

A 41-year-old Canton resident failed to pay the rent on his self storage unit in Westland. While inventorying the unit's contents for auction, the storage facility manager found a pick-up truck. The manager filed paperwork with the Secretary of State to auction the vehicle. SOS informed the manager the vehicle was reported stolen out of Canton Township. Western Wayne Auto Theft detectives determined the vehicle was stolen in April 2005. GMAC Insurance paid in excess of \$9,000 on this claim, including \$3,900 to the suspect. Detectives obtained a full confession from the suspect, and he was lodged on charges of Filing a False Police Report and Insurance Fraud. The vehicle will be returned to the insurance company.
