

OVERVIEW OF NEXT GENERATION 911

presented by

The Department of Homeland Security Office of Emergency Communications

This free event is in partnership with the State 911 Office

The Presenters

Mr. Glenn Roach is Vice-President-NG911 for Winbourne Consulting, LLC. Formerly, Mr. Roach was the CEO and Owner of Emergency Public Safety Communications, LLC. He has more than 26 years of operations and administrative experience in government, corporate, and entrepreneurial 911 and emergency communications settings. His expertise is in the areas of public policy, administration, strategic technology planning, implementation and operation of 911, and public safety communications systems.

Mr. Joel McCamley brings over 23 years of experience in the Information Technology field, specifically in the implementation of technology systems for the betterment of business and human operations, with the past 14 years focused on technology implementations in the public safety communications industry. Mr. McCamley is a recognized industry expert in the NG911 planning, implementation, and operations, as well as public safety policy development and strategic planning. He has developed extensive expertise in NG911 system deployments across the country through his direct participation in NG911 efforts in more than 15 states.
