\*Contributions in relation to statutorily required pension contributions are the contributions an employer actually made to the System, as distinct from the statutorily required contributions.

\*\*The employer's covered payroll is defined by GASB 82, *Pension Issues—an amendment to GASB Statements No. 67, No. 68, and No. 73*, as payroll on which contributions to a pension plan are based; and by GASB 85, *Omnibus 2017*, as payroll on which contributions to the OPEB plan are based. For university employers, covered payroll for both pension and OPEB is the greater of 1) university payroll on which contributions to the plan are based or 2) the required minimum payroll amount required by PA 136 of 2016. For non-university employers, covered payroll for both pension and OPEB represents payroll on which contributions to both plans are based.

This schedule is to be built prospectively. Until a full 10-year trend is compiled, the schedule will show information for those years for which data is available.
