Become a Cyber Warrior!

The Michigan State Police Cyber Unit came to Prep and Parey's community center to teach about cyber dangers and how to stay safe on the internet. Prep and Parey learned so much they decided they were going to start a club to help teach others how to protect themselves from cyber crimes and other dangers on the internet.

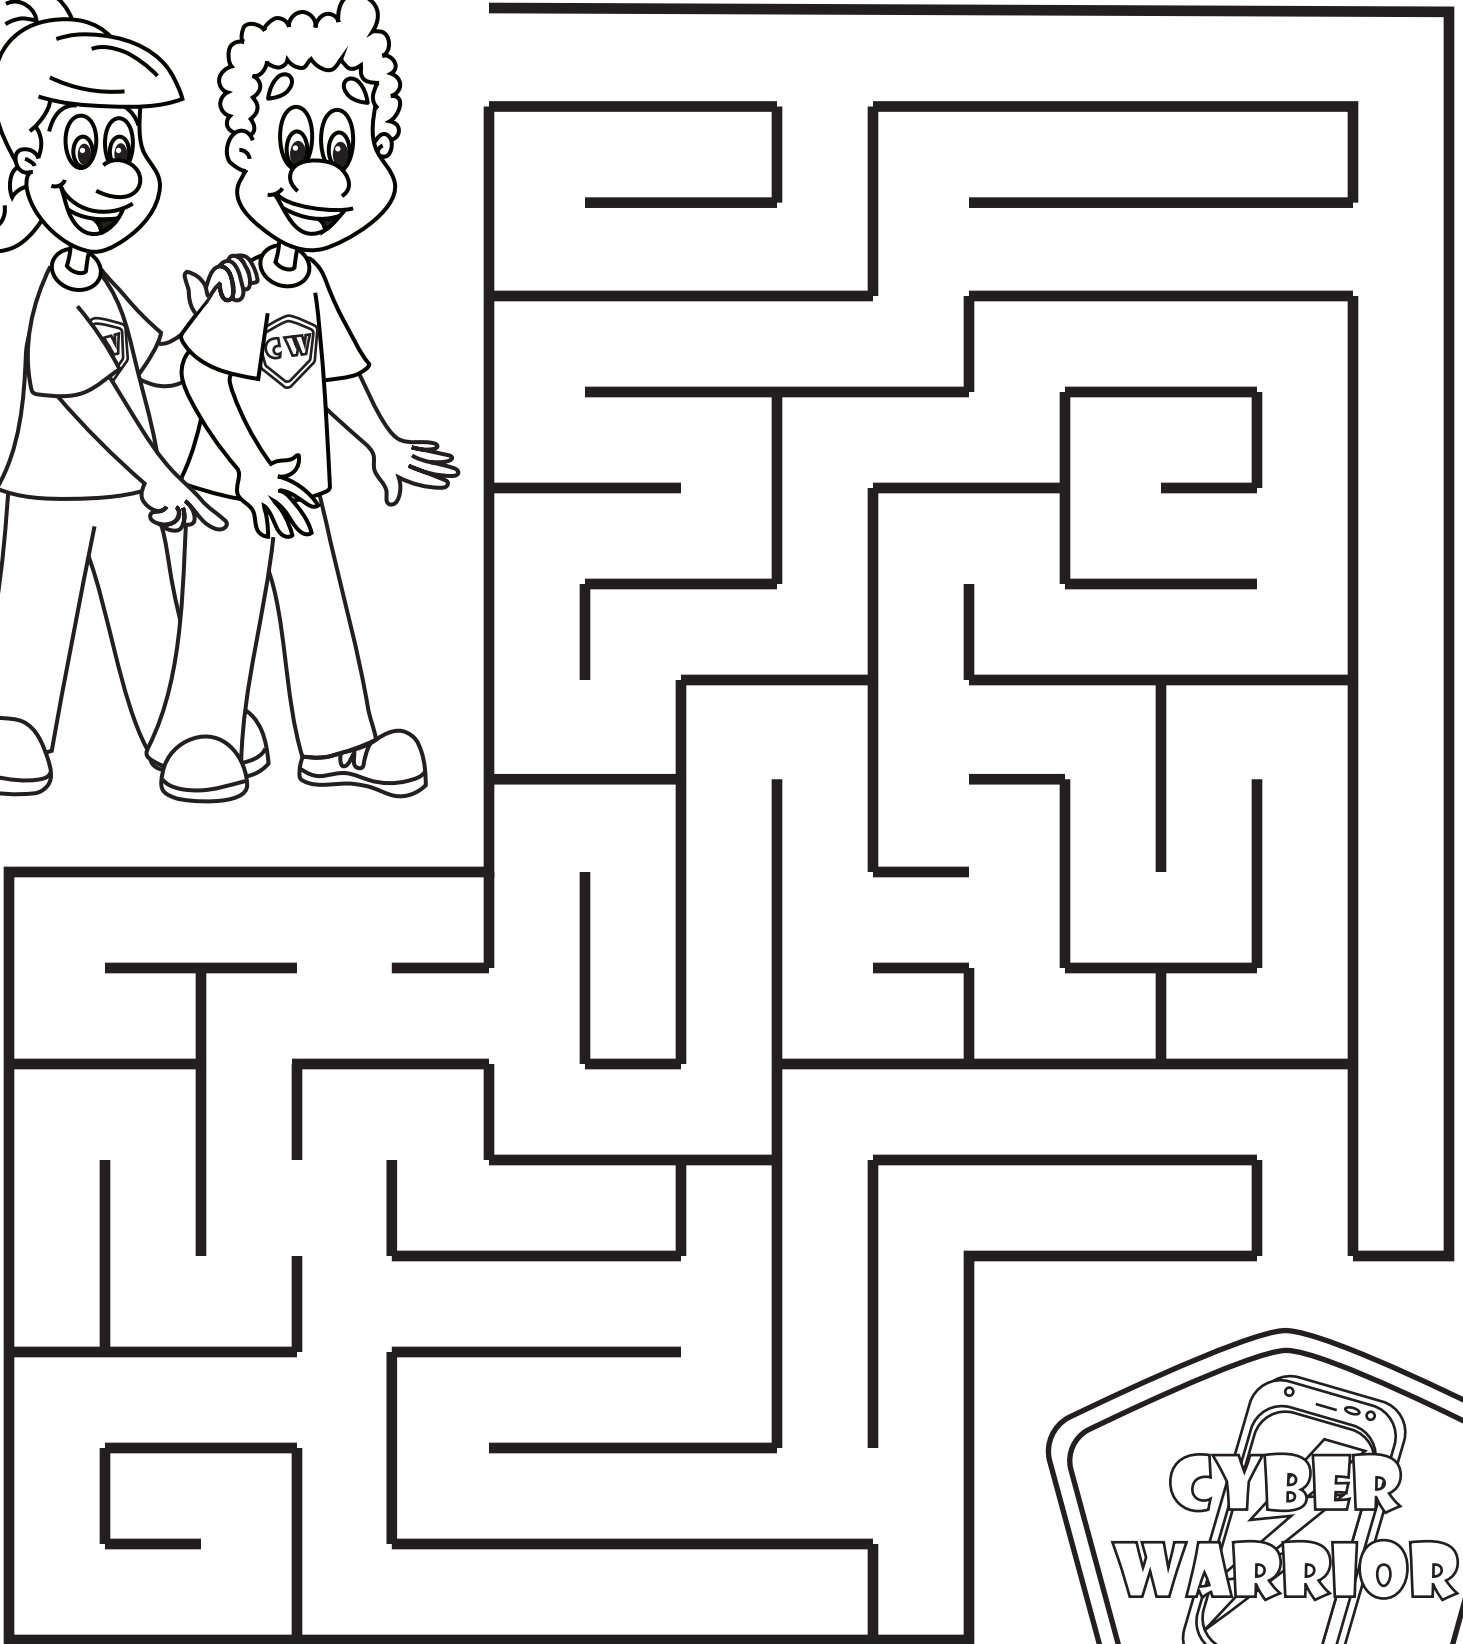

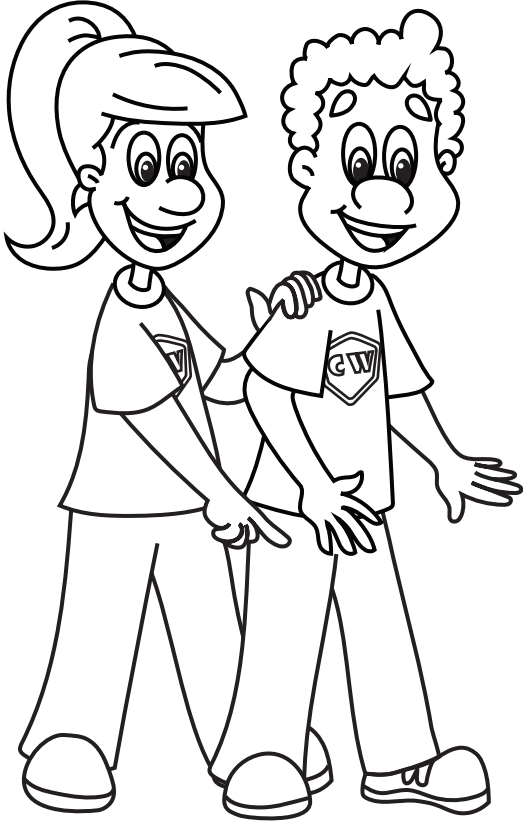

This club of Cyber Warriors can't do it alone. They are asking for your help. Can you be a leader in cyber safety? Prep and Parey know you can!!! With this book, you can join Prep and Parey in keeping yourself and your friends safe from dangers on the internet and social media. Become a Cyber Warrior today!

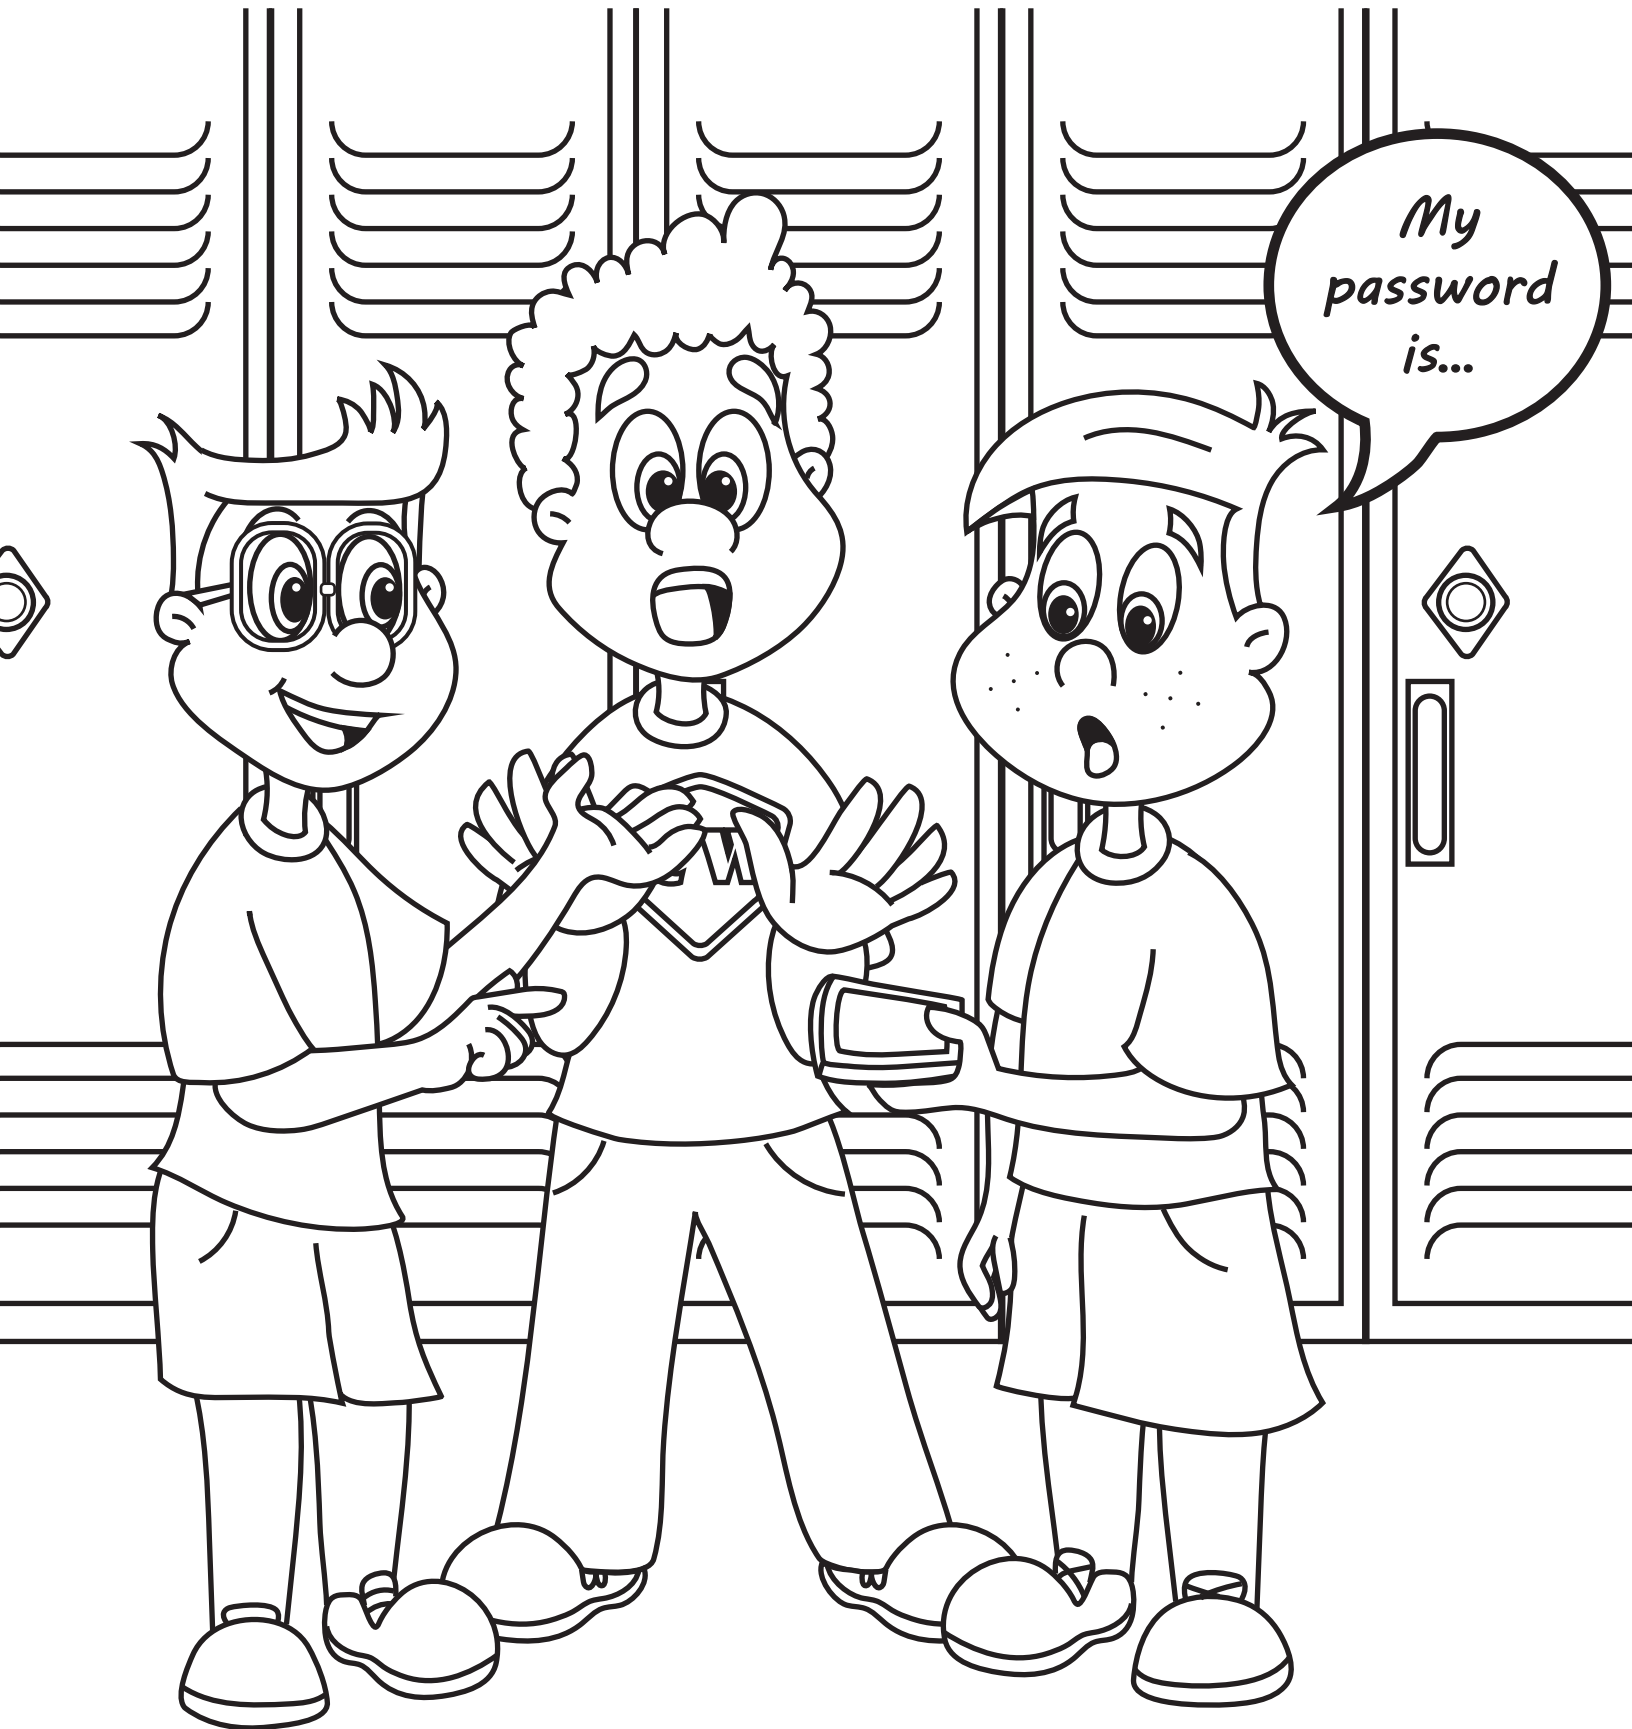

*Do you have what it takes to be a
Cyber Warrior?*

Can you help Prep and Parey reach the Cyber Warrior badge?

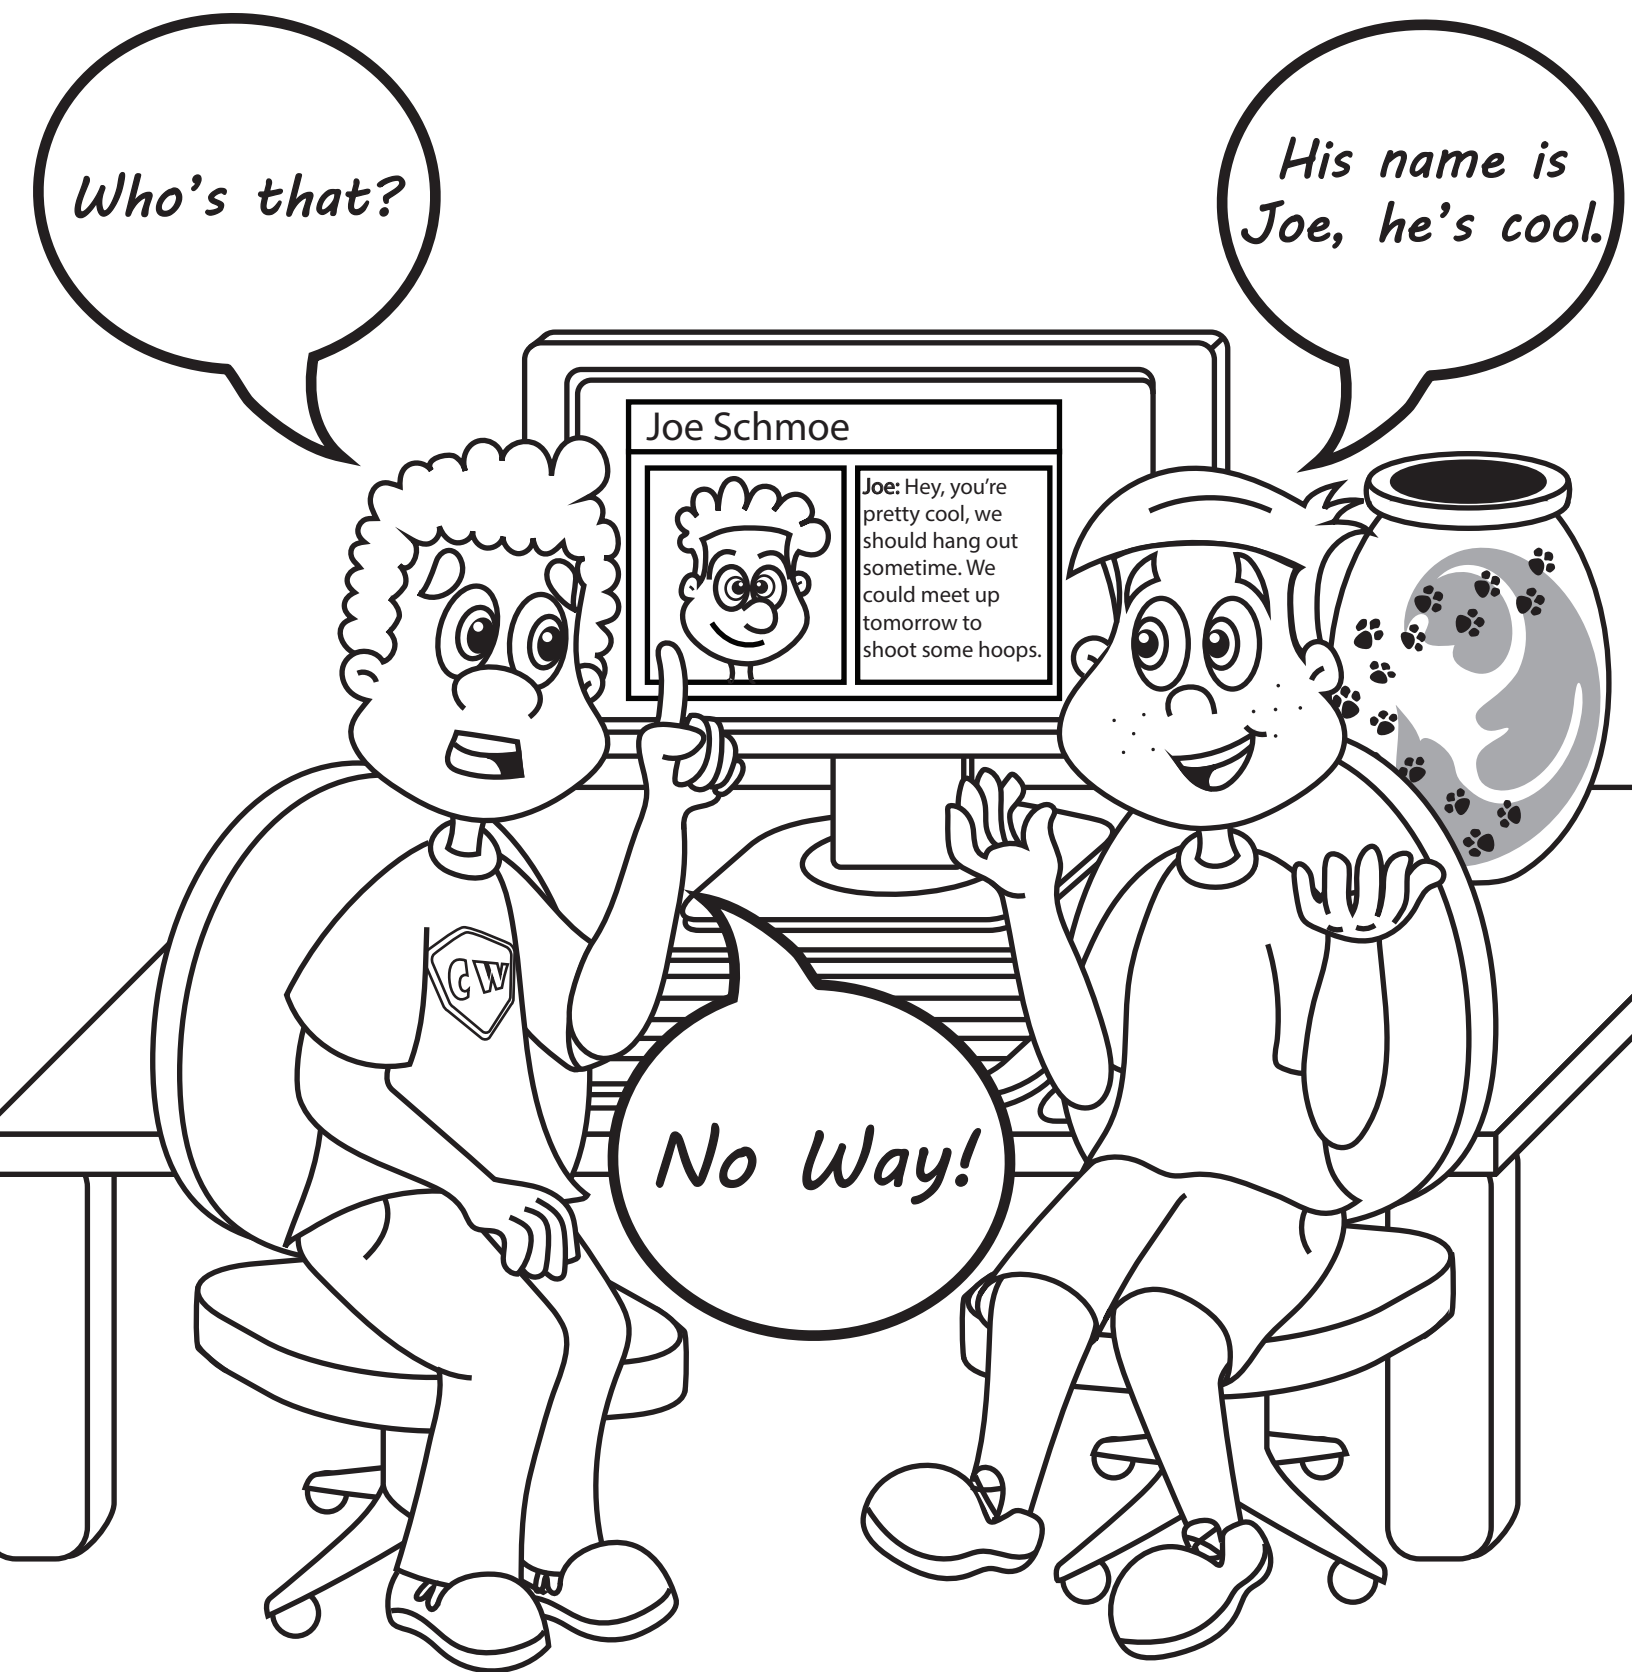

Tip 1: "Protect your information!"
Only share your passwords with your parents.
Your information is *YOUR* information!

*Tip 2: "Think before posting anything online!"
Once you send or post anything, you can't get
it back. You may not be mad tomorrow, but
that picture will still be out there.*

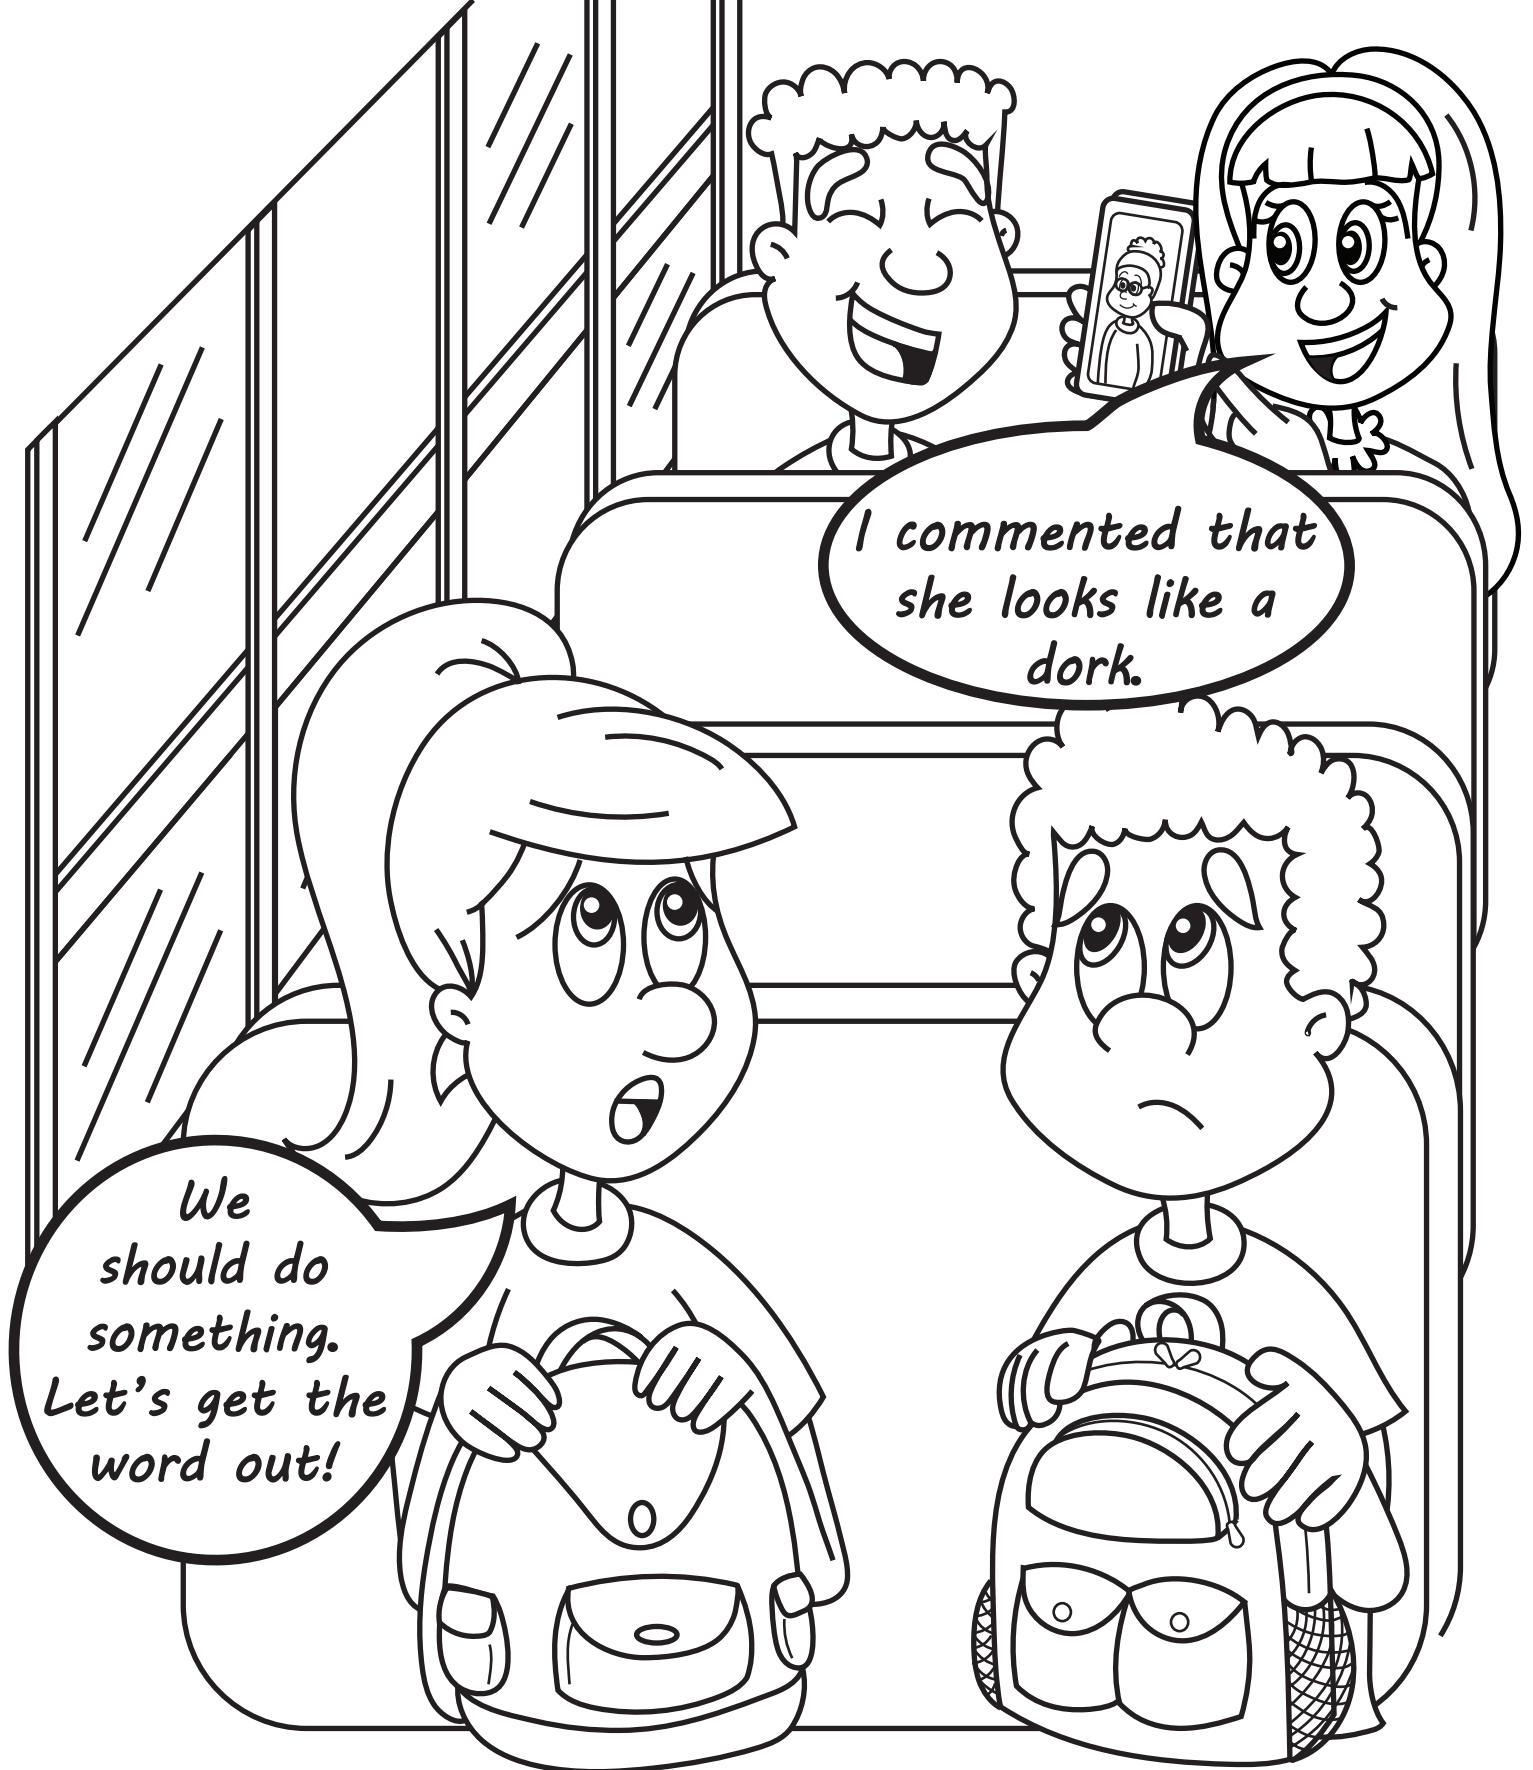

Tip 3: "Never agree to meet an online pal without a parent."

Tip 4: “Don’t be a bully!” Mean words are just as powerful on screen as they are in person. Be tolerant, kind and respectful and stand up for each other.

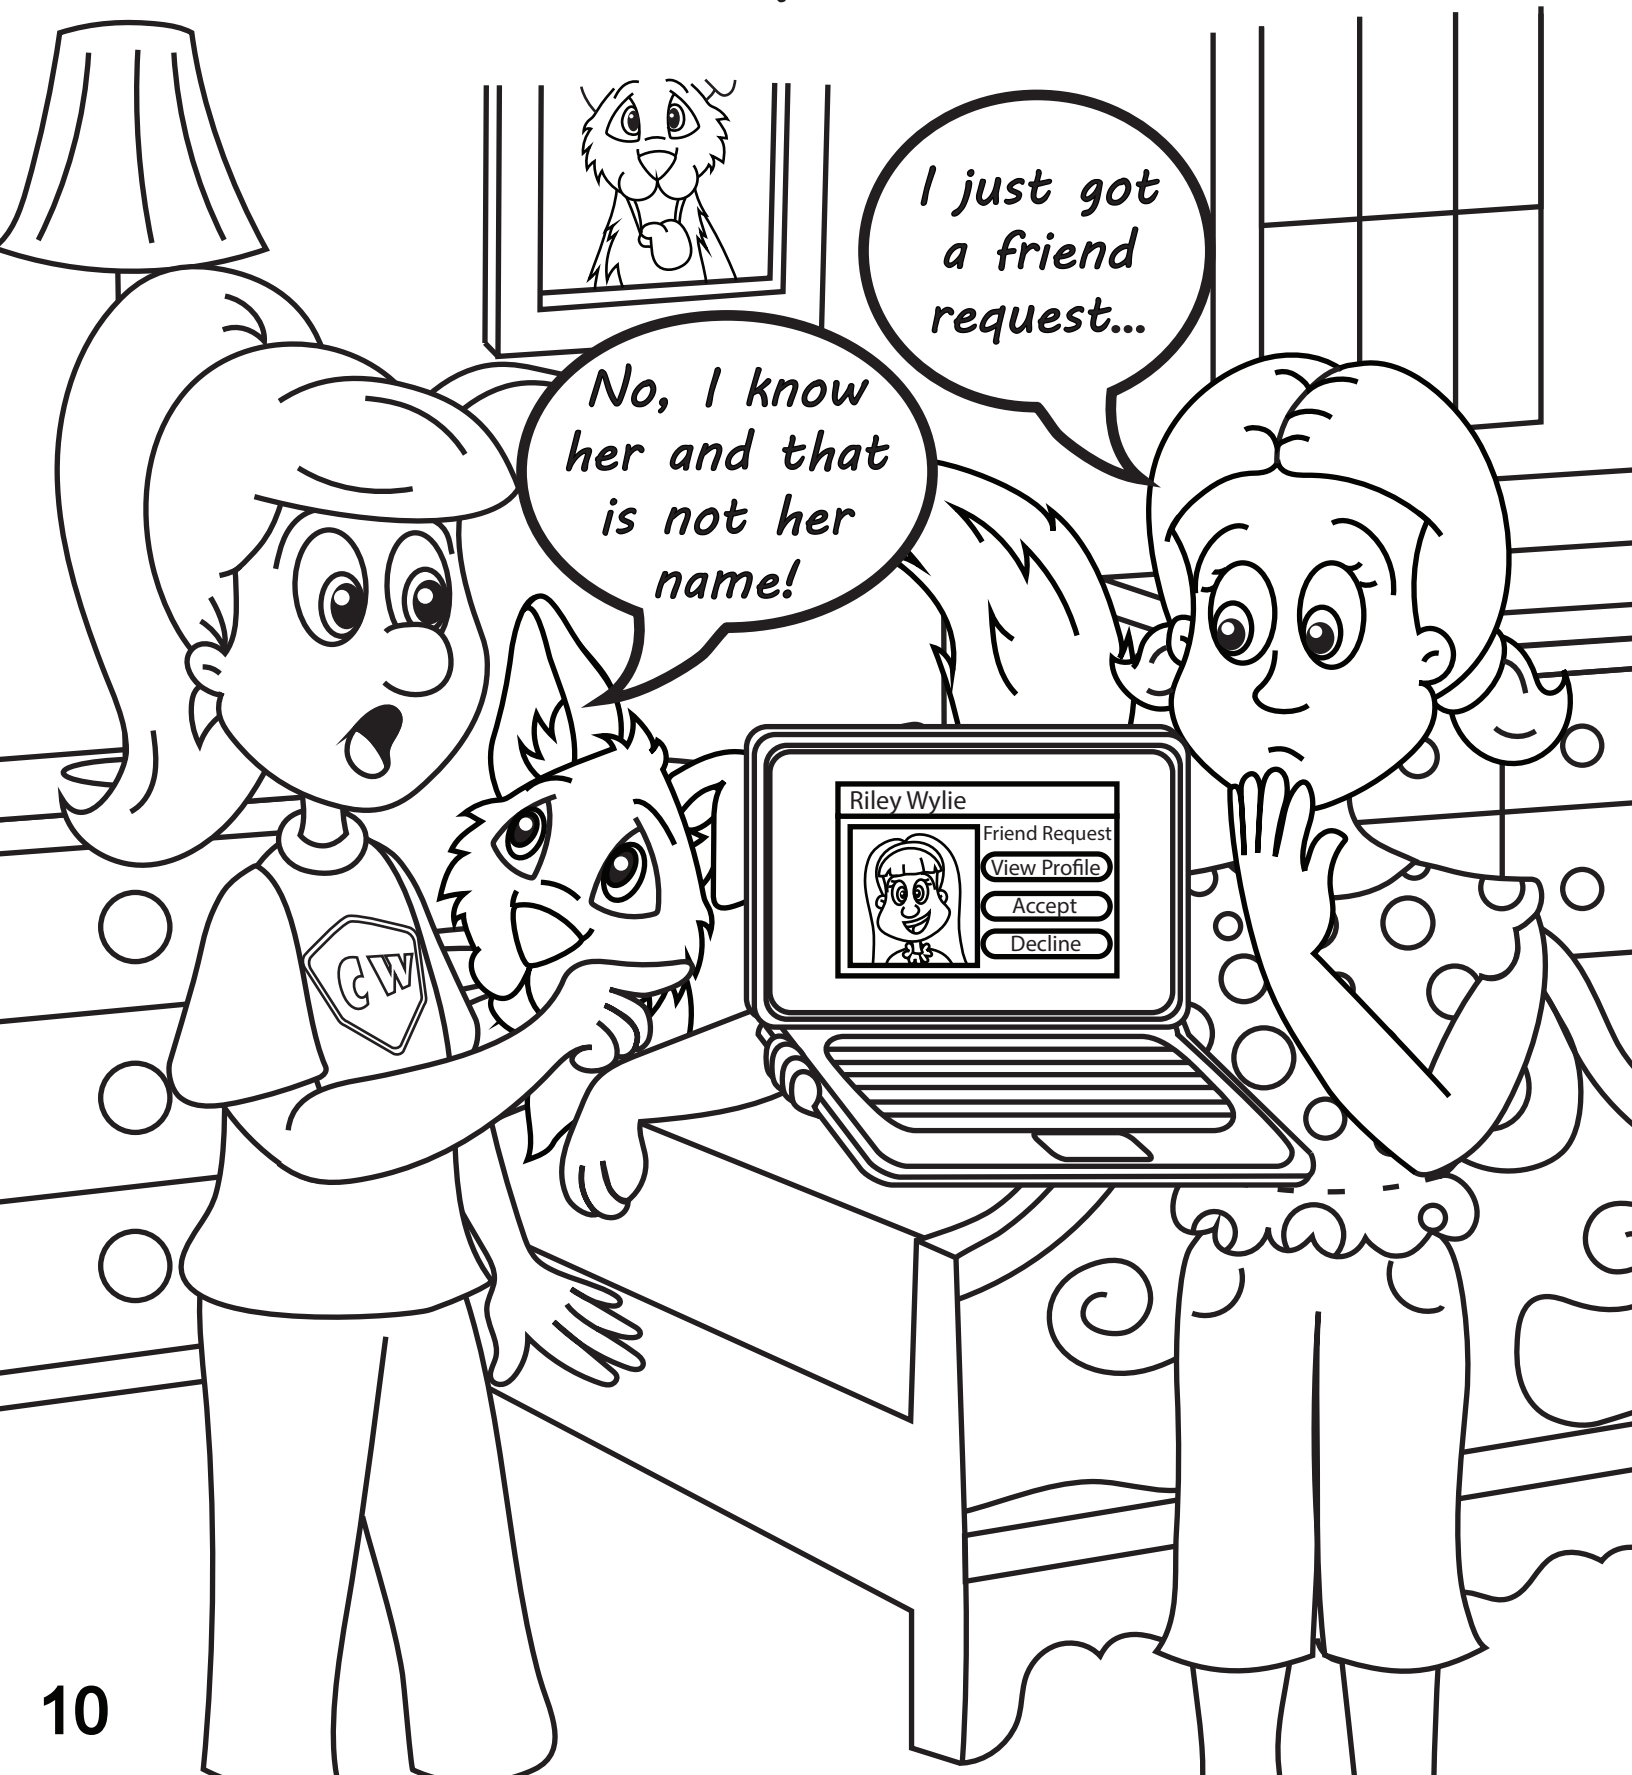

Can you help Prep and Parey create a flyer to help prevent cyber bullying?

this scene.

Tip 5: “While on social media never accept a friend request from someone you don’t know.”
The stranger could be someone different than what their picture shows.

Tip 6: “Do not give out your personal information like your real name, address, city you live in, or other details about yourself.” If asked, stop the game and tell an adult.

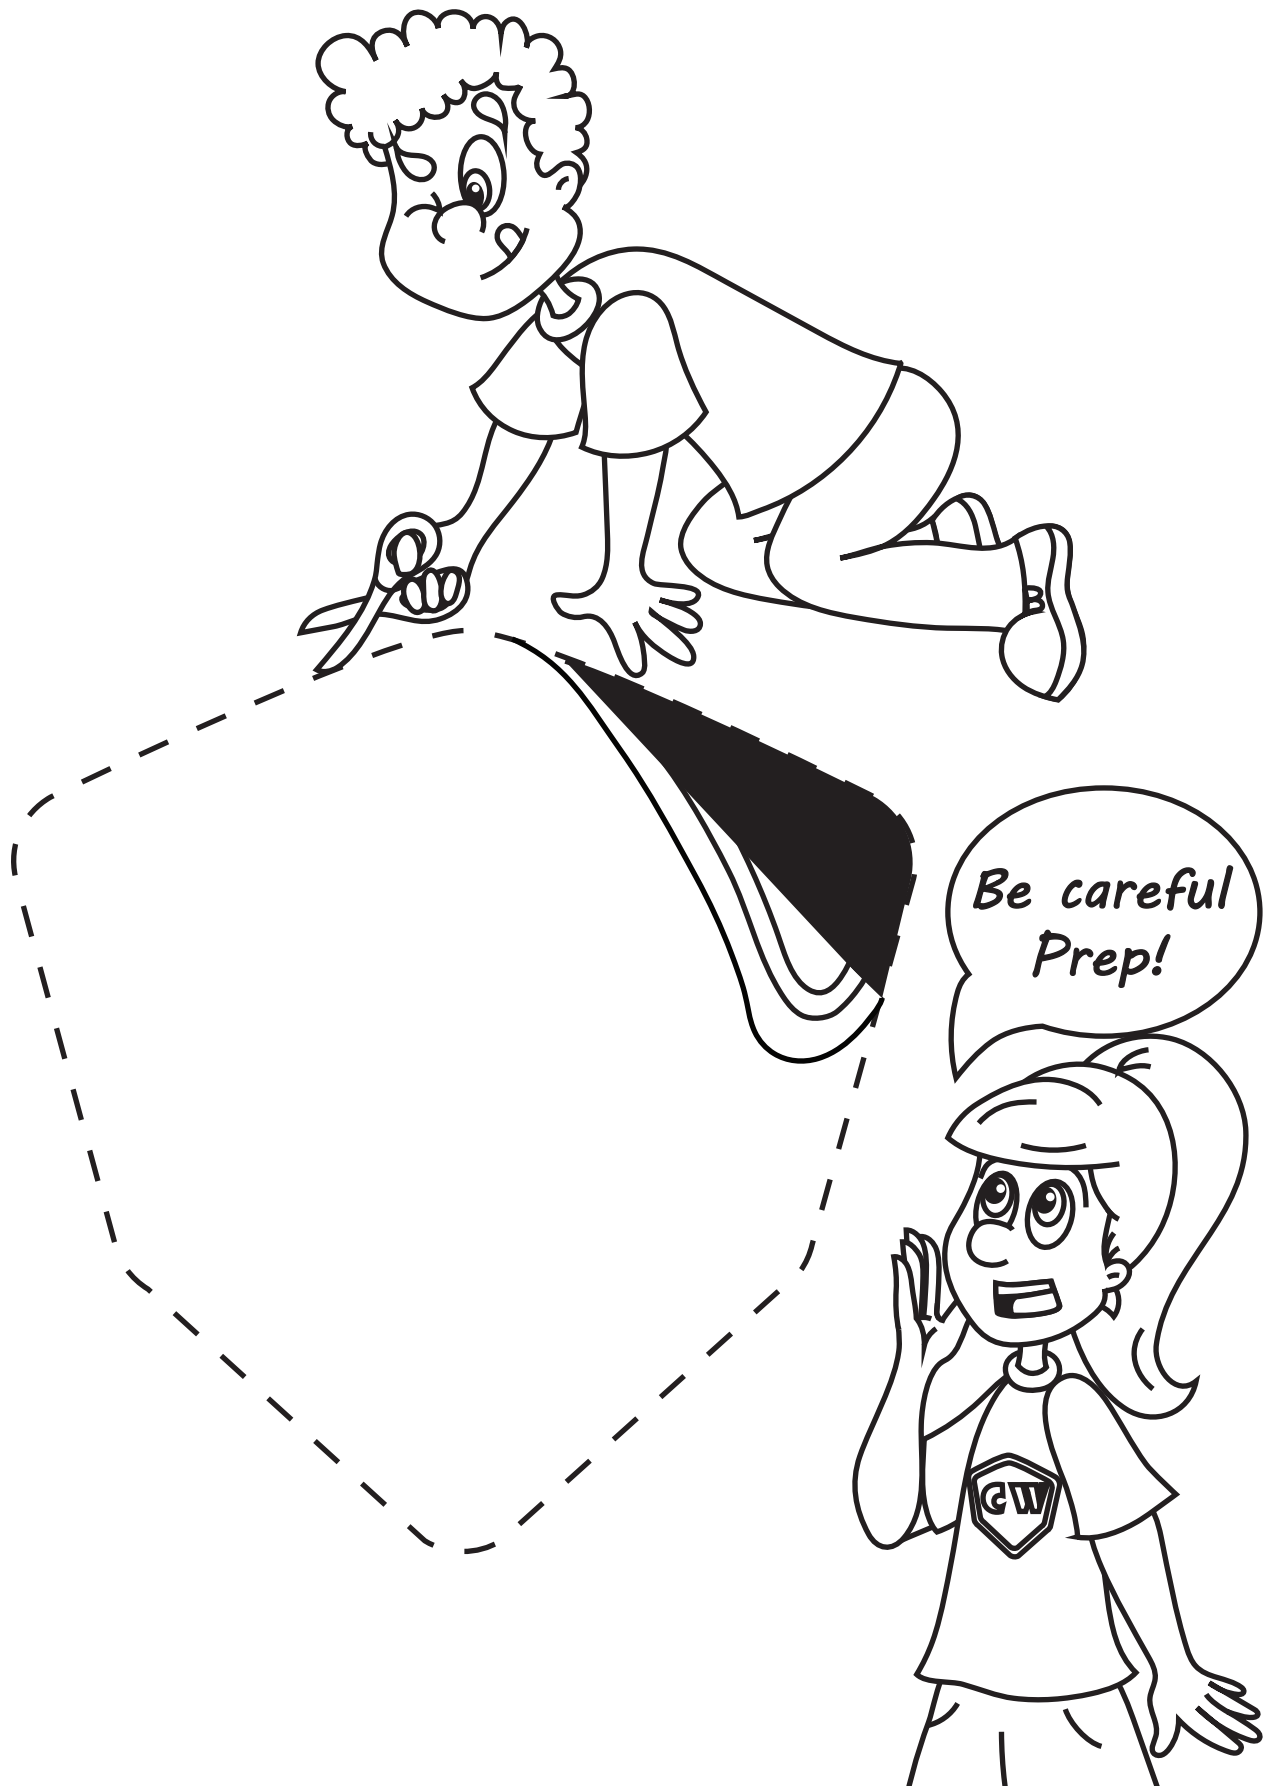

I _____, pledge to:
(your name)

- tell a trusted adult if anything makes me feel sad, or confused.
- not meet face-to-face with anyone from the internet.
- think before I post information and images that could put me at risk, embarrass me, or damage my future.
- respect other people online by not posting or forwarding anything rude, offensive, or threatening.
- protect myself online. If someone is making me feel uncomfortable or is rude or offensive, I will not respond; I will save the evidence, tell a trusted adult, and report it.

*Now that you have taken the pledge, here is
your very own Cyber Warrior badge!
Color it, cut it out, and post it proudly on
display!*

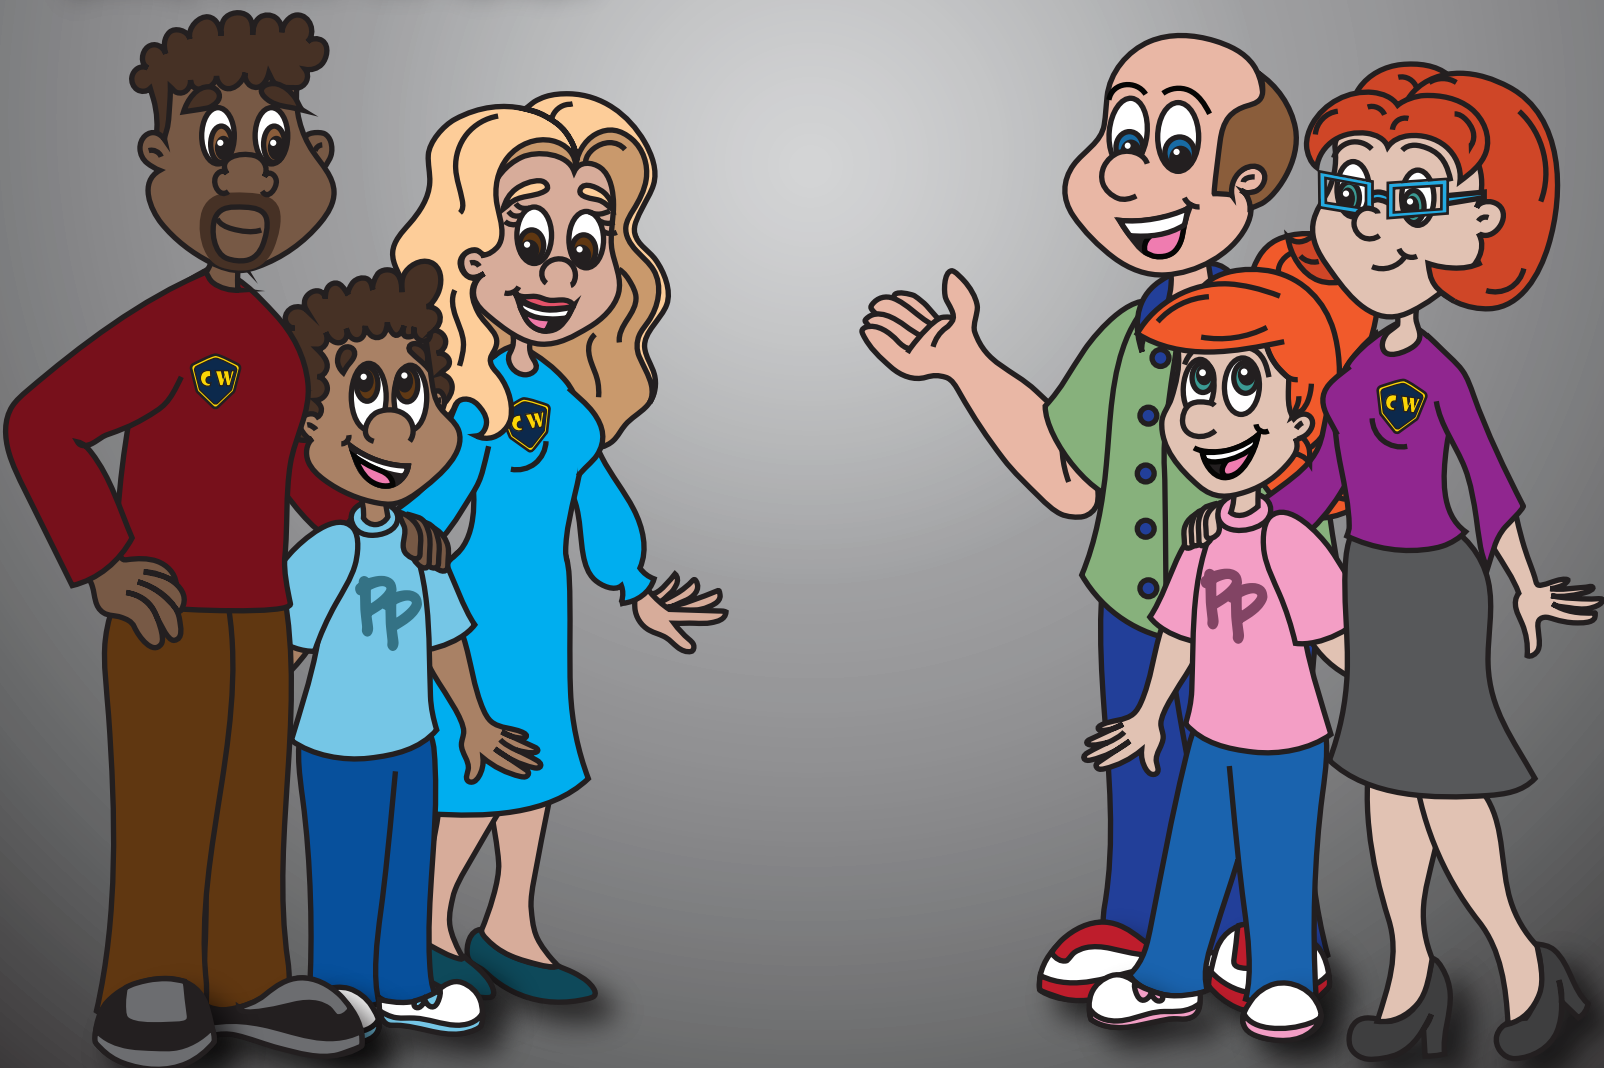

*Cut along the dotted line with the help of a
parent, guardian or trusted adult.*

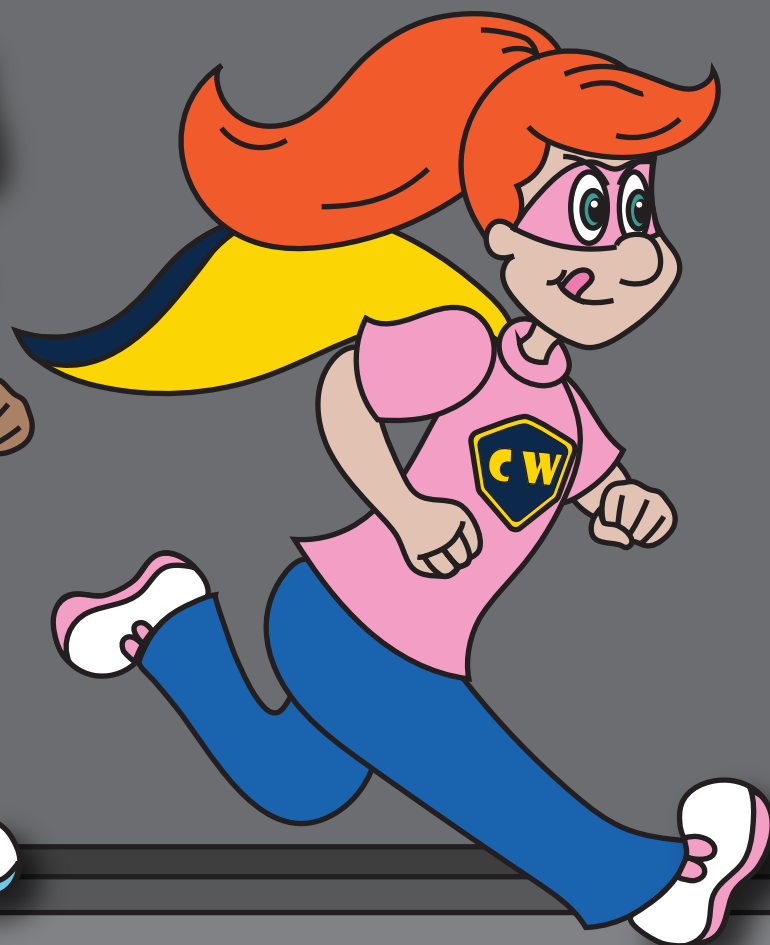

Parents: Become Cyber Warriors for your children! Always...

- Place laptops, tablets and cell phones in a common area to allow observation of your child's internet activity.*
- Create rules for internet use, including which sites can and cannot be accessed.*
- Research and use parental controls that are available on connected devices.*
- Teach your child to never give out personal information, such as home address, phone number, email address, passwords, photographs, credit card number or school information.*
- Know who your child is talking to online.*
- Remember that internet technology can be mobile so monitor cell phones, gaming devices and laptops.*
