STRIVE 4 A SAFER DRIVE

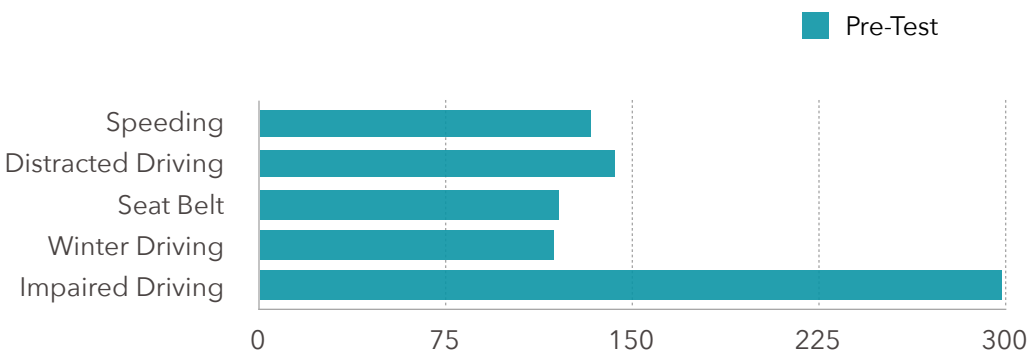

ANCHOR BAY HIGH SCHOOL TIKTOK

STRIVE FOR A SAFER DRIVE IN ACTION!

Michigan high schools have been notified of their participation in the 2020-2021 S4SD program and have begun educating the community on traffic safety. Students are educating peers and the community on winter driving, speeding, distracted driving, seat belts, and impaired driving.

Strive for a Safer Drive is committed to educating students and the community on traffic safety. To evaluate what students have learned throughout the program, the participation of schools in traffic safety surveys is highly encouraged. To this date, **816 students** have taken the pre-test.

S4SD RECORDED WEBINAR

The S4SD webinar has been recorded and is posted on the [website](#).

CAMPAIGN FUNDS

Contact the S4SD team if you **haven't** obtained your schools grant or there is an issue with the check.

SOCIAL MEDIA

Please, post pictures and videos of your campaign on social media using **#S4SD**

CURRENT S4SD PRE-TEST STATISTICS

Speeding Pre Test Created 01/12/2021	02/07/2021	134
Distracted Driving Pre Test Created 01/12/2021	02/07/2021	143
Seat belt pre test Created 01/12/2021	02/05/2021	121
Winter Driving pre test Created 01/12/2021	02/05/2021	119
Impaired driving pre test Created 01/12/2021	02/05/2021	299

MEASURING STUDENT SUCCESS

Students are asked to take at least one of the following pre-test surveys through SurveyMonkey; speeding, distracted driving, seat belt, winter driving, or impaired driving. The surveys contain information that is critical for students to learn and know. Each survey contains 6-7 questions that are multiple-choice, true and false, or strongly disagree to strongly agree.

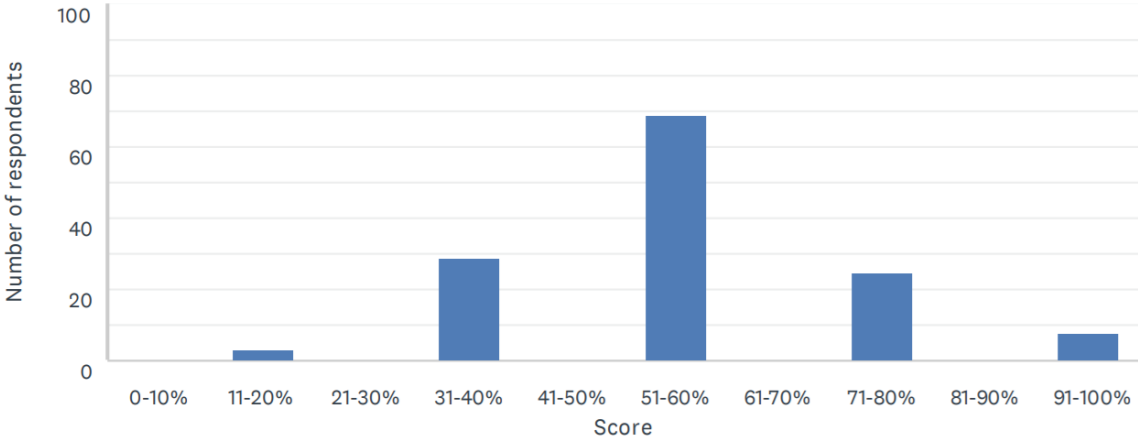

SurveyMonkey allows advisors to share pre-test links with all faculty and staff to ensure high student retention. Each survey contains information of how many students took the test on which day, their 'score', and displays each answer per student. At the wish of the user, the data can be exported into a graph that displays your choice of information. Below, current data is exported into 5 graphs for each traffic safety topic.

Speeding Pre Test

Quiz Summary

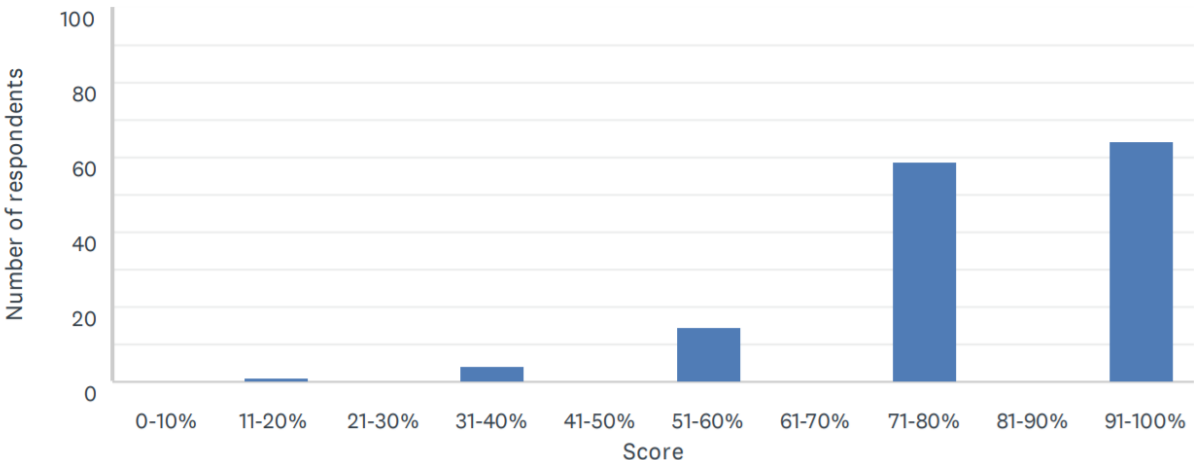

AVERAGE SCORE
61% • 3.0/5 PTS

Distracted Driving Pre Test

Quiz Summary

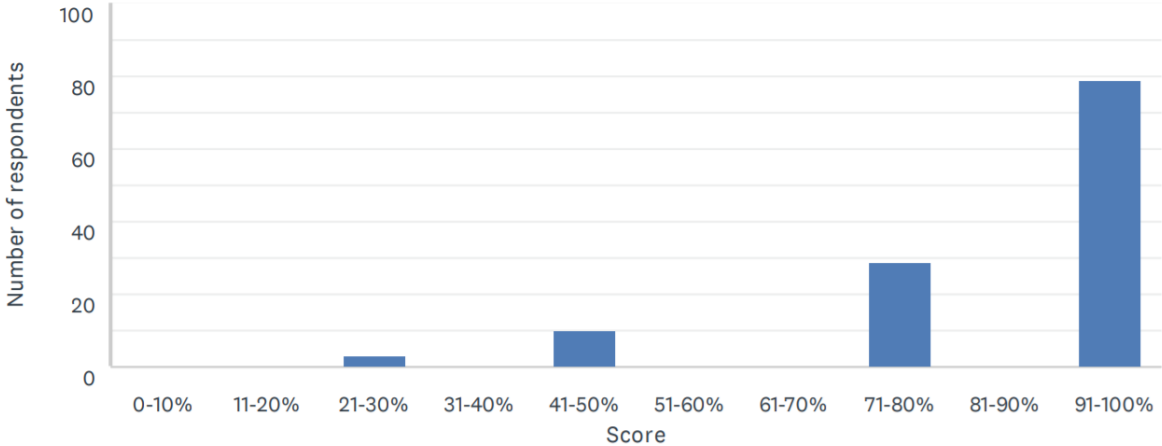

AVERAGE SCORE
85% • 4.3/5 PTS

Seat belt pre test

Quiz Summary

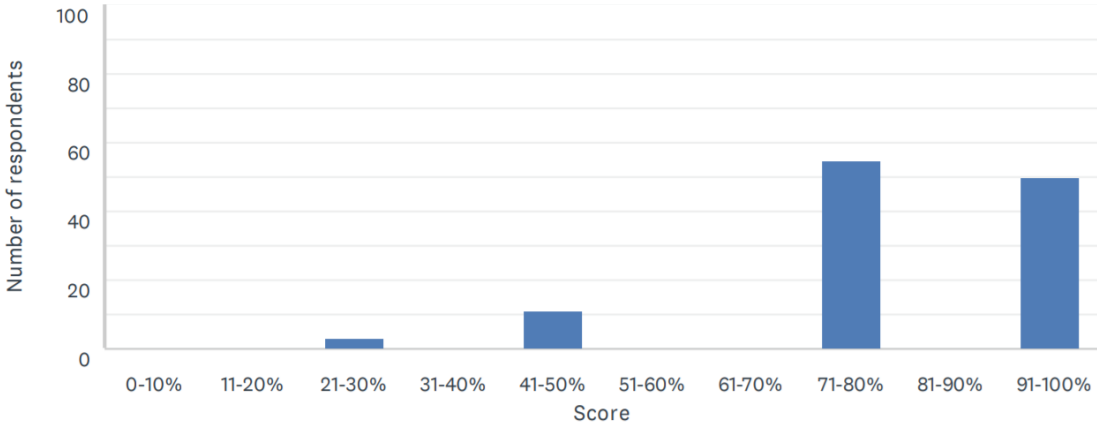

AVERAGE SCORE
88% • 3.5/4 PTS

Winter Driving pre test

Quiz Summary

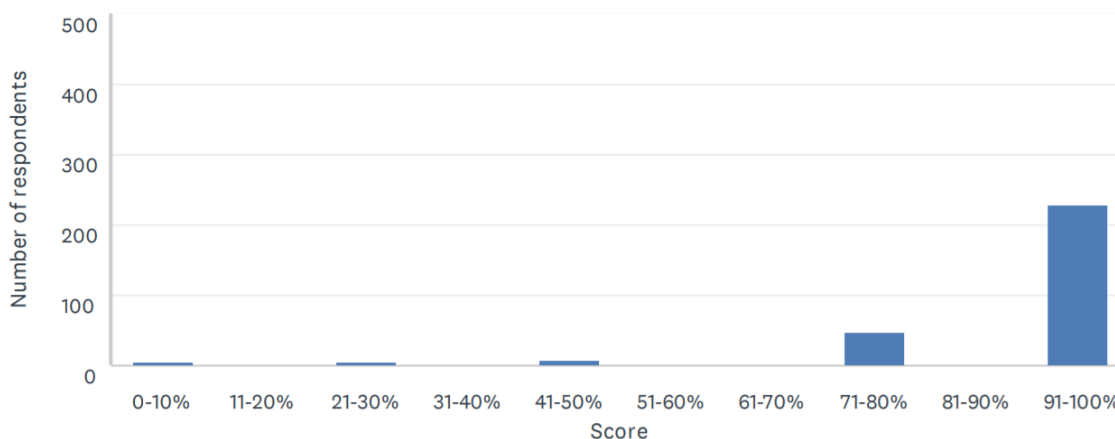

AVERAGE SCORE
82% • 3.3/4 PTS

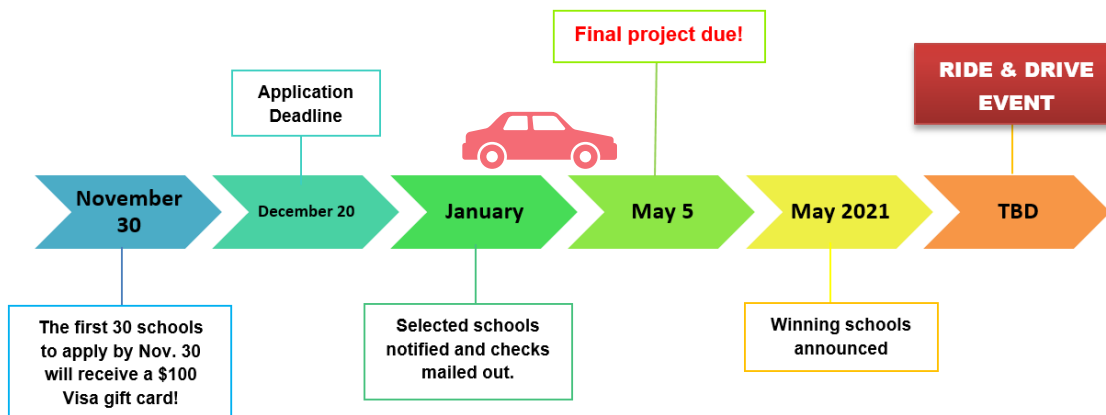

Impaired driving pre test

Quiz Summary

AVERAGE SCORE
91% • 3.6/4 PTS

The S4SD team asks for students to take the pre-test before the majority of campaign activities begin. The pre and post-tests will allow the S4SD team to evaluate the effectiveness of the program. The current participation is phenomenal and we hope for more students to evaluate their current knowledge. Officially, campaign funds have been received by advisors and campaigning can officially begin! Due to the delay in funds, Strive for a Safer Drive is going to **extend the end date to April 30th** with a **final presentation due date of May 5, 2021**.
