

The Grand Rapids Team worked a case which involved an EBay purchase of a Volvo with a counterfeit \$21,500 check. Officers tracked the vehicle to Newark, New Jersey, then to Germany, and then to Finland where it was impounded. A Russian woman showed up to drive it to Russia but found it had been impounded. The woman then contacted Finnish police to complain that she had paid \$18,000 cash for the vehicle. The Auto Theft Team is working with Unitrin in making arrangements to return the vehicle to the United States.
