

Average PFOS concentrations in fish fillets in the Huron River watershed based on results available through 5/24/2019. The value shown is the 95% Upper Confidence Limit on the mean, the value used by the MDHHS in developing the Eat Safe Fish guidance.

Waterbody	Location	Collection Date	Species	Average PFOS (ppb)	Current Advice	Contaminant
Kent Lake	Oakland County	17-May-17	Black Crappie	1134	DNE	PFOS
			Largemouth & Smallmouth Bass	1740	DNE	PFOS
Base Line Lake	Washtenaw/Livingston	08-May-18	Bluegill	129	DNE	PFOS
			Largemouth & Smallmouth Bass	285	DNE	PFOS
Portage Lake	Washtenaw/Livingston	08-May-18	Largemouth & Smallmouth Bass	76	DNE	PFOS
Argo Pond	Washtenaw County	06-May-15	Rock Bass	404	DNE	PFOS
Belleville Lake	Wayne County	13-Sep-18	Bluegill	36	DNE	PFOS
			Largemouth & Smallmouth Bass	75	DNE	PFOS
Flat Rock Impoundment	Wayne County	23-May-17	Channel Catfish	12	DNE	PFOS
		14-Sep-18	Largemouth & Smallmouth Bass	20	DNE	PFOS
Mann Creek	Moraine Lake	29-Oct-18	Black Crappie	8	(Pending)*	(Hg)
			Bluegill	5	(Pending)*	(Hg)
			Largemouth & Smallmouth Bass	10	(Pending)*	(Hg)
Pettibone Creek	Milford Pond	04-Oct-18	Bluegill	4	(Pending)*	(Hg)
Lake Erie		09-Oct-18	Walleye	28	6 meals /year	PCBs & Dioxin
