

ANNUAL FAMILY MEMBERSHIP APPLICATION

New Renewal

DEFINITION OF FAMILY: For the purposes of the Outdoor Adventure Center annual family membership, a family is defined as up to five adults and/or children residing in the same household. Additional family members and/or guests will pay individual rates for the admission and/or activity. \$50 annually.

I would like to add the two-guest option for an additional \$25. Each visit will entitle you to bring two guests of your choice.

The Benefits of Membership

1. Family membership entitles up to five family members to free admission for one year, beginning on the day of purchase. Additional family members and guests will be admitted at the posted admission price. Cost is \$50. Add the two-guest option for an additional \$25 and bring any two guests that you would like each visit (grandparents, friends, etc.).
2. Early registration, for special events, will be offered directly to members by email.
3. Birthday parties at the DNR Outdoor Adventure Center will be discounted for members (\$30 discount).

How It Works

Each adult member must bring proof of membership and a valid driver's license or state ID card each visit for complimentary admittance. You must also use your family membership ID to register early for special events and for special members-only discount opportunities.
