On behalf of Wolverine World Wide, Inc. (Wolverine), this memo is a monthly progress report as agreed upon in Mr. John Byl's July 9, 2018 letter entitled *Response to May 29 Correspondence regarding Tannery Meeting Summary and Action Items*.

This Monthly Progress Report (MPR) summarizes actions and available data through April 26, 2019 for the Source Investigation/Waste Removal Activities associated with certain parcels located in the vicinity of the House Street Former Disposal Site (1855 House Street NE).

On April 15 and 16, 2019 R&W/GZA completed delineation tasks at the 1850 and 1778 House Street NE parcels. The information from delineation has been compiled and a preliminary scope of work has been prepared and provided to Wolverine for review. R&W/GZA will review the scope of work with MDEQ, EPA, MDOT, and the property owners and their counsel for approval prior to implementing any removal actions.

R&W/GZA is evaluating possible tasks for additional investigation/remediation at the Imperial Pine Parcel (7900 Imperial Pine Drive NE).
