 2018.
- The EMHSD-31 will be submitted electronically, electronic signatures are acceptable.
- The financial forms will not be submitted electronically.

Work Agreement Objective 2: Laws and authorities

Goal: Verify attendance at quarterly district meetings and other meetings related to emergency management, which may assist in the execution of emergency management activities within the jurisdiction. This objective will assist in identifying functional areas where additional coordination and communication efforts are needed.

Pub 206 Standard: Section 4.2

Metrics:

• Indicate whether the quarterly district meeting was attended
  o Select Yes or No.
• List the number of meetings attended per Emergency Support Function (ESF)
  o E.g. ESF #1 Transportation, # of Meetings 2,
    ESF #7 Logistics, # of Meetings 1

Notes:

• The federal ESFs were chosen for the work agreement as a way to organize meetings by type. The program/EOC does not need to be structured according to the 15 Federal ESFs to report in this format.

• Document meetings held with functional areas/annex heads regarding plan updates and other types of meetings e.g., Ebola concerns resulted in an increase of public health meetings.

• This objective will identify areas where more coordination and communication are needed, e.g. programs affected by flooding or disaster incidents should be participating in long term recovery meetings. If this is not occurring, MSP/EMHSD can analyze and address, e.g. a local program may not be aware of meetings held by the Michigan Department of Health and Human Services (MDHHS) and/or MI Voluntary Organizations Active in Disaster (VOAD). MSP/EMHSD can help bridge this gap.

• Difference between Regional and District meeting types:
  o Regional – Planning, UASI, Board meetings
  o District – District meetings and any additional meetings conducted by the DC

• Do not track meetings in this area that are addressed elsewhere in the work agreement (e.g., Local Planning Team (LPT), Local Emergency Planning Committee (LEPC), etc.).

• If a meeting occurs with multiple functional areas, it can be counted in each appropriate ESF, e.g. an Emergency Operation Center (EOC) planning meeting can include multiple functional areas at once. A 1 can be counted in Transportation, Communications, and Firefighting if all were present at the meeting.

• The EMC does not need to attend all types of meeting.
Work Agreement Objective 3: Hazard Identification, Risk Assessment, and Consequence Analysis

Goal: Identify risk/vulnerability assessments that are completed in each jurisdiction. This objective is more detailed than #4 Hazard Mitigation. This objective should identify new hazards and identify vulnerabilities that may not have a hazard mitigation strategy associated with it. #4 Hazard Mitigation is a broad (5-year) view of mitigation objectives and action items. The activities identified in this standard may relate to the development of the Hazard Mitigation Plan and may also support activities in #5 Prevention and #6 Operational Planning.

Pub 206 Standard: Section 4.3

Metrics:

- List the number of assessments completed in the I.P. Gateway tool.
  - This is the new system that has replaced ACAMS. It has been rolled out to all regional programs.
- List the number of risk assessments completed for critical infrastructure facilities such as schools, stadiums, chemical plants, etc.
- List the number of risk assessments completed for special events such as fairs, conventions, concerts, etc.
- List the number of risk assessments completed for local municipalities.
  - This may include a Threat and Hazard Identification and Risk Assessment (THIRA), Hazard Analysis Plan, use of Hazus, etc.
- List the number of risk assessments completed for the county.
  - This may include THIRA, Hazard Analysis Plan, use of Hazus, etc.
