Re: Wolverine World Wide, Inc.
Source Investigation/Waste Removal Activities Monthly Progress Report

Dear Ms. Hendershott:

On behalf of Wolverine World Wide, Inc. (Wolverine), this letter is a monthly progress report as agreed upon in Mr. John Byl's July 9, 2018 letter entitled *Response to May 29 Correspondence regarding Tannery Meeting Summary and Action Items*.

This Monthly Progress Report (MPR) summarizes actions and available data through September 27, 2018 for the Source Investigation/Waste Removal Activities associated with certain parcels located south of the House Street Former Disposal Site (1855 House Street NE).

As already established, the additional investigative tasks planned for the MDOT Parcel are scheduled to commence mid-October.

No additional investigation actions were completed for the remaining parcels (1850 House Street NE, 1680 House Street NE, 1786 House Street NE, and 1778 House Street NE) during this period as pending analytical results may dictate further actions and/or steps.

No analytical data was received during the reporting period.

No maps are included in this submittal. A map of these parcels with notations of the identified waste materials and applicable analytical data will be included in the next MDEQ MPR.

R&W/GZA is developing possible scopes of work for additional investigation/remediation at the Imperial Pine Parcel (7900 Imperial Pine Drive NE). This information will be reviewed with the Imperial Pine Parcel owner to determine the best course of action for this property.

If you have any questions, please feel free to contact us.
