

## Required Supplemental Information

### Schedule of *[the Employer's]* Contributions

Michigan Public School Employees Retirement Plan

Last 10 Employer Fiscal Years (Amounts determined as of 6/30 of each year)

	2023	2022	2021	2020	2019	2018	2017	2016	2015	2014
A. Statutorily required contributions									\$	Prior Year
B. Contributions in relation to statutorily required contributions*									\$	Prior Year
C. Contribution deficiency (excess)									\$	Prior Year
D. Employer's covered-employee payroll									\$	Prior Year
E. Contributions as a percentage of covered-employee payroll									%	Prior Year

\*Contributions in relation to statutorily required contributions are the contributions an employer actually made to the System, as distinct from the statutorily required contributions.

*Instructions for completing schedule:*

1. Supply information for rows A and B. This figure should include **pension** contributions only (not healthcare contributions).
2. Calculate row C (row A minus row B).
3. Supply information for row D (covered-employee payroll).
4. Calculate row E (B divided by D).

*Maintain this schedule from year to year, completing the current year's column with information provided by ORS and retaining information from previous years.*

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, employers should present information for those years for which information is available. Each subsequent year another column will be populated and the previous years' information retained, until a full 10-year history is shown. Thereafter, one year's column will drop off each year as a 10-year history is maintained.
