

2016 Burglary-Forced Entry

DEFINITION

Burglary-Forced Entry is the unlawful forcible entry of a building or other structure with the intent to commit a theft or felony. This does not apply to motor vehicles or coin boxes.

ANALYSIS

VOLUME

The number of burglaries with forced entry committed in Michigan in 2016 was 30,731. This is a reported decrease of four percent from 2015 and a forty-three percent decrease since 2012.

The largest number of offenses occurred in the month of August. The least amount occurred in February.

RATE

The crime rate for this offense was 310 for every 100,000 persons. In 2015 the crime rate was 322 per 100,000 persons. This is a reported four percent decrease in the crime rate.

CLEARANCES

Law enforcement agencies cleared 3,079 incidents by an arrest or exceptional clearance out of the 30,330 incidents reported. This calculates to a ten percent clearance rate.

NATURE

In 2016, seventy-seven percent of these offenses occurred most often at a Residence/Home. Commercial/Office Buildings were burglarized four percent of the time. The majority of forced entry burglaries in Michigan for 2016 occurred on Fridays. The least amount of offenses occurred on Sundays.

OFFENDERS

In fifty-four percent of the offenses reported to law enforcement agencies the suspect or offender was Unknown. Among the known offender information, eighty-three percent of the offenders were reported as Males and sixteen percent were Females.

Thirty-eight percent of the offenses were committed by White Males while ten percent were committed by White Females. Black Males were involved in thirty-eight percent of these offenses and Black Females were involved in five percent of these offenses.
